What is your Complaint/Feedback about?

Provide some details to help us understand your concerns. You should include what happened, where it happened, time it happened and who was involved.

As a support worker I acknowledge that Dr Richard William Mclean has mental illness. I acknowledge that he is being persecuted as a person of interest systematically, politically and financially.

And as result of all above issues addressed he is being mentally and emotionally harmed. As we studied in NDIS code of conducts (which says every person with or without disability has the same right in front of law, community and humanitarian rights).

Since I have observed and worked closely with him for a period of time, He is a person with so many expertise in him. He desires to be back in track with prosperity and dignity willing to serve the country and people in it as same as he was doing for more than 30 years.

What really disappointing is he is being deliberately rejected or denied while seeking justice for his well being in the society by different Legislative Law Firms , Governmental Offices even Private Sectors do deny offering any help.

For a person such him with disability its mine and ours duty to support him and give handful of acceptance and respect to stand on his feet's again and to deliver justice with what he is suffering.

I request the concerned office to please support him because he is not delusional or making any stories for extortion. I have seen, read and acknowledged all his evidences which are not fake.

I as support worker want him to be what he was in the past and a little support in his justice issue will cure him Mentally, Emotionally and Financially. He is a human being with human rights please deliver the rights to him. Regards Tahsinullah Sultani
