Your NDIS plan approval

Please find a copy of your approved National Disability Insurance Scheme (NDIS) plan attached to this letter. The plan started on 15 September 2022 and will be reviewed by 15 September 2023.

How we developed your plan

We recently received new information about your disability related support needs.

This information assisted us to complete an unscheduled review of your plan. This is referred to as a section 48 review under the National Disability Insurance Scheme Act 2013 (NDIS Act).

As discussed with you, I reviewed your plan to ensure you were receiving the right supports to meet your circumstances. Please note as a result of this review, the duration or overall plan value may have changed.

It is important to remember that any funding received from the NDIS for supports must be used for that purpose. Rebates or reimbursement from another government department or private health insurance agency cannot be claimed for things that have been purchased using NDIS funding.

You can request an internal review of a decision about this plan within three months of receiving this notice. You can still use this plan while it is being reviewed. Details on how to request a review are at the end of this letter.

Please note that funds in your core budget are flexible. This means you can choose how to spend this funding to meet your support needs.

What you need to do

- 1). Please **read through** your plan and make note of the "My NDIS contact" listed. We encourage you to think about how you would best like to use your plan funded supports.
- 2). Tell your **support providers** that you have a new NDIS plan. This may include telling them about any changes to the plan and/or the supports they are providing for you.
- 3). Read the NDIS participant **booklets** to help start using your plan. You can find and print these from the NDIS website (ndis.gov.au) under "booklets and factsheets", or you can contact us and we can print these for you.

Next steps

Your "My NDIS Contact" will **contact you** about starting to use your plan. They will explain the plan funded supports, answer any questions, and help you to connect to support providers.

In the meantime, If you would like to discuss your plan, you can ask for your "My NDIS Contact" when contacting us in any of the ways listed under the "we're here to help" section of this letter.

Yours sincerely

Funded supports information

My funded supports can help me achieve my goals

Managing my NDIS funding

There are 3 different ways my plan funding can be managed:

- **Self-managed:** I will claim funding from my NDIS plan to pay providers myself or my plan nominee or child representative may do this on my behalf. Providers will invoice me directly for supports I have agreed they will provide.
- **Plan-managed:** My plan management provider will make claims and pay providers on my behalf for supports I have agreed they will provide.
- **NDIA-managed:** Providers will claim payment directly from my NDIS plan based on active service bookings. Where supports are NDIA-managed, I can only use an NDIS registered provider.

My funding may be managed in one or more of these ways and is listed with my funding on the following pages.

Stated Supports

Where a support is listed as 'stated' in my plan, I must purchase this support as described in my plan. I cannot swap 'stated' supports for any other supports.

In-Kind Supports

Where a support is listed as 'in-kind' in my plan, I must continue with my existing service provider as they have been pre-paid to deliver this service. However, if I have a concern about using my in-kind provider I can raise my concerns with my NDIS contact.

Quote Required

Where a support is listed as 'quote required' additional information such as quotes and/or specialist reports will be required. Once the quote is approved, the funding will be made available in my plan.

Total funded supports \$37,385.56

For 15 September 2022 – 15 September 2023
