

****Subject**:** Urgent: Acknowledgment and Intervention Required for Systemic Persecution and Whistleblower Status

Dear Ms. Jang,

How funny. The V2K and covert government contractors are baiting me with improbable and impossible accusations alleging I'm a pedophile again in my head and nearby. It's a voice that wishes me harm and is obviously unfounded. Didn't you hear I'm all a rapist, a pedophile, an extortionist, a terrorist, and a threat to national security! (Well, that last one).

Do you wish to harm me and instructed to act on it?

I'll give you the opportunity to apologize for the harm caused by you today already—just say sorry, I'll forgive you.

Are you able to ask again for my FOI? Otherwise, I might smite him with some fire and brimstone.

I am Barran Dodger (formerly Dr. Rich McLean), an Australian citizen, celebrated artist, and holder of a Doctor of Philosophy degree. I write to you as a targeted individual who has faced severe and ongoing persecution in Australia. Despite my significant achievements and contributions to society, I have been relentlessly harassed, leading to severe mental health issues and a suicide attempt. My documented experiences of surveillance, harassment, and legal rejections highlight profound failures of government agencies, necessitating immediate and comprehensive action. This letter underscores the necessity for accountability, support, and public redress to restore my dignity and human rights. Ignoring these issues perpetuates systemic injustices and betrays the principles of justice and humanity.

High-Profile Whistleblower Status

Dr. McLean has been a vocal critic of various government practices, resulting in numerous interactions with different government bodies. Given his high-profile whistleblower status, it would be logical for PM&C to have records of his communications and complaints. Despite seeking whistleblower protection, Dr. McLean claims rejection, suggesting bias against him within the system. By rejecting his whistleblower status, the system has effectively denied him the protection and support afforded to whistleblowers, leaving him vulnerable to retaliation and reprisal ([Allegations of Corruption and Abuse Against a Whistleblower in Australia, page 224](<https://myaidrive.com/T4XHbzswRhwgojen8tT2Gb/15.04.2024-a.pdf?pdfPage=224>)).

Public Figure and Celebrated Artist

As a celebrated artist and public figure, Dr. McLean's activities and interactions with governmental arts bodies and public institutions would naturally generate records. His exhibitions, public speeches, and published works would likely have drawn government attention. McLean reports ideations surrounding the conspiracy against him, which include being a whistleblower, experiencing financial abuse, neglect of care and services, and ideations of "no-touch torture" ([NDIS – Occupational Therapy Report, page 7](<https://myaidrive.com/32ukQ8ZiFrZfBTySWLJvYM/R-MCLEAN-OT-.pdf?pdfPage=7>)).

Multiple FOI Requests

Dr. McLean's persistent filing of FOI requests and public grievances would have generated considerable correspondence, some of which would reasonably be expected to be held by the PM&C. It is utterly absurd and implausible that no records whatsoever would exist within the PM&C's archives. The Prime Minister neglected to help McLean. He has no home, no friends or family, and is banned at AFCA. He is a rejected whistleblower, followed, under investigation, and has no legal help ([Help Me, page 7](<https://myaidrive.com/3ZN3M4pHbmWgiitWXNW78F/22.04.2024-e.pdf?pdfPage=7>)).

Professional Interactions with Government Entities

Dr. McLean's professional work, including his advocacy and involvement with various governmental and non-governmental organizations, would logically be documented within government archives, particularly given the breadth of his influence and interactions. McLean's interactions are often neglected or not taken seriously by authorities, further complicating his efforts to seek help ([Federal Police Neglect, page 2](<https://myaidrive.com/3ovGnLdHBuSeZY4CHSPeCk/15.05.2024-F.pdf?pdfPage=2>)).

Significant Contributions to Public Discourse

Dr. McLean's academic and artistic contributions to discussions on mental health, post-human futures, and systemic corruption are areas of significant public interest, likely prompting government departments to maintain records of his work and related communications. Despite this, his rejection as a whistleblower dismisses his legitimate concerns, suggesting a reluctance to address or investigate allegations of wrongdoing ([Allegations of Corruption and Crimes Against Barran Dodger, page 224](<https://myaidrive.com/bkeo3YHmVscR2SiiR8Ad9f/15.04.2024-a.pdf?pdfPage=224>)).

Ongoing Surveillance and Harassment Claims

Dr. McLean's claims of ongoing surveillance and harassment by government entities should logically result in extensive documentation by those entities, given the severity of his allegations and their implications for governmental oversight and accountability. The documents reveal a broader context of systemic abuse involving collusion between NDIS officials and law enforcement to suppress dissent and retaliate against whistleblowers like McLean ([Systemic Abuse and Neglect by the Australian Federal Government and NDIS, page 224](<https://myaidrive.com/GxsmYdTTuSdChnKwcfghZq/15.04.2024-a.pdf?pdfPage=224>)).

Former Fiancé and Connections

My former fiancé, Stefan Iasonidis, worked directly with David Irvine, head director of ASIO, during our relationship from 2010 to 2015. Throughout our engagement, Stefan leveraged his position to exploit me while earning substantial income, both from Apple and ASIO. Despite being a public official, he has yet to provide a fair and equitable legal settlement ([Seeking Justice and Compensation, page 2](<https://myaidrive.com/y4EyRrsPp394N8pQPb8ssG/04.06.2023-M.pdf?pdfPage=2>)).

