

The document is an official response from Comcare to Dr. Rich McLean regarding a Freedom of Information (FOI) request he made on 22 September 2021. The correspondence took place on 30 September 2021, and it's regarding the reference number 2021/9049.

Key Points:

1. Initial Request:

- Dr. McLean requested FOI access from multiple organizations including Work Safe, Comcare, Northside Clinic, Police, and others.

2. Notice of Intention to Refuse:

- Comcare intends to refuse the request because it does not meet the requirements under section 24(1) of the FOI Act. Specifically, the request does not adequately identify specific documents as required by section 15(2)(b) of the FOI Act.
- Dr. McLean listed agencies but did not specify particular documents needed.

3. Assistance to Revise Request:

- Comcare advises Dr. McLean to narrow down his request by specifying distinct documents, potentially including a date range or naming specific documents like medical reports or compensation determination letters.
- Despite revisions, it is noted that there might still be practical refusal reasons or additional time needed to process the revised request.

4. Options for Dr. McLean:

- Within 14 days, Dr. McLean needs to:
 - ◆ Withdraw the request
 - ◆ Make a revised request
 - ◆ Indicate that he does not want to revise the request

5. Consequences of Non-response:

- If Dr. McLean does not respond within 14 days, the request will be considered withdrawn under section 24AB(7) of the FOI Act.

6. Processing Time Suspension:

- The processing time of the FOI request is suspended until a formal response is received.

7. Contact Information:

- Jesse, Statutory Oversight Officer at Comcare, is the contact person for this FOI request. Dr. McLean can reach out via email (foi@comcare.gov.au) using the reference number 2021/9049.

Dr. McLean is advised to respond by 14 October 2021 to move forward with his request.
