Please urgently acknowledge this email by next Wednesday Joanna and cc people

I now have protection against conspiracy and certain protections to civilly prosecute those who have acted with conscious omission in order to pervert the course of justice

This is a kind warning to acknowledge my email and do not further act outside of the charter of human rights of people with a disability that was ratified by the government in 2008

To do so would cause great detriment to all concerned

I am a kind man and prefer not to destroy your lives finances reputations and your freedoms

Now I'm an oppressed refugee in my own democracy **a rejected Whistleblower
famed to character assassination**

**An avoidable overdose, a valid complaint, then
framed, blamed, maimed, systemically
oppressed, victimised to the point of a "fatal"
suicide with "lethal" consequences**

**It was covered up, I was rejected, denied
healthcare and further oppressed and
persecuted in abject poverty as they isolated
me and watched; waiting for me to die by my
own hand before justice**

A conspiracy to aid and abet my death and vagrancy; it worked

Yet I'm alive and live in hope for a life of giving again, and freedom from persecution & Government tyranny

To Dear Joanna Kelly,

On 10th May, 2021, you sent an email to workforceplanningandreporting@ndis.gov.au

You are the nominated Work Cover Agency for the NDIS.

You are also work place support and disability engagement.

You are an assistant director of the NDIA.

Your email however, is from the NDIS.

I have been rejected my worker compensation by Paul Fowler.

Fro, Comcare - he was the old boss and a lawyer at work safe - corruption I- they would not help me

In the NDIA website it states:

<https://www.ndiscommission.gov.au/workers>

Who is a worker?

Under the NDIS Commission, a worker is anyone who is employed or otherwise engaged to provide NDIS supports and services to people with disability.

Workers can be paid or unpaid, and can be people who are self-employed, employees, contractors, consultants, and volunteers.

Obviously there is a movement to desecrate me thinly:

I have tried by best under extreme poverty without enough food medicine lawyer or care to put together the attached PDF.

Whilst the Government owes me an incredible amount of detriment in the millions; this is about freedom from oppression and safety and my very human dignity and survival.

I remind the Minister that Australia is a signatory tho the charter for human rights of people with a disability and Australian Human rights Law and a a public official he is bound to act within that law.

At present I have survived on jobseeker then a DSP for over a whole year whilst:

- As a suicide survivor had my 'fatality' condoned by the Government
- Not had enough food or money to even exist
- This been condone by the attorney General
- Condoned by NDIS/A minister Birmingham
- Condoned by Federal health Minister Greg Hunt
- Never received a reply from the prime Minister

I have lost millions of dollars in financial detriment and heinous losses in other ways from:

<u>AFCA</u>	<u>2 million dollars +</u>
<u>AHRC</u>	<u>2 million dollars +</u>
<u>My income assist from HCF</u>	<u>\$75000</u>
<u>Former Partner (outstanding)</u>	<u>\$500000+</u>
<u>I have gone bankrupt and needn't have</u>	<u>\$detriment</u>

<u><i>I cannot sue the hospital</i></u>	<u><i>\$500000 +</i></u>
<u><i>Comcare Rejected my work cover appeal</i></u>	<u><i>\$100000 +</i></u>
<u><i>Been denied a medical malpractice case</i></u>	<u><i>\$500000 +</i></u>
<u><i>Been systemically oppressed</i></u>	<u><i>Detriment</i></u>
<u><i>corrupt VOCAT case 1</i></u>	<u><i>\$20000</i></u>
<u><i>Corrupt Vocat case 2</i></u>	<u><i>\$200000</i></u>
<u><i>Cannot go to police</i></u>	<u><i>Detriment</i></u>
<u><i>Cannot get any lawyer anywhere</i></u>	<u><i>Detriment</i></u>
<u><i>Have been character assassinated</i></u>	<u><i>Detriment</i></u>
<u><i>My reputation in ruins</i></u>	<u><i>Detriment</i></u>
<u><i>My website destroyed with evidence</i></u>	<u><i>Detriment and lost my business</i></u>
<u><i>Suffered an Acquired Brain Injury</i></u>	<u><i>Incredible detriment</i></u>
<u><i>The loss of human dignity/value</i></u>	<u><i>Incredible detriment</i></u>
<u><i>Loss of family and friends</i></u>	<u><i>Heartbreaking detriment</i></u>
<u><i>Acquired brain Injury</i></u>	<u><i>Unimaginable detriment</i></u>

The suicide attempt that was the result of systemic oppression from agencies was deemed 'fatal' and 'a lethal attempt', I was found with no observable pulse with no blood unresponsive.

