Dear Eliza

As a Public official you have obligations, of not acting outside of the convention of human rights of people with a disability, and also the more general Human rights.

It is illegal for a public official such as yourself you act via omission (that is needed for my prosecution to prove a conspiracy to pervert the course of justice), to ignore this chapter of human rights.

Because you clearly demonstrate doing this, in engaging the member and further advancing my hearing, which is already condoned to fail by The Attorney General, (see attached), I will hold you personally accountable in the federal circuit court of Australia.

In the charter it states:

I should have equal access to the law and litigation
Not be discriminated against
Not be taken advantage of
Not be exploited
Not be tortured

Additionally, as you have along with the AAT continued to deny me equal footing against Kate Wilson, a lawyer of 25+ years defending a Government who I will and have proven has already conspired to kill me via making me suffer, and then this mirdewr was covered up and condoned by HCC, MHCC, Commissioner Jennings, The Ombudsman, and further, I cannot go to police, nor be heard at an ombudsman, nor gain access to a lawyer in the past 30 years...

I find your position of privilege abhorrent in its cowardice.

You are but one public authority with legal obligations of this charter which mostly the whole Government has broken at the best of my death, and my further suffering.

One sable person who's cowardly position of authority is meaningless to grasp the libel and slander and catastrophic gaslighting of me, and my character assassination, paid by the Government to tow the party line with zero courage zero conviction or individuality or capacity for independent reasoning.

It also says:

“Discrimination on the basis of disability” means any distinction, exclusion or restriction on the basis of disability which has the purpose or effect of impairing or nullifying the recognition, enjoyment or exercise, on an equal basis with others, of all human rights and fundamental freedoms in the political, economic, social, cultural, civil or any other field. It includes all forms of discrimination, including denial of reasonable accommodation;

As I am on the run from oppressive forces under the mental health Act who wish to capture me and further, frame me with crimes in that I lose my freedoms, I reject obeying that law when I am clearly ostracised from police:

And any complaint with the federal ombudsman

And additionally Michaelia cash already condones this case to lose:

And further Greg hunt was one of the ones silencing my evidence before a court:

And NDIA Minister reynolds refuses to pay for my last 47 invoices on the NDIS - and rejects me having a place of stable accommodation

I have CC this to all of them.

I also CC'd it to Hung Ho, my landlord, you see, I am going to buy this property off him for twice its value when I win, and then give it back to him as gratitude for working with me in the defence of human rights.

Because the detriment is affecting people.

including

Scott McLeod - Scott how much do I owe you now?

Doug McLean - How much do I owe you?

Cheyne - how much do I owe you?

Mick Connolley - How much do I owe you?

I'll also forward this to other agents who should have followed within the bounds of the charter of human rights for people with a disability

Including:

You see, the Crisis Assessment team cares little for me, they don't see a human and justice - they see 'illness', yet I believe 'skillness'

They are acting via proxy to hospitalise me and incarcerate me for my own murder that was a conspiracy and the conspiracy that followed, up to and including the part Work safe, Comcare, the AAT, and The Attorney general up to and including the prime Minister and cabinets office,

OAIC who rejected my FOI, so I could find out the reason why its been such an uphill battle of victimisation for me, including:

Being banned from the VHREOCV

Losing a 1.5+ million dollar case from AHRC

Losing 1-2_ million from Tim Gos and Peter Fisher at AFCA who watched me burn

VOCAT, where I lost two cases, rendering my work with my client illegitimate - I went on stress leave due to the clients abuse and I had in place things to stop me being harmed

HCF - and Sheena Jack who doctored documents to reject my income assist prejudicing me because I have a public profile

Or here's a doozy!

...My former partner/fiance and ASIO employee Steve Iasonidis, (11/12/1972) formerly of our home at 51 Whiter St Parkdale and 10 real eight St Footscray.

Legend guy very charming, alas was present at a murder at Collingwood flats with two other blokes before I met him - shot a Vietnamese bloke and killed him and escaped with the two other guys. Knew chopper Reid apparently (That was where Chopper got his name), Mr Iasonidis was feathering his own nest in an elaborate chestnut collection in his super and assets whilst I spent my nest egg on him, he left me with his dying dog.

