25.10.2023:

I have just received an anonymous phone call threatening my life and the life of my dog.

'Watch your back you'll be dead soon' - they know where I live.

I have been in contact with people who are seemingly harmless individuals however they are violent criminals with contacts to the underground. My life is in imminent danger. Should I be murdered, let it be known that I have emailed all Government agencies, the prime minister, the attorney general, the ombudsman, Prag consulting, personalised support services, Kind and Care supports who's house this is, and many other government agencies with [THIS EMAIL](#).

I am being attacked by proxy and I don't know where the next denial gaslighting rejection or non acknowledgement is coming from and I am under threat of violent attack. I am speaking truth to power.

I apparently cost Stefan Iasonidis a million dollars in embezzlement and if you do not think that he will kill me you are wrong.

I am owed millions of dollars in detriments

They would prefer I am dead before admitting any liability of corrupt public officials lawyers politicians or others.

If I am murdered, I have published my [eulogy](#).

I am nt suicidal. I deserve better.

Because of my whistleblowing he has apparently been done with a million dollars in embezzlement for his corrupt finances and has now threatened to kill both me and my dog via Grindr a carrier service.

That is because he invested a million dollars from the sale of a house into an offshore tax haven, so he told me. He sold a million dollar house whilst we were together.

I demand an AVO because I don't feel safe.

I urge you all reply to me.

'When wealth is passed off as merit, bad luck is seen as bad character. This is how ideologues justify punishing the sick and the poor. But poverty is neither a crime nor a character flaw. Stigmatise those who let people die, not those who struggle to live.' [Sarah Kendzior](#)

I am struggling to live in abject poverty after I have been systemically and politically robbed over years.

I am a rejected whistleblower, I am blocked out of getting a lawyer, and I cannot report crime to police.

I am demanding that I be provided at the barest necessity a home for my beloved dog and I.

I HAVE BEEN ROBBED AND VIOLENTLY ATTACKED INSIDE WERIBEE MERCY HOSPITAL

MY BUSINESS WAS DESTROYED BY MICRON21 WITH IMPUNITY

I have suffered the loss of all the following financial detriments totalling millions of dollars:

1. Unfair Termination Settlement (2004): My journey began with a pursuit related to an unfair termination from The Age newspaper in 2004.

2. Work Cover Settlement (2004): I also sought a settlement related to a Work Cover case from 2004, stemming from workplace injuries and compensation.
3. Incorrect TPD Payment (2008): In 2008, I encountered issues with an incorrect Total and Permanent Disability (TPD) payment, prompting my efforts to correct this discrepancy.
4. Medical Malpractice Settlement (2017): A significant part of my pursuit involved seeking a settlement for a medical malpractice case in 2017, highlighting the complexities of navigating the healthcare system.
5. HCF Income Assist Settlement (2021): My quest for justice extended to addressing HCF income assistance in 2021, where I faced hurdles related to financial support.
6. Work Cover Settlement (2021): Another facet of my ongoing struggle involved pursuing a Work Cover settlement in 2021, focusing on workplace injuries and compensation.
7. Provisional Payments from Work Cover (2021): In the same year, I received provisional payments from Work Cover, illustrating the intricate nature of workplace injury claims.
8. Business Insurance Payout (2021): Additionally, I embarked on a journey to secure a business insurance payout in 2021, highlighting the challenges associated with financial claims.
9. Former Partner Settlement: My pursuit of justice also extended to seeking a settlement related to my former partner, further complicating my legal journey.
10. Settlement for Cognitive Brain Impairment: I endeavored to secure a settlement for a cognitive brain impairment sustained inside a hospital, where a duty of care was owed.
11. Website Maliciously Destroyed: My pursuit included a claim for the malicious destruction of my business website, shedding light on the challenges of addressing online issues.
12. Loss After Possessions Were Destroyed (2022): In 2022, I sought compensation for losses incurred after my worldly possessions were destroyed, further highlighting the intricacies of property claims.
13. Detriments at AFCA (2018-23): Over a span of several years (2018-

2023), I faced significant detriments totaling over 2 million dollars after being banned from AFCA (Australian Financial Complaints Authority), underscoring the complexities of financial disputes.

14. Insurance Settlement at AHRC (2022): In 2022, I encountered detriments exceeding 1.5 million dollars after an insurance settlement was redirected to AHRC (Australian Human Rights Commission), shedding light on challenges within the human rights sphere.
15. Child Sexual Abuse Redress from DSS (2022): I pursued a child sexual abuse redress claim from the Department of Social Services (DSS) in 2022, facing delays, denials, and deferrals in the process.
16. VOCAT Cases (2019, 2021): My journey also encompassed VOCAT (Victims of Crime Assistance Tribunal) cases in 2019 and 2021, addressing issues related to child sexual abuse and violent affray, both of which faced challenges and rejections.
17. Compensation for Various Incidents: I actively sought compensation for a series of incidents, including being run over by a car, violently attacked inside a hospital, involvement in a conspiracy to pervert the course of justice causing death, and the subsequent whitewashing of that tragedy by high-ranking public officials who have a responsibility to act ethically under the Public Service Act.

That is millions of dollars.

This is causing me distress!

I made a video demanding Personalised Support Services, Prag Consulting, and Kind and care's obligation to report my documented human rights abuses as is their obligation under the NDIS Code of Conduct.

Personalised Support Services then go ahead and rule my cessation of services. Ibrahim Hassan the boss there had weeks earlier got his staff to literally force me away from my home and my dog and my possessions. his staff incited me back only for it to be a set up-a gang of police and a triage nurse then came and trapped me and took me to hospital.

Personalised Support Services played their card to wash their hands completely of me.

This is a report by an NDIS worker detailing my human rights abuses oppression and victimisation.

No one has ever signed off on it.

The AHRC refuse to investigate it.

Thats called corruption and it is callous and cruel to me.

YOU ARE ALL BREAKING ME