This was then covered up by an Ombudsman.

1. I cannot go to police
2. I cannot access litigation
3. I cannot be a whistleblower or
4. Make a PID

I suffer to think, and I have taken a year of battling to put this together.

THERE IS NO TIME TO DELAY DEFER DENY

I ask simply for an acknowledgement of an above average persons weekly wage in place of a lengthy investigation UNTIL a settlement is reached.

TO NOT DO SO IS AKIN TO CONTRAVENING THE CHARTER OF HUMAN RIGHTS OF PERSONS WITH A DISABILITY

and

WOULD CAUSE ME UNBELIEVABLE DETRIMENT

I have no food and squatting.

I have not had enough money to exist

To not immediately act with a atonement of a bursary of an above average wage begin ng immediately

Puts me at great risk opposing the human rights charter and puts the nail in what's left of my human worth.

Next Wednesday I face the AAT in a case which the Government has a 25 year experienced lawyer and I have no one to go to a directions hearing on my work cover total permanent disability settlement

I REQUEST URGENT INTERVENTION AS A PERSON WHO NEEDS ACCESS TO

LITIGATION UNDER THE CHARTER OF HUMAN RIGHTS FOR PERSONS WITH A DISABILITY

Otherwise I will lose this case - because the attorney general has already condoned my vagrancy and refuse to intervene via omission and has acted to cover up obvious injustices

They will cause further detriment of a TPD claim loss which is predictable and which is illegal.

As a public official bound by human rights law and the charter I urge to to also intervene.

- I predicted the loss at AFCA where i lost 1-2 million where i was blackmailed.

and

- AHRC where i lost over 1 million

This is urgent as I have no:

- **Home**
- **Money**
- **healthcare**
- **Rights**
- **Lawyer**

Therefore it will put me at great risk as a suicide survivor and vulnerable to further destitution if I am not immediately acknowledge and if I am not i may well be killed as hitmen have threatened me at my door, police do nothing about it and i am extremely unsafe

I simply ask that that I am acknowledged with a simple above average wage starting immediately framed by the millions lost and my affected life and memory.

This is in immediate relief for me that will avert disaster.

I also if possible demand whistleblower stays for my own safety.

To not afford me a bursary so whilst you calculate and investigate the detriment or figure would cause me utter destruction and great risk of death against the human rights charter as well.

I've attached a PDF I am still, working on it but I have run out of time, I have no food and no where to go a year after I survived a 'fatal' injury.

You do not need to admit fault on behalf of the government.

There evidence on my website

www.killhim.info - and I attach a PDF here.

It is likely I will die if this is not immediately
acknowledged.

Can you please take this to the Office of prime Minister
& cabinet and please advocate there for this situation.

Thanks and can you please send receipt of email and
respond within 1/2 days.

Thank you,

Dr Rich Mclean

The elaborate movement to deny me my prosperity is noted.

You are a public official.

As such you are not premised to omit anything that perverts the course of justice or a jury
will hold you accountable.

Why is it that un der a splice of the section of the act - and I rejected - after the government
has literally killed me...then covered it up

and I have a brain injury

and that you have cleverly towed the party line despite obvious evidence to the contrary?

I want you to clearly state

That as a person of public office

You will report these crimes

I also wish to state I sold 2 kg of heroin today

To support myself

please forward this email onto the federal police as that is your duty under the human rights
charter of people with a disability signed into law and ratified by this country

Then explain to me that

1. I am writing
2. I am not a worker
3. I am paranoid

Thanks

Oh I sent this to the NDIS Minister too - she condones my vagrancy and supports that I
have no access to law housing or human dignity

I bet you thin k you're protected from my litigation, yes?

or my justice, that you are robbing me of?

That's called corruption and detriment and an assault on my human rights and my dignity.
