Dear Work Cover Minister Danny Pearson,

According to legislation in Victoria when I was contracted to a VICTORIAN statutory authority:

93 Provisions to apply where employer does not meet liabilities

1. If the employer of the worker neglects, refuses or is unable to pay compensation in discharge of the employer's liability under section 72(1) within 21 days of receiving the claim for payment of compensation, the liability becomes a liability of the Authority.

Source: <https://www.legislation.vic.gov.au/bills/defunct/files/2022/09/13/67a0d66/authorised.pdf>

I write in regard to Dr Richard McLean formerly of 2 McCubbin at Footscray in Victoria.

He became distressed from work over time.

He left his post on 19 Jan 2021.

He has never been paid workers compensation.

His role was working for the NDIS and contracted to the NDIS Commission and only legislated to work within the state of Victoria.

That means work cover is the insurer.

The Government however have rejected his claim at ComCare and the claim sits in limbo at the AT where a government lawyer Kate Watson specialised in defending the government in relation to the SRC act is an impossible opponent and disregards Dr McLean's need to be represented as a person with a disability.

They say he is not an 'employee' for the purposes of the SRC act.

On the NDIS Commission's website it clearly states what it means to be employed at the NDIS.

'Under the NDIS Commission, a worker is anyone who is employed or otherwise engaged to provide NDIS supports and services to people with disability. Workers can be paid or unpaid, and can be people who are self-employed, employees, contractors, consultants, and volunteers.'

Source: <https://www.ndiscommission.gov.au/workers>

His rejected work cover payments have led to immeasurable suffering and disadvantage/detriment.

It is within the ministers remit to immediately act to intervene in compensating him to relieve him of disadvantage homelessness and the risk to his health and happiness.

Every worker deserves workers compensation in Australia.

It is within the remit of the minister to make a ruling on compensation when a liability cannot be decided upon.

It is especially true if this leads to disadvantage or being burdened in hardship.

This disadvantage of being financially abused has led to his hospitalisation in Feb 2021.

That set the scene for his subsequent suicide attempt and it was later deemed a 'fatal' injury and a 'serious' attempt in the hospital's FOI documents.

He was accidentally discovered with no observable pulse and revived from a certain death.

After he was revived and then released - workers compensation still did not pay.

In fact he was further universally exploited victimised and persecuted with a systemic level financial abuse.

On his last hospitalisation the malicious destruction of all his possessions in his squat he could not afford today occurred.

After his release recently from Wertheim hospital he was rejected into a homeless shelter in west Melbourne with a simple brown paper bag of clothes and the shirt on his back.

er Sir/Madam:

Claim Number 422279

28 February 2008, I was involved in the following incident: Health super detriment needs to be
ified and paid another \$83000 immediately with interest from 2008.

lith Super owe me another unit of cover from 2008 payout of one unit of cover of \$83000.

is only paid one unit and it should have been two as that was the standard units of cover in 2007
year before product disclosure statement.

ates in the product disclosure statement in 2007 that two units are standard and my calculations
ow much insurance I paid reflect this.

ould have been two units of cover as detailed in the 2007 product disclosure statement as
dard cover.

ewise my exit statement at the time says that over a 9.2 week period that I paid \$21.07 in
th/TPD insurance as of 19/12/2007.

.07 for the 9.2 or so weeks equals 2.2. this equals 2.2 units paid for and is in line with the two
s of automatic cover that TPD and income assist were.

so paid \$12.68 income assist. This equates to two units of cover at max monthly payment of
00 if I earnt at least \$14,118.

t means that I am still also owed another unit of income assist from the time for the period of my
ss.

ompound interest calculation of only the extra unit of TPD cover at \$83000 on 5% interest
culated daily over 15 years = \$92,701.98.

total amount to be paid is approximately \$175,701.98.

t is without the income assist which will be \$1000 a month for a year = \$12000.

t's \$83000 plus \$12000 = \$95000 initial investment at 5% interest for 15 years.

t equals: \$199374.95.

Dear Richard

Unfortunately we are not in a position to provide you with a guarantee as to a payout.

We appreciate you are in a difficult financial position. My assistant, Nikki, has offered to look into whether there are additional support services that you can access to assist you. If you are happy to authorise Nikki to speak with your case manager, she will liaise with them next week.

In the meantime, we advise that the Comcare matter has been scheduled for a one day in person hearing in the AAT on 23 February. We are currently reviewing the merits of your case for that hearing.

In addition, we have now received all the HCF policies and are currently reviewing same.

Our team are doing all that we can to assist you, we request that you please be patient as these matters take time and require care and attention.

A further update on your matters will be provided to you early next week.

Kind regards
