Conference Sponsorships

Funding Provider Grains Research and Development Corporation (GRDC)	Eligible to ✓ Business ✓ Not-for-Profit	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Opens 1 Jul 2018 Closes 31 Jul 2018
Funding Type Award S02599		Last Round Closed 31 Jan 2018
Primary Category Agriculture, Forestry & Fishing		

Purpose

The GRDC provides sponsorship assistance to organisations wishing to conduct a conference, workshop, seminar or field day that directly benefits the Australian grains industry and the GRDC.

Overview

The GRDC places a high priority on the dissemination and communication of knowledge gained from the experience offered by conference sponsorship.

The GRDC invites and assesses Conference Applications biannually (twice per year). The application closing dates (regardless of the date the conference will be held) are the 31st January and 30th June in each calendar year.

Selection Criteria:

- Extent of likely benefit to the Australian grains industry
- Level of support from non-GRDC sponsors
- Level of past GRDC support
- Entitlements offered to GRDC
- Degree of grain grower involvement
- Scope of proposed communication and implementation plan
- Relevance to GRDC Programs: Indicate which of the following your Conference best relates to:
 - Pre farm gate (Grain crop genetics covering disease traits, abiotic stress traits, quality traits and genetic resources);
 - On Farm (Crop Protection [weeds, pests, pathogens], Agricultural engineering, Environment [Climate, Natural Resource Management], Soil nutrition/biology, Extension/Training, Tactical crop management [Soils and Agronomy], Farming Systems);
 - Post farm gate (New grain products [feed, food, industrial], Supply chain & markets [excluding pests]);
 - Corporate Communication and Capacity Building

Limitations

Eligibility Criteria:

- The Applicant must be a single legal entity or recognised firm of partners.
- The Applicant must be financially viable. For the purposes of this condition, “financially viable” means that the Tenderer has not had any of the following events occur in respect of it:
 - a meeting of creditors being called or held within the past five years;
 - the appointment of a liquidator, provisional liquidator or administrator within the past five years;
 - the appointment of a controller (as defined in section 9 of the Corporations Act (2001), or analogous person appointed, including in respect of any of its property within the past five years;
 - a failure to comply with a statutory demand in respect of the payment of any debt;
 - an inability to pay debts as they fall due or otherwise becoming insolvent;
 - becoming incapable of managing its own affairs for any reason;
 - taking any step resulting in insolvency under administration (as defined in section 9 of the Corporations Act 2001);
 - entering into a compromise or arrangement with, or assignment for the benefit of, any of its creditors, or any analogous event.
- The Applicant and any proposed subcontractor must be compliant with the Workplace Gender Equality Act 2012.
- The Applicant must include in its application details of any known circumstances that may give rise to an actual or potential Conflict of Interest with GRDC in responding to this procurement. The Applicant's response will be taken into account in the evaluation.

- Any organisation wishing to conduct a conference, workshop, seminar or field day that directly benefits the Australian grains industry.

Horticulture Innovation Fund

Funding Provider Department of Economic Development, Jobs, Transport and Resources (VIC)	Eligible to ✓ Business ✓ University ✓ Not-for-Profit	Funding Amount: \$0 to \$50,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07080		
Primary Category Agriculture, Forestry & Fishing		

Purpose

The Victorian Government is encouraging innovation and collaboration in the horticulture sector with a new fund available for research and development projects that will help the sector remain profitable and sustainable into the future.

Overview

The Horticulture Innovation Fund (HIF) will support industry to partner with research organisations on projects that use new technologies and techniques for improving overall economic performance. Through the HIF, the Victorian Government seeks to support a horticulture sector that is innovative, collaborative and well informed.

Grants of up to \$50,000 (excluding GST) are available for applied research and development projects that contribute to a more productive and profitable horticulture sector. The program is open until 2018 and is administered by the Victorian Department of Economic Development, Jobs, Transport and Resources (DEDJTR).

Projects eligible for assistance from the HIF include:

- Applied horticultural research and development that is innovative and likely to improve farm performance, and/or
- Research that will improve market access and business diversification activities as applied to the horticulture sector.

Grant applicants will have the option of using the funds on the following:

1. Research salary/stipend for a project at an educational institution;
2. Salary expenses for casual or fixed term staff to perform a scholarly, operational or field role in the project; and/or,
3. Operating and travel expenses associated with the research and development project.

Research Themes:

Applications for grants must address one or more of the following research themes:

1. Innovative production systems (e.g. new trellis/growing systems, integrated approaches for nutrient, water and pest and disease management);
2. Managing seasonal variability (e.g. manipulating fruit quality under covers; use of digital technology to predict and reduce risks of climate change impacts);
3. Improving quality to meet consumer needs/preferences (e.g. new approaches for storage and handling);
4. Accessing and maintaining export markets (e.g. adapting Queensland Fruit Fly (QFF) management practices to Victoria; improved market access protocols for target markets); and/or,
5. Supporting industry transition (e.g. innovative re-design of existing products; development of value-adding products or processes).

However, additional themes / issues will also be considered.

It is anticipated that the funding period for each grant will be at least 12 months, unless negotiated and confirmed with written approval of the Department prior to the commencement of the project.

Preference will be given to projects that are mid to late stage research, where adoption, piloting and/or trialling in Victoria is required.

All grant recipients will be required to share the results of the research through the Horticulture Centre of Excellence (HCoE) to facilitate learning across the sector and to encourage continued collaboration between industries.

Limitations

Who can apply?

Entities and organisations associated with the Victorian horticulture sector can apply. These include:

- Individual horticultural businesses – e.g. producers, coolstore/packhouse businesses, wineries;
- Not for profit organisations that:
 - are an incorporated body, co-operative or association; and,
 - have an Australian Business Number (ABN) or can provide written advice from the Australian Tax Office that no withholding tax is required from the grant payment.
- Research Organisations – a higher education institution or a registered research organisation (non-government).

To apply for the HIF, applicants must demonstrate:

- Eligible Entity – that they are one of the entities listed in the section 'Who can apply'.
- Project Co-Funding – that they have the ability to co-invest in the project, either in-kind and /or by co-funding the project costs (comprising at least 20% of the value of the grant). In-kind contributions may include use of land for trials, or labour to support research. Third party funds may be used to support the total project cost.
- Industry-Research Partnership – that they have a partnership with either the horticulture industry or an appropriate research organisation in order to carry out the proposed project. Accordingly, where the horticulture business is the Applicant, they need to identify they have a partnership with a research organisation, and where the applicant is a research organisation, that party needs to identify they have a partnership with a horticulture business/company. Applicants who are a research organisation will be asked to provide evidence of industry partnership.
- Research Theme – address at least one of the research themes described in the section titled 'Funding Details – Research Themes'.
- Delivery of Outcomes – demonstrate a commitment and capacity to collaborate and disseminate research outcomes and impacts beyond their own business.
- Financial viability – provide evidence of financial viability. To enable the Department to assess the financial viability of applicants and ability to manage and complete the project, applicants seeking funding:
 - For grants over \$10,000 and less than \$50,000, will need to provide:
 - Financial report for the last two financial years. This should be the 'final accounts' with Directors' Report & Declaration and should include Profit & Loss Statement, Balance Sheet and Notes to the Accounts; and,
 - Where the latest financial report is more than six months old, up to date management or interim accounts (Profit & Loss Statement and Balance Sheet).
 - For grants of \$50,000, will need to provide:
 - Audited financial report for the last three financial years; and,
 - Where the latest financial report is more than six months old, up-to-date management or interim financial statements (Profit & Loss Statement and Balance Sheet); or in the case of public listed corporations, half yearly financial report.

Eligible Projects:

Projects that are eligible for assistance from the HIF include:

- applied horticultural research and development that is innovative and likely to improve farm performance, and/or
- research that will improve market access and business diversification activities as applied to the horticulture sector.

Preference will be given to projects that are mid to late stage research, where adoption, piloting and/or trialling in Victoria is required. For example, demonstrating the use of robotics in a range of orchard systems.

Projects may be part of a larger research and development program (e.g. part of an Australian Research Council research program or a Horticulture Innovation Australia funded research program) that requires real world testing, trialling and/or validation in Victoria. However, projects funded as part of a larger grant program will only be eligible to apply for the HIF if the original project scope did not include 'the conduct of research and/or development within Victoria'.

It will be a requirement that the results of the research undertaken by the grant recipient are made available to the Department through the Horticulture Centre of Excellence (HCoE) to enable dissemination to the broader horticultural industries.

Ineligible Projects:

Prospective applicants should note that projects should not proceed to the formal application and assessment process where the project:

- can be better implemented through another government funding program, and if appropriate, prospective applicants may be referred to other funding programs;
- is not innovative and does not improve farm performance and/or market access and business diversification;
- is not ready for implementation;
- is unlikely to deliver practical outcomes within the project timeframes;
- does not strongly demonstrate the need for support that meets the grant criteria;
- does not benefit Victoria; and,
- requisite co-contributions are not available.

Eligible Expenses – HIF grants may be used to cover the following:

- Research salaries for a project at an educational institution to perform a scholarly, operational or field role in the project. However, the HIF cannot be used for either Commonwealth, State or Local Government employees' salaries;
- Fees for service by a consultant undertaking specialised research to inform the project in accordance with the research/eligibility criteria under these guidelines;
- Operating expenses to enable the project to be undertaken (e.g. costs associated with data collection and analyses, conducting workshops and interviews, establishment of field sites and demonstration of technology); and/or,
- Travel expenses associated with the research and development project within Victoria (capped at 40c per kilometre).

Ineligible Expenses –HIF grant must not be used for the following:

- Overseas travel and accommodation costs;
- Intellectual property protection (e.g. patent applications);
- Advertising, promotional or lobbying activities; or,
- Professional development or education and training activities.

Small Grants Program

Funding Provider Victorian Fisheries Authority (VFA)	Eligible to ✔ Local Govt ✔ State Govt ✔ Not-for-Profit ✔ Unincorporated Assoc ✔ School	Funding Amount: \$0 to \$5,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07862		
Primary Category Agriculture, Forestry & Fishing		

Purpose

To provide funding of up to \$5,000 (GST exclusive) for small recreational fishing projects which benefit public recreational fishing in Victoria.

Overview

The Victorian Government recognises that recreational fishing is a major social and economic contributor to Victorian communities, and, as such, the Government supports actions or programs which aim to boost participation in recreational fishing and related activities.

The Small Grants Program is continuously open for applications, year round, subject to the allocation of available funds for any given period. An 'easy-to-complete' form has been developed for grant applications to be made.

Your proposed project must provide a benefit to public recreational fishing in Victoria. You must provide information in your application to demonstrate that your proposed project or activity meets this criterion.

The Small Grants Program will provide funding to:

- Implement or upgrade existing recreational fishing facilities such as, but not confined to the installation of solar lighting above fishing platforms, fish cleaning facilities, directional and information signage for fishing locations, fence-stiles/gates to gain or improve access to fishing locations, and the construction of fishing platforms, access paths, stairs and/or walkways to popular fishing locations.
- Conduct an event/program to promote responsible recreational fishing practices, improve angling skills and knowledge amongst participants, and/or increase participation in recreational fishing. As a guide, events could include, a workshop or training session on aspects of recreational fishing such as knot- or fly-tying, rig-setting, bait collection and application, fish catch and release techniques, 'Come and try' fishing days, Fish-a-thons, club promotion days and/or displays at shows and expos. An event that is delivered in collaboration with Fishcare, an organisation that delivers services to the recreational fishing sector through the promotion and teaching of sustainable fishing practices, is encouraged. Guest speakers or specialist experts not affiliated with the grant applicant may be paid an attendance fee and reimbursed for reasonable travel expenses to present at an event, at the discretion of the Recreational Fishing Grants Working Group.
- The preparation of educational material such as brochures, reports, DVDs, radio programs, etc., that would promote responsible/sustainable recreational fishing practices.

Limitations

Who can apply and how to apply?

Community not-for-profit organisations, angling clubs/associations, schools, statutory bodies/government agencies and incorporated bodies/associations in Victoria are eligible to apply if they:

- Involve community members at the local level;
- Are an incorporated body, co-operative or association; and
- Have an Australian Business Number (ABN) or have written advice from the Australian Taxation Office that the Withholding Tax does not apply to the grant payment.

Unincorporated organisations may apply through a sponsoring organisation, which is an incorporated body, cooperative, or association that has an ABN.

The Small Grants Program is unable to fund:

- Natural persons (refer - Who can apply and how to apply?);
- The purchase of equipment for a group's exclusive use, competitions and prizes, give-aways, or alcohol for any events;
- General operating or travel costs not directly associated with a project/event;
- The stocking of fish (including the purchase, transportation and/or the release of fish for an event);
- Projects assessed as having little value or no benefit to public recreational fishing in Victoria; and/or
- Recreational boating-related infrastructure including, but not confined to boat ramps/pontoons and/or related jetties, ramp access dredging, boat wash-down facilities, boat berthing, boat trailer access and/or car parking that may be funded from recreational vessel registration fees under the control of the Department of Transport, or an alternative source.

Contemporary Music Touring Program (CMTTP)

Funding Provider Australia Council	Eligible to  Not-for-Profit  Individual	Funding Amount: \$0 to \$15,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 2 Oct 2018
Funding Type Grant G06589		Last Round Closed 6 Feb 2018
Primary Category Arts & Culture		

Purpose

The Contemporary Music Touring Program (CMTTP) supports national touring activity undertaken by Australian musicians performing original contemporary music. It provides travel support of up to \$15,000 for artists and their manager for tours in Australia that include performances in regional and remote areas.

Overview

Under the CMTTP performances of original Australian contemporary music can include a wide range of different musical styles.

Applications must contain one tour only. The tour must comprise of performances in at least three venues outside of the performer's hometown and must include at least one performance in a non-metropolitan area.

Where over 75% of your itinerary is to remote and/or very remote locations, you are entitled to request additional funding of up to \$15,000, to a maximum total grant request of \$30,000. The Accessibility/Remoteness Index of Australia (ARIA) helps determine the regional and remote reach of the tour.

Joint tours, where two or more independent performers are undertaking the same tour itinerary, are eligible under this program. These should be submitted as a single application. In such cases, the funding cap of \$15,000 still applies (unless the tour is eligible for additional remote or very remote funding).

We encourage the inclusion of additional activities which extend opportunities for community participation, such as workshops, master classes and all-age performances.

The Australia Council offers two grant rounds each year for the Contemporary Music Touring Program.

In 2018, the grant rounds will close on:

- Tuesday 6 February for projects starting after 1 May 2018. This grant round has now closed.
- Tuesday 2 October for projects starting 1 January 2019

Each round closes at midnight on the closing date. Technical and administrative support will not be available after 5pm on the closing date.

Applicants will be notified of the outcome of their application approximately 12 weeks after the closing date.

Priority

Tours that include a majority of regional destinations or assist performers from regional areas are a priority for funding.

Limitations

Who can apply

Funding on a tour by tour basis is available to enable professional musicians to tour live music performances within Australia. Touring musicians must be performing original Australian contemporary music. Funding can be provided to performers, managers, agents, and music networks on behalf of professionals working in the Australian music industry.

Who can't apply

You can't apply for a grant if:

- you received a grant, or administered a grant, from the Australia Council in the past and that grant has not been satisfactorily acquitted
- you owe money to the Australia Council.

You can't apply for the following activity:

- a tour to less than three venues
- tours to metropolitan venues only
- overseas tours or overseas performers
- tours which are primarily school-based (except for applications seeking TRAX funds where the school is the primary venue of a remote or very remote location)
- a series of performances at one festival
- competitions, such as 'Battle of the Bands' events
- attendance at conferences

Creators Fund

Funding Provider Creative Victoria	Eligible to ✔ Not-for-Profit ✔ Individual	Funding Amount: \$20,000 to \$50,000 Total Pool: Undisclosed
Location VIC		Rounds Opens 28 Jun 2018 Closes 26 Jul 2018
Funding Type Grant G07588		Last Round Closed 7 Sep 2017
Primary Category Arts & Culture		

Purpose

The Creators Fund paves the way for independent creatives to take their practice and their careers to the next level by providing them with one of the most important and scarce creative resources – time.

Overview

Open to individual creative practitioners and collectives across all disciplines, and at all career stages, the program supports artists and creatives to undertake a sustained period of intensive development, research and or experimentation.

The Creators Fund provides support for creative practitioners to undertake:

- **Intensive creative research** of new ideas and practice based experimentation.
- **Creative development activity** pertaining to their creative practice, the development of significant new works and career advancement.

Applications will be accepted for requests between \$20,000 and \$50,000, for a funded period of between 3 months and 6 months of activity.

Successful applicants will be expected to dedicate the majority of their working time during the funded period to the activity applied for. Planning for time away from additional professional commitments should be outlined in the application.

If successful, recipients of grants \$40,000 and above will be required to provide a certified practicing accountant/ independent financial auditor's opinion or certification on acquittal. Accounting fees may be included in the application budget.

Applications can be for solo activity or activity undertaken by small creative collectives.

Applications are encouraged from a wide range of creative disciplines from across the sector, including but not limited to screen, fashion, design, game design, visual arts, literature, dance, circus, cabaret, music, theatre, multidisciplinary and experimental work.

Limitations

Eligibility:

The Creators Fund accepts applications from individuals and collectives:

Unless otherwise specified, to be eligible for Creative Victoria funding as an individual you must be:

- An Australian citizen currently residing in Victoria; or
- A Permanent Resident (holding an appropriate visa) who has resided in Victoria for at least two years immediately prior to the date of your application.

Applicants under 18 years of age must apply through an auspicing body.

- To be eligible to receive Creative Victoria funding an organisation must be legally constituted.
- Organisations that are not legally constituted may apply to some funding programs through an auspicing body.
- Groups of individuals who join together informally to collaborate in the creation, development or presentation of work may apply to some funding programs. However you must nominate either an individual or an auspicing body to sign the funding agreement and take legal and financial responsibility for the grant.

The Creators Fund does not support:

- Activity that is eligible for support through other Creative Victoria programs, for example support of the development, presentation, programming and touring of creative projects through VicArts Grants and Music Works Grants. Please call program staff to ensure you are applying to the most appropriate funding program.

- Applicants that have an overdue Creative Victoria (or former Arts Victoria) acquittal.
- Applicants who are currently in receipt of funding from Australian based like-minded programs (eg Fellowships etc).
- Competitions, eisteddfods, awards or fundraising activities.
- Conferences, business/meetings and costs associated with these.
- Private tuition, training, study or course work. This includes work that will be used for the purposes of academic assessment.
- Business start-up costs, capital purchases or recurrent administrative, infrastructure and other organisational costs not directly associated with the activity.
- Discrete business development opportunities. A Creative Victoria business acceleration program will be open for applications in 2018.
- Activity that does not follow correct protocols when working with Aboriginal artists, content and/or communities.
- Non-Victorian creative practitioners or collectives.

- Up to \$25,000 is available for a series with a co funding agreement from an Australian or recognised international broadcaster or a major online content provider.

Funding can be used for any stage of project development including research, writing, budgeting, casting, script editing, strategic shooting and editing in order to secure market attachment or production finance.

All funding is offered as development investment and requests should reflect what you need to realise the proposed stage of development or secure a commission.

Limitations

The applicant can be an individual or a company, but must be a Victorian producer able to demonstrate:

- Market interest in the project as described above

For projects with a letter of interest:

- At least three hours of credits as a producer in broadcast documentary television

For projects with a co-funding agreement:

- At least one hour of credits as a producer in broadcast documentary television

Experienced drama producers with insufficient documentary credits can still apply if the writer or director have at least three hours of credits in their respective roles in broadcast documentary television.

Non - Victorian documentary producers can apply if the writer and director are Victorian residents and the project content is substantially Victorian or will be substantially completed in Victoria.

Exclusions:

- Projects already funded twice through this program are not eligible to reapply
- We don't accept co-producer, associate producer or executive producer credits
- Funding cannot be expended on office overheads
- Projects submitted to Film Victoria for documentary development that are not supported at assessment on two occasions cannot be resubmitted.

Fiction Development: On Demand Features

Funding Provider Film Victoria	Eligible to  Business  Not-for-Profit  Individual	Funding Amount: \$0 to \$50,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07299		
Primary Category Arts & Culture		

Purpose

Development On Demand - Features supports experienced Victorian writers and producers to develop high quality, marketable narrative fiction feature projects with market momentum and time critical elements.

Overview

Highly experienced producers can apply for up to \$15,000 for final stage funding and up to \$50,000 for script work and/or pre-visualisation activities for sufficiently developed CGI/VFX-dependent scripts.

Funding available:

- Up to \$50,000 for treatment to draft or draft to draft funding
- Up to \$50,000 to support sufficiently well-developed animation or CGI/VFX-dependent scripts for pre-visualisation activities like proof of concept teaser or other materials to aid in securing market and/or cast attachments
- Up to \$15,000 for late stage funding such as script polishes and/or pre-production activities like budgeting, scheduling, location scouting and casting where the project is in final stages of financing and has existing market attachments. Projects applying for pre-preproduction activities must have a letter of intent from a sales agent or distributor as well as a realisable finance plan. Funding for late stage activities will not be provided if, in the view of Film Victoria's assessors, the script requires substantial script work in order to be production ready
- As a general rule, applicants are able to apply for Development on Demand Features support for two projects in any one financial year
- Provided that applicants can demonstrate the project has advanced within the year they can apply for subsequent stages of support through this program irrespective of the annual limit
- Applicants who have reached the annual limit of two projects may consider applying to Film Victoria's other fiction development programs.

Requests should be appropriate for the development activities to be undertaken and the experience level of the team, with the understanding that Film Victoria offers a contribution to the next stage of development rather than funding it outright. For guidance on acceptable budget figures, contact the Manager – Fiction Development.

Applications can be received at any time.

Limitations

Eligibility:

Applicants can be an individual or a company but must have credits as a writer or producer as below. **Writer applicants:**

- Must have credits on at least two fiction feature films that have been theatrically released or acquired by a major online content provider and
- Must have at least one credit in the last seven years on either :
 - a narrative fiction feature film that has been released (as above) OR
 - a telemovie or mini-series that has been broadcast on television or commissioned or acquired by a major online content provider

- Are eligible to receive one round of funding without a producer. To be eligible to apply for subsequent funding with the same project, an eligible producer must be attached.
- Can apply for:
 - Treatment to draft funding
 - Draft to draft stage funding.
- Must be Victorian.

Producer applicants:

- Must have credits on at least three theatrically released fiction feature films, where the most recent credit is no more than seven years old
- Can apply for:
 - Treatment to draft funding
 - Draft to draft funding
 - Late stage funding with a letter of intent from a recognised distributor or sales agent
 - Pre-visualisation activities like proof of concept teaser or other visual materials with a sufficiently well-developed animation or CGI/VFX-dependent script.
- Less experienced producers may be able to apply for late stage funding with an executed Deal Memo from a recognised distributor or sales agent.
- Non-Victorian producer applicants must engage a Victorian writer on treatment to draft and draft to draft applications.

Exclusions:

- Funding is not provided for office overheads
- If applying as a producer, qualifying credits must be as a producer not as a co-producer, associate producer or executive producer
- Projects that have previously received funding for specific late stage activities cannot apply for support for the same activity again
- Projects submitted to Film Victoria for fiction development that are not supported at assessment on two occasions cannot be resubmitted.

Fiction Development: On Demand Television

Funding Provider Film Victoria	Eligible to ✓ Business ✓ Not-for-Profit ✓ Individual	Funding Amount: \$0 to \$50,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07931		
Primary Category Arts & Culture		

Purpose

Through Development On Demand - Television Film Victoria supports experienced Victorian writers and producers with market interest to develop television drama and narrative comedy projects.

Overview

Experienced producers with market interest from a broadcaster or major online content provider can apply for up to \$20,000 to develop their project. Producers with co-funding agreements with a broadcaster, major online content provider or the ACTF can apply for up to \$50,000 for development support.

Film Victoria may consider accepting an application for a scripted sketch comedy series where the producer can demonstrate significant benefit to Victoria and the Victorian screen industry.

Funding available:

- Up to \$20,000 with a letter of interest from an Australian or recognised international broadcaster or major online content provider
- Up to \$50,000 with a co-funding agreement from an Australian or recognised international broadcaster, a major online content provider or the Australian Children's Television Foundation
- Funding can be used to develop the project at all stages from concept to final draft, including preproduction activities like budgeting, scheduling and casting.

Note: Up to \$10,000 is available without market interest, for highly experienced Victorian writers to develop a premium television concept. Writers must have over 20 hours of broadcast credits across three series (excluding serials), with a recent credit no more than five years old. The application form for this strand must be accessed through the Manager – Fiction Development.

Requests should be appropriate for the development activities to be undertaken and the experience level of the team, with the understanding that Film Victoria offers a contribution to the next stage of development rather than funding it outright. For guidance on acceptable budget figures, contact the Manager – Fiction Development.

Applications can be received at any time.

Limitations

Eligibility:

- Applicants can be an individual or a company, but must demonstrate market interest in their project as above
- Applicants must have credits as a writer or producer on at least twelve hours of qualifying drama - this can include:
 - Drama or narrative comedy telemovies, series and serials that have been broadcast on television or commissioned or acquired by a major online content provider
 - Feature films that have been theatrically released or commissioned or acquired by a major online content provider
- Writer applicants must be Victorian / Non-Victorian producer applicants must engage a Victorian writer. Less experienced producers or writers may be able to apply where a recognised broadcaster has made a co-funding commitment to the project.

Exclusions:

- Funding is not provided for office overheads
- If applying as a producer, qualifying credits must be as a producer not as a co-producer, associate producer or executive producer
- Projects submitted to Film Victoria for fiction development that are not supported at assessment on two occasions cannot be resubmitted.

International Targeted Business Travel

Funding Provider Film Victoria	Eligible to ✔ Business ✔ Not-for-Profit ✔ Individual	Funding Amount: \$0 to \$3,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07932		
Primary Category Arts & Culture		

Purpose

We support practitioners and companies to undertake international targeted business travel to encourage partnerships, source sales and finance for projects, gain and share market intelligence and promote Victorian talent globally.

Overview

Grants of up to \$3,000 are available to Victorian producers and games developers to attend international markets or to undertake targeted international business travel.

Applications can be received at any time.

Limitations

An individual applicant must:

- be an Australian citizen; or
- be an Australian resident, being a person who is domiciled in Australia, and who has actually been in Australia, continuously or intermittently, for at least 12 months immediately preceding the application; and
- meet the eligibility credit requirements set out in the relevant program guidelines.

An individual applicant may not be:

- an employee of a broadcaster
- an employee of an online content provider;
- an employee of a State or Federal government agency.

An applicant that is a company must:

- be incorporated and carrying on business in Australia; and
- have the eligibility credit requirements as set out in the relevant program guidelines or employ (on the project which is the subject of funding application) a key creative who meets the credit requirements.

An applicant that is a company may not be:

- a broadcaster;
- an online content provider;
- a holding company or subsidiary of a broadcaster; or
- jointly owned by one or more companies referred to above; or
- a Federal or State Government department or entity.

All applicants must also:

- not be in breach of any obligation under any agreement they have with Film Victoria;
- always act 'in good faith' in all their dealings with Film Victoria;
- have the capacity and resources to carry out the project or proposal that is the subject of the application;
- have the right to carry out the project or proposal that is the subject of the application (including any relevant copyright and appropriate clearances from all significant participants). If the application is based on an underlying work, Film Victoria will expect, at the least, an appropriate option (see 5.1 for development projects); and
- have meaningful creative control of the project that is the subject of the application.

Where a related party to an applicant is in breach of an obligation under an agreement with Film Victoria, Film Victoria reserves the right to regard the applicant as ineligible.

Film Victoria also reserves the right not to accept an application where a key principal on a project, such as a director or executive producer, is a person who would be ineligible by reason of a breach of agreement with Film Victoria by that person or a related party.

