Hi John, Mat, Teo, Miranda, kade,

Well, I warned you all it was financial abuse and systemic Government neglect.

Its a vile victimisation in which as an already marginalised person who has suffered abuse and neglect - to then be non acknowledged as I beg for help for years and universally exploited identified vilified victimised and

It is fuelled by prejudice stigma and shame.

Its a shame that not mine.

I'm homeless soon - I told you all this was unsustainable.

There is simply not enough.

Its a shame not one of you crossed the floor regarding the financial detriments about:

- Fatal suicide that I survived
- My former partner family violence and death threats
- My TPD incorrect payment from 2008
- The Whittaker malpractice case
- Me being banned at AFCA
- Rejected at AHRC
- Rejected at ComCare
- Delayed at the AAT
- A rejected whistleblower at ASIC
- At APRA
- At AFSA
- At The Commonwealth Ombudsman
- Rejected at WorkSafe
- Rejected at plan Partners
- Denied my FOI from office of prime minister and Cabinet
- Rejected from all family and friends
- Scapegoated and left to rot and told olive within my means
- Stitched up by police
- Denied two VOCAT cases
- Silenced at HCC
- Silenced at MHCC
- Silenced at Victorian Inspectorate
- Silenced at The Police and IBAC
- Silenced at AHPRA
- Silenced at NHPOPC
- Silenced at the Ombudsman
- Silenced at workplace relations
- Delayed at AAT
- Limited at the NDIS
- Rejected by the NDIS Commission
- Ignored by the Australian legal bar
- Ignored by the Unions
- My business website literally maliciously destroyed by Micron21 and my digital identity ruined

In all that time I have never ever had a lawyer who will act in my interest. Not one.

That is in opposition to the charter of human rights of a person with a disability.

It states a person with a disability must not be:

- Taken advantage of
- Discriminated against
- Have the sanctity of life removed
- Have their property withheld
- Be tortured

...and they must always have equal access to the law and equality before the law

This is the abuse that killed me which I survived.  
Its an abuse which just keeps on going.

In a matter of days - police will capture me and they are going to most likely arrest me or serve documents that I have:

- Committed fraud,
- Acted in a way which echos family violence,
- Caught out at the tax office for fudging my returns,
- Give me another AVO - who will it be this time Mum and Dad are already on the list,
- On drugs or done drugs
- Am an extortionist
- Sex offender

Some of that is true

But they made me do it

What I squandered is way way less with the amount they robbed from me and intentionally redacted

But I have to do something now that will save me from any further persecution.

Its not to damage my old shag - although he too has allowed this all to continue to occur t me...

But what do owe him - nothing - I simply was recording because he was SAS and on drugs and I thought it may be a risk

I forgot it was recording.

This 9 hour long fuck will be the fuck that fucks Australia...

The conversation takes an extremely knowledgeable SAS fighter in politics with formidable knowledge and it frames my story with the systemic injustices he sees.

In this way - his narrative gives voice to mine.

This is called a profound corruption to the highest level.

It is a conspiracy to pervert the course of justice

It is a vile victimisation of myself

There are other scapegoats like metro.

Some are dead.

But I am alive...

I am forced to publish this in the public domain.

- My PIDs are rejected
- So are my FOIs
- I am a banned whistleblower at
- ASIC
- AFSA
- APRA
- The Commonwealth Ombudsman

Funny that Mr Russell ball informs Government policy and advises the ombudsman - he framed mea an extortionist over the dr Whittaker malpractice case for having a recording

I recorded it to check my reality because I have an illness and because I can't remember things

It was legitimate evidence before a court and it was acquired non maliciously

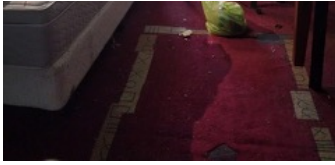

I have summarised the fuck here:

## CHECKMATE

Dr Rich Mclean's home in jan 2023.

Dr Rich McLean protested his own suicide from which he was revived from death. Its true no one cares if he died or dies and still don't. No-one helped. No-one had helped for along time. But he always had helped in his artist role and that of a mental health advocate. He spoke on local state national and international levels. The fact of the matter is the Government meant him harm and people followed suit. That is because Dr Mclean spoke the truth and became an existential risk to individuals such as:

- Steve Iasonidis
- John Whittaker
- Russell ball

He also threatened organisations statutory authorities such as the following guilty parties: he exposed this by reverse engineering onion by onion layer the movement that ultimately had caused his 'fatal' injury. It was from economic abuse and coercive financial control from the sin of family violence:

**HCC, MHCC, AHPRA, NHPOPC, IBAC, The Victorian Inspectorate, The police, The Ombudsman, The age, The Herald Sun, AFCA, APRA, AFSA, The Commonwealth ombudsman, WorkCover, Comcare, the AAT, The NDIS, OAIC, The Federal Police, AIO, AGIS, The legal fraternity... The office of prime Minister & cabinet.**

**Destroy him in the money. Deny his rights. Rob his justice.**

He is a courageous truth seeker and speaker... yet as a vilified scapegoat his loud voice is proven to be universally innocuous. **That changes now.**

By a chance hookup he fucked public official who was investigating corruption at the highest levels at the NDIS. This person was a former SAS soldier and his political knowledge was formidable. He spoke to a tune that Dr Mclean had been ear bashed with for years with malicious hate fuelled by prejudice stigma and shame. What is revealed in this recording confirms the Governments systemic ill will towards Dr McLean. It's true he was literally murdered; then it covered up and so successful was his scapegoat no-one cared.

