Hello Kate and AAT

I had already sent an email explaining I was persecuted by the government and that I had an ABI and no rep whist the Government who has literally already murdered me and covered it up - has a lawyer to represent them

I did not consent because it is inequitable unfair and not morally represented on legal principles

The AAT refused this calling me anywhere where I protested

I received an email saying it is not forwarded to some kind of judge I dont even understand

I wish to calmly state this was illegitimate because I had stipulated I would not be proceeding

I had received a phone call attempting to gain my permission of the call and it was denies

I also recorded the call and I denied the call

The issue needs to be rewinded to provide legal principles of equity and equality and not be a heinous one sided slaughter I never consented to

Thanks

RM