Project eligibility

In order to be eligible for funding, an applicant must also be able to demonstrate to Film Victoria that their project provides cultural and economic benefit to Victoria and the Victorian screen industry. Film Victoria is unable to accept applications:

- for projects that are reality television; infotainment, magazine shows, variety, light entertainment, how to, sports telecasts, news, current affairs, corporate or promotional media, training videos or community television shows;
- for projects that will be developed as part of a course of study; or
- for projects and/or from applicants that will contribute to credits for a course of study.

Marketing Low Budget Features Grant

Funding Provider Film Victoria	Eligible to ✓ Business ✓ Not-for-Profit ✓ Individual	Funding Amount: \$0 to \$25,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07938		
Primary Category Arts & Culture		

Purpose

The Marketing Low Budget Features program supports Victorian producers with low budget and self-funded feature films to implement producer-led distribution strategies involving the theatrical release of their film. This will enable projects to connect with the widest possible audience, showcase local talent, and support the career development of Victorian practitioners.

Overview

Available funding:

A one-off grant for up to \$25,000 is available to assist producers with marketing and distribution expenses (including costs of elements required to complete delivery of the film for distribution).

Applications will be assessed on the following criteria:

- The current experience of the team and how this support will assist in their professional development
- The appropriateness of the release marketing strategy for the project, relative to the subject matter and potential audience, and how it demonstrates:
 - Capacity to build an audience over time, as well as reach an established audience base
 - The project's commercial prospects, including sales projections, number of cinemas committed to screenings, Cinema on Demand and VOD plans
- The quality, strength and distinctiveness of the produced film
- How the subject content/storylines and selection of cast, key creatives and crew (confirmed or planned) address diversity.
- An interview with the creative team (if required)

Preference will be given to self-funded projects and those where 100 per cent of the shoot and post production has occurred in Victoria.

If the applicant has been a previous recipient of Marketing Low Budget Features support, previous levels of funding and the outcomes subsequently achieved will be taken into consideration.

Applicants can expect to be advised of the outcome of an application within eight weeks of submission.

Limitations

Eligibility:

- The applicant must be either an individual Victorian producer or a Victorian production company
- The writer or director of the film must also be a Victorian resident
- In most circumstances Film Victoria would expect that the principal production process and picture edit have been completed.

Music Grants

Funding Provider APRA AMCOS	Eligible to  Business  Not-for-Profit  Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 31 May 2018
Funding Type Grant G08271		
Primary Category Arts & Culture		

Purpose

To support Australian and New Zealand songwriters and composers.

Overview

What we fund through Music Grants

We don't use our music grants to fund individual songwriters or composers. Instead, we take a holistic approach to ensure we can support the greatest number of members and our community in general.

Applicants, you can seek funding from ONE of the following Grant Categories:

CATEGORY	OBJECTIVE	EXAMPLES
Awards and Recognition	To build confidence and creativity	Special events
Industry Partners	To sustain and support our music industry	• Key organisations • Peak music organisations' special projects • Small festivals
Career Development	To support the music community so it can develop skills, unique opportunities and business capacity for music creators	• Including APRA AMCOS branded events such as Songwriter Speaks, In Conversation • Mentoring projects • Craft development workshops • Showcases
Core Funding (APRA AMCOS Pre approval only - contact us to discuss)	To invest in key music organisations that support our members and their industry	• Peak music organisations (not special projects) • Peak songwriting associations

Note that although the funding is intended to apply to projects or organisations seeking grants, consideration will be given to those projects for which underwriting finance is sought.

To be successful, applicants must demonstrate how your project or organisation will benefit Australian and New Zealand songwriters and composers. Our aim is to provide a funding contribution to projects that will help our members to:

- Develop songwriting or composition skills
- Receive public recognition for their talent (e.g. awards or other forms of acclaim in Australia, New Zealand or overseas)
- Collaborate and co-write new songs or compositions
- Showcase their talent to a wider audience
- Further develop their music career by learning about the music industry

Remember that we are looking to support Australian and New Zealand songwriters and compositions rather than recordings or recording artists, touring costs or creative development projects that primarily benefit individual members.

Priority

Preference will be given to:

- Projects or organisations that broadly benefit Australian and New Zealand songwriters and composers rather than an individual writer or a small number of writers
- Applicants who can demonstrate a proven ability to plan and execute projects, or establish and maintain organisations that benefit Australian and New Zealand music
- Organisations or projects which are non-profit in nature (although commercial projects are not excluded from eligibility)
- Applications that demonstrate sponsorship or other financial contributions from third parties to the project or organisation. APRA Music Grants are not intended to fund your entire project

Limitations

Eligibility

- Applications for an APRA AMCOS Music Grant may only be made by organisations or on behalf of projects whose primary aim is to promote the “use” or “recognition” of Australian or New Zealand musical compositions, not recordings or recording artists.
- “Use” includes broadcasts, recordings, communications to the public or other activities that increase the commercial circulation or public awareness of Australian or New Zealand compositions.
- “Recognition” may relate to awards or other forms of public acclaim for Australian or New Zealand compositions.
- The use or recognition may be within Australia or New Zealand or in foreign countries.
- In order to be eligible for the APRA AMCOS Music Grants, applicants must comply with these terms and conditions.
- Employees of the Organiser (and members of their immediate families) are ineligible to apply.
- APRA AMCOS Music Grants are not available for the funding of costs associated with recording, marketing or touring of individual projects such as bands, recording acts or songwriters.
-

Guidelines on what we don't fund

- Individuals or bands looking to write, record or tour
- Recording projects
- Commissioning of new works
- Projects focused on opera, musical theatre or ballet
- Competitions or music sharing/download sites without legal terms and conditions

You are not eligible to apply if you have failed to acquit or meet the requirements of a grant received in a previous round.

Location VIC		Rounds Closes 30 Jun 2018
Funding Type Grant G07901		
Primary Category Arts & Culture		

Purpose

The Music Passport Grants program seeks to support not for profit organisations to undertake international activities that increase economic opportunities for Victoria's contemporary popular music sector.

Overview

Music Passport Grants are for one off international opportunities that are not supported by other Music Works grant programs. These opportunities must further build economic opportunities for Victoria's industry with a priority for new international market and technology-focused projects.

The program aims to:

1. Open up new international markets or increase the market share for Victorian contemporary music
2. Create new career and business opportunities for Victorian artists and industry in the contemporary popular music sector
3. Build on existing connections and programs (within and outside of the music industry) to create opportunities for Victorian musicians, music businesses and organisations.

Funding Available & Requirements:

- Up to \$20,000 per application

There is a total pool of \$50,000 per annum available in 2017-2018 and 2018-2019. Once this pool is exhausted each year, no further funding will be available.

All applications must demonstrate a minimum of 20 percent cash co-funding.

Limitations

The Music Passport Grants program is only available to not-for-profit organisations. Prospective applicants must call program staff before applying.

Please note:

- Creative Victoria will only accept one application per applicant (including under auspice) in each funding cycle (see Music Works Quick Response Grants closing dates as a guide or call program staff).
- Applicants can have only one successful application per financial year.
- Funding is not available where the project has been funded through Music Works grants already.

What will not be funded:

- For profit organisations except when partnered with a not-for-profit (NFP) organisation (where the NFP is the applicant)
- Touring or where the main activity is performance (see Music Works Grants)
- The entire cost of a project
- Reimbursement for project expenses already incurred
- Grant writing fees
- Applicants that have an overdue Creative Victoria (or former Arts Victoria) acquittal
- Capital purchases.

Music Works Grants - Quick Response Grants

Funding Provider Creative Victoria	Eligible to ✔ Not-for-Profit ✔ Individual	Funding Amount: \$1,000 to \$15,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 24 May 2018 Opens 28 Jun 2018 Closes 26 Jul 2018 Opens 23 Aug 2018 Closes 20 Sep 2018
Funding Type Grant G07291		Last Round Closed 22 Sep 2017
Primary Category Arts & Culture		

Purpose

Music Works Quick Response Grants provide support to individuals, groups and organisations to cover immediate opportunities in Regional Activity, Building Capacity (Professional Development) and Connecting to Markets areas of funding.

Overview

Quick Response Grants from \$1,000 to \$5,000 for **individuals** and \$1,000 to \$15,000 for **groups and organisations** are available.

The Music Works Grants program invests in the development and support of Victoria's contemporary music artists and music industries. It provides support for projects and programs that will develop and bring dynamism to Victoria's contemporary music sector, increase employment and build cultural capital.

The program is open to new ideas, new modes of practice and new approaches to the delivery of contemporary music that will build on Victoria's position as a world famous live music capital and Australia's contemporary music hub.

Areas of support:

- 1.Regional Activity** funding is designed to support activities in **regional areas**. This is available to all applicants within Victoria. Types of activities / requests could include, but are not limited to, performances / tours / publicity of contemporary live music in regional Victoria. The Creative Victoria funds could be used towards travel, accommodation, per diems, marketing / publicity, equipment hire, etc. Please call program staff to discuss your application prior to the closing dates.
- 2.Building Capacity (Professional Development)** is designed for industry stakeholders such as managers, artists, small organisations and industry technicians to offer career development, and to build industry capability. Building Capacity (Professional Development) will fund activities that assist professionals to acquire business acumen and industry skills through attendance at workshops, master-classes, industry conferences and other professional development opportunities which have a direct input into furthering their business or artistic output.
- 3.Connecting to Markets** is designed to increase the industry's capacity to connect with new audiences and to take their business to the next level by exploring opportunities and strategies which would usually be outside their reach. Funded activities will include opportunities for artists and industry practitioners to increase their live audience, extend their market share and address barriers to the market. Connecting to Markets also invests in regional, national and international touring to help Victorian acts develop national and world-wide networks and audiences.

Limitations

The Music Works Grants program accepts applications from Victorian-based working in contemporary music from all genres and career stages, and Victorian-based managers, technicians, venues and small to medium industry organisations.

Quick Response Grants are not available for:

- Invitations that would have fallen within the standard Music Works Grants biannual funding rounds

- Projects to create content
- Applicants that have received a Quick Response Grant in the last 12 months
- Projects comprising less than 75% original Australian compositions/content
- Reimbursement for project expenses already incurred
- Eisteddfods or projects with competition elements
- Grant writing fees
- Business start-up costs
- Applicants that have an overdue Creative Victoria (or former Arts Victoria) acquittal
- Certificate, degree or other courses of ongoing study in government or private institutions.

Music Works Grants: Major Funding Round

Funding Provider Creative Victoria	Eligible to  Business  Not-for-Profit  Individual	Funding Amount: \$2,500 to \$75,000 Total Pool: Undisclosed
Location VIC		Rounds Opens 21 Jun 2018 Closes 19 Jul 2018 5pm
Funding Type Grant G06944		Last Round Closed 15 Feb 2018
Primary Category Arts & Culture		

Purpose

The Music Works Grants program invests in the development and support of Victoria's contemporary music artists and music industries. It provides support for projects and programs that will develop and bring dynamism to Victoria's contemporary music sector, increase employment and build cultural capital.

Overview

The program is open to new ideas, new modes of practice and new approaches to the delivery of contemporary music that will build on Victoria's position as a world famous live music capital and Australia's contemporary music hub.

Funding Available & Requirements:

Major Funding Round Grants offer funding of:

- \$2,500 to \$20,000 for individuals; or
- \$2,500 to \$75,000 for groups/organisations

Applicants will be expected to provide a level of detail in their written application, support material and budget (including levels of co-funding/financial contribution) appropriate to the grant request. Specific requirements can be found on page 4 of the Guidelines.

The Music Works Grants program aims to:

- Support strategic professional development and career opportunities for Victorian contemporary music artists, musicians, performers and associated industry professionals where funding or access to resources are a barrier
- Increase the capacity and market share of the Victorian contemporary music industry
- Showcase Victorian content locally, nationally and internationally
- Strategically invest in economic growth and long-term sustainability for the Victorian contemporary music industry
- Fund projects that nurture creative talent and strengthen Victoria's unique and diverse creative culture.

The Music Works program aims for the best use and a broad distribution of State Government funds across the Victorian contemporary music sector to maximise the benefit for the Victorian community.

Areas of Support:

- 1. Creating Content:** Creating Content will support the creation and recording of new original musical works. It will also fund the creation of digital and limited audio-visual content to support outcomes such as web content, social media and other marketing and promotional content where new intellectual property is created.
- 2. Building Capacity (Professional Development):** Building Capacity (Professional Development) is designed for industry stakeholders such as managers, artists, small organisations and industry technicians to offer career development, and to build industry capability. Building Capacity (Professional Development) will fund activities that assist professionals to acquire business acumen and industry skills through attendance at workshops, master-classes, industry conferences and other professional development opportunities which have a direct input into furthering their business or artistic output.
- 3. Connecting to Markets:** Connecting to Markets is designed to increase the industry's capacity to connect with new audiences and to take their business to the next level by exploring opportunities and strategies which would usually be outside their reach. Funded activities will include opportunities for artists and industry practitioners to increase their live audience, extend their market share and address barriers to the market. Connecting to Markets also invests in regional, national and international touring to help Victorian acts develop national and world-wide networks and audiences.

Limitations

Eligibility:

The Music Works Grants program accepts applications from Victorian-based professional music practitioners working in contemporary music from all genres and career stages, and Victorian-based managers, technicians, venues and small to medium industry organisations (also see General Eligibility).

The Music Works program is specifically designed to support development and capacity building for the contemporary music industry. As an industry focused program, priority is given to projects that intend to actively engage with the commercial industry.

Please note:

- Creative Victoria will only accept one application per applicant (including under auspice) in each funding round.
- Auspice bodies may apply on behalf of multiple applicants.
- State-owned cultural agencies and organisations receiving funding through Creative Victoria's Organisations Investment Program are not eligible (except where acting as an auspice body).

Music Works Major Round Grants Does Not Support:

- Projects comprising less than 75% original Australian compositions.
- The entire cost of a project.
- Reimbursement for project expenses already incurred.
- Recordings that are not intended for commercial, physical or digital release or distribution (except demos).
- Eisteddfods or projects with competition elements.
- Grant writing fees.
- Business start-up costs.
- Funding for the hire or capital investment in your own studio.
- Applicants that have an overdue Creative Victoria (or former Arts Victoria) acquittal.
- Certificate, degree, or other courses of ongoing study in government or private institutions.

PIAF & PIAF PDV (Production Incentive Attraction Fund & Post Production, Digital and Visual Effects)

Funding Provider Film Victoria	Eligible to ✔ Business ✔ Not-for-Profit	Funding Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07939		
Primary Category Arts & Culture		

Purpose

The Production Incentive Attraction Fund (PIAF) aims to attract “footloose” film and television projects to Victoria through the provision of a grant. The Production Incentive Attraction Fund – Post, Digital and Visual Effects (PIAF - PDV) aims to attract “footloose” film and television projects to utilise post, digital and visual effects facilities in Victoria. Projects are considered “footloose” where they have genuine production and/or post production and VFX destination alternatives.

Overview

PIAF Grant:

A PIAF grant may be offered for projects undertaking either production or production and postproduction in Victoria

The objectives of PIAF are to:

- Increase the level of film and television production in the state of Victoria
- Increase employment and skills development opportunities for Victorian based screen industry practitioners
- Increase business activity for Victorian based companies, including screen industry services, equipment providers and related industries.

Low budget international productions which do not meet the PIAF/PIAF PDV minimum Victorian spend threshold, may on a case by case basis be eligible for some financial assistance where it is deemed the benefits of the projects may align to broader Victorian state government objectives.

PIAF PDV Grant:

A PIAF PDV grant may be offered for projects only utilising post, digital and visual effects (PDV) facilities in Victoria.

The objectives of PIAF PDV are to:

- Increase the level of film and television PDV activity in the state of Victoria
- Increase employment and skills development opportunities for Victorian based screen industry practitioners working in the PDV sector
- Increase business activity for Victorian based PDV facilities.

Limitations

Performers' Trust Foundation

Funding Provider Phonographic Performance Company of Australia (PPCA)	Eligible to ✓ Not-for-Profit ✓ Individual	Funding Amount: \$3,000 to \$5,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G04944		
Primary Category Arts & Culture		

Purpose

Established in 1975, the PPCA Performers' Trust Foundation provides grants to promote and encourage music and the music-related performing arts.

Overview

The grants provided are non-recurring (i.e. one-off grants rather than a periodical payment) and are determined by the four trustees of the trust.

- Two (including the Chairman) are appointed by the PPCA;
- One is appointed by the Musicians' Union of Australia;
- One is appointed by the Media Entertainment and Arts Alliance (formerly Actors' Equity).

All applications for grants are reviewed by the trustees and must be for **one or more** of the following purposes:

- performances at concerts at or for charitable institutions such as hospitals or homes for the aged
- scholarships for the promotion and encouragement of musical and theatrical education
- the promotion and encouragement of the performing arts to the general public

- the aid or assistance of any beneficiary who is unable to adequately maintain herself/himself by her/his own exertions and other income.

A grant under the PPCA Performers' Trust Foundation can be used for costs associated with the above, including:

- Tuition fees
- Travel costs (hire, airfares, petrol)
- Accommodation
- Venue hire/ PA hire.

There is no specified limit to how much you can apply for. However, funds are finite and there is no guarantee that you will receive all or any of the funds you request.

It is unusual for grants to be approved in excess of :

- \$3,000 for an individual; or
- \$5,000 for a group or organisation

Limitations

A grant cannot be used to cover wages, salaries, commissions etc.

Although the trust is discretionary, the trustees are guided by the 'purposes' articulated in the trust deed. As a result, it is not their usual practice to approve funding for any project of a commercial nature. This would include:

- investments in recordings (e.g., studio time, producers fees, session musician fees, manufacturing or distribution costs);
- concert or festival promotion or staging costs;
- tour support;
- artist management expenses; or
- equipment purchases.

You should also note that the trustees are unlikely to approve applications seeking funding for the majority of costs related to a project, and look to applicants to contribute and/or explore additional funding sources.

Location Aus		Rounds Closes 30 Jun 2018
Funding Type Grant G06984		Last Round Closed 30 Jun 2016
Primary Category Arts & Culture		

Purpose

The Post, Digital and Visual Effects Attraction Grant (PDV-AG) aims to attract footloose film and television projects to utilise post, digital and visual effects facilities in Queensland through the provision of a grant. Projects are considered footloose where they have a genuine post production or VFX destination alternative.

Overview

A grant may be offered for projects utilising only post, digital and visual effects facilities in Queensland. For projects undertaking physical production in Queensland in addition to post/VFX see our Production Attraction Grant guidelines.

The funding amount will be at the discretion of Screen Queensland and is subject to the availability of funding at the time of application.

The incentive is capped at \$250,000.

This funding program is open to all National and International Producers. A minimum of \$500,000 must be spent in Queensland on post-production elements. Approved elements include the following:

- Payments to Queensland screen industry practitioners, residents or PDV companies for goods and services provided in Queensland in connection with post-production, digital or visual effects for the project.
- Salaries and other expenses paid to, or incurred in relation to, any Queensland residents engaged in post-production, digital or visual effects on the project.

Project must be one of the following types of production:

- Fiction: feature film, television including subscription platforms (telemovies, mini-series, pilots or series)
- Documentary: feature film, television series (one-off or series)

Applications for the PDV-AG are assessed in accordance with these guidelines including the objectives of the fund outlined below:

- Increase the level of film and television post, digital and visual effects in the state of Queensland.
- Increase skills development and employment opportunities for Queenslanders working in the PDV sector.
- Increase business activity for Queensland based PDV facilities.

Limitations

Who can apply?

A production company or Special Purpose Vehicle which has:

- A fully financed project where the PDV-AG does not form part of the project's finance plan. Your budget must include at least minimum Australian industry award rates for screen industry practitioners being engaged in post-production and VFX work.
- Evidence of genuine interstate or international production destination alternatives for your project.
- Evidence of genuine marketplace interest for commercial release or distribution of your project.
- A project engaging a majority of screen industry practitioners who are Queensland residents.

The following production types are ineligible to receive a PDV-AG:

- Infotainment, reality and magazine shows
- Variety programs and light entertainment
- Sports and current affairs programs
- Television commercials
- Short Films (less than 60 minutes)
- Community Television

- Student Films
- Retrospective funding

Projects in receipt of any other incentive from Screen Queensland including Production Investment or Production Attraction Grant.

Applications from federal or state government departments or entities are ineligible.

Applications for a Post, Digital and Visual Effects Incentive MUST be approved by Screen Queensland prior to the commencement of post-production/VFX work.

When do I need to apply?

All incentive applications must be made prior to commencement of post-production. Incentives will be paid after the completion of the production and following full acquittal of contracted delivery items and an audit.

Project Development Investment

Funding Provider Australian Children's Television Foundation	Eligible to  Not-for-Profit  Individual	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Closes 30 Jul 2018 Closes 15 Oct 2018
Funding Type Grant G01843		Last Round Closed 1 May 2018
Primary Category Arts & Culture		

Purpose

The Australian Children's Television Foundation engages with Australian producers and writers at the earliest stages of development, investing small amounts across a broad range of projects. These projects are targeted for their demonstrable quality and their future potential.

Overview

By helping these people develop new children's programs, we remain true to our goal of creating programs that children, parents and educators can rely on to be engaging, entertaining, accessible, creative and innovative.

Before we provide funding, we assess the project against a range of criteria, including:

- The originality and quality of the story
- The experience of the team behind it
- Its potential to engage with young audiences.

Although overall quality is our primary consideration in assessing a project, we also seek to encourage:

- Diverse stories, voices and faces
- An Australian voice and point of view
- Innovative use of new and emerging media platforms
- Bringing new and emerging producers to the industry, while harnessing the skills of experienced producers
- Works that address gaps in content/genre/age groups.

In every project we provide funding for, we ensure that it is produced to the highest standards. We do this by including creative input and regular consultation as a condition of our investment.

What we look for:

Audience

All projects must primarily target the Australian child audience and must, in our opinion, be likely to be of interest to Australian children.

Television projects should be aiming for either 'P' or 'C' classification as defined by ACMA for the commercial networks and Pay TV, or a G classification for ABC.

Feature film projects should be aiming for a 'G' or 'PG' rating from the OFLC Classifications Board.

Subject matter

Projects may be based on an original idea, or adaptations of a novel or other work. We look for originality and new ideas not already in the marketplace or currently on television.

Format and genre:

We provide funding for television series, one-off television programs, telemovies and feature films.

Levels of Development funding

We will only fund one stage of development on any project at a time. To develop a feel for the levels of funding and stages of development that we have previously funded, please look at the [funding section](#) of the ACTF website.

Priority

Projects with an offer of matched development funding from a broadcaster, distributor, coproducer or state agency will assist an application.

Limitations

Eligibility

Applicants should permanently reside in Australia or be Australian citizens. If the applicant is a company, it should be incorporated in Australia and have Australian-based management and control. We may require a personal company director's guarantee when contracting with companies.

We require all applicants to provide an Australian Business Number (ABN).

Location VIC		Rounds Ongoing
Funding Type Grant G07963		
Primary Category Arts & Culture		

Purpose

Quick Response Grants are intended to assist regional artists, arts organisations and communities to take up professional or skills development or small project opportunities.

Overview

The Quick Response Grant program is open to applications on an ongoing basis throughout the year. Applications can be submitted no earlier than 12 weeks and no later than 3 weeks before the commencement of your proposed activity.

In 2017, applications will close on Friday 1 December 2017 or once funds are expended, whichever is sooner. For 2018, applications will be open from Monday 8 January 2018 to Friday 7 December 2018 or once funds are expended, whichever is sooner.

- Individuals and unincorporated groups may apply for amounts up to \$1,500. They are limited to \$1,500 per financial year, with a maximum of \$2,500 over the four year funding period (2016 – 2020).
- Organisations may apply for amounts up to \$3,000. They are limited to \$3,000 per financial year, with a maximum of \$6,000 over the four-year funding period (2016 – 2020). To apply for the full \$3,000, organisations or groups must be incorporated and have an ABN, otherwise they will only be able to apply for up to \$1,500.

This program has been set up to be responsive to projects that fall outside the scope of other funding opportunities. It is ideally suited to exceptional opportunities or small cultural projects that cannot be funded by other means. Applicants **must** clearly explain why there is no other suitable funding program for their project. Please discuss this point with Regional Arts Victoria staff before you begin your application.

Limitations

Who can apply?

- Individuals, groups and incorporated not-for-profit organisations.
- Applicants must reside in postcodes classified as regional. The postcode must be MMM classification 2 or above.

- Individual applicants must have an ABN or have an auspice organisation manage their grant.
- Individuals who are under 18 at the time of applying must have an auspice organisation manage their grant.

What will the Regional Arts Fund not support?

- Applications from applicants outside of regional Victoria¹.
- Projects principally benefitting a major city or metropolitan location.
- Components of projects that are also funded by other programs administered by the Australian Government.
- Projects that do not substantially align with the objectives of the Regional Arts Fund.
- Ongoing administration costs of an organisation.
- Projects that commence before funding is approved. Projects cannot have been advertised, including any online marketing on websites or via social media. For Quick Response Grant applications, the start date must be three to twelve weeks from the application date.
- The costs of organising and running competitions, prizes, awards, or fundraising events.
- Curriculum based activities in schools, or courses of ongoing education and training in government or private institutions in Australia or overseas.
- Academic activity, including wages or course work that is required as part of any tertiary academic program.
- Touring projects that involve touring from major urban centres to regional communities.
- Infrastructure projects and projects involving the purchase of assets.

- Applicants who have not acquitted overdue grants from the Regional Arts Fund, or any other Australian Government funding program administered by the Department of Communications and the Arts. This includes Catalyst, Festivals Australia, and Visions of Australia.
- Recurrent or ongoing funding for projects or programs.
- Requests solely for exhibition, publication, printing or performance costs.

Small Regional Presenters

Funding Provider Creative Victoria	Eligible to  Individual	Funding Amount: \$1,500 to \$15,000 Total Pool: Undisclosed
Location VIC		Rounds Opens 14 Jun 2018 Closes 12 Jul 2018 Opens 6 Sep 2018 Closes 4 Oct 2018
Funding Type Grant G07822		Last Round Closed 15 Mar 2018
Primary Category Arts & Culture		

Purpose

Small Regional Presenters aims to increase the quality, quantity and diversity of professional performing and live arts available to audiences in regional Victoria. It does this by supporting regional presenters to:

- present quality, relevant arts programming to local audiences, and
- build their capacity to present and program locally and develop long term sustainability.

Overview

Small Regional Presenters is part of Creative Victoria's Regional Development suite of programs. It provides funding for regional communities to program and present shows, and supports skills development and capacity building by encouraging presenters to develop long term planning and audience development strategies. Communities can apply to present a single show, a series of shows or an annual program of shows.

Funding is available from \$1,500 to \$15,000. Applications can be made to present one show or several shows. Presenters can receive up to \$15,000 through this program in a financial year.

- All requests must have a minimum of 20% of the request in cash co-funding from other sources, including earned income.

- Local Government Authority presenters must match the funding requested on a dollar for dollar basis as their cash applicant's contribution.

Funding through this program can cover costs such as:

- project / production - show fee, front of house/ushers, technical support, equipment hire, venue costs
- marketing and promotion - printing, distribution, advertising (print, radio, social media, other), design
- administration - phone, fax, postage, insurance.

This is not an exhaustive list. Please contact program staff who can advise if additional costs can be covered.

Priority

Priority is given to shows presented in communities with limited access and opportunities to experience performing and other live arts presentations.

Example

Examples of supported activities include, but are not limited to:

- A community presenter presenting a show that is part of a national tour at the local community hall.
- A Local Government Authority presenting a program of live performance at halls across the shire. The program may include a variety of performing and/or live arts events (e.g. contemporary theatre, chamber music, poetry readings and contemporary music), and may take place across several months.
- A community presenter presenting a show with support from a Local Government Authority managed venue (e.g. in-kind assistance with marketing and promotion, ticketing or technical support). This could include newer presenters receiving support from their local professionally managed performing arts centre, or a more experienced community presenter planning to present a show of greater scale or complexity than usual.

