Ive had twenty years building my business website (also my ABN) at www.richmclean.com.au

Micron 21, after a hospital stay in which I tried to kill myself, accused me of being conspiratorial and intentionally deleted all evidence I had before litigation and my website and my email

this destroyed my digital identity and it ruined my business and my chances of grants income and sales

it deleted photos of friends I've lost

What action would you like the Respondent to take to resolve your complaint? *

The OAIC generally tries to resolve complaints through conciliation between you and the respondent.

Come to dispute resolution

i know you think you are immune from the law - because they told you so - and I am framed

please have compassion

I have all recordings and evidence of your hacked passwords and your staff changing my login details

I am now squatting and homeless - I should not tell you that - because that's what the movement wants

I'm afraid you have been outed anyway at

www.killhim.com

because hit men are out the front
