Dear McLean

I confirm I have received your emails today dated 3.03pm and 3.12pm.

In the email sent today at 3.03pm, you have attached a complaint which another person has made on your behalf to 'Free Living Australia'.

I am unable to download other documents you have pasted into your email which require a download from icloud, as this is inconsistent with the Department's IT security policy. Are you able to attach those documents?

Kind regards
Paula

I note you state that you were a DSS employee and have an employee login and copies of payslips and payment summaries. As previously advised, I am unable to locate records that confirm you are a former employee of the Department of Social Services and have not seen any evidence from you which goes to a relationship with the Department. I am unsure if the attachment you provided by email on 20 July 2023 provides relevant evidence as I am unable to open the attachment. Are you able to send the attachment to me in a different format or send me copies of such evidence?

You also refer to a relationship with the NDIS Commission. Are you able to clarify your relationship, if any, with the NDIS Commission and provide me with any evidence of a relationship?

You also state that you were a 'north west area mental health service' employee. Are you able to provide any evidence of your employment relationship with 'north west area mental health service'?

Subject: Re: Notification of decision not to allocate a disclosure [SEC=OFFICIAL:Sensitive, ACCESS=Personal-Privacy]

Dear Paula Stratton, and all,

I am seeking a solution to my impasse in a way that is living and forgiving of my self and of others

Thanks for your reply email in response to my public interest disclosure at DSS

However:

I am eligible to make a PID because I was employed by north west area mental health service in the past - a government job which is documented and provable

I also have a document from the federal court stating they are satisfied that I was an employee of DSS because I have a DSS employee login and payslips and payment summaries and other evidence

In spite of these two things, which are verifiable facts, I used to be engaged to Steve (Stefan) Iasonidis (11/12/1971) from 2010-15 who worked for ASIO. As the former partner of a public official it is possible for me to make a PID and that is permissible within the PID act

Can you please reconsider your stance and then respond to this email as a matter of urgency?

I am a kind and gentle if misunderstood man.

It's true I've been distressed but I've been living in poverty after all my prosperity has been intentionally redacted from me

Every day I've lived in poverty is another day that family violence wins and this is not ok in my book

All I want out of this is a life with enough prosperity and a home for my beautiful husky and I nothing more!

I am willing to compromise on how much detail goes into my PID and it is within your remit to make it possible that my PID be accepted

Could you please acknowledge this email as soon as possible?

I have cc it to some of my carers and advocates so they can track this process, especially dr Dilan dharmage who has been pivotal in documenting my persecution and to graeme wells at Vic legal aid who have said they can help me legally with anything to do with DSS or NDIS

I am not unkind or unreasonable and I am not suicidal despite enormous efforts to frame me as such and being pushed to the edge politically and systemically

Please can you respond compassionately because I have had everything taken from me and the victimisation by the government is profound

I am willing to forgive and forget if I can just move on from this situation in which I am incarcerated and live my life in freedom from persecution with my beautiful dog and friends I love very much

I have also sent this to bill shortens office because I have upset him and wish to apologise for my actions of sending an email saying I was dead.

There were better avenues and in my frustration just wanted to prove a political point and that has been to my detriment

I also want to apologise to police for causing the conflict of having to kick in my door at three am and break the law to uphold the law it has never been my intention to cause issues for any authority at all especially those who safeguard the community

Rest assured I'm very well with no intentions to harm myself or any others and wish to just live a simple life serving the community as I have for over thirty years

Remember that I have spoken publicly on recovery based living from Montreal to Dubbo to Parliament House Sydney Canberra to Warnambool and spoken hundreds of times in person on local state federal and international levels

Lastly I'm also sending this to chris Gambian who has been a good support for me and who is in contact with dr Patrick mcgorry and I believe that he may respond well to my plight with the amount

of merit that I have earned in this country including attaining a PhD my public speaking role and advocacy and my associated human rights awards including sane Australia's book of the year

Please help me by acting politically in order to release my incarceration because it is not necessary and I long to be with my dog who I love so dearly and my few friends who I also live for

Please give me the chance to prove you all wrong I'm not suicidal and all I wish to do is live in order to serve my local ndis community

Sincere kind regards and 100% authenticity

Dr rich mclean

It's true I made a whistleblowing website with some controversial writings but after all I am a creative writer and have a PhD in arts based research

[Www.imustbecrazy.com.au](http://www.imustbecrazy.com.au)

Why don't we all work together for a solutions based focus where a single person is not exploited and sacrificed to protect many who populate the environment of a political system which can harbour a scapegoat?

I promise I am full of good will and I am absolutely open to engage on a settlement or offer or gesture of support with a Gracias payment or the CDDC scheme from finance or OPMC

Please, let's work together it will restore my faith in a system that has on the whole failed me then ultimately supposedly saved me - but there was no risk.

Please let's work together with everyone to make things right.

With sincere apologies to Bill Shorten and his staff and police again.

Subject: Notification of Decision Not to Allocate a Disclosure

Dear Mr McLean,

Thank you for the information that you provided to the DSS Public Interest Disclosure inbox on 6 July 2023 and 10 July 2023.

I note you have raised serious concerns for your safety in that correspondence and I encourage you to contact the Police.

As an Authorised Officer of DSS appointed under the *Public Interest Disclosure Act 2013* (PID Act), I have reviewed your complaint in accordance with section 26 of the PID Act and determined that the information does not meet the requirements to be considered a PID.

I have made this decision as the disclosure does not satisfy the requirements to be considered a PID for the following reasons: A public interest disclosure can only be made by a 'public official' (s26(1)(a) of the PID Act). I have undertaken preliminary inquiries with the Department and have been advised that there is no record that you have been a current or former employee of the Department of Social Services. Based on the information you have provided, I am not satisfied that you are or have been a public official. For this reason, I will not be allocating the matter for investigation.

-

If you believe that any of the information or reasoning I have used to make my decision is incorrect, please notify me by COB 28 July 2023. In addition, if the reasons for my decision remain unclear to you, or you have any concerns about how this decision was made, please contact me for further information.

Other courses of action that may be available to you include making a complaint to the Commonwealth Ombudsman under the *Ombudsman Act 1976*.

Please be assured that the Department treats all disclosures under the PID scheme seriously and impartially. On behalf of the Department, I thank you for bringing this matter to our attention.

Sincerely,

Paula Stratton
