Alex I'll pay \$350 now as a means to pay rent. Then I will do payID for \$200 with Centrepay for next week, I will add extra until the rental amount is paid off. If I stay I just want to feel safe and the fence fixed for crystal. Can you send that to Baber please? I will text it to him as well. But I need a phone, and internet connection. Let's make this better. I'm stressed because I use drugs. I use drugs because I'm missing my dexamphetamine script. I don't have that because I don't have a psychiatrist. Can we work to help me please. I am afraid the NDIS will make me homeless. They have done it before. The plan is the same so there will be no difference in future. Homelessness is not consistent with ndis policy. I believe I was never intended by aligned to stay there. That's why nothing works there's no heater and barely provisions and no fence for crystal. Please let's negotiate to make this better. I commit to paying the balance moving forward through Centrepay. Is that do-able? Barran
