Dear Mr Danny Pearson

I am writing to ask for your help and advocacy.

I am not a criminal, and have a clean criminal record but I have been locked away like one with no rights, no access to the law or equality before the law.

Furthermore, I am a childhood sexual abuse survivor who has been denied justice.

I am a gay man who suffers from schizoaffective disorder and a suicide survivor

I receive death threats with no protections and am actually brain-damaged as a result of my suicide attempt in Wertheim Mercy Hospital in Feb 2021 in the form of memory loss and cognitive impairment

Currently I have no home and no financial freedom with much owing yet no one to action collecting it

Despite the trauma I have faced throughout my life, I have achieved so much

I have done everything in my power to help others.

I devoted 30 years to art, writing and speaking out about mental health issues and injustice

Particularly I protested stigma shame and discrimination around mental illness and I spoke courageously bravely and with honesty and I know who I am and I know I'm a brave warrior

I have been given a human rights award for this work.

Among other things, I completed a doctorate and became an allied health professional in my own business for the NDIS

I could help others, but now I must ask for the same help, hope, and advocacy for myself.

I must ask it from those organisations and people who know the true me and that know I've given so much in time effort for the betterment of the country

I will be released from hospital after a range of psychological tests and an MRI scan to determine the cognitive impairments I am facing.

My expected release is Wednesday the 11th of January, but I have nowhere to go.

I am in dire need of accommodation and money to avoid living life on the streets.

I estimate I will need \$5000 to find a house, pay bond and buy essential items for myself and my beautiful dog Crystal who I love and miss so dearly

I hope to be able to repay this money in due course, can you help me, please?

Any funds or offers of advocacy, support in finding housing, furniture or legal advice is greatly appreciated.

You can read more about my life and the injustice I am facing on my website, www.barrandodger.com.

Please let me know if you can assist in any way, via phone 0413868482 or by responding to this email.

Thank you for reading

Yours in optimism and a better way forward in simple truths

Dr Rich Mclean
