Fiona, can you follow up these letters with Danny Pearson?

I want to be paid my Workcover he is under obligation if it cannot be paid to do so within 21 days at the agency.

This politician is in brutal breach of his moral ethical and legal obligation to me

This potential is in total breach of the moral, ethical and legal obligation to me

If that dissent work: why?

also

Going backwards...

I mistakenly put my employee as ndis quality and safeguards commission

The federal court has confirmed I was employed by DSS who oversee the NDIS inadvertently in a rejected PID

I have attached fed court document

I have attached the workers compensation form

This undermines Comcares Ruling

And also the decision upheld at the AAT

I can appeal the AAT decision at the federal court but this employee status already confirmed from there

Can you shoot this all of to DSS for me?

Ray Griggs is head

ray.Griggs@dss.gov

He ignores me because I defrauded centyrlink for 125000 they refuse to investigate as it ill bring my former fiancé into the fray

Can you send it to Danny Pearson?

He is ignoring the attached letter from me

danny.pearson@parliament.vic.gov.au

Once my work cover is done I ill be able to get my life back

Its 800000

Also send it to the NDIS

Get them to examine the facts and know that once this fact of my employee status is confirmed I will not ned the ndis they can wash their hands of me

Thanks

Barran / Rich

Subject: Urgent Request for Assistance and Clarification on Housing and Financial Support

Dear NDIA Team,

I am writing to express my deep concerns and seek immediate assistance regarding my current situation. Despite being a participant in the NDIS, the mainstream services responsible for providing housing have failed me. As a result, I am currently squatting and homeless.

I urge you to contact Danny Pearson's office on my behalf regarding my \$800,000 WorkCover settlement. This settlement is crucial for my financial stability and ability to secure housing.

Additionally, I seek clarification on why the NDIS has not taken action to address my urgent needs, effectively acting to silence me and keeping me in poverty. It is imperative that the NDIS fulfill its role in supporting individuals with disabilities to live independently and participate in the community.

Your prompt attention to these matters is greatly appreciated.

Sincerely,

Barran Dodger/ Richard mclean