**The game has changed.**

The movement was conscious and malicious underpinned by powerful political key stakeholders with money and reputations to protect and a Government to uphold.

In a delayed fashion Dr Mclean realised that the recording originally taken for safety reasons and then forgot that it was rolling; explicitly describes the mechanisms by which people of interest are silenced in Australian culture in recent times. This document is a mind boggling intimate sexual and political romp right inside the corruption of Government from someone whoknows it intimately. The narrative from the soldier is brutally authentic. It mentions names of people politicians statutory authorities and intimate knowledge the taboo side of the structure of society. It details major crime and cover up. It additionally reveals an awareness of a broken political system the SAS soldier was fighting against to help marginalised people. Unwittingly the soldier will do that bigger than he ever imagined.

This recording reveals a shocking legacy detailing profound systemic corruption in which individuals and ministers and named and public officials dance protecting their own interests. Individuals like Dr Mclean can be tortured to death as collateral damage to a faceless agenda of protecting the status of the Government and silencing political dissent and no one would bat an eyelid... But this has just been triangulated whereby McLean no longer will exist in a vortex of isolation poverty and suffering that literally is financial abuse aiding and abetting his death.

Dr Mclean has no choice as a framed marginalised vagrant with police looking to serve him papers - but to demand his detriment payments from the many injustices be paid.

Criminality is finally acknowledged before he is framed and jailed or killed. This conspiracy to pervert the course of justice is revealed and immediately now requires Dr McLean's whistleblower protections and freedom from legal persecution by thinking about releasing the whole recording - sex drugs and rock n roll - before he is jailed or killed.

In a relational way; the soldier validates with a conversation framed by a chance red hot fuck what Dr Mclean already knew all along about being victimised. His protests will no longer be in vain. This recording proves the faceless command of proxy public servants and lawyers in the cowardice with which Government officials operate and justifies Dr Mclean's plight as a conscious lynching. If no detriments are paid immediately and whistleblowing protections in place then the recording is set to be published and it will fuck this country.

Notes from the recording are below:

1. He wrote a report on cyber security
2. He details that over 50% of people in education and the secret service as public servants are gay.
3. The man works in Collins Street as an independent advisor to the NDIS.
4. He was trained as a soldier to know systems and exploit them,
5. That the NDIS is made up of contractors who're sacked from the royalcommiszsion lining their own pockets making \$5000 a day,
6. That Kinsey got 50 million in contracts but there were no contracts,
7. There was no detailed procurement management system ahead of legal week,
8. This corruption extends to veterans affairs and health and submarines,
9. He co-ordinate Chapelle Corby's release at Chanel seven,
10. That he blew the whistle meaning sevens offices were raided because of victims of crime,
11. That the police fund their budgets with proceeds of crime,
12. At Vic Police - 500 police were never ever sworn in for three years because:
13. A proxy stood for the police commissioner at graduation,
14. It was an instrument of delegation - it was someone else was there,
15. Every infringement and fine made by those officers was not legitimate in the name of the Commonwealth,
16. That the police in question were not official officers - they were merely graduates,
17. The man reveals he is back from overseas from being in the SAS.
18. He is reluctant to use the wifi regarding Hawaii and technology.
19. He talks about corruption regarding amounts like 10 billion dollars,
20. At ComCare and the administrative appeals tribunal everyone knows each other by name,
21. Under the crimes act someone benefiting themselves as a public servant is fraud,
22. That nothing was done about harm to the NDIA - the issues were not investigated internally but left to agencies that are corrupt,
23. He talks about Nick Gleeson and the banks government and regulators,
24. He cites that an attack of a neutralising statement occurs to people that threaten the system as a 'neutralising statement' and individuals - thousands of them have been attacked personally over a decade of oppressive leadership overseeing the Scott and Albanese Governments.

leadership overseeing the Albanian and Albanian Governments.

There is mountains of evidence following that its all I have timer and all I can be fucked doing.

<https://youtu.be/mn5SQFkBmX8>

I'll let you all sit with that undeniable evidence regarding systemic corruption and the authenticity with which I speak him.

Sorry about the fucking bit but hey a bloke cant survive on poverty alone.

...now that you have born witness to this - I don't think it is feasible that you all continue to delay deny defer my justice and just like that my supporters have become my abusers.

Its the story of my life.

If they do arrest me - they will have to arrest every one else.

I will have to be provided protection of course.

I'm saddened today I had faith in the system for ths long.

If you ask a fish about the water they say what water

They cant see it theyre in it

Whether you all are aware or not

It is not me who is the problem

It is political

And you all condoned my suicide - thats cowardice.

Anyway has anyone got any ideas what todo during the week?

Rich.