Limitations

Eligibility:

Small Regional Presenters accepts applications from regional presenters with a history of presenting professional performing and live arts in their local community:

- regional community presenter organisations that are members of Regional Arts Victoria and do not receive organisational or multi-year funding through Creative Victoria, or
- Local Government Authorities that do not receive organisational or multi-year funding through Creative Victoria.

Note: A community presenter is an incorporated association, operating as a not for profit organisation, located in regional Victoria. Community presenters should have a policy of reinvesting surplus funds back into performing arts activities and be able to demonstrate an annual program of presenting professional performing arts activities. Program staff will check that any community presenter applicants are members of Regional Arts Victoria.

What can be funded?

Applications can be for presentations of a single show, a show that is part of a tour, several shows over a several months, or for an annual program of shows. Shows must be:

- A live performance or production. This program supports all genres of the performing arts and other live shows, including literary events.
- A professional Australian show, production or performance from outside the local government area where presentation is taking place.
- Ticketed, with box office income.
- Open to the general public.
- A paid presentation, where the presenter pays a show fee to bring the show to their community.
- Presented in regional Victoria, for local audiences. Presenters in border areas must contact program staff to discuss their proposed presentation venues/locations before applying.

What will not be funded?

The following are not eligible for funding through Small Regional Presenters:

- Shows where the presenter does not pay a fee to bring the show to their community.
- The entire cost of presenting a show or a program of shows.
- The costs associated with the creative development of a new show.
- Presentation of free shows, or shows that do not have box office income.
- Shows that are not open to the general public.
- More than one show in the program of a regional festival.
- Presentations or any costs that fall outside the eligible funding timeframe, including all retrospective costs.
- Applications that do not demonstrate benefit and relevance to the local community.
- Capital purchases or recurrent administrative, infrastructure and other organisational costs not directly associated with the presentation.

- Applications from organisations in receipt of organisational or multi-year funding through Creative Victoria.
- Applications that do not demonstrate the required level of financial support from the presenter.
- Applications from the producer, creator, manager or tour coordinator of the show. These applications should instead be directed to Creative Victoria's VicArts Grants, Music Works or Touring Victoria programs as best suits the proposed activity. Contact program staff to ensure you are applying to the most appropriate funding program.
- Applicants who have not satisfactorily acquitted a previous grant, including individuals who have been principal in an organisation that has not acquitted a previous grant, are ineligible to receive further funding.

The Levi's Music Prize

Funding Provider Levi's	Eligible to  Individual	Funding Amount: \$25,000 to \$25,000 Total Pool: \$100,000
Location Aus		Rounds Closes 11 Jun 2018
Funding Type Grant G07900		Last Round Closed 10 Mar 2018
Primary Category Arts & Culture		

Purpose

The Levi's Music Prize is an exciting new initiative that will enable Australian bands and artists to maximise that next opportunity to get them to the next stage of their careers.

Overview

The program will be run in partnership with QMusic and Sounds Australia. These two reputable Australian music industry bodies will assist the Levi's® brand with administering the funding and also in offering advice and counsel where required.

The total Levi's® Music Prize is a contribution of \$100K annually which will be divided into 4 x \$25K sums which will go towards funding 4 x quality artists/acts each year.

The Levi's® Music Prize is open to artists that have played on the BIGSOUND Festival line-up in the last 5 years, including 2017. These are artists that have already engaged in some kind of export/international touring activity – which is the focus of the prize.

The Levi's® Music Prize is aimed at early to mid-career artists seeking to capitalise on the initial success that they have already achieved for themselves. It is at this critical stage of many artists' careers that it is difficult for them to stay on the journey and sustain the momentum that they have created. This happens for a number of reasons – but more often than not it is because of financial limitations.

The prize has 2 components:

1. From 2017, one artist showcasing at BIGSOUND each year will be judged by a panel of international industry representatives to be the winner of a \$25,000 prize, announced on the Friday morning of the BIGSOUND conference. By applying to showcase at BIGSOUND Festival 2017, you're automatically in the running for the prize awarded at BIGSOUND. Certain terms and conditions will apply. If you win the prize, you must provide a sound business plan which meets approved criteria for how the money will be used to further your career before it can be released to you.
2. Artists that have played on the BIGSOUND Festival line-up in the last 5 years (including 2017) can apply for 1 of another 3 x \$25,000 prizes, to be judged at the end of the December, March and June quarters each year. At the conclusion of BIGSOUND 2017, an application form will appear on this website that can be completed to be in the running for the other 3 prizes. Each entrant will need to provide a sound business plan to support their intentions and goals, and the winner will be determined by a judging panel including industry experts. The prize will fund up to 80% of the proposed project to a maximum of \$25,000 – you need to have some skin in the game.

Limitations

Who should apply?

- We are looking to assist in the development and promotion of Australian music to the rest of the world. BIGSOUND is Australia's leading music export event. There will be 1 x emerging artist category for new BIGSOUND applicants each year of \$25,000. Anyone can apply to play at BIGSOUND.

For bands, band members must satisfy the following Australian residency requirements:

- for two person bands, both musicians must be an Australian resident – or one member having resided in Australia for at least 12 months;
- for bands of three or more, 2/3 of the band must be an Australian resident.

This will be judged on a case by case basis. For individual artists, he/she must be a resident of Australia.

The Sidney Myer Creative Fellowships

Funding Provider The Sidney Myer Fund	Eligible to ✔ Individual	Funding \$160,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 10 Jun 2018
Funding Type Grant G01177		Last Round Closed 18 Jun 2017
Primary Category Arts & Culture		

Purpose

First awarded in 2011, the Sidney Myer Creative Fellowships provide tax-free grants of \$160,000 over two years to individual artists, arts managers and thought leaders in the humanities.

Overview

Specific outcomes for the Fellowships are not required.

The two criteria used to select Fellows are: outstanding talent and exceptional courage. Specifically, this talent and courage relates to the artistic practice of the Fellows and not to cases of personal hardship.

Nominations are welcome for artists and arts managers across the entire spectrum of the visual, performing, interdisciplinary, new media and literary arts. Consideration is also given to arts managers and thought leaders in the humanities. Applicants to the program may not self-nominate and must include two referees who are not the nominator.

The Fellowships are intended for artists in their 'early mid-career' – to be eligible, nominees must be in the first seven to fifteen years of their creative practice. They are also intended for artists who will primarily be resident in Australia for the two years of their Fellowship.

Limitations

To qualify for a Sidney Myer Creative Fellowship, nominees must be an Australian citizen or permanent resident nominated by another individual (who is not a member of their family).

Nominations are reviewed by a national Peer Review Panel with consideration to two criteria: outstanding talent and exceptional courage. The Peer Review Panel will recommend the highest regarded nominations to the Trustees of the Sidney Myer Fund for endorsement.

Fellows can travel overseas during their Fellowship but are asked to spend the majority of their time in Australia to ensure that the benefits of the grant are evident in Australia.

Touring Victoria

Funding Provider Creative Victoria	Eligible to  Local Govt  Not-for-Profit  Individual	Funding Amount: \$0 to Undisclosed Total Pool: Undisclosed
Location VIC		Rounds Opens 14 Jun 2018 Closes 12 Jul 2018 5pm
Funding Type Grant G02747		Last Round Closed 1 Mar 2018
Primary Category Arts & Culture		

Purpose

Touring Victoria provides support for Victorian arts and cultural organisations or professional creative practitioners touring a professional production, performance, exhibition or program to regional and outer-metropolitan Victoria.

Overview

Tours need to demonstrate market demand and involve partnerships with presenting organisations, galleries or venues.

Touring Victoria aims to:

- Ensure that Victorians in regional Victoria and outer metropolitan Melbourne have access to a wide range of professional arts experiences.

- Support professional Victorian-based presenters, galleries, arts companies, and creative practitioners to deliver quality touring shows in regional Victoria and outer metropolitan Melbourne.
- Support new and existing touring circuits throughout the State and sustain main-stage Victorian touring activity.
- Enhance the quality, quantity and diversity of touring activity throughout Victoria.

There is no upper limit to the level of grant.

Applicants intending to apply for more than \$25,000 need to discuss their tours with program staff prior to the closing dates.

Priority

Priority is given to:

- Tours to regional Victorian destinations.
- Tours where presenters pay a performance or exhibition fee to bring the tour to their communities. Self-presented tours that do not include partnerships with local presenters are a low priority.
- Tours where the majority of presenters are confirmed. For tours of a production, performance or exhibition to one destination on a one-off, exclusive basis, presenter partnerships and community support must be confirmed.
- Supporting direct on-road touring costs and the associated costs of delivering community engagement activities in regional and outer metropolitan Victorian locations.
- Tours that include community engagement activities and/or professional development opportunities for local creative practitioners and other creative industries professionals.

Please Note: While your touring itinerary or program can include inner metropolitan destinations, Touring Victoria funding supports regional and outer metropolitan touring costs only.

Limitations

Who can apply?

- Victorian arts and cultural organisations; and
- Victorian based professional creative practitioners that have a history of presenting quality, professional arts product; and
- Tour coordinators applying on behalf of Victorian arts and cultural organisations or creative practitioners; and
- Other organisations, such as community or local government with relevant experience, coordinating or presenting a tour.

What can be funded?

Examples of touring activity supported include:

- Touring a single production, performance or exhibition, taking in multiple destinations in regional Victoria and outer metropolitan Melbourne.
- Touring a single production, performance or exhibition to a single destination in regional Victoria or outer metropolitan Melbourne on a one-off, exclusive basis.
- Touring a program of more than one production, performance or exhibition to multiple destinations in regional Victoria and outer metropolitan Melbourne.

Please Note: tour coordination/management costs for tours to regional Victoria and outer metropolitan Melbourne are funded, except where the applicant or tour coordinator receives ongoing or recurrent Creative Victoria funding for this activity, such as through the Organisations Investment Program.

What will not be funded:

The following activities are not funded through Touring Victoria:

- Core marketing, administration and organisational overhead costs including salaries.
- Tours that are predominantly schools-based.
- Competitions, eisteddfods, awards or fundraising activities.
- Tours of contemporary music – these should be directed to Creative Victoria's Music Works Grants program.
- Creative development of new work.

VicArts Grants

Funding Provider Creative Victoria	Eligible to ✔ Not-for-Profit ✔ Individual	Funding Amount: \$5,000 to \$60,000 Total Pool: Undisclosed
Location VIC		Rounds Opens 28 Jun 2018 Closes 26 Jul 2018 5pm
Funding Type Grant G06330		Last Round Closed 22 Feb 2018
Primary Category Arts & Culture		

Purpose

The VicArts Grants program invests in the creative endeavours and professional practice of Victoria's artists and smaller arts companies. It provides one-off support for discrete projects and programs that will develop and bring dynamism to Victoria's arts sector.

Overview

The program is open to new ideas, new modes of practice and new approaches to delivery of the arts that will build on Victoria's position as a cultural leader.

Applications will be accepted for requests between \$5,000 and \$60,000.

Solo projects (i.e. one artist working alone) are eligible to apply for up to \$20,000.

Applications can be for smaller scale, individual projects, through to larger projects or programs that extend over multiple years. Applications are encouraged from a wide range of art forms. These include, but are not limited to, visual arts, literature, dance, circus, cabaret, music, theatre, multidisciplinary and experimental work.

Funding Available & Requirements:

- Applications will be accepted for requests between \$5,000 and \$60,000.
- Applications for 2 year support can apply for up to \$60,000 yearly (\$120,000 total)
- Solo projects (i.e. one artist working alone) will be eligible to apply for up to \$20,000.
- Applicants will be expected to provide a level of detail in their written application, support material and budget (including levels of co-funding/financial contribution) appropriate to the grant request, and Creative Victoria will not support the entire financial cost of a project/program.

2 Year Funding:

The VicArts Grants program now accepts applications for 2 year funding. In addition to the eligibility requirements above, please note:

- Applications will be accepted for requests to be allocated across a 2 year period (eg, applicants requesting support of \$50,000 will receive \$25,000 per year for 2 years).
- Successful applicants will not be eligible for further support through the VicArts Grants program during the period of the 2 year grant.
- Successful applicants will not be eligible to apply for successive 2 year grants.
- The funding stream will provide 2 x years of continued annual support to a limited number of successful applicants.

Limitations

Eligibility:

The VicArts Grants program accepts applications from individuals and organisations including arts, non-arts, community and local government.

The primary focus of the proposal must include Victorian-based individual professional arts practitioners (emerging to established) and/or Victorian-based professional arts ensembles and organisations AND an artistic project/program.

Please note:

- Creative Victoria will only accept one application per applicant (including under auspice) in each funding round.
- Auspice bodies may apply on behalf of multiple applicants.

- State-owned cultural agencies and organisations receiving funding through Creative Victoria's Organisations Investment Program are not eligible for funding through VicArts Grants (except where acting as an auspice body).
- For the July 2018 funding round, applicants must choose between applying to either VicArts Grants or the Creators Fund.

VicArts Grants does not support:

- Projects and programs that do not pay artists at an industry standard rate.
- Contemporary music industry proposals (including recording, touring, professional development). These should be directed to Music Works Grants. Note: The VicArts Grants program does support music projects such as composition, community music projects and curated programs for ensembles. Call program staff to ensure you are applying to the most appropriate funding program.
- Projects and programs that do not follow correct protocols when working with Aboriginal artists and/or communities.
- Applicants that have an overdue Creative Victoria (or former Arts Victoria) acquittal.
- The entire cost of a project/program.
- Competitions, eisteddfods, awards or fundraising activities.
- Conferences, business/meetings and costs associated with these.
- Private tuition, training, study or course work. This includes work that will be used for the purposes of academic assessment.
- Tours to regional Victoria, these should be directed to the Touring Victoria program.
- Film-making including the development or production of narrative shorts, participation at film festivals, features or animations, TV shows, documentaries or script development for any of these (excluding community collaborations). Film-making projects should be directed to Film Victoria.
- Business start-up costs, capital purchases or recurrent administrative, infrastructure and other organisational costs not directly associated with the project/program.
- Costs for non-Victorian artists, arts ensembles and organisations.

Cooperative Research Centres (CRC) Grants

Funding Provider Department of Industry, Innovation and Science	Eligible to ✓ Business ✓ University ✓ Not-for-Profit	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Closes 3 Jul 2018 5pm (ACT Local Time)
Funding Type Grant G08361		
Primary Category Business & Industry Development		

Purpose

To provide medium to long term industry-led collaborations with matched funding to solve industry problems and improve the competitiveness, productivity and sustainability of Australian industries.

Overview

Cooperative Research Centres (CRC) grants support medium to long term industry-led collaborations to solve industry problems and deliver tangible outcomes.

To support the overall aims of the CRC Program, CRCs undertake the following essential activities:

- medium to long term industry-led high quality collaborative research to solve industry-identified problems and deliver outcomes consistent with Government Priorities, improving the competitiveness, productivity and sustainability of Australian industries
- an industry-focused education and training program. This must include, but is not limited to, a PhD program that complements the research program and that increases engagement, technology development, skilled employees and R&D capacity within industry entities
- implementation of strategies that build the R&D capacity within SMEs
- deployment of research outputs and encouragement of take-up by industry.

CRC grants provide CRCs with up to 50% of the resources with no specified limit to funding available for each CRC. The CRC collaboration must at least match the amount of grant funding sought through cash and/or in-kind contributions. In-kind contributions are non-cash resources provided by participants in the CRC to conduct the activities of the CRC. They may be staff or non-staff resources.

You can use the funding to support the costs of:

- research
- salaries
- student placements
- commercialisation
- capital items, such as equipment.

Limitations

Eligibility criteria

Applications are open to all industry sectors and research disciplines. To be eligible for a CRC grant, applications must:

- be submitted by a group of applicants who have agreed to collaborate
- the collaboration must, at a minimum, include one Australian industry organisation and one Australian research organisation
- demonstrate the ability to at least match the grant funding sought
- demonstrate the ability to undertake essential activities of a CRC as outlined in the CRC Program Guidelines.

You cannot use CRC Program Funding for the same activities or project previously or currently financed through any other funding scheme.

Any organisation named by the Workplace Gender Equality Agency as an organisation that has not complied with the Workplace Gender Equality Act 2012 cannot be part of an application.

Applicants who have been Participants of a CRC-P that has completed its funding period will not be excluded from applying under the CRC stream. However, where the proposed Activity of the CRC, as outlined in the application, would duplicate a project funded under a CRC-P, this will not be considered eligible. This does not exclude the consideration of Activities based on the outputs or outcomes of a project funded under a CRC-P.

New Air Combat Capability - Industry Support Program (NACC-ISP)

Funding Provider Department of Industry, Innovation and Science	Eligible to ✔ Business ✔ University ✔ Not-for-Profit	Funding Amount: \$1 to \$1,000,000 Total Pool: \$21,900,000
Location Aus		Rounds Closes 30 Jun 2023
Funding Type Grant G07787		
Primary Category Business & Industry Development		

Purpose

Provides Australian businesses and research organisations with matched funding of up to \$1 million for Projects to help them enter export markets, secure domestic contracts and upskill their staff so they can win work with the Joint Strike Fighter (JSF) Program.

Overview

The Departments of Defence and Industry, Innovation and Science deliver and manage the New Air Combat Capability – Industry Support Program (NACC-ISP). It aims to help defence industry businesses to improve their:

- capability
- competitiveness and
- capacity for innovation

with regard to the Joint Strike Fighter (JSF) project NACC-ISP will assist businesses that want to:

- enter export markets
- secure domestic contracts and
- up-skill staff.

The NACC-ISP offers Australian industry and research organisations three streams of assistance. Applicants must invest the same dollar value of the funding they are seeking.

Stream A: Grants of up to \$1,000,000 are available for Projects where the Customer aims to develop a new or improved JSF technology, product, process or service that is required by entities within the JSF supply chain, and which can demonstrate more than one JSF application.

Customers need to match the Program funding on a 50:50 basis.

Customers will be expected to complete Projects in this stream within a period of no more than 36 months (plus any approved extension).

Stream B: Grants of up to \$250,000 are available for projects where the Customer aims to develop a new or improved JSF technology, product, process or service to enhance a company's competitiveness in winning work from entities within the JSF supply chain; or to engage in a study effort that relates to a capability required by entities within the JSF supply chain or the JSF Program Office.

Customers need to match the Program funding on a 50:50 basis.

Customers will be expected to complete Projects in this stream within a period of no more than 18 months (plus any approved extension).

Stream C: Grants of up to \$300,000, with no more than \$100,000 per financial year, are available for research effort assistance that leads to JSF industry capability enhancements or manufacturing improvements required by entities within the JSF supply chain or the JSF Program Office.

Customers need to match the Program funding on a 50:50 basis.

Customers will be required to complete Projects in this stream within a period of no more than 36 months.

The exact nature of activities which are Eligible Activities will vary from Project to Project. Examples of the types of activities that will be considered Eligible Activities, provided in the context of the assessment of Eligible Expenditure, include:

- salary costs for employees;
- plant and equipment, including its installation and commissioning;
- expenditure on contractors;
- licence costs for IP; and
- prototyping and first article qualification costs that are not reimbursable from a JSF Prime or OEM, where the activity is a necessary part of the Project. However, what will be included as an Eligible Activity for a specific Project will ultimately be determined on the basis of progress reports, or in any prior approval of Eligible Expenditure provided. Please refer to Appendix 3 in the guidelines for further details of Eligible Expenditure.

The Program encourages cooperation between businesses and/or researchers where relevant and will consider applications for funding of collaborative projects.

Before lodging an application, Applicants are required to contact the CDIC and speak with a Business Adviser:

- Centre for Defence Industry Capability - Level 13, 26 Franklin Street, ADELAIDE SA 5000
- Telephone: (03) 9268 7974
- Email: CDIC@industry.gov.au

Limitations

Eligibility:

To be an Eligible Applicant, an Applicant must:

1. be a certain type of entity;
2. have ownership, access to, or the beneficial use of, any intellectual property necessary to carry out the Project;

- 3.demonstrate an ability to fund the costs of the Project (other than those covered by the Program funding sought by the Applicant);
- 4.where the Project proposed by an Applicant is to be undertaken by a consortium or a trust, comply with any additional application criteria as specified in these Customer Guidelines;
- 5.not be one of the companies engaged on the development of the JSF and listed in an attachment to these Customer Guidelines as a 'JSF Prime'; and
- 6.not be named by the Affirmative Action Agency as an organisation that has not complied with the Workplace Gender Equality Act 2012 (Cth).

Further details in respect to each of these criteria are provided below.

Who can apply?

- For Stream A and Stream B:
 - Non tax-exempt companies or Australian Universities, Cooperative Research Centres (CRCs) or Publicly Funded Research Agencies (PFRAs).
- For Stream C:
 - Non tax-exempt companies that are controlled by an Australian University, CRC or PFRA or an Australian University, CRC or PFRA.

Note: An Applicant must be able to demonstrate that it owns, or has access to or beneficial use of, any existing IP needed to carry out the Project. Applicants are not eligible for Program funding if the IP is in dispute or ownership has not been clearly established.

Applicants are required to contribute to the funding of their Project. Specifically, all Applicants are required to match Program funding on a 50:50 basis.

For Australian Universities, CRCs and PRFAs, matching funding for the Project cannot be provided from grant funding received from other government programs or from contracted member/customer contributions that were provided to the organisation for already designated work activities.

New Enterprise Incentive Scheme (NEIS)

Funding Provider Department of Jobs and Small Business	Eligible to  Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G01522		
Primary Category Business & Industry Development		

Purpose

The New Enterprise Incentive Scheme (NEIS) is delivered as part of jobactive, and helps individuals to start and run a new small business.

Overview

If you want to start and run a new small business, you may be eligible to participate in NEIS, delivered as part of jobactive.

A total of 8,600 places in NEIS are available nationally each year, delivered by a network of NEIS providers.

NEIS can help you become a self-employed business owner. NEIS providers offer support to turn a good idea into a viable business through:

- accredited small business training
- income support (the NEIS Allowance—up to 39 weeks) and rental assistance (up to 26 weeks)
- business mentoring from a NEIS provider in your new business' first year.

Limitations

Who is eligible for NEIS

There are two parts to NEIS eligibility.

Firstly, you can participate in NEIS if you:

- are at least 18 years of age at the time of commencing in NEIS Assistance;
- Are not prohibited by law from working in Australia;
- are available to participate in NEIS Training (if relevant) and work Full-Time in your proposed NEIS Business;
- have not received NEIS Assistance in the past year;
- are not an undischarged bankrupt.

If you are a recipient of some Department of Human Services' or Department of Veterans' Affairs' pensions, you may be able to choose to remain on these payments while participating in NEIS.

Secondly, the NEIS provider will assess your business idea. To be eligible, your business needs to be independent, lawful and commercially viable. You cannot already be operating your business on a commercial basis in Australia.

Participation in NEIS is competitive so not all referrals can be accepted by NEIS providers, even if you are eligible.

For more details, including what sort of business is allowed, see the full list of NEIS eligibility requirements.

What sort of business is allowed?

If you are eligible, your NEIS provider will assess the business idea to make sure it meets the business eligibility criteria. This means your proposed NEIS business:

- cannot already be operating on a commercial basis
- will have an independent business structure
- is lawful and capable of withstanding public scrutiny
- has been assessed as commercially viable by the NEIS provider
- will be established, located and operated solely within Australia
- will be structured so you have and will maintain a controlling interest over the NEIS business for the duration of your time in NEIS.

Public Sector Innovation Fund

Funding Provider Victorian Government	Eligible to ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit	Funding Amount: \$50,000 (approx) to \$400,000 (approx)
Location VIC		Rounds Ongoing
Funding Type Grant G07232		
Primary Category Business & Industry Development		

Purpose

The Public Sector Innovation Fund (PSIF) is a grants program designed to drive new, more effective solutions to complex policy and service delivery challenges in Victoria.

Overview

By providing grants ranging from \$50,000 - \$400,000 we support collaborative, small-scale projects that test new approaches to deliver better outcomes for Victorians. The Fund is open to applications from any organisation working with or within the Victorian public sector. Applications can be submitted at any time.

The Innovation Fund supports collaborative, small-scale projects that drive innovation in the Victorian public sector. By supporting innovation projects, the Innovation Fund seeks to:

- Stimulate public sector innovation by providing project-based grants and governance and advice support.
- Prioritise projects that respond to the principles of public sector reform and strategic government priorities.
- Strengthen the innovation capability in the Victorian public sector by providing an incentive for new ideas and projects and facilitating experiential learning.
- Promote project outcomes and solutions across the public sector to encourage networked responses to complex policy challenges.
- Systematise, where appropriate, learnings from projects (e.g. new procurement approaches, data tools or project methodologies) that can be disseminated across government, creating sustainable improvements to internal capability.

The Innovation Fund will deliver benefits to citizens, the public sector and industry by building public sector innovation capability, improving outcomes for Victorians and creating opportunities for new partnerships between government and other organisations.

Limitations

The Innovation Fund supports innovative projects within the public sector. Projects must be led by a Victorian government department, agency or statutory body, but can involve a mix of collaborating organisations, including businesses, research, not-for-profit and community organisations.

Child Care Rebate

Funding Provider Department of Jobs and Small Business	Eligible to ✔ Individual	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Scholarship S04708		
Primary Category Children & Family		

Purpose

To help working families with the cost of child care.

Overview

Child Care Rebate helps with the cost of child care fees. It covers up to 50% of your out of pocket child care expenses up to an annual limit of \$7,613 per child.

Out of pocket child care expenses are your total child care fees less any Child Care Benefit and Jobs, Education and Training Child Care Fee Assistance you're entitled to.

Once you reach the annual limit for a child you won't be entitled to any further rebate until the next financial year. Depending how you receive your rebate, your assistance may stop when you've received 85% of the annual limit

for a child. If this happens, we'll pay any remaining entitlement after the end of the financial year when we balance your payments.

Child care payments will change from 2 July 2018. We will let you know when you need to do something.

Limitations

There are certain requirements you must meet to get the Child Care Rebate.

You must have:

- used approved child care during the year
- been eligible for Child Care Benefit (entitled at a rate of zero or more)*
- passed the Child Care Benefit work, training, study test (for the purpose of the rebate)
- You and your partner need to have met the work, training, or study requirements during the week in which you used child care, or meet an exception. [Read more about the Work, Training, Study test.](#)

To get Family Tax Benefit (FTB) Part A supplement and Child Care Benefit your child must meet immunisation requirements.

*Please Note: There is no income test for the Child Care Benefit. If you are eligible for the Child Care Rebate, but your entitlement is zero due to income, You are still eligible for the Child Care Rebate.

Andrews Foundation Grants

Funding Provider Andrews Foundation	Eligible to  Not-for-Profit  DGR Required	Funding Amount: \$0 to \$20,000 (approx) Total Pool: Undisclosed
Location VIC		Rounds Closes 1 Jun 2018
Funding Type Grant G00698		Last Round Closed 2 Mar 2018
Primary Category Community Services & Development		

Purpose

The Foundation was established in June 1984, by Mr R. C. Andrews, the Chairman of the Pakenham Blue Metal Group of Companies. The Foundation was created so that Mr Andrews could benefit the community which has supported his business enterprises.

Overview

The Trust prefers to make Grants to communities of people who are helping themselves and others in ways that can be sustained into the future. For example, projects which involve volunteers and where there are expectations and plans for the positive impact of the project to be sustained beyond the Grant period are preferred by the Trust.

The Trust is willing to join with other donors and sponsors to support projects.

Grants are made to organisations in Victoria and the Trust gives priority to projects which are designed to enhance the educational and social needs of young people; designed to develop, test and implement creative solutions to persistent, difficult social and environmental needs and problems; requests for small Grants to enable smaller community organisations to begin or continue to make a positive difference in their communities; and Grants from applicants with a major number of volunteers from the community the applicant seeks to benefit.

