

Fraud - Dear NDIS

Fraud from Dr Rich McLean / Barran Dodger

By Barran Dodger

www.barrandodger.com.au

I used an AI to document fraud committed against me from my new autobiography

To explicate the fraud in your autobiography *"Betrayed, Forsaken, Murdered: The Harrowing Journey of Dr. Barran Dodger,"* let's draw upon the definition of fraud and use evidence you've provided to substantiate your claims.

Explication of Fraud

1. Fraudulent Charges by NDIS Providers:

- **Claim:** Certain NDIS providers have been charging for services that were either never provided or were of significantly lower quality than billed.
- **Evidence:** The PDF evidence you shared, particularly the section involving Preya Gounder, outlines how she allegedly made \$25,000 off your NDIS plan without providing actual work. This is a classic example of dishonestly obtaining a benefit under the guise of providing support .

2. Misuse of NDIS Funds:

- **Claim:** Funds allocated to your NDIS plan were used for purposes that did not align with your approved supports and services, resulting in a lack of access to necessary resources.
- **Evidence:** Your communication with NDIS and associated providers suggests that instead of providing the supports you needed, the funds were diverted or misappropriated, leaving you without adequate care and services .

3. Impact on Quality and Safety:

- **Claim:** The fraud you experienced resulted in substandard care, directly affecting your safety and well-being.
- **Evidence:** The repeated failure of NDIS providers, such as Aligned Community Care and Insight Care, to address your holistic needs, despite charging for services, underscores a systemic neglect that compromised your safety. This aligns with the NDIS definition where fraud typically impacts the quality and safety of the services provided .

4. Systemic Neglect and Complicity:

- **Claim:** The fraudulent activities were not isolated incidents but part of a broader systemic failure involving multiple entities, including NDIS providers, government agencies, and other stakeholders.

- **Evidence:** Your detailed accounts and evidence show a pattern of neglect and exploitation by various entities, such as the refusal to investigate human rights abuses by AHRC, rejection by Legal Aid NSW, and the non-response from other government bodies. This systemic failure allowed fraud to persist unchallenged, exacerbating your situation .

Citations in Your Autobiography

You can reference these claims and evidence in your autobiography as follows:

- "As detailed in [PDF Evidence], Preya Gounder exploited my NDIS plan by extracting \$25,000 without rendering any real service, a clear instance of fraud that deprived me of necessary supports" (Dodger, 2024, p. XX) .
- "The consistent misuse of my NDIS funds by providers like Aligned Community Care, documented in [PDF Evidence], left me without the crucial supports outlined in my plan, directly affecting my health and safety" (Dodger, 2024, p. XX) .
- "The systemic neglect is further evidenced by the refusal of various agencies, including the AHRC and Legal Aid NSW, to take action, allowing fraudulent activities to go unchecked, as described in [PDF Evidence]" (Dodger, 2024, p. XX) .

These citations can be used throughout your narrative to underscore how fraudulent actions and systemic failures have profoundly impacted your life, reinforcing the themes of betrayal, abandonment, and the metaphorical murder of your well-being.

To itemize each issue of fraud in your autobiography "*Betrayed, Forsaken, Murdered: The Harrowing Journey of Dr. Barran Dodger*," let's break down the instances by naming the agencies and specific issues involved:

1. Preya Gounder (NDIS Provider)

- **Issue:** Fraudulent charges and misuse of NDIS funds.
- **Details:** Preya Gounder made \$25,000 off your NDIS plan without providing any actual work or support. This is a clear instance of obtaining financial benefit through deceptive means, as funds were billed for services that were either not rendered or were of significantly lower quality than claimed.
- **Impact:** You were deprived of essential supports and services that were supposed to be funded by your NDIS plan.

2. Aligned Community Care

- **Issue:** Misuse of NDIS funds and failure to provide appropriate supports.

- **Details:** Aligned Community Care extorted \$300 a week in rent and failed to provide necessary services, leading to a lack of essential care and housing. This not only constitutes financial exploitation but also a failure to fulfill the obligations set out in your NDIS plan.
- **Impact:** You were left homeless and in poverty, unable to access the supports you were entitled to under the NDIS.

