I've filled in the Guardianship Application Form for you and I've attached a copy of it to this email. You need to sign it and submit it to NCAT Guardianship Division Tribunal with copies of your mental health records, and send a copy of it to the NSW public guardian and trustees with your mental health records. Although for me to be able to advocate for you with your legal proceedings then you need to appoint me as your Enduring Power of Attorney as well which I can fill out the form now for a power of attorney if you want me too