Categories:

Aged Care/Health - For residential aged care, the Trust provides limited support for building works, capital fundraising and equipment. Grants are also made to hospitals for the purchase of necessary equipment. The usual limit for such a Grant is \$20,000.00.

Emergency Relief and Material Aid - The Trust supports a number of organisations which provide emergency relief and material aid. These organisations usually work in local communities within the Gippsland region. The usual limit for such a Grant is \$10,000.00.

Environmental Needs and Problems - The Trust supports selective projects for assisting in dealing with environmental needs and problems. These needs include rehabilitation of land and monitoring of land at risk. The usual limit for such a Grant is \$10,000.00.

Small Grants for Smaller Community Organisations - These Grants are aimed to help community organisations that are locally based to either get started or enhance an existing project. The Trust will look to significant contributions from volunteers and other community organisations when making a Grant. The usual limit for such a Grant is \$5,000.00.

Social Disadvantage, Needs and Problems - The Trust sees the need to assist organisations that work in the area of social disadvantage, needs and problems in order to help individuals and groups to find sustainable solutions to their

issues. The Trust favours the targeting of such issues by locally based organisations. However, the Trust will not make Grants to pay for salaries. The usual limit for such a Grant is \$10,000.00.

Education - The Trust will accept Applications from kindergartens, schools (primary and secondary) for projects of building or equipment and innovative programs that will assist students. These programs must be locally based and be designed to benefit a substantial number of students. Applications may also be made by universities and TAFE colleges for Grants for the purposes stated above. The usual limit for such a Grant is \$20,000.00.

Closing Dates for Applications:

The closing dates for applications are the end of the first week in each of March, June and November. The outcome of your Application will be notified to you in writing within four to six weeks from the date of the Trustees meeting.

Priority

The Trust gives priority to:

- Projects which are designed to create and improve educational opportunities and training for students who are disadvantaged or with disabilities;
- develop, test and implement creative solutions to persistent, difficult social and environmental needs and problems – innovation is welcomed;
- requests for small Grants to enable smaller community organisations to begin or continue to make a positive difference in their communities; and
- requests for Grants from organisations that have a major involvement from volunteers in the community.

The Trust gives preference to Grants that benefit communities within the Shires of South Gippsland, Baw Baw, Cardinia, Bass Coast, Yarra Ranges, Mornington and the Cities of Casey and Greater Dandenong. The reason for this is the wish of Mr. Andrews to give back to the regional community where he grew up and made his wealth.

Limitations

The Trust gives preference to Grants that benefit communities within the Shires of South Gippsland, Baw Baw, Cardinia, Bass Coast, Yarra Ranges, Mornington and the Cities of Casey and Greater Dandenong. The reason for this is the wish of Mr. Andrews to give back to the regional community where he grew up and made his wealth.

The Andrews Foundation does not provide funds for:

- General Appeals
- Bursaries, study or travel costs
- Core funding of Organisations
- Recurrent costs of an established program
- The personal development of any one individual
- Sponsorship.

Australian Security Intelligence Organisation (ASIO) scheme

Funding Provider Attorney-General's Department	Eligible to ✔ Individual	Funding Amount: Undisclosed Total Pool: \$3,316,000
Location Aus		Rounds Ongoing
Funding Type Grant G08279		
Primary Category Community Services & Development		

Purpose

The Attorney-General may help a person summoned by the Australian Security Intelligence Organisation (ASIO) to appear before a prescribed authority for questioning.

Overview

Applications can be made to the department for grants to cover legal representation costs and related expenses.

An application for a grant under the ASIO scheme may be made by, or on behalf of, a person that may get the grant under the scheme.

A person who is the subject of a warrant for questioning issued pursuant to Division 3 of Part III of Australian Security Intelligence Organisation Act 1979 is entitled to apply for financial assistance under these guidelines to cover legal and related expenses in relation to the person's appearance before a prescribed authority for questioning under the warrant.

Financial assistance and disbursements

The amount of financial assistance available under a grant will be calculated in accordance with the rates payable under these guidelines as in force from time to time and published on the department's website, and set out in the Commonwealth Legal Financial Assistance Schemes Assessment of Costs document as published from time to time.

Financial assistance is money available under a grant including the following:

1. disbursements; and
2. legal representation costs.

Disbursements include, but are not limited to, the following:

- travel expenses for the applicant to appear, pursuant to the warrant, before a prescribed authority for questioning;
- travel expenses for the applicant's legal practitioner, for the legal practitioner's attendance at the applicant's appearance, pursuant to the warrant, before a prescribed authority for questioning;
- fees for obtaining copies of reports and records;
- fees charged by interpreters;
- any other item contained within the rates payable under these guidelines as in force from time to time and published on the department's website.

Legal representation costs are costs incurred for legal representation in respect of the person's appearance before a prescribed authority for questioning under a warrant.

Limitations

Who is eligible?

The department will not, generally, grant funding to people who can meet the cost without incurring serious financial difficulty.

The department will not, generally, cover the cost of any legal fees or expenses incurred before an application is made.

Excluded costs

Financial assistance for disbursements and legal representation costs will not generally be available for the following:

- compensation for loss of earnings due to time spent in preparing for, or appearing before a prescribed authority;
- compensation for loss of earnings due to time spent in detention pursuant to a warrant;
- compensation for costs (including legal representation costs) incurred by an applicant to make an application under Part 4;

- compensation for costs (including legal representation costs) incurred by a grant recipient in dealing with the department in relation to the grant;
- compensation for costs incurred in the preparation of an itemised bill of costs;
- living expenses;
- a fee paid to a legal practitioner in advance to secure the legal practitioner to act on the grant recipient's behalf (whether or not it is described as a retainer);
- any costs excluded under Division 3 of Part III of the Australian Security Intelligence Organisation Act 1979, particularly section 34ZX(5).
- No grants for retrospective costs: a grant for financial assistance for retrospective costs will generally not be given, except in exceptional circumstances.

---	--	---

Purpose

To support "awesome" projects including initiatives in a wide range of areas including arts, technology, community development, and more.

Overview

The Awesome Foundation is a global community advancing the interest of awesome in the universe, \$1000 at a time.

Each fully autonomous chapter supports awesome projects through micro-grants, usually given out monthly. These micro-grants, \$1000 or the local equivalent, come out of pockets of the chapter's "trustees" and are given on a no-strings-attached basis to people and groups working on awesome projects.

Every chapter interprets "awesome" for itself. As such, awesome projects include initiatives in a wide range of areas including arts, technology, community development, and more. Many awesome projects are novel or experimental, and evoke surprise and delight. Awesome sometimes challenges and often inspires. Browse some grants on the chapter pages of their website for examples.

Applications which focus on making Sydney a more awesome place will be favoured, please keep that in mind!

Applications close the day before our monthly meetings.

Assessors meet on the second Tuesday of each month and award the grant recipient, considering all the previous month's applications.

Example

Previous recipients of an Awesome Foundation Sydney grant include:

- a project to develop the world's smallest patch synthesizer,
- the Green Bans Art Walk,

- the Oxford Street Design Store and Exhibition,
- pop up ping pong in inner Sydney,
- hula hoop classes and Physique, a weekly 80s themed aerobics night.

Bank of Melbourne Neighbourhood Fund

Funding Provider The Bank of Melbourne	Eligible to  Not-for-Profit  DGR Required	Funding Amount: \$0 to \$50,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 15 Jun 2018 Opens 6 Aug 2018 Closes 14 Sep 2018
Funding Type Grant G06156		Last Round Closed 16 Feb 2018
Primary Category Community Services & Development		

Purpose

The Bank of Melbourne Neighbourhood Fund supports charities who receive little or no government funding and aren't big enough to generate significant fundraising income of their own. These organisations invest in projects that will improve the lives of Victorian communities.

Overview

The Bank of Melbourne Neighbourhood Fund supports local charities and programs that deliver sustainable benefits to Victorian communities.

The Fund allocates cash grants in funding rounds with a focus on charities that receive little or no government funding.

To help local neighbourhoods we:

- partner with smaller community organisations who attract little funding from government and aren't big enough to generate significant fundraising income of their own.
- invest in projects that will improve the lives of Victorian communities who are physically, socially or economically disadvantaged.

Additional Information

- Grants up to \$50,000 are allocated during three funding rounds each year.
- Bank of Melbourne Neighbourhood Fund is unable to give funding to individuals or organisations that are not eligible recipients.
- In the interest of supporting many different communities our Governors prefer not to support any one organisation for more than three consecutive years.
- Past recipients should wait until their previous project is acquitted before submitting a subsequent application. Generally, this will be at least one year between applications.
- From time to time, we may partner with a larger charity on a project that addresses an issue which we believe to be of benefit to the communities we support through smaller organisations

Limitations

To be eligible for funding, your organisation must:

- be located in Victoria
- be focused on helping neighbourhoods and local communities
- provide a minimum of 12 months' worth of audited financials

- have an annual gross revenue of less than \$3 million
- receive less than 40% of your income from recurrent state, federal or local government funding (unless you have an income less than \$1million per annum, in which case your Government funding can exceed 40%)
- be endorsed as a Deductible Gift Recipient (but not another ancillary fund). Deductible Gift Recipients must be listed with the Australian Taxation Office under Item 1 of the Table in Section 30-15 of the Income Tax Assessment Act, 1936.

We do not fund:

- projects outside Victoria
- organisations with an income of more than \$3 million per annum.
- organisations who receive more than 40% of their annual funding from government (unless they have an income less than \$1 million per annum)
- auspiced applications
- organisations or projects with religious affiliations
- sponsorship or funding towards a marketing appeal/event or fundraising activities
- projects that support animals or to promote animal welfare

As part of meeting these objectives, Events Tasmania is investing in events that bring competitors and supporters to Tasmania.

Overview

Grants are worked out against set criteria up to a maximum of \$7 000 and are available to eligible competitions, championships and sporting events that:

- attract more than 100 people from outside Tasmania
- stay three nights or more in paid commercial accommodation (hotel, motel, B&B, cabin)
- promote pre- and post-championship holidays and regional touring as a part of their event promotion.

Applicants can be based anywhere in Australia, and must be able to enter into a funding agreement with the Tasmanian Government.

Grants are valued from \$2 000 to \$7 000, depending on how many interstate or overseas visitors are coming to your Championship, which time of year it is held and where the event is held. Please see the table on page three of the [Guidelines](#) for more information.

There are no application deadlines for Championship grants, but we do ask that you lodge your application at least three months prior to commencement of your event.

Limitations

Applicants can be based anywhere in Australia, and must be able to enter into a funding agreement with the Tasmanian Government.

Our funding programs don't support conferences, conventions, symposiums, trade fairs, fundraising events, expos and events that are primarily a showcase for stall-holders to demonstrate, promote or sell services or products.

If your event already receives Events Tasmania funding through a Major Event Partnership you are not eligible for funding from the Grants Program for the same event.

Community Development Grants

Funding Provider Baw Baw Shire Council	Eligible to ✔ Not-for-Profit	Funding Amount: \$0 to \$10,000 Total Pool: \$300,000
Location VIC		Rounds Closes 15 Jun 2018 3PM
Funding Type Grant G02013		Last Round Closed 18 Aug 2017
Primary Category Community Services & Development		

Purpose

Baw Baw Shire Council supports community and volunteer groups through an annual Community Development Grants program.

Overview

Grant Funding

The total budget for the 2018 CDG Program is \$300,000. There are four categories levels of funding available within the CDG Program.

Up to \$ 2,000 for Environmental Projects

- The Environment Programs category provides funding for activities that will enhance a community group's capacity to run or promote programs with a benefit to the environment
- Applicants can propose projects to support natural and built components of environment, sustainable gardens and/or capacity building of an environmental group

Up to \$3,000 for Youth, Community Events and Programs

- This level of funding is aimed at supporting smaller, ongoing social support or communications activities that build community connections
- The Youth, Community Events and Programs category provides financial support to conduct festivals, community, sporting, cultural and major events, developmental programs and programs for disadvantaged groups. Events and programs for youth aged 12-25 are encouraged

Up to \$5,000 for Minor Equipment Purchase

- It is envisaged that equipment/s would be quintessential for successful operation or delivery of services for communities

Up to \$10,000 for Minor Capital Works

- The Minor Capital Works category provides for financial support for minor repairs, renovations and equipment to buildings, clubrooms, sporting, schools and other community facilities in consultation with BBSC prior to an application being submitted
- Under this category, applicants are required to submit an Expression of Interest (EoI) application prior to submitting their main application. Please see eligibility criteria for more details.
- A letter of support for the project to apply for Community Development Grant must be provided by the landowner. This is a mandatory requirement. Applications that do not provide a letter of support will not be assessed
- A \$1 to \$1 contribution is required for all applications Council will provide \$1 for every \$1 contributed by the applicant i.e. if your project is valued at \$4,000, Council will consider funding 50% or \$2,000 Applicant must commit at least 25% of cash and up to 25% in-kind which can be volunteer labour or materials

Priority

Grants are provided to not for profits and community organisations with priority places on proposals that:

- target sectors of the community that face barriers and are excluded from participation and/or
- focus on addressing disadvantage and strengthening social cohesion

Example

Examples for the different funding amounts are as below:

\$2,000: Natural component can be any direct input into environment through tree planting, water quality testing, vegetation protection etc. Built component can be supporting energy sustainability. For example, installation of a solar power/panel in a local community hub. Capacity building can support training, workshop cost of an environmental group.

\$3,000: Generally, applications are made by local community groups with minimal or no staffing, run by volunteers and the organisations are membership based with little other opportunities for funding.

\$5,000: a club may need very special equipment such as hearing aid, communication boards, wheels chairs etc. to improve the accessibility. The equipment can be a lawn mower for a community garden etc. Applicants should, where possible, seek to buy locally.

\$10,000: Examples can be coaches' boxes, synthetic grass, kitchen and toilet upgrades, access ramps, shade shelters, water tanks, building extensions etc.

Limitations

Eligibility Criteria:

To be eligible to apply for a CDG with the BBSC applicants must meet the following criteria:

Community Grants

Funding Provider Australian Ethical Foundation	Eligible to  Not-for-Profit	Funding Amount: \$10,000 to \$20,000 Total Pool: \$300,000 (approx)
Location Aus		Rounds Closes 6 Jun 2018
Funding Type Grant G04067		Last Round Closed 31 May 2017
Primary Category Community Services & Development		

Purpose

The Community Grants program provides financial support to not-for-profit organisations that contribute to humanitarian, environmental and animal welfare efforts in Australia and abroad.

Overview

Australian Ethical grants are for \$10,000 and \$20,000 and are given to grassroots efforts that are changing things for the better.

What will be funded?

Australian Ethical ensure funding represents a fair spread across rural and metropolitan Australia, as well as abroad. Small capital items and specific project costs with clear outcomes will be funded. Staff wages for a specific role supported through the grant will also be funded.

Grants are a competitive process and applications that meet the assessment criteria are not guaranteed funding. Successful applicants may receive a percentage of the total sought, rather than the full amount.

Applications are encouraged from Australian-based organisations that focus on work in Australia or overseas in one or more of the following areas:

1. **People: Improving lives**
2. **Planet: Protecting the environment**
3. **Animals: Protecting and supporting animals**

Limitations

Who can apply?

Grants are available to not-for-profit social enterprises and organisations and registered charities based in Australia. Organisations working for a charitable purpose for the benefit of people, the planet and/or animals in Australia, or internationally, are encouraged to apply. New, emerging or small not-for-profit groups are eligible to apply as long as they have an Australian Business Number (ABN), documentation that supports it's not for profit status and an Australian bank account.

Eligible funding

Core expenses (e.g. rent, insurance, admin, and general business operations), retrospective funding (support for activities that have already taken place), fundraising appeals (including general capital appeals), or funding direct to individuals will not be funded.

Community Grants Program

Funding Provider The Jack Brockhoff Foundation	Eligible to ✔ Not-for-Profit	Funding Total Pool: Undisclosed
Location VIC		Rounds Opens 1 Aug 2018 Closes 30 Aug 2018
Funding Type Grant G08150		
Primary Category Community Services & Development		

Purpose

The aim of the Community Grants Program is to support innovative programs that will have a lasting impact on communities throughout Victoria.

Overview

Each year the Jack Brockhoff Foundation supports many charitable organisations across Victoria.

Applications are invited from eligible organisations (see below) which meet the following high level criteria:

- Have a broad community reach and profile
- Demonstrate sound management and service excellence in meeting clients' needs
- Have a high degree of community and/or volunteer involvement
- Connect their operations with the community they seek to assist
- Benefit people residing in Victoria

The Foundation is particularly interested in providing seed funding for new projects.

Applications for projects which involve partnerships with other non-for-profit organisations working collaboratively to address a community need are encouraged.

Key assessment criteria

The Foundation does not have the resources to fund all the projects which are submitted for funding. Therefore, grant applications are assessed taking into consideration the Foundation's current key funding priorities as well as how well the organisation and its proposed project/program addresses several key assessment criteria.

We have listed below some of the major factors taken into consideration when grant applications are reviewed and compared with other applications. Please note, this is not an exhaustive list but gives an insight as to the Foundation's current funding priorities.

We acknowledge the subjective nature of several of the listed criteria.

Organisation's Board and Management

- Reputation and period of operation including relationship with the Jack Brockhoff Foundation (e.g. outcomes from past grants);
- Quality of referees and feedback from site visits or meetings with key staff and clients and input from the experiences of other philanthropic trusts and foundations;
- Local/client representation in management structure (ensuring clients' interests as well as sponsors are considered in addition to volunteer representation);
- Open and accountable management as indicated in published (audited) annual reports, websites, newsletters, etc.;
- Involvement and leadership in the planning of local services so that community development is enhanced and local input is taken into consideration;

- A strategic plan and regular reviews of an organisation's operation and business plan taking into consideration input from all stakeholders;

Financial

- Revenue is sourced from a wide range of contributors e.g. government (local, state, federal), fundraising activities, philanthropic grants, local service groups (Rotary, Lions Clubs), businesses etc. and no heavy reliance on one input only;
- The organisation is 'financially robust' with clear indication of its viability to serve its clients, maintain its assets and fund its operating costs (rent, salaries, etc.) over the medium to long term;
- Requests for support of capital campaigns must demonstrate the viability of the project, submitting evidence of building approvals etc. as well as a timetable detailing when funds are to be directly applied to the project;

Community integration and support

- Significant local support for the work of the organisation, both financially and in-kind, so that the organisation and the clients it serves are recognized as an 'ongoing responsibility' of the local community;
- Actively encourage the involvement of local volunteers in program activities as well as supporting services through auxiliaries, sub-committees and fund raising activities. Volunteers should be supported through appropriate education and training;

Collaborative behaviour

- Organisations serving a similar client constituency in a local community are encouraged to work collaboratively, sharing information, program ideas, services, facilities, equipment, etc.;

Programs/Projects attributes

- The proposed project/program is consistent with the applicant organisation's stated 'mission and purpose';
- The project/program is new and seed funding is required for an innovative idea which creatively addresses a 'problem' and where traditional funders may not be forthcoming until evidence of successful outcomes is apparent;
- The organisation demonstrates expertise and capability in delivering successful programs to its clients;
- The program/project has defined outcomes and objectives with a cohesive and well thought out plan for the achievement of the stated goals;
- Preference is shown to preventative or early intervention programs/projects such as:
 - Services/programs which keep people from deteriorating in physical or mental state or exposure to physical risk
 - Services/programs which keep people connected to their family/ community or that facilitate completion of education
 - Services/programs which keep people from moving into more acute care, homelessness or extreme poverty
- The Program is expected to be independently evaluated with the results accessible to interested external parties;

Equipment

- The need for the equipment should be 'urgent' (i.e. need to have rather than nice to have);
- It should be durable for use over a period and will benefit a large number of people;
- Where possible, to be considered a community asset, equipment must be accessible to a wide range of people;
- Funding is NOT provided for equipment where that equipment forms part of mandatory requirements to meet industry certifications or accreditations;
- Where appropriate, the organisation may be required to provide a maintenance plan and/or proof of the capacity to insure or maintain the equipment after purchase.

Please note that those intending to apply for a Community Grant must call the Executive Officer to discuss their request before submitting an application.

Priority

reference is given to applications which are:

- Are seeking seed funding for a new idea or approach to achieving positive social change
- Enjoy good community support and involvement, particularly of volunteers
- Are focused on clear, positive outcomes for people experiencing financial or social disadvantage
- Demonstrate a good understanding and knowledge of the people the project/ program hopes to assist; and
- Have a plan for sustainability.

Limitations

The Jack Brockhoff Foundation supports charitable organisations across Victoria.

Community Visitors Scheme (CVS)

Funding Provider Department of Health	Eligible to ✔ Local Govt ✔ State Govt ✔ Business ✔ Not-for-Profit	Funding Amount: \$7,000 to \$2,000,000 Total Pool: \$46,000,000
Location Aus		Rounds Closes 12 Jun 2018 5pm AEST
Funding Type Grant G06141		Last Round Closed 5 Apr 2013
Primary Category Community Services & Development		

Purpose

The Community Visitors Scheme (CVS) supports organisations (auspices) to recruit volunteers to provide friendship and companionship for older people who receive Australian Government subsidised aged care and who are isolated or at risk of social isolation.

Overview

This CVS Grant Opportunity is divided into the following 3 Activities:

Activity 1: CVS Home Care involves volunteers conducting one-on-one visits to consumers of an Australian Government subsidised Home Care Package. These visits are conducted by a single volunteer in the home of the care recipient.

Activity 2: CVS Residential Care is comprised of one-on-one and group volunteer visits to consumers of Australian Government subsidised residential aged care. One-on-one visits are conducted by one volunteer with a single care recipient. Group visits involve one or more visitors to two or more consumers of Australian Government subsidised residential aged care at the same time, occurring in the residential aged care home.

Activity 3: CVS Network Members represent and support CVS auspices within each state and territory. A Network Member for each state or territory (combined NSW/ACT) will be appointed. The local CVS Network Member can advise which CVS auspices are operating in the area. The Network Members have responsibility for facilitating links between CVS auspices and the department and supporting the CVS auspices.

This program has particular focus on specific groups that are at higher risk from social isolation. These special needs groups include but are not limited to: people from Aboriginal and Torres Strait Islander communities; people from culturally and linguistically diverse backgrounds; people who live in rural or remote areas; people who are financially or socially disadvantaged; veterans; people who are homeless or at risk of becoming homeless; care leavers; parents separated from their children by forced adoption or removal; lesbian, gay, bisexual, transgender and intersex people.

Limitations

Who is eligible to apply for a grant?

In accordance with Subsection 82-2 (1) of the Aged Care Act 1997 to be eligible you must be a body corporate.

You must also be one of the following entity types:

- a company incorporated in Australia
- a company incorporated by guarantee
- an incorporated trustee on behalf of a trust
- an incorporated association
- a consortium with a lead organisation
- a registered charity or not-for-profit organisation
- a publicly funded research organisation
- an Australian local government body
- an Australian State/Territory government body

- an Aboriginal and/or Torres Strait Islander Corporation registered under the Corporations (Aboriginal and /or Torres Strait Islander) Act 2006.

Applications from consortia are encouraged by the department. The lead organisation must meet the eligibility criteria. The department will enter into a grant agreement with the nominated lead organisation.

Who is not eligible to apply for a grant?

In accordance with Subsection 82-2 (3) of the Aged Care Act 1997 and Part 4 of the Grant Principles 2014, a body is not eligible if it is an approved provider or a body that is directly associated with an approved provider unless the body is:

- a local government authority; or
- a charitable or religious body.

Dreams for a Better World Program

Funding Provider Sunsuper	Eligible to ✔ Not-for-Profit ✔ Individual	Funding Amount: \$5,000 to \$50,000 Total Pool: \$150,000
Location Aus		Rounds Closes 29 Jun 2018 9am Closes 14 Sep 2018 9am
Funding Type Grant G05982		Last Round Closed 13 Apr 2018
Primary Category Community Services & Development		

Purpose

Sunsuper's community grants are here to give you the leg up, a helping hand to make your dream a reality.

Overview

Win a share of \$150,000 in grants from Sunsuper's Dreams for a Better World program and help make a difference in your local community.

The judges look for eligible dreams that will make a difference to the lives of other Australians and have a positive impact on the community. Tell us about your grassroots community group or not-for-profit organisation and how you would spend a grant of up to \$50,000 to make your dream a reality.

There are three rounds for community grants and each round has a different theme.

• Round 1: Better Living - Applications close 13 April 2018

We're looking for dreams that improve the lives or living standards of other Australians.

It may be a community development program to create more affordable housing or help our ageing population or newcomers to Australia. Or your dream may help kids and families in need or simply create a better environment for a more sustainable world. Dream big and tell us how your not-for-profit organisation can help others live better.

• Round 2: Brighter Futures - Applications close 29 June 2018

Does your dream empower others to learn and earn to have a brighter future?

Tell us if you need funding for education initiatives or to create jobs for those in need, or improve financial wellbeing and affordability for Australians. We're also looking for dreams that enhance employment opportunities, or offer training and support to those who need a helping hand to get into or back to work.

• Round 3: Active Community - Applications close 14 September 2018

Let's create active and healthy communities across Australia.

If you're looking for sports grants to help people of all ages and abilities be more active, or to improve the health and fitness of those in your community, apply for our Active Community grant. Or if you have a dream to create more active communities through health initiatives, wellbeing programs or by tackling medical issues faced by the wider community we also want to hear from you.

How does it work?

1. Submit your Dream
2. Shortlisted 6
3. The people vote
4. Top 3
5. The judges decide
6. The Grand Final

How is the prize pool allocated for the community grants?

\$5,000 is granted to the three finalists for each round with the highest number of valid public votes in their round. An additional \$5,000 is given to the Round Winner chosen by the Expert Judging Panel.

The four round winners will then each be allocated further grants of \$30,000, \$15,000, \$10,000 or \$5,000 depending on where they are placed overall following the Grand Final pitch and will receive their grants at the Grand Final Awards Night. An Additional \$10,000 grant will be awarded to the People's Choice recipient.

Limitations

Entry Eligibility Requirements:

Entry is only open to Australian residents aged 18 years or over. Employees (and their immediate families) of the Promoter and agencies associated with this promotion are ineligible to enter. Immediate family means any of the following: spouse, ex-spouse, de-facto spouse, child or step-child (whether natural or by adoption), parent, step-parent, grandparent, step-grandparent, uncle, aunt, niece, nephew, brother, sister, step-brother, step-sister or 1st cousin.

Does your dream qualify?

To qualify, your dream must aim to make a positive difference in the community, and it must also:

- benefit a registered community cause, charity group or not-for-profit organisation (and not an individual)
- be based in Australia with funds being spent in Australia
- be able to be undertaken in the next 12 months
- fit with the round theme

Sunsuper Dreams for a Better World is open to all residents of Australia, aged 18 years or older at the time of entry. You don't need to be a SunsUPER member to enter.

You'll receive a confirmation email that your dream has been accepted. If your dream doesn't meet the guidelines, we'll let you know.

Easy Grants

Funding Provider BankWest Foundation	Eligible to ✔ Not-for-Profit	Funding Amount: \$200 to \$1,000
Location Aus		Rounds Ongoing
Funding Type Grant G06458		
Primary Category Community Services & Development		

Purpose

We're giving Bankwest customers the opportunity to apply for a grant to support a local community group that they're involved with

Overview

The Easy Grants program is run in support of local community groups across Australia. This unfortunately does not cover charitable organisations such as those seeking donations or fundraising

We accept applications from all types of community groups such as sporting clubs, schools, scout groups, fire brigades, surf lifesaving clubs, dance schools, choirs... the list goes on. You will need to ensure that your group meets the entry criteria.

