I, being the owner of the above named animal, and being over the age of 18 years, hereby authorize and give permission for the treatment as detailed to me by the attending veterinarian. I understand that all professional care and attention will be given to the animal but recognise that attendant risks exist and unforeseen problems can develop. The Casey Pet Emergency Staff will make every attempt to keep you informed of your pet's progress at all times. You will be updated daily on your account. Potential complications can develop and may include but are not limited to:

1. Anaesthetic risks - cardiac arrest, aspiration pneumonia, seizures, reflux oesophagitis, slow recovery.
2. Wound complications - dehiscence/breakdown of surgery site, infection, self-trauma
3. Brain and spinal problems - deterioration, lack of improvement, recurrence, incomplete recovery
4. Cancer - local regrowth, development of metastatic disease, chemotherapy complications
5. Emergency care - death; adverse reaction to medications/blood products, sudden change in condition