Everyone is scared of him and the Government, but I'm not I just state facts calmly and move on letting the universe deal with it.

If I am killed, I already know what its like to be murdered, this rudimentary manifestation is not my home, so it would hasten my place with my soul resonance, which I am here too - and I fear nothing.

I consider my bad luck and the conspiracy t my murder such a blessing its kept me humble.

...and when I am rolling in it, I will donate all the money to trans kids and indigenous folk and whistleblower and truth seekers and artists everywhere

I only need a simple life.

As you know I'm a basic b*tch.

:-)

I believe all the art and music in the world has come from great suffering...and I'll be deicating my hard drive for art for People to research when I go...so don't leave them waiting!

It makes such an awe inspiring narrative inquiry of recordings letter dialogue oppression murde forgiveness tyranny and love and lust...its going to make an epic multi media adventure.

Think of The diary of Anne Frank, or Edward Allan poe. (That last one came to me in a dream).

'The HARD HARD DRIVE OF DR DICK' haha has a nice ring to it.

The Government is apparently nice equitable and fair, but I have never experienced it.

And my former partner never gave up his womanly butt, making me the receiver, so I might sink both The federal Government AND Steve Iasonidis RIGHT IN THE RING and sink you all at once with my pink torpedo...the allegorical ferocious chode - (its a bit like testa, bring people together, one at a time).

Because you've all given, and now its time to receive. lol

I'll get my millions and millions of dollars in detriment that has so far been rejected from MP Birmingham and other MP's

Then I will donate 75% of it to to charity.

Hello charity's! I might mention you too.

Do you mind sending on this email to all the patliamentarianms to expose this narcissistic singling out of an already marginalised man who was so fiery victimised it killed him, but was then covered up?

Its a shame I spent my whole life doing advocacy too, you can see here:

I don't plan to stop helping people now.

Of course if you would prefer to criminalise me and label me with crimes I am innocent of as a scapegoat and lock me away forever...it would be utterly inequitable for police to act with impunity under the mental health act...

Whilst I cannot report rape murder conspiracy or torture or prosecute a very vulnerable government by proving that VIA OMISSIONS a conspiracy to pervert the course of justice existed still exists and...

Of course I am open to a truce. ...and this is it!

350000	from Mr Iasonidis by this Wednesday, (don't make it
hard on yourself mate),	
1000000	detriment from AHRC
2000000	detriment from AFCA (and I'll let Peter Fisher and Tim
Gos off the hook),	
500000	from Dr Whitakers lawyer Mr ball and associates for
malpractice and negligence	
200000	off AHPRA and The Australian medical Review board
200000	off prey MacKenzie and NHPOPC
200000	off Sue from IBAC
200000	Victorian inspectorate
200000	off MP Birmingham for rejecting my atonement
200000	off MP Reynolds for diligently responding to my NDIS nightmare
with innocuous dishwater	
250000	from the social services minister for acting of omission ie:
conspiracy	
1000000	Hospital CEO Dave Stevenson who rejected an OFFER
of simple atonement aware I was character assassinated	
500000	the police commissioner for overseeing this
2000000	attorney general for overseeing this case will fail
sending me to sane helpline	
500000	the Age for discrimination
200000	The Herald sun for vilification
70000	VOCAT for ruining my career
100000	You cannot have a crooked Geelong magistrate!
250000	www.yourlawyewr.com.au for aiding and abetting my death

250000 Dr Cooper of Yarraville medical centre for supplying a suicidal victim with two boxes of Endone at a time then when I didn't die rejected me
250000 Dr Kumar from Mercy Hospital who knew that Steve iasonis was silent and controlling and I was in fear
150000 Dr David Horgan for dumping me=without a script I desperately needed
300000 Dr Yohan who with advance knowledge took advantage as you all have of my forgetfulness and threatened me with permeant incarceration award of the state

I'm really having a good time writing this letter...

On the road like thelma and Louise...(Steve would like that Joke!)

An infamous homeless vagrant who is so humbled by the silence and also the hitmen who are impoitent to blow my head off...

...grateful for eating the apple at The Police Break up when I was 20 with Debbie Morgan.