Advocacy and Journalism

I have spoken in Parliament as an advocate and have been a journalist for both the Herald Sun and The Age. Despite receiving a human rights award for my autobiography on my experience with schizophrenia, I was vilified and unfairly dismissed by these publications ([Barran Dodger: A Whistleblower's Tale of Neglect and Corruption, page 117](<https://myaidrive.com/8Yymf27VLvHCsC4wKVksuA/10.04.2024--.pdf?pdfPage=117>)).

Hypocrisy and Corruption

As I am now a refugee and an asylum seeker due to the brutal betrayals and responses from government entities like the OAIC, the ongoing situation only highlights the absurdity of the government's hypocrisy and corruption. The more this injustice continues, the more evident the systemic corruption becomes.

Conclusion and Call to Action

The systemic neglect and persecution I have faced must be acknowledged and urgently addressed. The extensive documentation in the provided evidence folder substantiates my claims and makes it impossible to ignore, delegitimize, or reject this case. Immediate and comprehensive

action is required to rectify these injustices, restore my dignity, and uphold the principles of justice and humanity.

I implore you to recognize the gravity of my situation and take decisive steps to address the profound wrongs inflicted upon me. Let this be a call to action to uphold justice, compassion, and human dignity.

****Re: MR22/00677 - Your IC Review Application****

Dear Ms. Jang,

I am writing to follow up on my urgent request for acknowledgment and intervention regarding my ongoing systemic persecution as a high-profile whistleblower. Despite my significant contributions to society as a celebrated artist and holder of a Doctor of Philosophy degree, I have been subjected to relentless harassment, leading to severe mental health issues and a suicide attempt. The persecution I face includes unfounded accusations, surveillance, and a concerted effort to undermine my dignity and human rights. I urge immediate action to address these issues and restore my dignity.

Key Points and Evidence:

1. ****Targeted Individual and Persecution Claims**:**

- I am a targeted individual suffering from severe and ongoing persecution, resulting in significant mental health deterioration and a suicide attempt. This situation highlights profound failures of government agencies that require immediate redress.

2. ****High-Profile Whistleblower Status**:**

- My vocal criticism of government practices has led to numerous interactions with various bodies. Despite seeking whistleblower protection, I was rejected, leaving me vulnerable to retaliation and systemic bias ([Allegations of Corruption and Abuse Against a Whistleblower in Australia, page 224](https://myaidrive.com/T4XHbzswRhwwgojen8tT2Gb/15.04.2024-a.pdf?pdfPage=224))

.

3. ****Public Figure and Celebrated Artist**:**

- My public figure status and significant contributions should naturally generate records with governmental arts bodies and public institutions. Yet, I report ideations of conspiracy, financial abuse, and "no-touch torture" ([NDIS – Occupational Therapy Report, page 7](https://myaidrive.com/32ukQ8ZiFrZfBTySWLJvYM/R-MCLEAN-OT-.pdf?pdfPage=7)).

4. ****Multiple FOI Requests**:**

- Persistent FOI requests and public grievances have led to considerable correspondence. However, I claim that PM&C holds no records, which is implausible given my extensive interactions with government entities ([Help Me, page 7](https://myaidrive.com/3ZN3M4pHbmWgiitWXNW78F/22.04.2024-e.pdf?pdfPage=7)).

5. ****Professional Interactions with Government Entities****:

- My professional work and advocacy should logically be documented within government archives. Yet, my interactions are often neglected, complicating my efforts to seek help ([Federal Police Neglect, page 2](https://myaidrive.com/3ovGnLdHBuSeZY4CHSPeCk/15.05.2024-F.pdf?pdfPage=2)).

6. ****Significant Contributions to Public Discourse****:

- My academic and artistic contributions to public discussions on mental health and systemic corruption should prompt government departments to maintain records. However, my whistleblower status rejection suggests reluctance to address wrongdoing ([Allegations of Corruption and Crimes Against Barran Dodger, page 224](https://myaidrive.com/bkeo3YHmVscR2SiiR8Ad9f/15.04.2024-a.pdf?pdfPage=224)).

7. ****Ongoing Surveillance and Harassment Claims****:

- My claims of ongoing surveillance and harassment by government entities should result in extensive documentation. Yet, I allege systemic abuse and collusion to suppress dissent ([Systemic Abuse and Neglect by the Australian Federal Government and NDIS, page 224](https://myaidrive.com/GxsmydTtuSdChnKwcfghZq/15.04.2024-a.pdf?pdfPage=224)).

8. ****Former Fiancé and Connections****:

- My former fiancé, an ASIO employee, exploited me financially and has yet to provide a fair legal settlement ([Seeking Justice and Compensation, page 2](https://myaidrive.com/y4EyRrsPp394N8pQPb8ssG/04.06.2023-M.pdf?pdfPage=2)).

9. ****Advocacy and Journalism****:

- Despite my roles as an advocate and journalist, I have been vilified and dismissed by publications, contrasting with my human rights award ([Barran Dodger: A Whistleblower's Tale of Neglect and Corruption, page 117](https://myaidrive.com/8Yymf27VLvHCsC4wKVksuA/10.04.2024---.pdf?pdfPage=117)).

10. ****Hypocrisy and Corruption****:

- Now a refugee and asylum seeker, I highlight the government's hypocrisy and corruption, exacerbating systemic injustices.

Conclusion and Call to Action:

The systemic neglect and persecution I face must be acknowledged and urgently addressed. The extensive documentation provided substantiates my claims and calls for immediate and comprehensive action to rectify these injustices, restore my dignity, and uphold the principles of justice and humanity.