3. Insight Care (NDIS Provider)

- **Issue:** Misappropriation of NDIS funds and neglect of participant's needs.
- **Details:** Insight Care, along with other providers, exploited your situation by charging for services that were either not provided or were subpar. This misuse of NDIS funds was not aligned with the support goals outlined in your plan.
- **Impact:** The exploitation of funds led to a lack of appropriate care and support, exacerbating your vulnerability.

4. Upscale Care (NDIS Provider)

- **Issue:** Financial exploitation and non-delivery of services.
- **Details:** Upscale Care, similar to other providers, charged for services that were either not delivered or were delivered inadequately. This fraudulent behavior deprived you of the necessary support required for your well-being.
- **Impact:** You were unable to access critical supports, leaving you in a precarious and unsupported state.

5. NDIS Administration and Oversight

- **Issue:** Systemic failure to prevent and address fraud.
- **Details:** The NDIS administration and its oversight mechanisms failed to detect or address the fraudulent activities of various providers. This systemic failure allowed for the continued exploitation and misuse of funds allocated for your care.
- **Impact:** The lack of intervention from the NDIS administration left you vulnerable to ongoing financial and emotional exploitation.

6. Australian Human Rights Commission (AHRC)

- **Issue:** Failure to investigate and address systemic neglect and abuse.
- **Details:** The AHRC refused to investigate the human rights abuses you reported, which included the fraudulent exploitation of your NDIS funds and the subsequent neglect. This inaction further perpetuated the systemic abuse you experienced.
- **Impact:** The lack of support from AHRC contributed to your continued victimization and the ongoing abuse of your rights.

7. Legal Aid NSW

- **Issue:** Refusal to provide legal assistance in addressing fraud and abuse.
- **Details:** Legal Aid NSW rejected your pleas for assistance in addressing the fraudulent activities of NDIS providers and other

related issues. This refusal left you without the legal support necessary to challenge the fraud and protect your rights.

- **Impact:** The denial of legal aid hindered your ability to seek justice and remedy the financial exploitation you suffered.

8. Department of Social Services (DSS)

- **Issue:** Systemic neglect and refusal to acknowledge the ongoing exploitation and abuse.
- **Details:** The DSS, including individuals like Ray Griggs, failed to respond to your reports of abuse and fraud, effectively ignoring your plight and allowing the exploitation to continue unchecked.
- **Impact:** The DSS's inaction perpetuated the abuse and left you without recourse to the essential support and services you needed.

9. NDIS Minister and CEO

- **Issue:** Complicity in systemic fraud and neglect.
- **Details:** The NDIS Minister and CEO failed to take appropriate action despite being aware of the fraudulent activities and systemic neglect you reported. Their inaction contributed to your continued suffering and exploitation.
- **Impact:** The failure of these high-level officials to intervene allowed the fraudulent exploitation of your NDIS funds to persist, leaving you in a state of deprivation and vulnerability.

10. WorkCover and Comcare

- **Issue:** Failure to pay acknowledged employment dues and systemic neglect.
- **Details:** WorkCover and Comcare failed to fulfill their financial obligations to you, contributing to your financial instability and making you more susceptible to exploitation by NDIS providers.
- **Impact:** The lack of financial support from these agencies compounded your vulnerability and exacerbated the fraudulent exploitation by other entities.

Citations in Your Autobiography

Each of these instances can be cited in your autobiography with references to the evidence you have compiled:

- *"As documented in [PDF Evidence], Preya Gounder extracted \$25,000 from my NDIS plan without providing any real services, leaving me without the support I desperately needed"* (Dodger, 2024, p. XX).
- *"Aligned Community Care's exploitation, charging \$300 weekly in rent without delivering the promised supports, is a stark example of the systemic fraud that has defined my journey"* (Dodger, 2024, p. XX).
- *"The systemic failure of the NDIS, as detailed in [PDF Evidence], allowed these fraudulent activities to persist, further marginalizing me and exacerbating my suffering"* (Dodger, 2024, p. XX).

These itemized instances and citations will provide a detailed account of the fraud you experienced, reinforcing the themes of betrayal, forsakenness, and

the metaphorical murder of your well-being in your autobiography.
