No response has been received to our demand for payment. Your account may now be subject to a payment default and damage to your credit rating/credit score may be imminent.

You now have 7 days to resolve the matter before it is escalated further and referred to the Solicitors for Australian Debt Recoveries - Mercantile Legal - www.mercantilelegal.com.au.

Should legal action occur it will have the effect of increasing the amount payable by you. If a Judgment is obtained you may become subject to a wage or bank garnishee, Summons to appear before the registrar or become subject to the Sheriff attending your premises for the purpose of seizing goods for sale at auction to satisfy the debt. This may cause further damage to your credit rating and last for 12 years.

Payment arrangements are available if you are unable to pay your account in full immediately.