Some examples of grants include:

- New team uniforms or training equipment for a local sporting club.
- Provide a school award for a top performing student.
- AV equipment for a choir to run an annual performance.
- New training mitts and kick pads for a martial arts school.
- New rescue board for a surf lifesaving club.

You can apply for one grant on behalf of one community group per calendar year. If multiple applications are received for one community group, the group will be eligible for public voting once only. If you are involved with multiple community groups, we encourage you to direct other members of those groups to this website so they can apply.

For all the applications received each month, twenty will be shortlisted by the Bankwest team. The public will be invited to vote for the group they believe should receive the grant. The three community groups with the most amounts of votes will be awarded with a \$1000 grant each, and the remaining 17 groups will receive a \$200 grant each.

Limitations

- Either yourself or the community group you are applying on behalf of must be an active Bankwest customer to be eligible to receive a grant ie, you must have made a transaction on your everyday account or credit card within the last 6 months or hold a term deposit, home loan or personal loan with Bankwest.
- Your community group must not have previously received a Bankwest Easy Grant in the last year and you must not have applied on behalf of more than one community group.
- Your community group must be an unincorporated association or not for profit group. Registered businesses and incorporations that operate for profit are not eligible.
- Your community group must operate in Australia and remain within Australia.
- The grant must not be of personal benefit to yourself or your family, e.g. academic funding and research.
- Your community group must not involve activities linked to animal welfare or animal activism.
- The grant must not be used for fundraising, a donation for a charitable organisation or to fund general charity overheads, e.g. staff salary, rent.
- Your community group must not be a discriminatory, political or religious organisation.
- The grant must not involve hazardous or dangerous activities.
- The grant must not involve gambling.

Equitable federal justice system grants

Funding Provider Attorney-General's Department	Eligible to ✔ Not-for-Profit	Funding Amount: \$20,000 to \$900,000 Total Pool: \$2,974,000
Location Aus		Rounds Closes 31 May 2019
Funding Type Grant G07908		
Primary Category Community Services & Development		

Purpose

To provide funding to Australian organisations working in the areas of law reform, legal research and law enforcement and humanitarian legal issues.

Overview

The GAOP has two funding streams.

- Stream One: Grants relating to law reform, legal research and law enforcement. This is the primary stream of the program. Only organisations endorsed by the NJPSOG to apply for GAOP funding are eligible under this stream.
- Stream Two: Grants relating to the application of humanitarian legal issues.

The objectives of the Grants to Australian Organisations Program (the Program) are to fund suitable activities that relate to, or assist with, the pursuit of an equitable and accessible system of federal civil justice.

The expected outcomes are:

- A website that provides access to legislative material and records the decisions of courts and tribunals
- An increase in the knowledge of Australian judicial and law enforcement officers

- Higher levels of research into judicial administration and improved education programs for legal officers in relation to court administration and judicial systems
- Increased awareness of the requirements expected from the application of the principles of humanitarian law.

There are no limits on the grant amount per grant application, although it is anticipated that most grants will be between the following ranges:

- Stream One: \$75,000 - \$900,000, depending upon the scope and complexity of the grant activity.
- Stream Two: \$20,000 – \$850,000, depending upon the scope and complexity of the grant activity.

Submit your application/s to the Attorney-General's Department at GAOPMailBox@ag.gov.au by 31 May 2019.

Limitations

Eligibility:

Stream One This is the primary stream of the program. Only organisations endorsed by the NJPSOG to apply for GAOP funding are eligible under this stream.

Stream Two To be eligible for funding, grant recipients should be a non-government 'not for profit' organisation, a community organisation, or a local government association or agency and demonstrate that their project relates to the application of humanitarian law.

Applications from consortia are welcome.

Applicable to both streams:

To be eligible you must:

- be a legal entity able to enter into a legally binding agreement
- have an Australian Business Number
- be registered for the purposes of GST
- have an Australian bank account.

Also, you must be one of the following:

- a company incorporated in Australia
- an incorporated association
- a consortium
- a registered charity or not for profit organisation.

Who is not eligible for a grant?

You must not be a:

- State or Territory Government
- Australian Government agency
- political organisation
- an individual
- commercial or 'for-profit' organisation.

Organisations with outstanding acquittal reports relating to previously funded projects, or who have had projects terminated by State/Territory or Australian Government agencies for performance or integrity reasons, will generally not be considered for funding. Organisations should include information about their previous funding history in their grant application.

Eligible grant activities:

What can the grant money be used for?

- **Stream One** The grant can be used for the following grant activities:
 - To assist to maintain a free-access website that allows the community to search legislative material and court and tribunal decisions, and/or
 - Operational and other expenditure to support the provision of education and training programs for law enforcement and Australian judicial officers and others, and/or
 - Operational and other expenditure to support research into judicial administration and the development and conduct of educational programs for judicial officers, court administrators and members of the legal profession in relation to court administration and judicial systems.
- **Stream Two** The grant can be used for the following grant activities:
 - Projects to ensure the principle of humanity is considered and implemented by policy makers and others who work in the area of, or use humanitarian law.
 - Other related projects that are designed to assist with the pursuit of an equitable and accessible system of federal civil justice.

What can't the grant money be used for?

- Streams One and Two:
 - Grant activities commenced prior to the grant agreement being executed by all parties.
- Stream Two:
 - Ongoing administrative expenses— Funding will not usually be provided for an organisation's ongoing operation or running costs; for example, funding for general operation, secretariat expenses or support for a research officer. However, administrative expenses directly and exclusively associated with the proposed project may be considered.
 - Similarity to projects already funded by the Commonwealth, State or Territory Authorities— Prospective applicants are required to declare any other funding they have received or have applied for in relation to the project. Funding will not usually be provided for projects or activities which are already funded by the Commonwealth, a State or Territory authority. Other funding sources for the project need to be identified in the application/ funding proposal.
 - Capital equipment and capital works— Funding will not be provided for the purchase of large scale capital equipment or capital works. This includes the purchase or lease of land and the purchase, construction or maintenance of buildings and vehicles.
 - Advocacy- Funding will not be provided for the advocacy of political or social views.
 - Other activities— Funding will not usually be provided for individual scholarships, projects that provide personal protection for specific individuals or projects that duplicate existing projects in the same community.

Funding for charitable organisations

Funding Provider Australian Communities Foundation	Eligible to  Not-for-Profit  DGR Required	Funding Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G06224		
Primary Category Community Services & Development		

Purpose

Australian Communities Foundation supports a range of charitable organisations and projects each year.

Overview

Grants are made locally, Australia wide and internationally through Australian registered charitable organisations.

These fall broadly into the areas of arts & culture, community development & advocacy, community services & welfare, disability, education, training & employment, environment, health & medical research, overseas aid & development.

Specific target groups are also supported, including Indigenous communities and refugee/asylum seekers.

Australian Communities Foundation primarily makes grants to the community in two ways:

- through requests from our donors on the basis of their areas of interest and
- through Australian Communities Foundation's identified strategic initiatives, such as MacroMelbourne, Youth at Risk, and Indigenous Education and Capacity Building.

There is no formal submission process for organisations seeking funds from Australian Communities Foundation. Eligible organisations can submit a request for a grant via our on line submission form.

Limitations

Who can Australian Communities Foundation support?

Australian Communities Foundation only makes grants to organisations with the following tax ATO endorsements:

- TCC – Tax Concession Charity
- DGR – Deductible Gift Recipient Item 1 of the table in section 30#15 of the Income Tax Assessment Act 1997 (ITAA).

Gandel Grants

Funding Provider Gandel Charitable Trust	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Amount: \$0 to \$40,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G02590		
Primary Category Community Services & Development		

Purpose

Gandel Philanthropy awards grants to community organisations to meet both the immediate as well as long-term needs within the Australian and Jewish community, in a number of clearly defined Areas of Interest. Through its grantmaking activity, Gandel Philanthropy aims to achieve its vision of creating a positive and lasting difference in people's lives.

Overview

Gandel Philanthropy has three levels of grant giving that are aimed at providing support for both Jewish and Australian causes and organisations.

Within those three levels, there are a number of specific Areas of Interest towards which grants are allocated, as described below.

Community Grants -

These grants are allocated up to a maximum amount of \$40,000. They are generally envisaged as one-off grants aimed at providing support for a defined program or part of a program.

They are mainly intended for smaller community organisations, however any eligible organisation can apply for support for programs or services within one of the specified Areas of Interest. The **Community** Grant level is implemented as a rolling program, with applications accepted throughout the year. Decisions on the grant applications will be made around four times a year.

Community Grants will be allocated in both the traditional and new areas of interest, reflecting our wish to explore and learn about the needs in a range of sectors in the community. These areas of interest may continue to evolve.

Gandel Philanthropy **Community Grants** are allocated towards six specific Areas of Interest:

- Arts & Culture;
- Education;
- Health & Medical Research;
- Community Development;
- Social Cohesion & Inclusion; and
- Poverty & Disadvantage.

Major Grants

Major Grants reflect Gandel Philanthropy's wish to provide more substantial and meaningful support to not for profit organisations to achieve stronger and longer-term positive social impact within the specified area of interest. These grants can be allocated as a single, one-off contribution or be part of multi-year support, depending on the nature of the need and the proposal. As a rule, the aim is to support programs that are evidence-based, that deliver defined positive outcomes in the community, that provide long-term benefit to the target audience, and that have the potential to be broadly implemented.

Funding for these grants can range from \$40,000 to a maximum of \$250,000.

It is important to note that applications for the **Major Grants** are available by invitation only. Selected organisations may be invited to apply throughout the year, while decisions will generally be made twice a year.

Through **Major Grants**, Gandel Philanthropy provides support for Jewish and Australian causes in a set number of Areas of Interest. Again, some of these have traditionally been part of Gandel family's philanthropic giving in the past, and some are more recent:

- **Arts & Culture;**
- **Education;**
- **Health & Medical Research;**
- **Youth at Risk;**
- **Jewish Identity & Leadership; and**
- **Indigenous Programs;**

Flagship Grants

This level of giving was developed with the aim of providing support for significant, flagship-type activities, programs and causes. Flagship Grants are just that – leadership-type grants that will provide significant support to undertake initiatives that will help strengthen, or build, more resilient, more vibrant and more inclusive communities.

Similar to the previous level of giving, Gandel Philanthropy will work to investigate, research and analyse the issues, the needs and then decide who to work with, in which area and to what aims. Funding for these grants can range from \$250,000 to a maximum of \$2 million, awarded as a one-off grant or over a number of years, depending on the need.

Applications for **Flagship Grants** are by invitation only. Selected organisations may be invited to apply throughout the year, while decisions will generally be made twice a year.

Areas of Interest for **Flagship Grants** are the same as those for **Major Grants**:

- **Arts & Culture;**
- **Education;**
- **Health & Medical Research;**
- **Youth at Risk;**
- **Jewish Identity & Leadership; and**
- **Indigenous programs;**

Limitations

Any organisation considering applying to Gandel Philanthropy for support must ensure they are eligible to apply.

Gandel Philanthropy may only give grants to eligible charitable organisations that fulfil the following requirements:

- They are charitable at law;
- They have the Deductible Gift Recipient (DGR) status – provision for gift deductibility must be under *Item 1*, or they must be specifically named as a DGR in Subdivision 30-15 of the Income Tax Assessment Act 1997;
- They are endorsed as Tax Concession Charity (TCC).

When applying, all organisations must supply copies of the relevant documents with each application. Please note that print-outs from the ABN Lookup website are not sufficient to prove eligibility.

Google Ad Grants

Funding Provider Google	Eligible to ✔ Not-for-Profit	Funding Amount: Undisclosed to \$10,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G04898		
Primary Category Community Services & Development		

Purpose

Google Ad Grants provide free Google AdWords advertising – up to \$10,000 USD per month – on Google search result pages, to eligible non-profit organisations. The programme is designed to help organisations extend their public service messages to a global audience to make a greater impact on the world.

Overview

Google Ad Grants shows your search ads to people who are searching Google for Non-Profits like yours, and helps you reach people who were previously unaware of your cause. You can share your message across the globe, or focus on people near you.

Once your ads are live, you can use Google Analytics and conversion tracking to understand how your ads are performing. Which keywords are the strongest? Which ads are driving donations, or recruiting volunteers? Get answers to these questions - and plenty more.

Whether you're new to search advertising or are a seasoned pro, Google Ad Grants makes it easy to launch effective campaigns, with advertising solutions designed for non-profits of all shapes and sizes.

As you think about the best ways to use Google Ad Grants, here are a few guidelines to keep in mind:

- Your ads will be entirely text-based (no videos or images).
- They'll appear only on Google search results pages, in positions below the ads of paying advertisers.
- All campaigns must be keyword-targeted.
- Your maximum cost-per-click (CPC) will be \$2.00 USD.
- You'll receive \$10,000 USD of in kind AdWords advertising each month.

Example

See how Google Ad Grants helps non-profits around the world drive awareness, attract donations, recruit volunteers and much more.

The Fred Hollows Foundation (AUS): Over the 2013 fiscal year, the Google Ad Grants account contributed to almost 15% of the organisation's online donations and helped enable The Fred Hollows Foundation to secure the resources to complete over 4.5 million eye operations, procedures and treatments. The Ad Grants account drove over 87,000 clicks and 2,000 conversions in 12 months and provides the organisation a platform to test the effectiveness of different campaign structures and ad copy. The Fred Hollows Foundation applies the findings from their Ad Grants account to their paid AdWords account, a strategy that contributed to their winning the Australian Charity of the Year award in 2013.

Science Buddies (USA): Science Buddies was one of the earliest adopters of the Google Ad Grants programme, having joined in 2003, the year that the programme launched, and later became a Grantspro recipient. In 2004, 171,000 unique visits to Science Buddies came via Ad Grants; by 2005, this number had increased to 773,000 unique visits. By 2006, Google Ad Grants had doubled the traffic to the website. According to President and Founder Kenneth Hess, "Ad Grants really put us on the map!". In the past 12 months alone, approximately 1,500 teachers have registered to download resources to help manage student science projects and approximately 100,000 students have registered to use the Topic Selection Wizard, which helps them find a science project suited to their interests. As Science Buddies launches into new exciting areas, such as a repository of STEM career information, fun Science Activities and real-time Science News Feeds, they plan to build AdWords campaigns to promote the launches and bring more aspiring science minds to life.

Kiwis for kiwi™ (NZ): Within the first month of advertising with Google Ad Grants, Kiwis for kiwi™ reported their national fundraising campaign traffic increased by 105% and reached an all-time high of 12,000 visitors. Over the next 7 months, source traffic from Google AdWords continued to grow by 25% and currently represents 80% of their total site visits. They are actively monitoring their campaigns and are ecstatic to see such success and growth. As Kiwis for kiwi™ works

towards their one year mark as a Grantee, they are looking towards implementing Conversion Tracking within Google Analytics to better understand the number of donations coming from AdWords.

Limitations

Eligibility guidelines:

Organisations that meet the following criteria are eligible to participate in the Google for Non-Profits programme:

- Registered as a charitable organisation. Organisations must be currently registered with Connecting Up, TechSoup Global's regional arm.
- Organisations must be a non-government income tax exempt (ITE) non-profit organisation as defined by the Australian Charities and Non-Profits Commission (ACNC) and/or the Australian Taxation Office (ATO).
- Not one of the following:
 - Governmental entity or organisation
 - Hospital or health care organisation
 - School, childcare centre, academic institution or university (philanthropic arms of educational organisations are eligible).

To maintain your eligibility for Google Ad Grants, your organisation must:

- Link your ads to one (and only one) website domain, which should be the same one that was approved in your initial application.
- Actively manage your AdWords account by logging in once a month and making at least one change to your account every 90 days.
- Your ads and keywords should match your organisation's programmes and services.
- Strictly commercial advertising is prohibited.
- If you're promoting products or services, 100% of the proceeds must go directly to supporting your programme.
- Your ads must not link to pages that are primarily composed of links to other websites.
- Your ads may not offer financial products (like mortgages or credit cards), nor can they request donations of cars, boats or other property.
- Your site can't display Google AdSense ads or affiliate advertising links.

Ad Grants recipients build and manage their own AdWords accounts similar to paying advertisers and have a number of options within the following limits:

- A daily budget limit of \$329 USD, which is equivalent to about \$10,000 USD per month
- A maximum cost-per-click (CPC) limit of \$2.00 USD, or you may enable the Smart Bidding strategy called Maximise Conversions, which automatically sets bids to help get the most conversions for your campaign while spending your budget. Maximise Conversions may bid higher than \$2.00 USD if appropriate to your account goals. Note that other Smart Bidding strategies are capped at \$2.00 USD CPC.
- Only include keyword-targeted campaigns
- Only include text ads that appear on Google search result pages, in positions below the ads of paying advertisers.

Harcourts Foundation Grants

Funding Provider Harcourts Foundation	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 30 Jun 2018 Opens 1 Jul 2018 Closes 30 Sep 2018 Opens 1 Oct 2018 Closes 31 Dec 2018
Funding Type Grant G07264		Last Round Closed 31 Mar 2018
Primary Category Community Services & Development		

Purpose

As our Purpose is “To provide support that helps, grows, and enriches our communities”, we have a clear focus on providing grants to reputable community-based charitable organisations which need funding for projects and initiatives designed to benefit as many people as possible.

Overview

Being positive caring members of our communities is an important part of who we are. The Harcourts Foundation enables us to better support our team in the way they wish to support their communities.

Please ensure that your organisation has both DGR and TCC status before writing your application.

- An application for a grant must be for a specific event, project, item, or initiative.
- Events, projects, items or initiatives for which a grant is given must be scheduled to occur within four months of receiving the grant (payment will occur within 6 weeks of the end of the round applied within).
- Grants will not be given for items already purchased or events/initiatives/projects already held.
- If the grant is not used for the purpose for which it was applied, we will request that you return it so we can provide it to another group elsewhere. We may ask for supporting documents such as quotes etc.
- If you are a branch of an organisation where another branch has been successful in achieving a grant from us in the past, this does not mean you automatically qualify for a grant. Each application will be considered independently based on funds available and circumstances at the time.
- If you are successful, please do not apply within the next 18 months, as we would like to assist other organisations.
- You may apply as a national or regional organisation, however your application must be for a specific community event, project, item, or initiative that fits the criteria.

Priority

Priority is given to those areas where the Harcourts office is currently a financial contributor to The Harcourts Foundation (Note: many of our offices fund and support a huge range of community initiatives through their own offices as well as through The Harcourts Foundation).

In the event that we receive more applications that meet the criteria than we have funds available, we will prioritise those applicants which demonstrate their grant will have the widest community impact.

Limitations

The Harcourts Foundation can only make grants to organisations with BOTH Deductible Gift Recipient (DGR, Type 1) and Tax Concession Charity (TCC) status.

Because most of the funding for The Harcourts Foundation is generously provided by our Harcourts offices, we will only consider applications from groups for a specific event, project, item, or initiative where Harcourts has an office.

Please do not apply if your grant request is for any of the following:

- Individual needs – our focus is on supporting as many people as possible within our communities.
- Overseas or other travel costs – (individuals or groups) unless a direct community benefit can be shown.
- Religious, political, or lobby causes/activities.

Honda Foundation Grants

Funding Provider The Honda Foundation	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 10 Aug 2018
Funding Type Grant G01837		Last Round Closed 22 Feb 2018
Primary Category Community Services & Development		

Purpose

The Honda Foundation acts as a charitable trust, providing financial assistance to charities and organisations doing amazing work across a range of social and environmental issues.

Overview

The Honda Foundation aims to inspire goodwill by donating much needed funds to worthy causes nationwide. We know we have the power to create meaningful change and see it as our responsibility to do so. The Honda Foundation embraces that responsibility by giving back to the community and supporting those charities who work tirelessly to implement change in the lives of Australians.

Some of the issues we support include:

- Supporting the disadvantaged, disabled or those suffering from illness
- Relief for victims of natural disasters
- Promotion of innovation and new technologies
- The promotion, development and preservation of Australian culture

We understand the power of mobility. So, The Honda Foundation also provides a 12-month Loan Vehicle Program which includes registration, insurance and all servicing costs, and is capped at 20 loan vehicles at any one time.

Applications are assessed twice a year in March and September, but close one month prior.

IGA Community Chest

Funding Provider Independent Grocers of Australia (IGA)	Eligible to ✔ Not-for-Profit	Funding Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G08360		
Primary Category Community Services & Development		

Purpose

Through IGA Community Chest and associated programs, well over \$80m has been raised to help local communities.

Overview

IGA Community Chest raises funds to support local communities, charities and other worthwhile causes. It could be in response to a major event like floods or bush fires or something as simple as new soccer balls for the local under 8's.

The money is raised in a number of ways but predominately through the purchase of products with an IGA Community Chest logo on the label or ticket.

When you purchase a product with the IGA Community Chest logo printed on the label a percentage is credited to that store's IGA Community Chest account.

In most states IGA Community Chest beneficiary cheques are distributed throughout the year, meaning you can apply at any time.

How are IGA Community Chest beneficiaries chosen?

There is a tiered system for choosing beneficiaries.

- For local activities the beneficiaries are chosen by the local stores
- Regional activities they are chosen by the region or group of stores
- State beneficiaries are chosen in consultation with the State Executive and Board.

Here is a couple of tips on becoming an IGA Community Chest beneficiary:

- It is best to approach your local IGA store directly. Prepare a pitch and it may include:
 - An overview of your organisation and/or the individual that you'd like supported;
 - What support are you looking for – monies, donations of goods, providing team jumpers, holding regular fundraising at the store, group registrations at the store, etc;
 - How the donation will be used and your timing.
 - Is there anything you can offer in return to IGA?
 - Don't forget to include your contact details.

Example

The Humpty Dumpty Foundation The Humpty Dumpty Foundation and Independent Grocers of Australia (IGA) made a significant difference to the lives of Sydney children. From January 2017, IGA made 11 donations across NSW and ACT to support much-needed medical equipment for hospitals to the value of \$150,000. IGA's support of the Humpty Dumpty Foundation and the local community is immeasurable. The support to families in Sydney means children have access to medical equipment that is very much needed by the medical staff and, most of all, it is life-saving.

Westmead Children's Hospital Mint Fresh IGA in Baulkham Hills visited The Children's Hospital at Westmead in February to present a \$2,670 Aerogen Nebuliser to the Paediatric Intensive Care Unit. The money for the nebuliser, which makes the administering of medications easier for children with respiratory illnesses.

Moruya District Hospital The Humpty Dumpty Foundation and Dalmeny IGA purchase a piece of vital medical equipment for the Eurobodalla children. Local IGA retailers presented Moruya District Hospital with a jaundice detector valued at \$4,780 for the Maternity Unit. This jaundice detector is used to help clinicians determine the jaundice levels through the skin without harming the baby.

MX550 Patient Monitor IGA retailers and the Humpty Dumpty Foundation donated \$26,920 to fund a MX550 Patient Monitor for the Blacktown Hospital's special care nursery. The monitors are used daily to measure a child's blood pressure temperature, heart rate and respiratory rate to determine how well they are recovering from surgery.

Impact Grants

Funding Provider Helen Macpherson Smith Trust	Eligible to  University  Not-for-Profit	Funding Amount: \$91,000 to \$200,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 31 May 2018 12pm
Funding Type Grant G07740		
Primary Category Community Services & Development		

Purpose

For initiatives of up to three years that deliver positive long-term social impact, supported by a sustainable business model. With a longer and more complex application process, these grants are highly competitive and few are awarded. An initial consultation with HMSTrust is essential before an application can be made.

Overview

Check HMSTrust funding guidelines to ensure a strong match before contacting the Trust.

The Trust's grants structure is based on a clearly defined set of grant programs and key objectives. Our five key objectives represent the Trust's core funding criteria. Your project should meet at least three of these objectives, in addition to matching to at least one focus area for the specific program you intend to apply under.

- Strengthening rural and regional Victoria
- Reducing inequality
- Enabling financial sustainability
- Building organisational capacity
- Encouraging collaboration and partnership

Impact Grants are by enquiry only. Initial consultation with HMSTrust Grants staff is required. We encourage you to contact us before the grants round opens. Contact Grants staff [here](#).

The Stage 1 online application form can only be accessed via a special individual pass code provided by HMSTrust Grants staff following discussion about your project. We recommend you contact us well in advance of the opening date and don't leave it until the last minute.

Impact Grants are available in all program areas, are highly competitive and few are awarded.

Impact Grants respond to larger funding requests for well-developed projects, with clearly defined milestones based on solid data. These grants involve a longer and more complex application process. Here are the key differences:

- We have a 2-stage online application process.
- Grants up to 3 years are considered for projects which clearly demonstrate positive long-term social impact.
Applications will need to include:
 - Sustainable business model
 - Robust business plan supported by substantiated data
 - Milestones for each year of funding
 - Confirmed partnerships and collaborations
 - Clearly defined outputs and outcomes
 - Plans for measurement and evaluation
 - Detailed project budget

- Benefits to the broader sector
- 4-month turnaround from Stage 1 application closing date to notification.
- Grant payments for multi-year grants are made in annual instalments dependent on receipt of satisfactory progress report and financial acquittal.

Programs and Focus Areas:

Applicants can apply in one program only and projects are required to match a minimum of one focus area within that nominated program.

EDUCATION

GOAL: To improve access to quality, relevant and supportive education through initiatives that provide disadvantaged Victorians with the opportunity to reach their full potential.

Education focus areas:

- Engaging and retaining P-12 students
 - Initiatives that target students at risk of disengaging from school.
- Creating vocational pathways
 - Certified education and training pathways that lead to meaningful work.
- Transitioning migrants and refugees
 - Education and training opportunities that will enable migrants and refugees to transition into Victoria's culturally diverse communities.

COMMUNITY

GOAL: To improve the outcomes of current and future generations of Victorians and enable them to build fulfilling lives as active participants in a cohesive society and strong economy.

Community focus areas:

- Strengthening family cohesion
 - Programs and services that strengthen the family unit.
- Advancing early childhood development
 - Initiatives that focus on the social, emotional and cognitive development of disadvantaged pre-school children.
- Building financial resilience
 - Programs that improve financial knowledge and behaviour of vulnerable Victorians, and provide access to quality financial services and products.

ARTS AND CULTURE

GOAL: To increase local participation, encourage public engagement and develop a sense of place by giving voice to communities through creative initiatives.

Arts and culture focus areas:

- Enabling social inclusion and access
 - Creative projects that facilitate and develop increased participation, understanding and respect for Victoria's diverse and disadvantaged communities.
- Developing digital capability
 - Strategic adoption of digital platforms, resources and tools that enable arts organisations to function more sustainably and effectively, attract participation from new groups of Victorians, and increase audiences.
- Expanding the creative economy
 - Innovative projects that generate new jobs and expand employment opportunities for Victoria's creative sectors.

ENVIRONMENT

GOAL: To protect and improve Victoria's natural environments through responsible conservation projects that advance cooperative and sustainable practices.

Environment focus areas:

- Conserving and restoring biodiversity
 - Projects that benefit at-risk habitats and species indigenous to Victoria.
- Protecting natural systems
 - Projects that protect and improve land and water systems to meet the environmental and economic needs of current and future generations.
- Nurturing sustainable landscapes
 - Initiatives that encourage sustainable land practices and improve connectivity across landscapes.

Applicants are required to match a minimum of three out of the five key objectives, of which one must be selected as a 'primary objective'.

- Strengthening rural and regional Victoria
 - To strengthen the capacity, resilience and potential of communities in rural and regional Victoria.
- Reducing inequality
 - To reduce disadvantage, protect basic rights and extend opportunities for Victorians, with a special interest in equity for women, girls and Indigenous Victorians.
- Enabling financial sustainability
 - To enable viable and sustainable initiatives that will continue to have an impact well beyond the period of our grant.
- Building organisational capacity
 - To develop the capabilities and capacity of organisations, communities and sectors to improve long-term benefits to Victoria.
- Encouraging collaboration and partnership
 - To maximise the impact of the Trust's social investments through collaboration and partnerships across community sectors. Partnerships include other service providers and/or other funders including government.

