Why the NDIS Company's Actions are Unfair, Unethical, Illegal, and Insensitive

I've locked myself out of the fucking house

Obscured myself for less abuse neglect someone better fucking come and let me into the fucking house in the police

Kade not Police some of the fucking better let me in

I'm being abused by the ndis and no one will help in my human rights abuses neglect and violence issue. I've made an appeal to the UN after the prime minister won't act and I've been living in my car for over a month as an infamous vagrant ex communicated from the government and society. I live in exile in NSW after a federal politician threatened me with ten years jail in Victoria. I finally got a place and they abused me and ran me out. Then I was homeless again and hospitalised for the poverty they caused which was pushing me to suicide again. I suicided four years ago it was deemed fat and I was revived from death to a whitewashing of my tragedy leaving me with a brain injury. I was in for a month recently and now they are abusing me too pushing me to the edge financially manipulating the situation so I live in poverty. This is a murder case in my fatal injury I can prove the Mai e to harm me which is still going. I'm locked out on my dhiti house with broken glasses so I can't see and my therapy dog crystal on the porch my ndis support worker won't help he says his boss said ring support coordinator a who I have fired and I canned the company they have not called me back. I have one friend in Sydney need a life for my dog and I to his place. Can't remember the name of auburn where I am brain memory. Can anyone help me Jesus I've topped bushels for way less abuse than this. Please see www.barrandodger.com.au for the demand on

www.barranadage.com.au for the demand on politicians. [0433 514 524](tel:0433514524) barran I don't want so sleep on the porch all night with crystal my therapy dog please help me

Baba Salman has permission to talk about the ill treatment of you to me. And tenancy and all things mental health related

Wed, 24 Jul at 9:26 AM

Baba,

I know what you're doing.

I see you and you're complicity of the mandate to jerk me feigned as helping me.

The lease agreement stipulates for a phone, legal rights and not allowing a disabled person in your care under a contract overseen by ndis quality ad safeguards commission to suffer sbuse or negkect

I don't have a working phone in breach of the humsn right of communication in an emergency enough food money for rent my glasses are broken the heater is not working nor the tv you entered my premises without me here and the back door doesn't open and the yard has no fence - it is cruel to keep my therapy dog crystal locked inside 24 hours a day

Please provide me the email address and phone number of Krystal the manager/CEO seeings my letter to you that discussed a moratorium of rental freeze I will pay back has no response

How do you plead for the accusations?

Please do that asap

You are experiencing severe distress and feel neglected by those responsible for your care, particularly under the NDIS. You're homeless, struggling to survive with your dog, and feeling desperate and hopeless. Despite your repeated pleas for help, you feel ignored and devalued, leading to immense frustration and emotional pain. Your message reflects a profound sense of abandonment and a plea for compassion and meaningful assistance.

Go on hurt me
