Conspiracy to pervert the course of justice: (?)

MY INSTRUCTIONS FOR JOHN BOYLE:

Demand settlements for all of these things and write to each one.

Do it in a way that they may come to the table.

If you let me suffer any more I will name you as a part of it.

Frame it with the broader picture - Steve Iasonidis - My Public Profile - Mark Dreyfus and other attorney general Michaelia Cash and this letter.

State that you are aware of conspiracy to pervert the course of justice - John - YOU are a part of it unless you do this for me.

Say you will take it to the high court of the land to prove a conspiracy to pervert the course of justice and victimisation in a most vile form... and they will pay anyway - but to make me suffer at this time demonstrates the harm that is meant for me.

FACT: Russell Ball has influenced Government policy

FACT: Steve Iasonidis is protected by the Government

FACT: At every stage I have been thrown under the bus for 'mental illness'

FACT: I have never had a lawyer who will act to bring a case to fruition in which I have just prosperity.