HEALTH

GOAL: To improve affordable access to quality health services in rural and regional Victoria. This grants program is **ONLY** available for Social Impact Grants and has one specific focus area, which will be reviewed every three years.

Health focus area:

- Improving access to mental health services in rural and regional Victoria
 - Projects that provide affordable access to a full range of reliable, quality mental health services for Victorians living in rural and regional Victoria.

Limitations

New eligibility criteria apply from 1 July 2016.

HMSTrust will only fund charitable organisations that meet our eligibility criteria. Individuals are not eligible to apply.

Please note that only eligible organisations will have access to the online application form.

Is your organisation eligible?

Charity status Organisations must be registered as a charity with the Australian Charities and Not-for-profits Commission (ACNC). Click this link to [check your organisation's ACNC registration](#).

NOTE: HMSTrust does **not** require your charity to have DGR endorsement.

Situated in Victoria?

HMSTrust will only fund:

- a charity based in Victoria and operating solely within Victoria; or
- a charity operating both inside and outside Victoria, if its head office is in Victoria.

If your ACNC registered charity has its head office outside of Victoria it is not eligible to apply.

Is your project eligible?

Applications will only be considered for projects that:

- are undertaken solely in Victoria for the benefit of Victoria;
- have a 'Charitable purpose' as defined in the Charities Act 2013;
- match to one of our Programs and at least one of that Program's focus areas; and
- have a strong match to HMSTrust's funding criteria.

HMSTrust will not consider the following:

- Applications submitted by an auspice(1) organisation;
- Maintenance of an established program;
- Retrospective funding for projects that have already started or taken place;
- Deficit funding or organisations with a potentially negative equity position;
- General fundraising appeals;
- Infrastructure projects and service programs considered to be government responsibility at a Federal, State or Local Government level;
- Promotion of religion;
- Conferences and seminars;
- Political organisations;
- School building projects, unless the project is used for wider community benefit; and

- Current administration costs.

Limitations:

There are limitations on the number and frequency of grant applications that can be submitted by any one organisation:

- Only one application per organisation within any 12-month period;
- Existing grants need to be successfully acquitted at least three months before a new application is submitted (universities are excepted; see below for details);
- An applicant cannot reapply for a previously declined project, except by invitation following discussion with HMSTrust staff;
- An approved pilot project may be considered for a further multi-year grant by invitation following discussion with HMSTrust staff;
- Organisations that are a party (other than the lead applicant) to a collaborative partnership application may also apply for a grant in their own right.

University limitations:

- HMSTrust does not deal directly with researchers. All approaches must be made through the university's Advancement Office;
- Victorian universities may only submit one application per grant round and via their Advancement Office or equivalent only;
- A university may have up to two active grants at the time of submitting a new application;
- The application must be signed-off by the university's Advancement Office or equivalent; and
- University research projects also require a letter signed by the Research Office confirming that this application is approved for consideration in the selected round.

Legal financial assistance

Funding Provider Attorney-General's Department	Eligible to  Individual	Funding Amount: Undisclosed Total Pool: \$2,600,000
Location Aus		Rounds Closes 1 Feb 2019 12pm (ACT Local Time)
Funding Type Grant G08273		
Primary Category Community Services & Development		

Purpose

The Attorney-General's Department may provide legal financial assistance for people engaging with the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry.

Overview

Entities and individuals may be eligible for assistance to cover reasonable legal representation and disbursements costs if they are:

- called to appear at a hearing of, or attend an interview with, the Royal Commission, or
- are issued with a notice to produce by the Royal Commission.

An application for legal financial assistance must be submitted each time an individual:

- receives a summons or leave to appear as a witness at a hearing of the Royal Commission, or

- is requested to attend an interview of the Royal Commission, or
- is issued with a notice to produce by the Royal Commission.

If a grant has been approved, legal representatives will be reimbursed after the work has been performed. The amounts that can be paid under grants are capped at maximum amounts, which are set out in the following document:

- [Commonwealth legal financial assistance - Assessment of costs](#)

Limitations

Who can get a grant?

Legal financial assistance may be provided to entities, as defined below, for their reasonable legal representation and disbursements costs resulting from an entity:

- being called, or granted leave to appear, as a witness at a hearing of the Royal Commission, or
- being requested to attend or attending an interview of the Royal Commission, and/or
- complying with a notice to produce issued by the Royal Commission.

The Attorney-General's Department may seek the advice of the Office of the Royal Commission into Misconduct in the Banking, Superannuation and Financial Services Industry to determine whether an entity is eligible.

For the purpose of this addendum, 'entity' includes all entities or persons except:

- a 'financial services entity' as defined in the Letters Patent issued on 14 December 2017 (the Letters Patent) with 20 or more employees, or
- a person representing such an entity. For certainty, 'entity' includes a person who is an employee or former employee of any 'financial service entity' as defined in the Letters Patent who is not representing that entity.

Major Commemorative Grants

Funding Provider Department of Veterans' Affairs	Eligible to ✓ Local Govt ✓ State Govt ✓ Not-for-Profit ✓ Unincorporated Assoc	Funding Amount: \$4,000 (approx) to Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Closes 3 Jul 2018 2pm
Funding Type Grant G07802		Last Round Closed 3 Jan 2018
Primary Category Community Services & Development		

Purpose

The objectives of the Program are to acknowledge and commemorate those who served Australia and its allies in wars, conflicts and peace operations. The Major Commemorative Grants category of the program is available to fund commemorative projects that have a national, state or territory focus.

Overview

The expected outcomes of MCG are to involve people throughout the nation in a wide range of programs and activities that highlight the service and sacrifice of Australia's service personnel in wars, conflicts and peace operations and promote appreciation and understanding of the roles that those who served have played in shaping the nation.

There is no minimum or maximum grant amount; however grants are usually over \$4,000.

To be eligible your project must be significant, from a national, state or territory perspective and contribute to Australia's understanding of its wartime heritage and honour the service and sacrifice of its service personnel. For a project to be considered significant, its focus should be wider than the local community and be available to a larger audience.

Example

The list below provides a guide to eligible grant projects:

- New national / state / territory or otherwise significant war memorials where none exists and where the new memorial will be the focus of commemoration.
- New honour boards/rolls or plaques
- The restoration of existing national / state / territory or otherwise significant war memorials
- Significant (national / state / territory level) commemorative events (The event should be held within one month of the anniversary being commemorated)
- Nationally significant cultural and educational projects with a military heritage focus and that add to the sum of knowledge on a particular topic or which provide access to information about Australia's wartime heritage to a national / state / territory audience

Limitations

Who is eligible to apply for a grant?

There are three applicant types:

- An entity applying for funding in its own right
- An entity applying as a sponsor on behalf of an individual or ineligible organisation
- An entity applying as the lead agency of a consortium

Depending on the applicant type you can apply for grants under \$10,000 or over \$10,000.

If you are one of the following applicant types, you can apply for grants under \$10,000:

- An entity applying for funding in its own right
- An entity applying as a sponsor on behalf of an individual or ineligible organisation
- An entity applying as the lead agency of a consortium To be eligible, you must be one of the following entity types as stated in the dropdown list in the Application form:
 - Company
 - Cooperative
 - Indigenous corporation
 - Incorporated association
 - Local government
 - State/Territory Government entity
 - Statutory entity
 - Trustee on behalf of a Trust
 - Unincorporated Entity

If you are one of the following applicant types, you can apply for grants \$10,000 and over:

- An entity applying for funding in its own right
- An entity applying as a sponsor on behalf of an individual or ineligible organisation
- An entity applying as the lead agency of a consortium

To be eligible you must be incorporated and one of the following entity types as stated in the dropdown list in the Application form:

- Company
- Cooperative
- Indigenous corporation
- Incorporated association
- Local government
- State/Territory Government entity
- Statutory entity
- Trustee on behalf of a Trust Applications from consortia are acceptable, provided you have a lead applicant who is the main driver of the project and is eligible as per the list above (refer to section 7.5 of the guidelines).

Who is not eligible to apply for a grant?

You are not eligible to apply if you are:

- Partnership
- Sole Trader
- a person applying in their own right
- International Entity

- an overseas resident
- a political party
- an organisation that has any outstanding acquittals for any previous DVA funding (if applicable)

Please Note: The above list is not definitive. If your entity type is not listed above you are not eligible to apply and your application will not be assessed.

Men's Sheds Program Grants

Funding Provider Department of Health and Human Services (VIC)	Eligible to  Local Govt  Not-for-Profit	Funding Amount: \$0 to \$60,000 Total Pool: \$875,000
Location VIC		Rounds Closes 8 Jun 2018 5PM
Funding Type Grant G04655		Last Round Closed 16 Jun 2017
Primary Category Community Services & Development		

Purpose

Men's sheds are safe and practical places for men to meet, make social connections and actively participate in their local communities.

Overview

Men's sheds:

- are community based, non-profit organisations, accessible to all men, whose primary activity is the provision of a safe and friendly environment
- are often located in a shed or workshop space in a community-based setting
- provide a place for regular contact with other men and a range of activities that are determined by participants
- partner with other organisations to share resources and build on existing services, and many undertake projects to assist the wider community. Partnerships can involve local businesses, councils, other government agencies, community groups, Aboriginal community controlled organisations and local clubs and associations
- are supported by volunteers and are accessible and inclusive.

New build grants of up to \$60,000 is available to:

- construct a new men's shed
- redevelop an existing men's shed

Refurbishment grants of up to \$30,000 is available for:

- modifications to meet health and safety and/or disability access standards
- modifications to meet public access needs
- modifications to increase shed capacity
- refurbishments to expand activities based on community demand.

Priority

Priority will be given to projects that:

- involve active management and participation by members of Aboriginal communities
- demonstrate a high level of need for the project in the community
- demonstrate capacity to enhance the health and wellbeing of members
- represent considerable value for government investment
- will address significant disadvantage in the local community
- support the inclusion of newly arrived migrant and refugee communities.

Applications from rural communities, communities experiencing significant economic and social change and from Aboriginal communities are encouraged.

Limitations

Eligibility

Funding is available to incorporated not-for-profit organisations and local councils.

Eligible organisations that currently auspice a men's shed, or intend to establish a men's shed, may also apply for funding, provided they can demonstrate need for a shed in the local community and that they have consulted with local men about the project.

Ineligible projects

The men's shed grants will not fund:

- project proposals that are submitted after the closing date
- men's sheds that have received more than \$25,000 Victorian Government funding through the men's shed program in the last five years, except where a men's shed can demonstrate it has experienced capacity issues as a result of rapid growth in membership or needs to address health and safety issues affecting the shed or needs to improve disability accessibility to the shed
- men's sheds that have projects funded by the Victorian Government currently underway
- leases or site purchases
- requests for retrospective funding where projects have commenced or are completed prior to receiving funding approval
- projects that fail to incorporate disability or public access requirements
- projects that require ongoing funding from the Victorian Government
- projects that do not reflect the principles of community inclusion and appropriate access by all community members
- projects that do not have a security of tenure (lease or land ownership) for at least five years
- costs to cover existing debt or budget deficits
- operational costs including but not limited to shed coordination costs
- costs not directly related to building and construction
- equipment or free-standing furniture or resources, such as vehicles, tools and chairs
- any application that is unlikely to be completed within two years
- projects that do not address the reduction of social isolation in men.

National Shed Development Programme (NSDP)

Funding Provider Australian Men's Sheds Association (AMSA)	Eligible to ✔ Not-for-Profit	Funding Amount: \$0 to \$10,000 Total Pool: \$400,000
Location Aus		Rounds Closes 8 Jun 2018
Funding Type Grant G06556		Last Round Closed 13 Jan 2017
Primary Category Community Services & Development		

Purpose

The NSDP is a competitive Men's Shed grants programme that allows Men's Sheds and organisations supporting a Men's Shed within their community to apply for funds to better respond to local needs.

Overview

Under the NSDP, the Australian Government will allocate \$800,000 (GST excl) in the 2017/2018 financial year - a funding pool of \$400,000 (GST excl) per round across two funding rounds.

The aim of the NSDP Programme through the provision of direct financial assistance is to:

- Support health improvements through a focus on the social determinants of health through national activities in relation to key population groups such as men
- Assist to address the health and wellbeing of the Shed members
- Deliver appropriate activities and programmes
- Improve facilities and the sustainability of Men's Sheds across Australia

The NSDP is open to all Men's Sheds in Australia, both members and non members of the AMSA. The funding available includes provisions for applicants to apply for a wide range of items and services.

Categories

Individual Men's Sheds in Australia can apply for a range of financial support across the following three funding categories:

1. Category One Health and Wellbeing and Events Max \$8000
2. Category Two Shed Improvements Max \$8,000
3. Category Three Equipment Max \$5,000

What is a Men's Shed?

A Men's Shed is any community-based, non-commercial organisation which is open to all males where:

- The primary activity is the provision of a safe, friendly and inclusive environment where males are able to gather together and/or work on meaningful projects at their own pace, in their own time and in the company of other males; and
- The primary objective is to advance the health and well-being of their male members.

A 'Men's Shed' can be a purpose built facility, a multipurpose community or private building or shared space used on a regular basis for the purposes of a Men's Shed. Innovative Men's Shed models such as Mobile Sheds will also be considered where it can be established that these models are the best way to reach a specific Priority Group.

Priority

The 12 Priority Groups for whom Men's Sheds provide activities:

- Males not in work
- Aboriginal and Torres Strait Islander males
- Socially disadvantaged
- Isolated males
- Males with a disability
- Males with a mental illness (e.g. Depression)
- Migrant males
- Males living in rural and remote areas
- Defence veterans
- Males suffering alcohol abuse
- Males suffering drug abuse
- Males who need support due to relationship issues

The priorities for Round Seventeen include:

- Requests that address health and wellbeing and events
- Men's Sheds in areas of greatest need
- Men's Sheds who engage with and have membership from the 12 priority groups
- Applicants who have not received previous NSDP funding and can demonstrate need and engagement with the Priority Groups.

Limitations

Applicant Eligibility

The Associations Incorporation Act provides a means of creating a separate legal entity for small community-based organisations. For the purposes of the NSDP, this includes community-based organisations such as Men's Sheds, Rotary or Lions Clubs, Health Services or any other relevant community-organisation who wishes to establish/improve an existing Men's Shed. Communitybased organisations applying on behalf of a Men's Shed must have the capacity to specifically offer shed-type activities to males in the local community and/or to males within a wider region (Mobile Sheds).

Who can Apply?

- All Men's Sheds - they do not have to be a member of any particular Men's Shed organisation to be eligible to apply for a grant
- Any Men's Shed that is a registered legal entity
- If the Men's Shed is not a registered legal entity, an overseeing sponsor body can act on behalf of a Men's Shed and submit an application

If a sponsor body acts as an applicant, written consent must be in place in the form of a signed Memorandum of Understanding/Agreement between the Men's Shed and applying body and this document must accompany the application as an attachment.

The sponsor body must be a legal or registered entity, such as an Association incorporated under State and Territory Incorporation legislation, and act as a legal entity separate from its individual members that can hold property.

Men's Shed Activities can be:

- Where the primary activity is the provision of a safe, friendly and inclusive environment where males are able to gather together and/or work on meaningful projects at their own pace, in their own time and in the company of other males
- The manufacture of a variety of products including toys, household or garden furniture, Indigenous crafts or wood turned articles
- Activities that may include gardening, wood turning, metalwork, undertaking repairs or restoration such as heritage machinery, bicycle and small engine maintenance, computer training & cooking
- The undertaking of community projects
- Participation in training programmes such as First Aid & computers
- Participation in activities that advance the health and well-being of their male members and
- Engagement in traditional and cultural activities such as art and crafts, traditional hunting and fishing.

These activities may not necessarily be conducted within a specific facility known as a 'Men's Shed' but in a meeting place designated and known as a Men's Group.

Please Note: Applicant organisations are not able to charge a fee or any other administrative cost (s) associated with submitting a funding application for a Men's Shed Project.

What **cannot** be funded by the NSDP?

- The building of a new shed/facility is not supported under this Programme
- Funds to support a designated co-ordinator
- Sponsoring bodies requests to reimburse **their** organisational expenses - the grant funds are for those expenses incurred directly by the Men's Shed project
- Sponsoring bodies requests to fund their organisational staff expenses
- Individual projects requiring ongoing funding from AMSA. **Note:** this funding is provided for a specific activity/purpose on a one-off basis
- The purchase of land. In general the land on which the facility development is proposed will be municipal property, Crown reserve, land owned by a public authority or held for public purposes (e.g. trustees)
- Repair of facilities damaged by vandalism, fire or other natural disasters where the act is covered by insurance
- Additional funding for Men's Shed components that have already received substantial funding from Government.

Location Aus		Rounds Ongoing
Funding Type Grant G08280		
Primary Category Community Services & Development		

Purpose

The Attorney-General's Department helps native title respondents with their reasonable legal representation and disbursement costs incurred in native title proceedings.

Overview

This assistance is provided under section 213A of the [Native Title Act 1993](#) and the Native Title (Assistance from Attorney-General) Guidelines 2012 which are available in the GO Documents section.

Limitations

Eligibility

The Attorney-General's Department cannot help people facing criminal charges in Australia or with legal matters under state or territory laws. For these matters, contact your local legal aid office.

The Attorney-General's Department will not generally grant funding:

- to people who can meet their legal costs without incurring serious financial difficulty
- for costs incurred before an application is made, unless the scheme allows for reimbursement.

Excluded costs

In this guideline, a cost is an excluded cost if it is any of the following:

- compensation for loss of earnings due to time spent in preparing for, or appearing in, legal action;
- compensation for costs (including legal representation costs) incurred by an applicant to make an application under Part 3 or for a review under Part 5;
- compensation for costs (including legal representation costs) incurred by a grant recipient in dealing with the Department in relation to the grant;
- compensation for costs incurred in the preparation of an itemised bill of costs;
- giving an indemnity for costs that may be awarded against the grant recipient;
- travel for the purposes of participating in legal action in person unless attendance is reasonably required by an entity presiding over the action;
- living expenses;
- filing fees for courts in jurisdictions where the court is able to waive all or part of the filing fee;
- a fee paid to a legal practitioner in advance to secure the legal practitioner to act on the grant recipient's behalf (whether or not it is described as a retainer).

Pick My Project Grant

Funding Provider Department of Premier and Cabinet (VIC)	Eligible to ✔ Individual	Funding Amount: \$20,000 to \$200,000 Total Pool: \$30,000,000 (approx)
Location VIC		Rounds Closes 30 Sep 2018
Funding Type Grant G08362		
Primary Category Community Services & Development		

Purpose

Pick My Project is a community grants initiative, with \$30M available to fund local projects.

Overview

With funding that has been allocated out of the 2018/2019 state budget, and beginning in May 2018, Victorians aged 16 and over will have the opportunity to submit an idea online. Residents are encouraged to come up with a great idea to make life in their community even better, and identify an eligible local organisation to sponsor their idea, such as a community group, school or local council before submitting.

Funding will be distributed across Victoria to ensure all parts of the state have the opportunity to secure a range of winning projects. Projects can cost anything from \$20,000 to \$200,000.

Eligible ideas will be put forward for community voting. During voting, applicants will work with their networks and encourage their community to vote for their project.

Winning projects will be announced in September 2018.

Ideas could include things like upgrades or funding for sporting and recreation activities, improving health and wellbeing, innovation and technology, community arts or cultural projects, or ideas that improve community and bring people together.

As part of the application process, Victorians will need to identify an eligible organisation to sponsor, or support, their idea and to administer funds through a registered ABN.

Register your interest on [this](#) page and connect with us on Facebook www.facebook.com/pickmyproject to get ready.

A range of face-to-face engagement activities will be delivered at locations across the state to ensure all Victorians have the opportunity to be involved. More information about local community and stakeholder events will be available online soon.

Limitations

Who can be involved?

The initiative is open to all Victorian residents, aged 16 and over. For participants under 18, guardian approval will be required.

Private, for-profit, businesses/organisations are not eligible to receive funding.

Poverty & Disadvantage Small Grants Program

Funding Providers The Sidney Myer Fund The Myer Foundation	Eligible to ✔ Not-for-Profit ✔ School	Funding Amount: \$0 to \$10,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G06851		
Primary Category Community Services & Development		

Purpose

This Small Grants Program supports strategies to benefit Australian communities to alleviate the negative effects; demonstrate new ideas about how to address; and strengthen communities' abilities to deal with poverty and disadvantage.

Overview

For the next three years this program will particularly prioritise the needs of asylum seekers living in the Australian community. Up to 15% of the total available grants pool will be available specifically for organisations and groups supporting and working with asylum seekers.

Activities to be supported include health, education and employment initiatives, housing support and material aid, social connectedness and community engagement programs, and individual advocacy and legal support.

The program will continue to support initiatives targeting the following groups:

- communities experiencing social and economic exclusion with particular emphasis on Indigenous Australians
- asylum seekers and refugees
- people living in isolated rural and remote areas of Australia, and
- children and young people from disadvantaged backgrounds who lack the opportunity to improve their wellbeing.

The program will support small, discrete projects that meet the needs of a community rather than supplementary funding for large projects. A small, discrete project will be considered to have a total budget of up to \$50,000.

The Poverty and Disadvantage Small Grants Program accepts applications on an ongoing basis, with no specific closing dates.

Please allow three months from the submission date of your application to be notified of its outcome. Applicants will be notified via the email address provided on your application form. Successful applicants will need to allow a further two weeks to receive the grant payment.

While applications are assessed at regular intervals please note that there is a longer gap between November of one year and February of the next. Should you be seeking funding for a project with a start date during January or February you should aim to have your application submitted by mid October of the previous year.

Small Grants As part of its refreshed strategic plan, the Sidney Myer Fund will have large two program areas: Poverty & Disadvantage and Arts & Humanities.

Small grants in Poverty & Disadvantage will be restructured with a view to building the capacity of the not-for-profit sector. This means the Sidney Myer Fund will not be accepting applications to its Small Grants Program after 6 May 2018.

More information about the changes to the Poverty & Disadvantage Small Grants program will be available shortly.

Limitations

Applications will be accepted for grants for charitable purposes from Australian incorporated organisations that have been endorsed by the Australian Taxation Office (ATO) as Tax Concession Charities (TCC).

If you are unsure of your organisation's tax status, check with your financial advisor or the [Australian Government's ABN Lookup website](#).

If your organisation is not endorsed as a TCC, but you are an Australian incorporated organisation, you may still be eligible to apply as long as we can be satisfied that the nature of your project is charitable.

Note: The Myer Foundation and Sidney Myer Fund do not provide grants directly to individuals or unincorporated bodies. If you fall within this category, an application for funding may be made through a funding partner that has been endorsed by the ATO as a Tax Concession Charity. If your funding partner organisation is not endorsed as a TCC, but is an Australian incorporated organisation, you may still be eligible to apply as long as we can be satisfied that the nature of the project is charitable.

The Foundation will accept applications from Government-funded schools.

Limitations

- Submissions will not be accepted from organisations that have received a grant in the last 12 months from The Myer Foundation or Sidney Myer Fund
- Applications that have been previously unsuccessful cannot be resubmitted
- Submissions will not be accepted from organisations that have not successfully acquitted previous grants
- Only one submission can be considered per applicant. This includes those submitted to another funding area of The Myer Foundation or the Sidney Myer Fund. Exceptions are made when multiple applications are received from universities and other large organisations where they represent different faculties, departments or schools, and the proposals are unrelated
- Please refer to the FAQs section of the website for further information on our funding exclusions and eligibility.

Regional Jobs and Infrastructure Fund - Stronger Regional Communities Plan

Funding Provider Regional Development Victoria	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit ✓ TAFE	Funding Total Pool: \$50,000,000
Location VIC		Rounds Ongoing
Funding Type Grant G06879		
Primary Category Community Services & Development		

Purpose

The SRCP aims to support rural and regional towns in attracting families and young people to live and work. It will do so by investing in community-led initiatives and partnerships that create or enhance the conditions for economic growth and build resilient, diversified and sustainable economies.

Overview

Communities are important. They provide resources, information and opportunities. They help shape our identity and promote feelings of safety, security and belonging. They provide social, recreational and learning opportunities and help foster positive civic norms. They can be sources of creativity and enterprise and are invaluable in the face of disaster. Studies have shown they impact on our belief in what we can achieve in our lives as well as our ability to rise to challenges, and deal with change.

Strong communities are characterised by high levels of social and economic participation. They demonstrate effective decision-making and strong networks and are attractive to people considering moving to live and work.

The SRCP will support initiatives under the following two program streams:

- **Community Capacity Building** - This program stream aims to develop and strengthen local people's capacity to make a difference in their communities. It will do this by increasing participation and diversity in priority projects, processes and planning that address local challenges.

Activities that may be considered include initiatives that:

- encourage and provide opportunities for local community participation in the design and delivery of significant projects, processes and planning within a region
- address economic development challenges through locally-led partnerships
- build the skills of people to participate in projects, processes and planning significant to the region.
- **Population Attraction** - This program stream aims to attract groups, such as professionals and skilled labour, businesses, families and young people to regional Victoria. It will do this by supporting priority projects that promote relevant lifestyles and employment opportunities.

Activities that may be considered include, but are not limited to:

- events designed to promote the benefits and abilities of the local area and industries
- engaging community groups to welcome new and potential families to the area
- developing marketing and promotion strategies for towns undergoing significant change
- using existing networks to identify and promote employment opportunities.

Applicants are expected to make a financial contribution or source third-party funding. Projects should maximise their funding support from a range of sources, including commonwealth/ local government and community, private sector and regional organisations.

Priority may be given to projects that are considered as investment ready.

Funding will be available on the following basis:

Local government area	Funding available per project	Maximum funding ratios for co-contributions
Regional city	Up to \$50,000	Up to RDV \$2: \$1 other
Rural	Up to \$50,000	Up to RDV \$3:\$1 other

Limitations

Applications will be considered from:

- private sector businesses and agencies
- business and industry groups including:
 - chambers of commerce and business associations
 - industry peak bodies
 - business and industry clusters and networks
- local government authorities
- government agencies
- not-for-profit organisations, including community groups that:
 - are an incorporated body, cooperative or association
 - have an Australian Business Number (ABN) or can provide written advice from the Australian Tax Office that no withholding tax is required from the grant payment
- higher and other education institutions
- regional organisations e.g. regional strategic planning alliances.

Individuals are not eligible to apply.

The following activities would generally not be considered:

- requests for retrospective funding, where projects have commenced (i.e. equipment purchased, contracts entered into or construction has begun) or have been completed prior to receiving funding approval
- projects requiring ongoing funding from the Victorian Government
- ongoing operating costs or salary subsidies except where a salary subsidy provides administrative and project management support for groups of local government authorities and project partners
- private sector projects undertaken as a result of a Victorian Government contract
- projects where funding is normally provided by other state, commonwealth and/or local government sources
- any costs to meet regulatory requirements
- the purchase of land.

Saluting Their Service Community Commemorative Grants (STS CCG)

Funding Provider Department of Veterans' Affairs	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit ✓ Unincorporated Assoc ✓ School ✓ TAFE	Funding Amount: \$0 to \$4,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G00239		
Primary Category Community Services & Development		

Purpose

The CCG opportunity is designed to provide funding for local community-based commemorative projects and activities that directly commemorate the involvement, service and sacrifice of Australia's service personnel in wars, conflicts and peace operations.

Overview

Grant applications up to a maximum of \$4,000 will be considered, depending on the eligible grant project and activity category selected.

