Dear Mark,

What you have proposed sounds wonderful and we have much gratitude for this good tiding and new beginning. Thank you.

I can confirm that we will:

- Remove all hard rubbish,
- Tidy both the front and back yards & get the garden maintained,
- Forward any mail to you to your forwarding address as stated in your email.

I just had a question Re: Bond...does this mean at the end of our tenancy we receive our bond back from the real estate agent seeings our lease will have officially expired?

Steve and I do love this place and it is a shame we will not be able to stay here forever.

But like you said, 'new beginnings', and we are so thrilled you have sold the property for a good price. Again we are so grateful for this arrangement.

Perhaps we could go out one of these weekends and have breakfast to show our gratitude and catch up? Just let us know when you are free.

Cheers, Rich.

Hi Richard,

As discussed, here's what I've got for you.

End the lease in two weeks time **14 June 2015**.

However you may stay on site until **7 May 2016** or until you find a new place to live.

I will pay

- Rates
- Water Service
- Building Insurance

This is the same as now

Before you leave

- All hard rubbish removed
- Lawns mowed and site clean
- Forward the few mail items on to the below address

I'll get on to writing you a letter of reference and will include the two dogs you have.

I need to know if you're okay with this today, because if you are, I'll get this in

motion first thing on Monday.

Thank You,
