

I have no food, squatting, and a conspiracy has already literally murdered me - It was me that suicided - but it was systemic malicious conscious and pointed oppression and victimisation/vilification - years of it...that was the cause.

I know that's what their aim was, because I survived - accidentally found with no pulse.

If it were not for reviving me from what was death or certain death - I would not be typing

Then after I was pumped full of blood and rejected from hospital...

That's when things got bad, rejected ostracised and framed by blood and ferries turned against me...the Government put me on jobseeker.

For nearly a whole year I have lived on \$60 per week, begging and borrowing the rest and eating noodles and west box
Dear Kate and AAT,

Firstly,

I refer to the Government signatory to the charter of human rights for people with a disability
