I'm rushing to launch an explosive book on my treatment and write myself out of this hole and I am sure I'm going to be sued by 1000 cunts but eh what can I do lol

Totally relate to the homeless and roofless thing

I'm a refugee and economic migrant and I'm seeking refuse within the confines of the same democracy I am a citizen of

Michael did you get this text?

Thu, 8 Aug at 7:56 PM

Hi Barran yes got it

That's good it's important

Wanna know why, ?

Can I ask you to more meaningfully intervene in this situation?

Thu, 8 Aug at 11:25 PM

There is nothing more meaningful than this
When all else fails in a world that is unjust and we can
no longer stand
That is the time to get on our Knees
and Pray
When I said to you yesterday I would Pray for you i
meant every word
For me Prayer is not a concept
It is all I have

Our Father, who art in heaven, hallowed be thy name;
thy kingdom come; thy will be done; on earth as it is in
heaven. Give us this day our daily bread. And forgive us
our trespasses, as we forgive those who trespass
against us. And lead us not into temptation; but deliver
us from evil.

Amen

I need to show you what just happened

When it uploads

It's 35 mins of pure unbridled honesty pleading and
begging for mercy but in a way that forgives even those
who are causing me r at I much harm

Causing me so much harm

So what is the consensus with my situation now? With aligned community care and the eviction I mean... he threatened police on me and sent an eviction anyway regardless I mean we can pray to god and barricade ourselves in but it just seems so absurd because we wouldn't even be here but there is no where else it's just a man made soul cage

Terrance is the person to talk to about the logistics of your current situation Barran .
That is absolutely terrible that they are threatening the police on you
When all else fails don't look for help from the one that is feeding you
Look to the Lord for direction
Depending on the response you receive
The appropriate application will be required
Most times trust is always part of the equation .
What a conundrum
Being stuck between a rock and a hard place
Jesus is the Rock
The hard place is the seasons in life we have to go through to get from the prison we are trapped in into the place where we can truly be free for the afflictions, addiction and everything else the world can throw at us .
John 8:36
So if the Son sets you free you will be free indeed 🙏

Urgent!

Dear detractor "friend or family"

Someone needs to put some money into my account or something will happen - I've proven a conspiracy and I'm literally starving to death and no one will help me, including ndis companies, April's and Doug mclean, m... >

Here's the message with the additional context included:

****URGENT: IMMEDIATE HELP NEEDED****

I am in immediate danger. I need to escape my current location right now. I'm being aggressively intimidated and threatened with forced chemical restraint as punitive punishment for being a rejected whistleblower. The claim that this is to treat "delusions of persecution" against my will, when it is a fact that I am persecuted, is not only absurd but an egregious abuse of power.

This is a critical human rights violation and part of a

proven conspiracy—a verified and documented phenomenon from my book *Betrayed, Murdered, Forsaken*. This conspiracy created conditions that led to my suicide five years ago, which was deemed fatal, but I was revived from death. Every day I live in poverty without enough to eat, with my human rights obliterated and my legal recourse compromised, is another day that family violence and coercive financial control win.

I urgently need financial assistance to escape. A few hundred dollars would allow me to get to my car and find a safe place to hide. I have no home and am living in exile in Sydney.

Please help if you can.
