He has no help...

Not a lawyer in sight...

He has no advocate...

It is illegal to detain him for the reason of homelessness as rich has no home because of this profound financial abuse...

I repeat this is illegal to keep him...

It is illegal to exploit a disabled person

It is illegal to take advantage of a disabled person

The sanctity of life must not be removed

A disabled person must not have property withheld

A disabled person must not be tortured

I have been tortured

The purpose of the order was fulfilled

He is stabilised and he is cooperative

He agreed to drug and alcohol counseling

He agreed to see treatment team's

He wanted a chance to see his dog before Christmas with a home

Rich does not want to hurt anyone the way he is being hurt right now

It's 2am on the 12.12.2022

Let rich be free

Let him have a home for Christmas with his dog

Let's be better people

To vilify an already paranoid person for the purpose of political scapegoating as a prisoner of conscience is a like type of victimisation

Rich isn't mad

Rich helped tens of thousands of people

Rich is a Dr and an artist and a healer and a lover and a naughty boy

His pay ID is 0400639248

Let's work together to stop this madness

Because tonight it nearly killed me again

A person can only handle so much

Rich wishes for a Christmas with his husky alone in a safe house with political protection and whistleblower protection

He doesn't want money

But the money will be channelled into www.barrandodger.com

It will give a voice for the voiceless and advocate for the marginalised

It will help rape victims survivors of sexual abuse and those bereaved by suicide

It will help the very young and very old

It will empower women and the trans and the black and the gay

Don't forget about rich

He simply wants to live that he may give again

Alone and quietly with little fanfare

I won't hurt anyone

Don't hurt me by allowing my incarceration to illegally continue after 3.30pm on 12/12/2022

Let. Me be free

I'm not mad

I'm. Not crazy

I have a phd

I helped people for thirty years off my own bat

For gods sake

Someone show the same amount of courage that I have in resilience

I remain yours faithfully with love and hope

Dr rich mclean alias Barran Dodger

This can't be permissible beyond when this email goes out

I have evidence for everything I'd rate in this email

Above all be kind

The dalai lama said even if you get an unlikable person if you look hard enough
