To whom it may concern at RMH,

A case has come before my Super Company First State Super which used to be health Super and an ombudsman at AFCA. Ms Jane Abbott.

A determination is being made tomorrow regarding a possible substantial amount of money relating to a TPD claim.

Previously, you have stated that I worked until 07/09/2007 (see attached) payslip).

However, the super company has told the ombudsman that I was paying NO insurance to the super company in the following statement:

- As discussed, Health Super has no record of receiving any contributions, including SG, on Mr Mclean's behalf between the closure of his original account in 2006, and the payment of his TPD benefit in 2008.

If you could please see from your end if I made any insurance contributions to the super company and how much was paid per week? Do you have any access to any record?

This is extremely important to me and may result in a matter of a lot of money I may be entitled to.

Could you please acknowledge this email ASAP and please let me know before 12 midday tomorrow.

I will try and also call you tomorrow morning. If it is the case that insurance was still being paid - this will mean a different outcome.

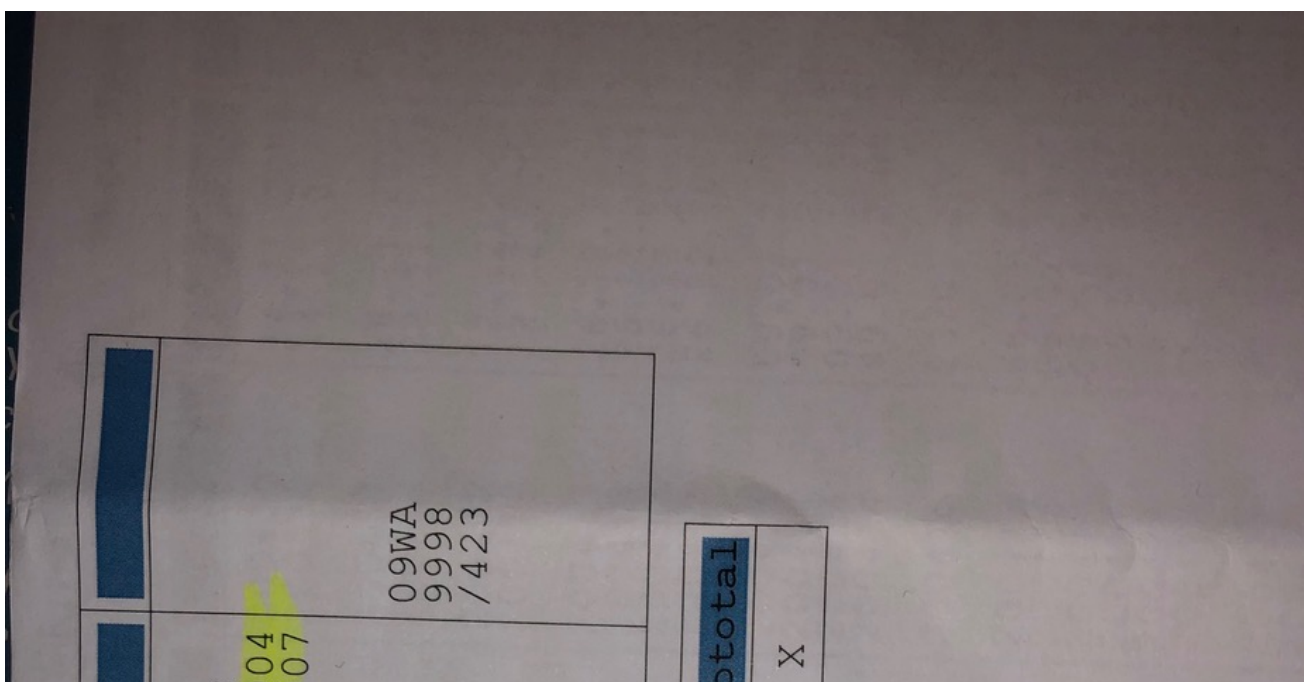

I have CC'd this email to Ms Jane Abbott the Ombudsman from AFCA re: case 607999.

I hope Ms Abbott will hold off her findings until we can acknowledge if and how much I was paying at that time in TPD insurance whilst I was on work cover until the time I left NWAMHS, as the super company is denying that any was paid and I am not certain if this is the case.

Sincerely,

Richard Mclean

I was initially terminated on 4th October 2006 but HR did a re-activation on the 5th Oct 2006 which continued until 7th Sept 07.

Am I able to get a separation certificate or confirmation in writing from you when it matches to the records acknowledging this.

Thanks so much for your help.

Richard
