[This is Dr Richard McLean.](#)

I don't just **believe** I have been discriminated against...

I **know** I have been unlawfully discriminated against.

I expect :

The Australian Human Rights Commission

The Police

To action it swiftly, immediately with decisiveness to avoid further detriment and my continued abject poverty.

This includes my health needs not being met

Me literally starving
My continued oppression by:

Steve Iasonidis
Mr Ball of Ball and Partners
Framed as 'crazy' when it is an elaborate victimisation

Statement:

I am being tortured, robbed and financially abused
systemically by this Government.

- I am the centre of a conspiracy
- This systemic abuse and financial abuse has already forced my suicide
- I have been without medication proven to work and assistance for twenty months and lived in a designed poverty

I raise the unlawful discrimination that has occurred to me
simply and with undeniable facts in this very document.

It is in two parts.

Part 1, Overview.

Part 2. Statement urgently needs action.

Part 1. Overview

I need this evidence to be urgently addressed with compensation paid by (date).

Ethics means 'do no harm' I know I am a Dr.
Harm is being done to me.

Why must this be addressed?

I have been robbed
I am being evicted from my squat
I am systemically oppressed by the Government
I am under surveillance and at risk of reprisal
I have no health care
I am rejected medications proven to work for me
I have no human value systemically from the Government
I have no equal representation before the law
Because I am a human being and I have no food or shelter

In how long?

Earlier the better but by Friday 19th Aug.

Reason(s)?

- I'm in danger of a physical attack and/or violent attack,
- I am oppressed by the Government and I am sick of it
- I am framed and I am a scapegoat
- I am discriminated against because I made complaint about a GP
- If nothing is done I will be framed for a crime I have not committed or been forced to do via neglect
- Set up to fail epically as has been the case over and over
- If nothing is done I will be incarcerated an award of the state in a psychiatric ward unnecessarily

- I have worth and I am not mentally ill I am an intelligently designed vagrant
- I am apparently a citizen of Australia with whistleblower protections and I am a rejected whistleblower
- With no love no company no food or medicine or a home - I will die
- I am currently under systemic oppression from the Government
- I am tortured systemically and universally
- I am denied human rights
- I am denied health care and
- I am denied equality before the law

I am in ways marginalised in that I suffer from:

- Mental illness
- Cancer
- A likely ABI
- Poverty that is thrust upon me

What I need right now:

- A psychologist,
- A psychiatrist and
- My dexamphetamine script
- A neurologist and
- A Dr and
- A Throat swab for an infection I have
- A lawyer and
- A hug and cup of tea

Why is this this systemic government persecution happening?

Because I made a complaint about a GP and his lawyer informs the Ombudsman his name is Mr Ball

Because my former partner owes me about \$500000 in a legal equitable and just settlement, there's no denying we were together I have published it

My situation breaks the law.

This situation is in opposition to the Charter of Human Rights of people with a Disability ratified by the Government in 2008, ratified by the Government in 2008 which states:

- I must be free from persecution
- I must be free from exploitation
- I must be equal before the law
- I must have access to the law
- I must not be tortured
- I must not be arbitrarily robbed of life

Why has this happened?

- In the defence of money power and privilege protecting reputations

Who actions it?

- Is actioned by Public Officials who act unanimously via proxy and in deceitfulness

Who is it protecting?

- Steven Iasonidis
- Mr ball of Ball and Partners
- Dr John Campbell Whitaker
- Weribee mercy hospital
- The Age and herald Sun
- All levels of Government
- Everyone who owes me money

Is this victimisation?

Yes. Victimisation is against the law.

This has and is happening in a cowardly way to identify
victimise vilify and further oppress me

Victimisation on this scale is abhorrent and I cant believe I have
had to reverse engineer this over a lifetime to reveal the
movement to destroy me.

What damage has it caused?

- It has taken my job(s)
- It has taken my freedom
- It took my health
- It took my rights
- It took my dignity
- It has robbed me of prosperity
- I have been tortured
- I have been manipulated
- I am not equal before the law
- I have no human rights
- I currently have no healthcare
- It has robbed me of happiness
- It has all but crushed my endearing spirit
- It took my reputation
- It took my very life in Feb 2021
 - I have lived in poverty for twenty months
- It has catastrophically character assassinated me
- I am a scapegoat

THIS IS MURDER

It killed me on the journey...I lived after attempting suicide in Feb 2021,

Pure chance I exist but then I was forsaken by society

What is it?

It is a conspiracy to pervert the course of justice has and is occurring and that is against the law.

What is a better way?

