Hi Rich,

Thank you for including me in the plan review confirmation email.

I was literally just thinking that we should have heard back by now so I am very happy that we have a plan review date!

Thank you for being able to support Michael during the meeting. It will be of great benefit to have your input.

Leading up to the review I will prepare the relevant documents and reports and have some more conversations about the specific supports Michael would like to have included in his plan. As we discussed earlier in the week, we can request that Michael be plan managed to allow him greater freedom and choice in selecting NDIS providers.

Thanks again Rich, I am very hopeful that we can secure this funding and provide Michael with the support he deserves.

Kind Regards,

Jaeme Opie

Dear Bonnieta,

Thanks for your email. I will remind Michael of the appointment as I am seeing him on that day.

As his arts-life-coach, this process is really outside of what I normally do.

I have cc'd this to Jaeme Opie from me-Well, who will likely be a more fitting person to discuss about this.

If you think is appropriate, you can call my number at 11.30 on the day. Michaels phone does not have a speaker phone and we will all not be able to hear each other.

I will then ask Jaeme if she could be available at that time and add her in onto the call.

I hope this makes sense, and jaeme if you could please acknowledge you will be there at this time, (hopefully you are working), in support of Michael?

I am not a support co-ordinator yet have stepped into the role in support of Michael and Jaeme, who is new to the role and I have known Michael a lot longer and a trusted confidant who I see up to five hours per week.

I look forward to hearing from you both that we can all be present and hopefully work through Michaels plan so that he does not have a service disruption for services that have been clearly beneficial to him, legally, personally, psycho-socially and human way.

Kindly,