The list below provides a guide to eligible grant projects and activities:

Grants up to \$4000 include:

- Community War Memorials, Commemorative Plaques and Honour Boards - new war memorials, where none exists and where the new memorial will be the focus of community commemoration and the restoration of existing war memorials, honour boards/ rolls and plaques

Grants up to \$3000 include:

- Restoration, Preservation and or/Display of Wartime Memorabilia - the preservation, interpretation and display of wartime and military memorabilia and artefacts.
- Commemorative Events - significant military unit reunions, i.e. 40th or 65th anniversary or the commemoration of significant military anniversaries, i.e. 50th Anniversary of the Battle of Long Tan. Note: Only one anniversary should be commemorated as it is considered that events to commemorate multiple anniversaries have the potential to diminish the significance of each anniversary. The event must be held within a month of the anniversary being commemorated.
- Publications/Website - the publication of wartime histories where similar works have not previously been published, i.e. unit histories, local wartime histories and letters from service personnel.
- Public Awareness Activity - significant cultural and educational projects, i.e. exhibition, with a military focus and that add to the sum of knowledge on a particular topic or which provide access to information about Australia's wartime heritage.
- School Initiative - school initiatives / projects undertaken by students which focus on military involvement and social impacts relevant to the community.

The Hub will divide the assessment of applications into three batches. Each batch will contain applications that have been submitted for the grant opportunity over a four#month period. The table below identifies the cut-off dates for all three batches.

Batch	Applications included in batch
1	All applications submitted to the grant opportunity by 3 July 2018
2	All applications submitted to the grant opportunity by 27 November 2018
3	All applications submitted to the grant opportunity by 2:00 PM AEDT on 26 March 2019

Limitations

Small Grants

Funding Provider Victoria Law Foundation	Eligible to  Business  Not-for-Profit	Funding Amount: \$0 to \$5,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G02839		
Primary Category Community Services & Development		

Purpose

To fund legal projects that help Victorians better understand the law.

Overview

Our Small Grants make a big impact where and when it's needed.

A Small Grant is perfect for organisations who need to act quickly, have an idea for a low-cost, high-impact legal project, or who need money to scope a larger project.

Small Grants are for projects with budgets up to \$5000 (excl. GST). You can apply at any time – and we can usually assess your application within a couple of weeks.

The foundation can only fund projects that fall within its statutory functions, which are contained in section 5 of the Victoria Law Foundation Act 2009 (Vic).

Projects that demonstrate the following will generally be given priority:

- Innovation and practicality – ideas that translate into sustainable, practical solutions
- Partnerships and collaborations – which build expertise and learning
- Multi-purpose – to realise a number of the foundation's statutory functions
- Fostering networks – within and between the legal sector and the community
- Significant impact – measured either by the size of the audience or by the depth of impact for a small target group
- Efficient use of resources – doing 'more with less'
- Accountability and evaluation – of processes and outcomes
- Balancing short- and long-term outcomes – necessary one-off, moment-in-time projects coupled with projects that can make a lasting contribution
- Leadership in public benefit best practice
- The 'but for' test – essential work which, 'but for' the foundation, cannot, or would not, be undertaken.

Limitations

The Foundation can only accept applications from organisations and cannot accept applications from individuals.

Generally we do not fund:

- Academic study/research to obtain a degree or diploma
- Interstate, national or international projects that do not benefit the people of Victoria. Part of a project may be funded if a component primarily benefits Victorians.
- Government organisations (with the exception of independent statutory bodies) will generally not be funded by the foundation
- Capital expenditure or core funding – for costs and overheads related to the ongoing activities of an organisation
- Travel costs – both interstate and overseas, unless there is a clear and direct benefit to the Victorian community
- Conferences, symposiums, workshops or theatre productions (the foundation will consider funding these items in some circumstances from the Small Grants fund)
- Profit-making projects – however, we may fund a repayable subsidy, which requires repayments to be made to offset the cost of the original grant
- Retrospective grants – to cover spending incurred before a decision on an application
- Litigation of any kind
- Projects that primarily support political activity and lobbying
- Grant applications previously deemed unsuccessful by the foundation.

Location Aus		Rounds Closes 31 May 2018
Funding Type Grant G06787		Last Round Closed 4 Aug 2017
Primary Category Community Services & Development		

Purpose

Our Social Investment Grants Program funds not-for-profit projects or programs working to improve social outcomes for marginalised and disadvantaged people. The 2018 funding round will aim to build resilience and capability in people experiencing homelessness or domestic abuse.

Overview

The overwhelming number of applications for our 2017 program showed the immense need for more funding in the homelessness and domestic abuse sectors. That's why in 2018 the theme will again be Building resilience and capability in people experiencing homelessness or domestic abuse.

Programs and projects that focus on prevention and intervention are also eligible. To view past projects and programs funded please view our website communitysectorbanking.com.au/grants

Funding available

A total grant pool of \$300,000 is available in 2018.

Applications can be made for grants of either \$25,000 or \$50,000.

- Applicants must have a specific objective for the funding that delivers against the theme of 'building resilience and capability for people who are experiencing homelessness or domestic abuse.'
- Applicants must be a not-for-profit organisation
- Activities that the grant supports should be completed by the end of 2019
- The grant will only support projects that benefit communities in Australia
- All applications will be required to demonstrate operational and financial stability by providing appropriate information and documentation
- Leveraging other funding sources in combination with the application is encouraged.

Exclusions

Grants will not be awarded for:

- Continuing operating costs (e.g. wages and electricity costs, although grants for building capacity within the organisation may be eligible)
- Capital works (e.g. renovations, fit-outs, etc. software, IT and vehicles are excluded if they are not at the core of the program's delivery)
- Housing capital or construction
- Research or policy development (although resources and toolkits may be eligible)
- Overseas projects
- Retrospective requests

Support for community groups

Funding Provider City West Water	Eligible to  Not-for-Profit	Funding Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G01814		
Primary Category Community Services & Development		

Purpose

To invest in our community as a way to build relationships and develop partnerships with our many stakeholders.

Overview

City West Water provides services to Melbourne's CBD and inner and western suburbs and provides limited support at corporate, commercial and local community levels within our licence area.

City West Water sees community investment opportunities as a way to build relationships with our many stakeholders.

As City West Water receives numerous support requests for the limited funds available, we may not always be able to approve applications which meet the published guidelines. These guidelines have been developed to ensure our sponsorships provide value for money, value to our community and enhance our reputation and image.

Before your application for assistance can be considered the event or program must meet one or more of the following criteria:

- does the activity/event occur within City West Water's licence area?
- is there a focus on water and/or water conservation?
- does the organisation or event reflect City West Water's values?
- does the organisation or event provide avenues to promote our key messages and programs?
- does the activity/event benefit the community in City West Water's licence area?

All applications shall be reviewed according to our criteria and social strategy principles, and a response will be provided within three weeks of receipt of the application.

Limitations

Please be advised we do not generally support the following types of requests:

- Unincorporated groups or bodies which do not have an Australian Business Number.
- Events intended to provide profit or gain.
- Delivery or replacement of core government services.
- Donations for funding teams or individuals for charity.
- Retrospective funding or budget deficits.
- Beauty contests/pageants, events that involve gambling, exploits animals or promotes tobacco and or alcohol.
- Events that discriminate adversely against any persons, organisations or groups, or that are for individuals or political parties.
- Events that have limited audience appeal or organisations that do not function for the wider benefit of the community.
- Events which conflict with Government Policy or objectives.
- Where the support is passed onto a third party in the form of a sponsorship or grant. City West Water's support is for the exclusive use of the applicant.

Telstra's Kids Fund

Funding Provider Telstra Foundation	Eligible to  Not-for-Profit	Funding Amount: \$0 to \$1,200 Total Pool: \$1,000,000
Location Aus		Rounds
Funding Type Grant G01805		Last Round Closed 20 Mar 2017
Primary Category Community Services & Development		

Purpose

Telstra Kids is an initiative of the Telstra Foundation. Through this fund we champion community connections for kids in Australia, offering grants for a local community project that helps kids to play and learn.

Overview

One million dollars in Telstra Kids grants are allocated each year. The focus is on 'grassroots' projects that have been nominated by a Telstra employee. By 'grassroots' we mean small-scale local projects delivered by local non-profit groups.

Telstra Kids allocates \$1,200 grants to community projects that:

- benefit kids in Australia
- are delivered by a local non-profit group
- are nominated by an eligible Telstra employee
- are implemented in a local community.

Telstra Kids funds local projects that help kids in Australia to play and learn.

The focus is on grassroots projects. By 'grassroots' we mean local projects, delivered by a local non-profit group, for local kids.

Here are some examples:

- **digital projects** including digital making and digital skills programs (coding, robotics, 3D printing and cyber-safety projects)
- **arts and culture projects** including musical instruments, art supplies and rock eisteddfods
- **education projects** including language programs, playground upgrades and toys
- **nature based and environmental projects** including plants for playgrounds, veggie patches and frog bogs
- **health and wellbeing projects** including physical therapy programs, nutrition programs, health education and shade sails
- **sports and recreation projects** including sports equipment, camping gear, sports uniforms and activity days

Limitations

All eligible Telstra employees working in Australia.

An eligible employee is based in Australia and is a permanent full- or part-time employee of the Telstra Group or a Telstra Corporation Limited wholly-owned subsidiary (at the time of submitting the application). They do not have to be related to a child involved in the community project that they nominate.

Contractors and casual employees to Telstra are not eligible to apply. Similarly, Telstra employees based outside of Australia cannot apply.

Pre-July 2014, anyone applying for a Telstra Kids grant was required to have a family link to one of the kids who would benefit from the donation. This restriction was removed to make Telstra Kids open to more kids and a wider range of local community projects.

Telstra Kids does not support:

- individual children
- projects completed before the grant is awarded
- promotional activities

- programs with a religious, political or sectarian purpose
- general operational/administration functions
- conferences
- projects outside Australia
- general fundraising appeals (for example, appeals or events from national organisations).

This reflects the role of Telstra Kids as a grassroots program that supports small-scale, local initiatives within the community.

Telstra employees can support larger projects via Telstra's Employee Volunteering and Matched Payroll Giving programs.

The Gwen & Edna Jones Foundation

Funding Provider The Gwen & Edna Jones Foundation	Eligible to  Not-for-Profit  DGR Required	Funding Amount: Undisclosed Total Pool: Undisclosed Rounds Ongoing
Location VIC		
Funding Type Grant G00775		
Primary Category Community Services & Development		

Purpose

To benefit charitable purposes in Western District of Victoria.

Overview

The Foundation supports projects that generally adhere to our mission statement. The overriding purpose of the Foundation is to provide benefits to humanity, but in doing so it is important that areas of particular interest to the founders, Misses Gwen and Edna Jones, are taken into consideration. Such areas include, but are not limited to:

- Health, welfare and education of the incapacitated, impoverished, young or aged
- Advancement of science and education
- Provision of cultural and recreational facilities for the public
- Providing opportunities for advancement for rural persons

The Foundation prefers to support projects that benefit communities located in the Western District of Victoria.

After reading all of the information provided here, if you are unsure whether you may qualify for a grant you should forward a letter to the Foundation, detailing the project for which you seek funding. The Foundation will then advise you whether your project will be considered and you will be requested to provide additional information.

Priority

Priority will be given to applications that:

- Demonstrate long-term sustainability
- Will benefit the community
- Seek to create positive change
- Share the values of the Foundation

Limitations

The Foundation will not fund:

- Research projects
- Individuals

The Pierce Armstrong Foundation Grant

Funding Provider The Pierce Armstrong Foundation	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Average: \$20,000 (approx) Total Pool: Undisclosed
Location Aus		Rounds Opens 1 Aug 2018 Closes 15 Sep 2018 5pm
Funding Type Grant G07339		Last Round Closed 15 Mar 2018
Primary Category Community Services & Development		

Purpose

The Foundation seeks to positively impact and enhance the lives of Australians and will support those organisations who demonstrate they can make meaningful and lasting contributions to our community.

Overview

The Pierce Armstrong Foundation was established by the late Margery Pierce (1918-2007) together with her daughter and son-in-law, Toni and Martin Armstrong in 1983. It was intended to be the main instrument of the family's philanthropic work.

The family have made significant further contributions to the Fund over the years and continue to do so.

The Foundation's current areas of focus:

- Education

- Children & Youth
- Health & Wellbeing
- Community Support

Although the Foundation does not specify a minimum or maximum funding amount, it generally provides small donations up to \$20,000.

Limitations

Eligibility:

- Only charitable organisations that hold both DGR and TCC status are eligible to apply for a grant. Applications received from organisations that do not hold both endorsements will not be considered.
- We are only able to provide funding to organisations that are based in Australia. Whilst we have a preference for Victorian grantees, we will consider applications from interstate organisations.

Note: Only one submission per organisation will be considered at any one time.

This grant opportunity will support small-scale trials of new or innovative approaches to support people at risk of long-term welfare dependence, including four identified priority groups.

Overview

This grant opportunity will be an open competitive grant process to select and fund applications to deliver such small-scale trials, which means trials that will run for six months to two years with a budget less than \$5 million. Multiple grants will be available and applicants can submit more than one application.

There will be around \$50 million available to support projects over the course of Tranche 2 of the Fund. Individual grant amounts will be guided by project design and complexity. The approximate budget range for grants under this grant opportunity will be between \$0.5 million and \$5 million.

The objective of this grant opportunity is to gather evidence to inform future Government policy through small-scale trials of projects to support people at risk of long-term welfare dependence, including the four priority groups, to improve their workforce participation or capacity to work.

The outcomes of the grant opportunity are to:

- gather policy evidence on 'what works' to support people at risk of long-term welfare dependence to improve their workforce participation or capacity to work
- improve capacity to work (e.g. through training or skills development) and / or workforce participation for people involved in the trials
- build capacity and collaboration between Government and other stakeholders.

Tranche 2 of the Try, Test and Learn Fund will support groups at risk of long-term welfare dependence, including the four priority groups identified below, to improve their workforce participation or capacity to work. Applications to support the priority groups will not be given a higher weighting in the assessment process.

The Department identified the Tranche 2 priority groups using Priority Investment Approach data and policy considerations.

The priority groups are:

- Newstart Allowance recipients aged 50 and over (with a focus on those who have been out of the workforce for longer than 12 months)
- Migrants and refugees aged 16-64 and receiving income support
- Carers aged 16-64 and receiving Carer Payment
- At-risk young people aged 16-21 and receiving income support.

You will be able to describe the group that you propose to support as part of your application. It may be one of the priority groups, a subset of one of the priority groups (e.g. based on a particular age range, location, or other characteristics), or another group that you identify. You may identify other groups at risk of long-term welfare dependence through your experience in working with vulnerable people, analysis of Priority Investment Approach data, or other research.

Limitations

Who is eligible to apply for a grant?

To be eligible to apply for a grant through this grant opportunity, you must:

- be one of the following entity types:
 - Company
 - Indigenous Corporation
 - Incorporated Association
 - Co-operative
 - Incorporated Trustee on behalf of a Trust (signed Trust Deeds must be provided)
 - Local Government
 - Partnership (signed Partnership Agreement must be provided)
 - Sole Trader
 - Statutory Entity
 - Person
- have an Australian Business Number (ABN) or be willing to obtain one prior to execution of the Grant Agreement,
- be registered for the purposes of GST or be willing to register prior to execution of the Grant Agreement,
- be a permanent resident of Australia, and
- have an account with an Australian financial institution.

Who is not eligible to apply for a grant?

You are not eligible to apply for a grant through this grant opportunity if you are:

- a state or territory government,
- an unincorporated association, or
- an overseas resident. Note that non-government organisations may apply as the lead members of consortia including state and territory governments.

State and territory governments are encouraged to consider partnerships with non-government organisations, however are not eligible to apply for this grant opportunity as solo or lead applicants.

What can the grant money be used for?

The grant can be used for grant activities agreed in the grant agreement. Tranche 2 grants will provide funding for co-development, that is brief stakeholder consultation to refine project design, as well as the delivery of project trials.

These stages will entail:

- Co-development - A brief consultative process to refine and optimise project design. The grantee will conduct collaborative activities with other stakeholders such as end users to make small adjustments to the project design to make the trial as efficient and effective as possible. The activities conducted will vary according to the nature and complexity of each project. They may be as simple as short workshops with end users for well-developed projects, or may entail several meetings with others such as community organisations, academics and government agencies.
- Delivery - The provision of services and supports to people at risk of long-term welfare dependence as part of a small-scale trial. Small scale means that the trials would generally run for six months up to two years with a budget less than \$5 million. The services and supports offered may include, but are not limited to:
 - structured programs (i.e. training, counselling and / or advocacy)
 - apps or other technology solutions
 - employer-side programs to develop job opportunities
 - use of behavioural insights to improve existing programs
 - conditionality or mutual obligation requirements (i.e. changes to the obligations that people need to meet to receive payments or Government services)
 - other new or innovative approaches.

The grant can be used for the following grant activities in support of co-development or delivery, as negotiated under the grant agreement:

- staff salaries and on-costs which can be directly attributed to the provision of the grant activity in the identified service area or areas as per the grant agreement
- employee training for paid and unpaid staff including Committee and Board members that is relevant, appropriate and in line with the grant activity
- operating and administration expenses directly related to the project as per the grant agreement, such as:
 - telephones
 - rent and outgoings
 - computer / IT / website / software
 - insurance
 - utilities
 - postage
 - stationery and printing
 - accounting and auditing
 - domestic travel / accommodation costs
 - assets as defined in the terms and conditions of the grant agreement that can be reasonably attributed to meeting agreement deliverables
 - payment to subcontractors to perform eligible grant activities.

What can the grant money not be used for?

The grant cannot be used for the following grant activities:

- purchase of land
- capital expenditure
- subsidy of general ongoing administration costs such as rent, electricity and phone not directly related to the project being delivered as part of the grant agreement
- costs to attend and travel to conferences
- overseas travel
- the covering of retrospective costs, that is costs incurred prior to the commencement of the grant agreement
- costs of business as usual activities that are not part of the project being delivered as part of the grant agreement.

Please note the grant cannot be used for the costs incurred in the preparation of your grant application or related documentation.

The Walter and Eliza Hall Trust

Funding Provider The 'Walter and Eliza Hall' Trust	Eligible to  Not-for-Profit  DGR Required	Funding Amount: Undisclosed Total Pool: Undisclosed Rounds Ongoing
Location NSW,VIC,QLD		
Funding Type Grant G01819		
Primary Category Community Services & Development		

Purpose

To provide a ready and sympathetic source of funds for those needing relief from the effects of financial disadvantage, disease, and disability, and to make a real difference to the well-being and quality of life of those Australians we are able to assist.

Overview

Financial assistance can be made available for almost any purpose considered necessary for the applicant's health and wellbeing, but the Trust is positioned as a provider of last resort assistance. Even then, due to the high demand for our limited resources, we can help only where needs are desperate and assistance is necessary to maintain the minimum standards of safety, security, protection and comfort for the individual or family. In cases where funding for expensive items of equipment is being sought, these items are to be retained by the organisation supporting the application as part of that organisation's equipment pool.

The following personal characteristics are indicative of some of the circumstances in which we may be able to assist:

- hold permanent Australian residency status or citizenship
- household income levels at or below the level of Centrelink benefits
- no major assets that could be realised
- no other resources that can be accessed (e.g. savings)
- families with young children, particularly single-parent families
- families with disabled children
- adults and children with disabilities particularly physical disabilities
- assistance has been sought/is being sought from other charitable organisations
- some unexpected catastrophic event has caused a crisis
- no assistance is available from family or extended family members
- time payment options have been exhausted in respect of utility and rental arrears if assistance is being sought for these items
- financial counselling, where appropriate, has been embraced in an effort to prevent future crises
- applicants have demonstrated some self-help behaviour and are endeavouring to plan for a viable lifestyle within their resources.

Applying for assistance - Requests for financial assistance should be addressed to:

The Secretary, The Walter and Eliza Hall Trust PO Box A2263, Sydney South NSW 1235 and include:

- a completed Application for Financial Assistance Form signed by the applicant and the Social Worker or other responsible person.
- a letter supporting the Application from the Social Worker or other responsible person, providing:
 - background information covering any of the items mentioned above, as applicable;
 - an assessment of the client's needs; and,
 - some comment about the degree of difficulty and need the client is experiencing.
- copies of quotes obtained for any specific item requested for a client.
- copies of the relevant accounts if assistance is being sought for outstanding debts, eg, electricity, gas, telephone.

Limitations

Applications for assistance can only be accepted through social workers or other responsible persons holding official positions within organisations such as Area Health Services, welfare organisations, hospitals, or recognised church welfare departments. Applications can only be accepted by organisations holding DGR/ITEC status.

We would not usually approve requests for:

- retrospective funding of expenses, i.e. reimbursement of costs already met
- funeral costs
- travelling expenses, except for essential medical treatment
- car expenses, except where the vehicle is absolutely essential for access to medical treatment
- baby items
- repayment of loans & credit cards
- medical treatment that is available under the public health system within a reasonable time frame
- Rental bonds
- home modifications
- purchase of a vehicle
- vehicle modifications
- mobile phone bills
- additional funding where we have already provided earlier assistance.

UCF Small Grants

Funding Provider Universal Charitable Fund (UCF)	Eligible to ✓ Not-for-Profit ⓘ DGR Required	Funding Amount: \$0 to \$2,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G07567		
Primary Category Community Services & Development		

Purpose

The Universal Charitable Fund (UCF) was founded by local business people in South Australia as a simple and cost effective way to provide practical support and encouragement to local Non Profit organisations doing a terrific job in helping people in need both in SA and overseas.

Overview

The focus in awarding grants is on those small charities where “local heroes” do a great job and where small grants have a strong multiplier effect thanks to the input of volunteers.

UCF has awarded over 100 small grants since it's beginnings when a group of successful Adelaide business people decided they wanted to “pay it forward”.

Directors will evaluate your application against the following criteria :

- Impact:
 - Will the funds provided make a significant difference for those the project is designed to assist? How?
 - How many people will be assisted?
 - Are there objective measures of impact? What are they?
 - How will the applicant know that the project has been successful?
- Funding:
 - Is the applicant a small charity or is it a programme within a larger charity?
 - Does the programme receive government funding?
 - Does the organisation receive government funding?
- Key Interest Areas (not in any order)
 - Education
 - Health
 - Building self-sufficient communities (sustainable)
 - Children and youth.

Limitations

Universal Charitable Fund (UCF) is a non-profit Public Ancillary Fund (DGR2) and as such is constrained by law to distribute grants to Australian registered charitable organisations with Deductible Gift Recipient status (known as DGR1) and tax deductibility.

What this means to you:

- We cannot make grants to individuals (even if you are raising money for a good cause)
- Applications must be from the organisation to which the grant will be awarded
- We do not make donations to general funds. We typically do not fund printing, advocacy or marketing
- The applying organisation must have Deductible Gift Recipient status, commonly known as DGR and tax deductibility
- Typically, the organisations we award grants have an income of less than \$1 million
- DGR status is not the same as having Income Tax Exemption. If you are in any doubt please enter your organisation's ABN at <http://abr.business.gov.au/Index.aspx> – at the bottom of the information will be stated whether or not your organisation has DGR status
- We check your ABN record, ACNC record and website
- If you are in any doubt about your application, email or ring for clarification before you fill in the application

Funding Provider Dept of Human Services (VIC)	Eligible to ✔ Individual	Funding \$500 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G02814		
Primary Category Community Services & Development		

Purpose

To provide assistance to domestic customers who are unable to pay their utility bills due to a short-term financial crisis.

Overview

You need to demonstrate that unexpected hardship has left you seriously short of money so that you cannot pay your utility bills without assistance and risk disconnection or non-supply, and meet one of the following criteria:

- A significant increase in usage
- A recent decrease in income, for example, loss of employment
- High unexpected expenses on essential items
- The cost of shelter is more than 30% of the household income
- The cost of utility usage is more than 10% of the household income

Special conditions for non-concession card households

The account holder must be registered with their utility company's hardship program and the household's income must be no more than the equivalent to the Commonwealth maximum income rate for part age pensioners. (Information can be obtained from the Centrelink publication A Guide to Australian Government Payments).

In addition to the Utility Relief grant, the Non-mains Utility Relief grant provides help to pay a non-mains energy or water bill that is overdue due to a temporary financial crisis. This can include bills for:

- Liquefied petroleum gas (LPG)
- Diesel and petrol (for a generator)
- Heating oil
- Firewood
- Metered electricity from an embedded network
- Carted water.

Limitations

You must hold at least one of the following concession cards:

- Pensioner Concession Card
- Health Care Card
- DVA Gold Card

A grant can only be given once every two years per utility type.

Victoria Law Foundation General Grants

Funding Provider Victoria Law Foundation	Eligible to ✔ Business ✔ Not-for-Profit	Funding Amount: \$5,000 to Undisclosed Total Pool: Undisclosed
Location VIC		Rounds
Funding Type Grant G04194		Last Round Closed 29 Aug 2016
Primary Category Community Services & Development		

Purpose

Our General Grants fund projects that have a significant impact on the lives of Victorians and the way they understand and use the law.

Overview

Many organisations share our commitment to meeting the legal needs of Victorians. Our General Grants program supports these organisations, giving them the funding and assistance they need to take on legal projects that will benefit their community.

In 2015/16 our priority will be on supporting projects for the delivery Law Week events and legal information projects where there is a recognised need. In assessing applications for Law Week events priority will be given to new events or for the expansion or continuation of rural and regional events.

Our General Grants are for projects with budgets of more than \$5000 (excl. GST). Small Grants are available if your project budget is less than \$5000 (excl. GST).

Grants guiding principles The foundation can only fund projects that fall within the foundation's statutory functions contained in section 5 of the Victoria Law Foundation Act 2009 (Vic). Projects that demonstrate the following will generally be given priority:

- Innovation and practicality – ideas that translate into sustainable, practical solutions
- Partnerships and collaborations – which build expertise and learning
- Multi-purpose – to realise a number of the foundation's statutory functions
- Fostering networks – within and between the legal sector and the community
- Significant impact – measured either by the size of the audience or by the depth of impact for a small target group
- Efficient use of resources – doing 'more with less'
- Accountability and evaluation – of processes and outcomes
- Balancing short- and long-term outcomes – necessary one-off, moment-in-time projects coupled with projects that can make a lasting contribution
- Leadership in public benefit best practice
- The 'but for' test – essential work which, 'but for' the foundation, cannot, or would not, be undertaken.

Limitations

Generally we do not fund:

- Academic study/research to obtain a degree or diploma
- Interstate, national or international projects that do not benefit the people of Victoria. Part of a project may be funded if a component primarily benefits Victorians.
- Government organisations (with the exception of independent statutory bodies) will generally not be funded by the foundation
- Capital expenditure or core funding – for costs and overheads related to the ongoing activities of an organisation
- Travel costs – both interstate and overseas, unless there is a clear and direct benefit to the Victorian community

- Conferences, symposiums, workshops or theatre productions (the foundation will consider funding these items in some circumstances from the Small Grants fund)
- Profit-making projects – however, we may fund a repayable subsidy, which requires repayments to be made to offset the cost of the original grant
- Retrospective grants – to cover spending incurred before a decision on an application
- Litigation of any kind
- Projects that primarily support political activity and lobbying
- Grant applications previously deemed unsuccessful by the foundation.

Westpac Foundation Community Grants

Funding Provider Westpac Foundation	Eligible to  Not-for-Profit  DGR Required	Funding Amount: \$0 to \$10,000 Total Pool: \$2,000,000
Location Aus		Rounds Closes 8 Jun 2018 5pm AEST
Funding Type Grant G06456		Last Round Closed 9 Jun 2017
Primary Category Community Services & Development		

Purpose

Westpac Foundation's Community Grants are \$10,000 each and are awarded to local, not-for-profit community organisations helping transform the lives of fellow Australians experiencing disadvantage.

Overview

Westpac invites all community organisations that meet the eligibility criteria to apply for a grant.

The grants also include valuable non-financial support to help maximise the social impact and sustainability of our grantees.

Community Grant recipients will receive grant payments by 30 September 2018.