There is a better way forward than systemically rendering me without:

Agency

A voice

Intelligently designed a vagrant

Bereft of prosperity

My job destroyed

My business maimed

My identity and person desecrated.

Ethics means 'do no harm' I know I am a Dr.

Harm is being done to me.

Please do what is right and light and protect me, as

All I have ever done is to ask for help and help people, and

I want this to continue, even after

I have suffered an allegorical crucifixion...only to be forsaken.

What can be done by officials?

AHRC: Acknowledge the injustice and act accordingly

Centrelink: Acknowledge my former partner and I were together

Police:

What can they do?

Intervene the justice issues by:

Acknowledging my former partner and I were together

Therefor acknowledge a separation of assets needs to happen

Getting me medical clearance

Actually upholding what is right and just

Demanding that insurance pay at DXC

Demanding that NDIS respond to my housing situation

Calling Dan Andrews and asking him to respond

Not allowing me to be moved on from my squat in the meantime

Getting me some food immediately

Allowing me to access a Dr for a scripts for Dex

This is so I don't medicate with street drugs

Allow me to access my superannuation immediately

Allow me access to a Dr nor get me an appointment

Dr McLean

Part 2:

It is a shame that bereft of any help or legal aid or assistance whatsoever that I have had to resort to this public statement but I was left with no choice.

I have suffered enough.

I live in abject poverty in a squat not fit for human habitation. The final insult at the tail end of my persecution came today that VCAT has been applied to to forcibly remove me by police.

The discrimination, which has been from the AHRC in itself, that resulted in this situation has caused me great suffering, harm and financial detriment in the millions.

The discrimination is a result of and caused by systemic Government Oppression, underpinned by powerful key political kingpins and powerbrokers.

The public face that I see that always deliver the unjust news is often dealt by public officials in the Government and via proxy attack from abusers and the corrupt. It is the height of cowardice.

The discrimination and - lets call it what it is - a conspiracy to pervert the course justice - has led sadly to the tragedy of my suicide attempt in Feb 2021 for which there was no recourse.

I survived the suicide attempt but the FOI cited it as a 'fatal injury' and 'lethal attempt'. It has left me with an undiagnosed brain fart injury and the fact I cannot feel my feet or toes. The numbness has caused great distress in consistently reminding me of the tragedy.

It affects the way I walk and my movement (or lack of). This feeling of 'walking around on stumps' is a consistent reminder that I was systemically oppressed to the point of self destruction to avoid the ongoing onslaught of oppression and injustice.

This discrimination has been elongated over time it has been systemic and it has been brutal. It has set me up to fail again and again by powerful people in order to crush me in personalised way and a political way and that identifies then victimises and vilifies me, whilst at the same time protecting the money and reputations and political reputations of key stakeholders.

Since I was dumped back into the community after I was revived from ascertain death, I have struggled to advocate for myself and have done so for such a long time, always with no legal help whatsoever, whilst the world watches on with little regard for my worth.

In that time since Feb 2021 I have not had enough to eat or drink or even the amount necessary just to exist in a rental home without squatting for an elongated period of over twenty months.

I have tried in vain in defence of my existence to defend my life framed by my suicide attempt.

I was defending my very life, in opposition to the continued oppression that was the work of a corrupt Government. This systemic corruption was the very reason that I tried to kill myself and in the elongation of that oppression is the undeniable fact that any one of these exchanges resulting in my denial of prosperity or my human worth or liberty could indeed, kill me.

The goal is indeed to kill me.

Everyone has their reason to not act in order to lever the injustice that has occurred to me.

This is my last post in self advocacy.

If I stop fighting, I will be a homeless vagrant after not having

I expect the Australian Human Rights Commission to action it swift and immediately and without hesitation.

I raise it simply with facts in this document.

I have never had a lawyer.

No one has ever actioned justice for me - ever.

It is outside the remit the charter human rights of people with a disability that was ratified by The Australian Government in 2008 for a disabled or differently abled person to not have equal legal representation.

This is especially relevant to people who hold public office, in fact, people of public office are not permitted to act outside the remit the charter.

Every politician and public official is aware of it, and they are not, they need to be educated.

In fact I sent a kaléidoscope of injustices and crimes including discrimination to all members of parliament - every parliamentarian refused to reply.

This is in opposition to the charter, and a blight on Australian politics that renders a vile victimisation of me.

Victimisation is also against the law.

All of the issues had one thing in common - that is that the results of my issues acted with impunity to render me bereft of prosperity. They cancelled any financial recouping for me and it has rendered me a vagrant.

I am a vagrant.

I should be a millionaire.
