Wor and Alex from uoscale care email me a copy of the plan. Barrandodger@gmail.com plus you're fired that is my choice and control. I am aware you're abusing me. You are directed by kel graham and kate d who is directed by the NDIS minister who has me living in exile. This is a conspiracy of financially abusing me and I object and I will do an s100. You have permission to speak to Fiona Hough from Care2care additionally I am calling NDIS now and firing you.

I just fainted going around the block and spewed

Something is not right with me

The poverty and homelessness I am under is a betrayal of my human rights and poverty has been bad for my health

I'm withdrawing from street drugs because I am addicted and don't get my dexamphrtsmine script

David Horgan is the asshole who redacted my script

I told him that I would rely on street drugs if he failed to produce the script

Kel gramma blocked my SiLS despite not one but two recommendations for it

The system is corrupt

The Nfis minister had forced me to live in exile in NSW I am from Victoria

It's not my choice and control to live here and the NDIS minister should be held to account

He acted with police and Zabi from free living australia and Monash Hedlth to intimidate me away from the state

My own family have listened to authorities and believed the libel and slander against my name

I suffer from V2k audio Harradment and u want it investigated

I ned security surveillance wherever I go

This Nfis plan has [100000](#) taken from it

I gave Mif received a single service in the Ndus

Not one

I request you send an ambulance to take me to hospital

Not before I get my hit and if not I want drug and alcohol

I want legal help

I want finance help

I will destroy the joint if this goes on

I am in a conspiracy at

Caleb can justify my fainting I nearly did last week

So can grace here are their numbers

I've sent this to icac so police can investigate and not take me to the psychiatric unit

I don't need that it's part of the set up

And easy fir Baber to wash his hands if me from here

Which is a torture chamber

Investigate this [100000](#) fraud

I demand it a thorough investigation

Poverty has affected my health by design

I gave been robbed

I made it home to lie down

Upscale care are FIRED so is aligned community care

They are NDIS appointed

I want my Justice

They are accepting bribes from dirty Nfis money

I can't afford 300 rent when after bills I gave less than none

Aligned care held a gun to my head to pay rent threatening eviction and did

Do I paid it and now I'm in poverty and evicted

anyway

This is a brutal injustice

Read and see the evidence at
www.barrandodger.com.au (<http://www.barrandodger.com.au/>)

Hang in I'm going to spew again

You're all crooked

F^%# you

F^## police and the minister and the NDIS

Who are now identified as my AbuSERs

And NDIS appointed scum bags
