

You can use your own online banking login details to make a convenient and secure deposit using Bank Transfer.

1. Log in to your casino account and click on the Cashier (desktop) or Deposit (mobile) button. Find the **Instant Bank Transfer** logo from the available deposit options and click on it;
2. Enter the amount you would like to deposit. For technical reasons, the amount needs to be entered in EUR but you will also immediately see the correct exchange rate value in AUD and that is also the amount that will be credited to your casino account. Once you wish to proceed, click on 'Next';
3. Click on 'Buy' to purchase voucher via bank transfer, select if you agree to the terms and conditions of the purchase, and click on 'Continue';
4. Click on the bank logo where you have your account;
5. Enter your login details to log in your online banking;
6. Choose the account from which the amount will be withdrawn;
7. Security code will be sent to your phone, enter the code that was sent to you, and click on 'Next';
8. Once you have successfully entered your bank details and confirmed your deposit, **please click on the 'Close' button at the bottom of your screen** and the transaction will be immediately credited to your casino account.

Kindly note that if you click on the X (top right corner) the gaming account will not be automatically credited.