It really has been quite the archetypal muse of my life it taught me so much, of human nature, of calling rape when it was a literal consensual teenage fumble, plus as my old mate Wez said, 'you can't rape the willing!', but losing points for getting me to blow in your mouth then 'snowballing' it back into mine...it was gross. Lol Thanks for that destination and for hitting me up bluntly for me to rroot you. (Without a Condom).

Here is a shot out to Ross brewer, I owe you \$1646 mate, and probably a pat on the back that I don't have a kid ir a gargoye on the knob of my penum. Lol. (No offence deb-it happens to the best of us).

Utterly grateful for the hot wheels evil kinevil diorama of a sh*t show this life has been with thew other earth monkeys. Lol

So...what's it like to be blown by Dr Dick?

WHISTLEBLOWN...that is! Hahaha

So here is the catch...

I say nothing...

...and everyone is forgiven.

Everyone who does not have INSURANCE is instantly off the hook.

Everyone who does - they pay through the nose.

That's not even 1/20th through my list!

But I'm going to be nice.

I'll give you ALL 20% of the money back that I sued you all for.

If you're an individual - that will be in cash,

Except for Steve. Hey, there wee some good times...I didn't ALWAYS despise the fair hairy greek womanly bottomed man you became turning me on whilst I shaved your back hair lol

I've killed a man too! (Only it was me).

So I know how you feel.

So I won't say anything...and also I'll buy you - MR IASONIDIS a holiday to BROOME ...where you used to pick up the coke from and drive to Perth that you took me to that time and we saw that famous guy.

I think you need a holiday.

DEBBIE MORGAN YOUVE JUST WON A NEW CAR (and an education for your kids), and a TROPHY for your hubby who has managed to tame a feisty fiery wonderful outrageous daring and pretty hussy...a muse if you will and the 'innocent,' proxy that society ran its guilt machine over me with lol

I'm also going to donate 60% of my wealth to the following charities:

1. <https://transcend.org.au/parent-hub/> because prejudice is leaned and the carers have duty to their angels
2. <https://casa.org.au> Because like poor Steve, I too had my foundations re-arranged by this
3. <https://lortsmith.com/> I cannot stand to see an animal suffer
4. <https://asrc.org.au> With a Big man Hug to Kon.
5. <https://racismnoway.com.au> Because fascism exists
6. <https://www.assisteddogs.org.au> because I have so far had soothe, major, Steinberg and now Crystal - and they are a reason I'm alive because the world forsake me and animals are seventh dimensional. Dog spelled backwards is God for a reason!

Anyway I thought of another solution to this problem which everyone may champion to the finance Minister - who is already guilty of perverting the course of justice via delay defer and deny tactics of omission which have seen me become vulnerable to my incarceration (plus I now have no food or medication), and on the run the other side of Mildura).

His email if you would like to champion my solution for the CDDC scheme the Government owes for detriment caused by errors is:

EVERYONE is forgiven...

I get 100K a month as detriment. Starting before Friday 1st April...(April fools day too haha go on have a laugh).

...and we all know I'm going to die in blissful lust driven decadence baked on meth surrounded by hookers with booze opiates and coke with a lustful orgy and my private chosen harem of cute virile cute cut cubs who can cook and lick me all day long.

They can also offer my broken inner child solice as I react to the non validation of my child sexual abuse by my neighbour and peer in grade four oh...and why can both my brother and I correlate we saw uncle John naked - go on ask aunty joy about that big ugly mole we both remember...)

So I reckon the detriment would be under a million of ten years... I don't want to love till I'm old.
Lol

Just enough to look after my dog I guess.

(Oh isn't it funny how Mercy mental Health denied me the dexamphetamine, and so did salt water clinic, despite the raving reviews from Dr Horgan, (rhymes with Morgan lol), and then after I was dumped with someones new blood in me homeless and my dad said in the first two minutes 'pay your own rent' that I picked up a cheeky habit of puffing?

...and my Dog is named after it!

Haha God has a sense of humour.

(Just like it was funny and life imitating art that when I was young I thought ASIO were after me...

...then David Irvine the head of the Secret service goes to my art exhibition at Gasworks Arts park...hahahaha Good one, God you cheeky lovely bugger).
