Dear Mr McLean

I refer to your recent emails and my letter dated 21 May 2021. We have previously confirmed that AFCA will no longer engage with you by phone or in writing. However, AFCA will consider reopening and progressing your complaints if you appoint a third-party representative to act on your behalf. Should that occur, AFCA will communicate with you only through your nominated third-party representative.

We have provided you with an agent authority form (copy attached) to be completed and returned to AFCA which will enable us to communicate with your nominated representative. We understood you were in the process of arranging this with your father, however we are yet to receive this completed authority form. Until this is received, AFCA will not be communicating further regarding your closed complaints for the reasons outlined in my letter dated 21 May 2021.

Yours faithfully

Dear Tim,

I have not had enough time nor prosperity for an internet connection sometimes.

Plus I am squatting which you well know

thus I am squating which you well know.

You also well know this is for over 7 cases before AFCA which are unresolved and probably worth a million dollars - some have been there for nearly two years too

I have cc this to Karyn. She will be my contact person from here on in the impossible (maybe not for her) mission to get justice on these issues that is not only just but goes against the malicious movement to rob me of all prosperity.

I'll let Karyn take it from here.

I will provide her all the evidence and lease with her.

Also - I did email you another case, but you have ignored it, proving once again the gaslighting and rejection I face from institutions.

I cannot afford or bear to have thee cancelled and firmly ask (cc Karyn) to urgently take all of these issues to the ombudsman.

I am certain Karyn will be able to work with you to bring these injustices to urgent attention framed by my poverty.

Please acknowledge the most recent claim too please.

Thanks Tim, thanks Karyn.

Karyn over to you!

Tim, please acknowledge this email urgently to myself and Karyn and it is noted that these cases are way overdue for an outcome which is a mechanism to maim me in all ways financially

Or so it seems in bizarre co-incidence

Rich
