**\*\*URGENT: IMMEDIATE HELP NEEDED\*\***

I am in immediate danger. I need to escape my current location right now. I'm being aggressively intimidated and threatened with forced chemical restraint as punitive punishment for being a rejected whistleblower. The claim that this is to treat "delusions of persecution" against my will, when it is a fact that I am persecuted, is not only absurd but an egregious abuse of power.

This is a critical human rights violation and part of a proven conspiracy—a verified and documented phenomenon from my book *\*Betrayed, Murdered, Forsaken\**. This conspiracy created conditions that led to my suicide five years ago, which was deemed fatal, but I was revived from death. Every day I live in poverty without enough to eat, with my human rights obliterated and my legal recourse compromised, is another day that family violence and coercive financial control win.

I urgently need financial assistance to escape. A few hundred dollars would allow me to get to my car and find a safe place to hide. I have no home and am living in exile in Sydney.

Please help if you can.