Your organisation needs to be actively supporting individuals in one or more of our target groups:

- Indigenous Australians
- Refugees & asylum seekers
- Women at risk
- Youth at risk (>12 years of age)
- People who are homeless or at risk of homelessness
- People who have experienced family or domestic violence
- People living with a disability (including carers)
- People living with a mental health issue (including carers)

Our Community Grants program aims to help create fairer, more inclusive communities by supporting organisations working with individuals in these target groups because as a cohort, they are often some of the most socially and economically disadvantaged members of the Australian community.

We wish to help improve their quality of life, in particular through supporting programs and activities that provide jobs, employment pathways, education and training opportunities for these individuals.

Westpac employee support Do you have a Westpac Group employee supporting your application? If your application is being supported by a Westpac Group employee please let us know in your application form. Note that this is not a mandatory requirement.

Nominations Anyone can nominate a community organisation they believe may be interested in applying. Simply enter their contact details and we'll do the rest. The community organisation will receive an automatic email from us encouraging them to review the eligibility criteria and consider applying. We'll also send them a reminder email before the closing date. All eligible community organisations can apply for a grant, regardless of whether or not they have received a nomination.

Selection process We are giving all Westpac Group employees the opportunity to vote and help select the 200 Community Grant recipients.

Limitations

Eligibility

To be eligible for a Community Grant, your community organisation must:

- Be registered in Australia as a not-for-profit organisation
- Have Deductible Gift Recipient Item 1 Status with the Australian Taxation Office
- Be supporting people living in Australian communities
- Be addressing social disadvantage via education, employment, or activities to improve the quality of life for people in at least one of our target groups
- Have annual gross revenue of less than \$5 million last financial year
- Be interested in accessing our non-financial support program
- Not be seeking funding for any programs or activities on our exclusion list.

Westpac Foundation does not provide grant funding for the following:

- Animal welfare
- Rescue services
- Medical research
- Programs promoting religion
- Charity works outside of Australia
- Sponsorship or fundraising activities
- Contribution towards capital projects, major equipment and refurbishments that are reliant on other funding and approvals being obtained in order to be completed.

With One Voice Community Choir Start-Up Grants

Funding Provider Creativity Australia	Eligible to ✔ Business ✔ Not-for-Profit ✔ School ✔ Individual	Funding Amount: \$0 to \$10,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 1 Jun 2018 Opens 2 Jun 2018 Closes 31 Aug 2018 Opens 1 Sep 2018 Closes 9 Nov 2018
Funding Type Grant G07378		Last Round Closed 2 Mar 2018
Primary Category Community Services & Development		

Purpose

The purpose of this grant is to enable individuals and community groups to develop sustainable With One Voice Social Franchises through establishing a community choir.

Overview

Creativity Australia is building a happier, healthier, more inclusive nation, through the neuro-scientific benefits of community singing. The With One Voice Social Franchise program is about building supportive networks, strengthening diverse communities and inspiring individuals to find their voice.

Together, we can change the world... one voice at a time. With One Voice choirs are led by professional conductors, rehearse weekly followed by supper and perform at community and corporate events.

To make it easier for communities to start their own choir, Creativity Australia is offering a limited number of start-up funding grants of \$10,000. Successful applicants will receive the \$10,000 start-up grant and join a 12-month intensive mentoring program to guide them through the process of building their own With One Voice Social Franchise choir.

By establishing a local community choir under the auspices of Creativity Australia (as a registered charity) you hold a licence that enables the choir to raise funds to support projects and initiatives at a local level. The choir is set up as an unincorporated association under the umbrella of Creativity Australia. This includes an independent bank account which is jointly managed by the local choir volunteers and Creativity Australia.

There are seven key components to the program:

1. bringing together a diverse range of local community individuals and organisations to promote, commence and participate in the program
2. finding an extraordinary music leader (who is empathetic and inspiring)
3. finding a safe, nurturing space to sing (that is accessible and close to public transport or infrastructure)
4. seeking out diversity (all are welcome...all ages, backgrounds and cultures...no auditions)
5. showcasing your choir ... share the love (perform locally, celebrate accomplishments)
6. nurturing social connections (rehearse weekly, share supper, share the "Wish List")
7. building sustainability (develop community & business connections, recruit some helpers, start fundraising).

Priority

Funding is not prioritized for any particular group or type of organisation, however, there is a set of criteria that applicants must meet. Please see the information pack that can be downloaded from the website for more information

Limitations

Who should apply?

Creativity Australia welcomes applications to establish community-based With One Voice choirs from a group of individuals or community organisations that have an interest in building healthier, happier, more inclusive and stronger communities.

There is no limitation on who can apply to start a With One Voice program, however, the organising committee, once fully established, cannot be made up of one group of people or organisation. The organising committee must represent the community and applications will be assessed based on their diversity and/or plan to achieve diversity.

It is anticipated that the types of community organisations that may wish to form a community choir under the With One Voice program may include:

- local schools (it's a great community engagement and volunteering program!)
- disability organisations
- job seeker organisations
- community based organisations such as the Lions Club, Rotary, Freemasons etc.
- refugee groups / organisations
- churches / religious groups
- sports groups, such as footy clubs, tennis clubs, bowling clubs etc.
- mental illness groups.

Groups of individuals are also welcome – and encouraged – to start a With One Voice program.

The organising committees of With One Voice Social Franchise Choirs must represent the community and applications will be assessed based on their diversity and/or plan to achieve diversity. If you would like assistance on whether or not your group or organisation would be suitable to help establish a With One Voice Social Franchise choir, please contact Creativity Australia. Please note, local and state government are not eligible to apply.

Funding Type Grant G06529		Last Round Closed 14 Mar 2018
Primary Category Disability		

Purpose

Youngcare's At Home Care Grants (AHCG) provide funding for equipment, home modifications and emergency respite care to enhance the quality of life for young people with high care needs and their carers.

Overview

Youngcare's At Home Care Grants program is critical in keeping young people at home with their families, and preventing new admissions in to inappropriate housing.

The grants provide one-off funding between \$2,000 and \$10,000 to help those aged 18-65 with high care needs who are living at home, and are at risk of entering inappropriate housing.

Grants are offered in Queensland, Victoria, Tasmania, New South Wales, Northern Territory and South Australia.

State	Applications open	Applications close
VIC / TAS	31 January 2018	14 March 2018
NSW	2 May 2018	13 June 2018
QLD / NT	1 August 2018	12 September 2018

Example

Examples of grants that have been approved include applications for respite care, ceiling hoists, a water-powered hydraulic lift, in-home support, a wheelchair ramp, air conditioning, power wheelchair, pressure cushion and electrical adjustable bed to name a few.

Limitations

Who can apply?

Both eligible organisations and individuals can apply for a grant.

Eligible organisations:

- Non-government organisations that currently provide care and support to young people living with a disability.
- Must be able to provide evidence of current Public Liability insurance for no less than \$5 million.
- Must be able to provide current financial records or a current annual report.
- Ideally have an existing relationship with the beneficiary of the grant so that the 'item' purchased through this grant complements what is already being provided by the organisation.

Eligible individuals:

- Aged 18-65.
- At high risk of placement into residential aged care.
- Living with a recognised physical disability (e.g. Multiple Sclerosis, cerebral palsy, ABI, quadriplegia).
- Living at home or in supported housing (not aged care).

Ineligible applications:

- Individuals under 18 years or over 65.
- Individuals requiring palliative care.
- Individuals living with a condition not recognised as a disability.
- Individuals living in permanent residential aged care.
- Any organisation with outstanding acquittals (acquittals not received within 12 months).

What can the grants be used for?

Funding is allocated for amounts between \$2,000 and \$10,000.

Eligible items include:

- Equipment (including wheelchairs and other mobility aids)
- Home modifications to enable access and mobility (e.g. ramps)
- Respite and support services (ongoing or block)
- Other items that will extend the recipient's ability to remain at home

For further information please refer to the FAQs on page 7 of the guidelines.

*All items (i.e. equipment or modifications) require a specific assessment to be provided (e.g. by an occupational or speech therapist.)

Non eligible items include:

- Holidays
- Non-adjustable beds
- Vehicles
- Reimbursement for items already purchased (i.e. retrospective funding).

Australian Disability and Indigenous Peoples' Education Fund

Funding Provider Australian Disability and Indigenous Peoples' Education Fund	Eligible to ✔ Not-for-Profit ✔ Individual	Funding Amount: Undisclosed to \$2,500 Total Pool: Undisclosed
Location Aus		Rounds Closes 30 Sep 2018 Closes 31 Mar 2019
Funding Type Grant G05213		Last Round Closed 31 Mar 2018
Primary Category Disability		

Purpose

To assist both Indigenous and non-Indigenous people with disabilities to participate in both formal and informal education programs through small grants.

Overview

For many people with disabilities from both Indigenous and non-Indigenous backgrounds, education can go a long way to not only developing their skills but also their self esteem and the pride of their family, friends and community.

For many, a small financial grant will enable them to undertake a course. This education fund is about helping people complete or undertake courses and programs through providing small grants.

Our fund is looking to distribute small six monthly grants of up to \$2,500 to assist people with disabilities to continue their learning.

The closing dates for the Education Fund are every six months at the end of March and September each year.

Limitations

Herbert Allen Bequest - Grants for Organisations

Funding Provider Department of Health and Human Services (VIC)	Eligible to ✔ Not-for-Profit ✔ School	Funding Amount: \$0 to \$1,000
Location VIC		Rounds Closes 30 Nov 2018
Funding Type Grant G06929		Last Round Closed 31 Oct 2015
Primary Category Disability		

Purpose

The Herbert Allen Bequest can be used to provide bus excursions for children with an intellectual disability between the ages of 8 and 18, including board and lodging and other incidental expenses.

Overview

The Herbert Allen Bequest is a sub-account of the Trust. Grants in this fund are available to organisations to provide bus excursions to children aged eight to eighteen with an intellectual disability.

Grants of up to \$1000 are available to registered disability service providers and specialist schools, and can be used to fund bus excursions or camps, for children aged eight to eighteen (inclusive) with an intellectual disability. Costs including transport, board and lodging, entrance/activities fees and incidental expenses can be funded. Trips must be within Victoria.

Grants will be made annually. Applications open on 1 September and close at 5.00 pm on the last business day of November.

Limitations

To be eligible to receive a grant, an applicant must meet the requirements of the fund.

Disability service providers applying to the Herbert Allen Bequest must meet one of the following requirements:

- be a service provider listed on either
 - the Department of Health and Human Services' register of disability service providers
 - the National Disability Insurance Scheme's list of registered service providers for Victoria.
- be a Specialist School, registered with the Victorian Registration and Qualifications Authority.

The children participating in the excursion must:

- be Victorian residents
- have an intellectual disability as defined by the Disability Act 2006
- be aged between eight and eighteen (inclusive).

As the Trust is a charitable fund, grants must not be for anything that is considered the normal responsibility of government or a government-funded program.

As funds are limited, the Recommending Committee has approved further criteria for the Herbert Allen Bequest to prioritise funding to those most in need:

- Grants are limited to \$1,000.
- After receiving a grant, a provider will not be eligible to receive a grant in the next two annual rounds.
- Excursions must take place within Victoria.
- Children participating in the program must be unable to afford the cost of the excursion and not able to participate without the grant.
- Grants cannot be used for programs that are already funded by government.
- Grants cannot be used to cover administration costs involved in planning a program or the cost of regular staff.
- Grants can be used to cover additional staff costs, eg. overtime or the cost of an additional person.
- Funding is only available to children with an intellectual disability aged between eight and eighteen. If children who do not meet these criteria will be taking part in the excursion, their costs must be excluded from the application.

Rehabilitation Appliance Program (RAP)

Funding Provider Department of Veterans' Affairs	Eligible to ✔ Individual	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G04960		
Primary Category Disability		

Purpose

RAP is an Australian Government program, administered by the Department of Veterans' Affairs, which provides aids and appliances to eligible members of the veteran community to help them maintain functional independence in their homes.

Overview

The Rehabilitation Appliances Program (RAP) assists entitled veterans, war widows and widowers and dependants to be as independent and self-reliant as possible in their own home. Appropriate health care assessment and subsequent provision of aids and appliances may minimise the impact of disabilities, enhance quality of life and maximise independence when undertaking daily living activities.

The program provides safe and appropriate equipment:

- according to assessed clinical need;
- in an effective and timely manner; and
- as part of the overall management of an individual's rehabilitation and health care.

The equipment should be:

- appropriate for its purpose;
- safe for the entitled person; and
- Likely to facilitate the independence and/or self-reliance of entitled persons based on an assessment of clinical need by an appropriately qualified health professional.

Limitations

Who is eligible?

Members of the veteran community are eligible if they have an assessed clinical need for an aid or appliance and are a:

- Gold Card holder
- White Card holder (only for conditions accepted by DVA as related to service); or
- veteran from an allied country (only for conditions accepted by DVA as related to service).

Asia Study Grants 2018

Funding Provider National Library of Australia	Eligible to ✔ Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Opens 31 Jul 2018 Closes 30 Sep 2018
Funding Type Grant G07593		Last Round Closed 30 Sep 2017
Primary Category Education, Training & Professional Development		

Purpose

The Library offers annual Asia Study Grants to assist scholars in Australia to undertake research relating to Asia through a four week period of intensive access to our Asian language and Asia-related collections.

Overview

With the support of the Harold S. Williams Trust Fund and private donors, we have been able to expand our former Japan Studies Grant scheme to include research across any of our Asian language collections. The grants program is no longer limited to Japan studies. More information on our rich and varied Asian collections is available [here](#).

The grants are available for a period of up to four weeks at any time during 2018. Scholars have privileged access to the Library's materials and facilities, as well as sustained interaction with specialist staff.

What assistance is offered?

Study Grant recipients will receive financial support consisting of:

- an honorarium of \$1000 per week to cover accommodation and living costs in Canberra, for up to four weeks, and;
- a contribution to travel within Australia, equivalent to one return economy domestic airfare to and from Canberra.

Travel and accommodation expenses are paid only to those living outside the Canberra region, but independent scholars in the region (not full-time paid academics) may access the stipend on a pro-rata basis.

All recipients receive in-kind support consisting of:

- special access to Asian collection stacks and staff expertise, including the support of Asian languages specialist librarians;
- access to office facilities in the Asian Collections area, and;
- copying of collection materials (within reasonable limits and according to access and copyright conditions).

Priority

Priority will be given to those with a demonstrated need to access our Asian language collections and who do not have ready access to such collections in their own region or institution. Note that the Library will accept repeat applications, but that an Asia Study Grant can only be awarded once. Former recipients, however, are still eligible to apply for a National Library Fellowship.

Limitations

Who can apply?

Asia Study Grants are open to researchers who are citizens of, or resident in, Australia. Applicants may be PhD candidates, early career or established researchers, or independent scholars, working in any discipline, who need to use the Library's Asian language or Asian-related collections for their research.

Researchers may be in the early or later stages of a project, and can explore the extent of our collections or focus on specific materials. A grant may also be used to undertake preliminary investigations in developing a larger or related project, that may assist in attracting further research funding or work.

In selecting scholars the Library's Fellowships Advisory Committee will consider:

- the value and quality of the proposed research
- the relevance of our collections to the research
- the value of the experience to the applicant's academic progress (for PhD or early career researchers), or to the development of future research
- the capacity of the applicant to communicate their research to a wider audience

Children's Facilities Capital Program - Major Grants

Funding Provider Department of Education and Training (VIC)	Eligible to ✔ Local Govt ✔ Not-for-Profit ✔ School	Funding Amount: \$0 to \$1,600,000 Total Pool: \$70,000,000
Location VIC		Rounds Closes 31 Jul 2018
Funding Type Grant G04727		Last Round Closed 15 Sep 2017
Primary Category Education, Training & Professional Development		

Purpose

The Victorian Government recognises that access to high quality early years services is central to giving every Victorian child the best start in life.

Overview

Families deserve a choice of flexible, accessible and affordable early childhood education and care services, including kindergarten programs delivered in a range of settings, alongside other key services such as Maternal and Child Health, early childhood intervention services, playgroups and family services.

The Victorian Government has committed \$70 million over four years to support local governments and other service providers to invest in early childhood infrastructure. This investment through the Children's Facilities Capital Program will support the provision of high quality early years programs for children and their families by:

- increasing infrastructure capacity to deliver kindergarten program for children in the year before school
- promoting integrated service delivery at one location where families can access early childhood education and care, health and development and family services
- improving access to local and responsive early childhood services for children from vulnerable and/or disadvantaged families
- establishing early childhood infrastructure on or near school sites

In 2018-19 there are three major categories:

- **Integrated Children's Centre grants** - Eligible organisations can apply for up to 40 per cent of the total project cost, capped at \$1.6 million per grant (GST exclusive).

Integrated Children's Centres are key hubs for the community, bringing together a range of services where professionals work together to deliver education, care, health and support services to children and their families. They can provide a focal point for new communities in growth areas, but are equally valuable in improving the accessibility, quality and integration of early childhood services in established metropolitan and regional areas. Integrated service delivery is particularly important in establishing and maintaining engagement with vulnerable and disadvantaged families as their children move through the service system, e.g. from Maternal and Child Health to playgroups and then formal early learning programs.

- **New Early Learning Facilities grants** - Eligible organisations can apply for up to 75 per cent of the total project cost, capped at \$650,000 per grant (GST exclusive).

New Early Learning Facilities enable the provision of high quality early learning programs, including funded kindergarten in the year before school, at a neighbourhood level. The location and design of New Early Learning Facilities should respond to the needs of local families and support partnerships with other local services for children and families.

- **Early Learning Facilities Upgrade grants** - The total contribution from the Children's Facilities Capital Program will remain capped at \$350,000 per grant (GST exclusive).

Early Learning Facility Upgrade Grants are for the renovation or refurbishment of existing, licensed early childhood education and care facilities (including those not currently used for the delivery of a funded kindergarten program) to expand licensed capacity and / or improve the quality of the learning environment.

Limitations

Eligibility

Organisations that are eligible to apply include:

- Local Government
- Not-for-profit community organisations
- Government schools
- Non-government schools

For all Major Infrastructure Grant categories, the following items can be included as part of the total cost of the project for the calculation of the maximum Victorian Government contribution:

- planning and design costs
- project management costs
- site prep, including clearing/demolition if needed
- construction and commissioning
- fittings, furniture and equipment.

What cannot be funded?

The following items cannot be included in project cost estimates for the calculation of the maximum Victorian Government contribution:

- site acquisition costs
- purchase of cars, buses and other vehicles
- staff salaries and training
- ongoing administration costs
- toys, consumables and routine maintenance
- cosmetic upgrades.

Financial Literacy Australia Grants program

Funding Provider Financial Literacy Australia	Eligible to ✓ Local Govt ✓ University ✓ Not-for-Profit ✓ School ✓ TAFE	Funding Amount: \$50,000 to \$500,000 (approx) Total Pool: \$1,500,000 (approx)
Location Aus		Rounds Closes 15 Jun 2018 11PM
Funding Type Grant G06666		Last Round Closed 30 Jun 2017
Primary Category Education, Training & Professional Development		

Purpose

The Financial Literacy Australia (FLA) Grants program supports not-for-profit organisations to advance financial literacy in Australia.

Overview

Each year, FLA will allocate about \$2 million in our “open grants” program. Potential projects include:

- innovation (e.g. pilots with the potential to be scaled-up after evaluation)
- program evaluation (e.g. program improvement, outcome assessment)
- scaling-up existing programs (e.g. learning content, testing of educational products)
- research that will improve the future financial literacy programs (e.g. key issues in behavioural change, effective communication)

Budget

The minimum grant is \$50,000.

There is no set maximum grant, and a grant may be spread over several years. However, as an indication, an initial grant of over \$500,000 would be unusual. If you are thinking of applying for a large grant (over \$100,000), you are welcome to contact the Grants Manager to discuss potential scope and budgets.

In 2018, FLA expects to allocate about \$2 million through the “open grants” process

The Expressions of Interest Round is open and will close at 11pm (AEST) on 15th June.

Priority

Priority areas for 2018 are:

- Single Parents
- Women and Economic Abuse
- Disability (especially in the area of cognitive disability)
- Superannuation
- Indigenous Communities

Limitations

Who can apply

Expressions of Interest are invited from not-for-profit organisations including:

- community, consumer, investor or indigenous organisations
- education entities (e.g schools, teacher associations)
- tertiary education and research institutions
- local government (e.g libraries, community education programs)

Organisations not eligible for grants (unless there are exceptional circumstances):

- individuals or unincorporated associations
- organisations based outside Australia
- government departments or agencies (Commonwealth, state or territory)
- political parties or candidates
- commercial or for-profit organisations
- Australian Financial Services Licensees or their affiliates (eg foundations)

Proposals are welcome from not-for-profit organisations that have partnerships with (or funding from) commercial entities or their affiliated foundations.

We will not usually give grants for:

- programs or initiatives which cannot be assessed and reported
- capital expenditure or building expenses
- general operating expenses (i.e grants are only for specific projects)
- general fundraising
- emergency requests or disaster relief
- projects which are primarily travel, study or attending conferences
- retrospective requests
- replacing government funding
- commercial or for-profit activities
- projects outside Australia

Awardees take part in a bi-lateral academic and cultural exchange, pursuing research or study at a U.S. institution, experiencing life in the United States of America, and bringing back their knowledge and experience to share with their communities in Australia.

Overview

A Fulbright award is more than a Scholarship – it is, in the words of Senator Fulbright, a means of fostering “leadership, learning, and empathy between cultures... It is a modest program with an immodest aim – the achievement in international affairs of a regime more civilised, rational and humane than the empty system of power of the past.”

Australian Fulbright Scholarship recipients are interviewed and selected by panels of experts from academia, government, professional organisations and the U.S. Embassy. The panels are looking for the following attributes:

- High academic and professional merit
- Strong program proposal
- Defined potential outcomes
- Ambassadorial skills

Which Fulbright is right for me? The Australian-American Fulbright Commission offers scholarship opportunities to Australian citizens across various academic and career stages. Click on the links below to access information for each category; including opportunities available.

Postgraduate	Postdoctoral	Scholar	Distinguished Chair
Fulbright Postgraduate Scholarships allow postgraduate students undertaking their Australian PhD to conduct research in the U.S. for 8-10 months or Supports enrolment in a graduate degree program (e.g. a Master's) for 10 months up to two-years.	Fulbright Postdoctoral scholarships allow individuals to undertake postdoctoral research in the U.S. for 3 – 10 months, who have completed their PhD in the past 5 years.	Fulbright Scholar Awards are for academics (at Associate Professor or Professorial level) and mid-career professionals (with an undergraduate qualification and minimum 10 years work experience) to undertake research and/or training in the United States for 3-4 months in any discipline.	The Fulbright Distinguished Chair award is for an exceptional individual at professorial level to carry out research in the United States for up to 6 months.

Limitations

Eligibility and Conditions

To qualify for a Fulbright scholarship through the Australian-American Fulbright Commission, you must meet and/or be aware of the following requirements:

Citizenship: Are an Australian citizen (by birth or naturalisation) Do not hold dual US-Australian citizenship or U.S. permanent residency (Green Card) Be a resident in Australia at the time of application (exceptions: applicants serving overseas in the Armed Forces, Australian diplomats posted overseas)

Visas: Fulbright Scholars must travel on a valid Australian passport Fulbright scholarships are contingent upon the candidate's ability to secure and travel to the U.S. on an Exchange Visitor non-immigrant visa (J-1 visa) (administered by Commission) inclusive of medical clearance and security processes. The J-1 visa carries a 2 year home-residency requirement (clause 212e), meaning recipients must return to Australia for a cumulative total of two years at the end of their program before becoming eligible to apply to live/work in the United States. Clause 212e is in keeping with the exchange nature of the Fulbright program and encourages recipients to return to Australia to share their knowledge and experiences. J1 recipients will not be prohibited from travelling to the U.S. for short-term visits on the visa waiver program, or on a non-immigrant visa. Clause 212e does not prohibit scholars from gaining residency or work visas in other countries (e.g. the United Kingdom).

Previous J-1 Visas/Programs: If you have previously held a J-1 visa and subsequent DS-2019, please upload it with your application. Please be aware that if clause 212e or the 24-month bar is in effect from a previous J-1, you will be unable to accept the Fulbright award, should it be offered to you, within the 24-month/212e period. Scholarships cannot be deferred until the 24-month/212e period has passed.

Engagement: Not have already commenced studies/ research in the U.S. Be prepared to commence your program in the following financial year (e.g. apply in 2018 to commence program between July 1st 2019-June 30th 2020). Secure placement with a primary U.S. host institution (please note, this is not a requirement at the time of application for Postgraduate students). Scholarships are conditional on acceptance to an approved institution for a period of research or course of study. Not hold another grant during your Fulbright program if it duplicates funding received from Fulbright during the scholarship period. Funding and grants must be declared at the time of application and/or award acceptance and are subject to approval. Fulbright scholarships cannot be deferred. Medical professionals can apply for a Fulbright Scholarship to undertake medical research, but such research should not be directly involved with clinical practice. Recipients must be in Australia to attend the Fulbright Orientation Program and Gala Presentation Dinner, which runs late February/ early March annually.

Qualifications: Applicants must have completed an undergraduate degree or equivalent at the time of application. Postgraduate applicants in the final semester of their degrees will also be eligible (pending good academic standing). Postdoctoral candidates will also be considered if they can provide a letter from their adviser that outlines the PhD will be conferred prior to July 1 2019. For undergraduate students yet to graduate – please upload a university transcript of your academic performance to date showing your credit points obtained. Please note this must be accompanied by a signed letter from your university stating you are on track to graduate in the year of application. Postgraduate and Anne Wexler applicants may be required to pass GRE testing, dependent on host institution requirements. Successful applicants will be provided with a voucher to cover the costs of testing. Applicants whose primary language is not English may be required to provide language proficiency test results at the time of application.

Previous Fulbrighters: Preference will be given to candidates who have not had previous Fulbright grants. However, recipients of a Fulbright grant are eligible to receive another Fulbright grant five years after the date of completion of the previous grant. (FSB Guidelines 725.2)

Grants for rural and regional students

Funding Provider The Country Education Foundation (CEF) of Australia	Eligible to ✔ Individual	Funding Amount: \$500 (approx) to \$5,000 (approx) Total Pool: Undisclosed
Location NSW,NT,VIC,SA,TAS,QLD		Rounds Ongoing
Funding Type Grant G08057		
Primary Category Education, Training & Professional Development		

Purpose

This financial support helps buy textbooks and laptops for uni students, purchase tools and equipment for apprentices and assists rural and regional youth to relocate to take up career opportunities.

Overview

CEF assistance is determined through our local grants program. When you apply for a CEF grant you will need to apply to the local CEF foundation in your area. If you are successful your grant will be awarded and managed by your local foundation.

This financial support ranges from \$500 to \$5,000 per student, per year. CEF grants are non-cash. Instead you are reimbursed for education or work related expenses, or a supplier can be paid directly. Grants can cover any education or work related expenses, eg. text books, tools, work equipment, petrol, transport, accommodation, computers, internet access.

Grant applications are open all year round, however each committee has different dates for consideration each year.

- Shortlisted applicants will be invited for an interview with their local committee.
- Grants will be allocated after interviews have been completed and you are accepted into your chosen course/ apprenticeship/training.

Please note: We are not able to provide grants for the payment of HECS fees or debt.

Limitations

Who is eligible?

CEF grants are based on financial need, not academic success. You will however, need to demonstrate commitment to achieving your goal.

The four essential selection criteria are:

- 1.You have a demonstrated financial need;
- 2.You are aged 16-25 years;
- 3.You have attended school in or currently live in the region covered by your local CEF (view full list [HERE](#)) and
- 4.You are able to demonstrate commitment to achieving your goal.

HP Kids Fund

Funding Provider HP	Eligible to ✔ School ✔ Individual	Funding Amount: \$10,000 to \$10,000 Total Pool: \$500,000
Location Aus		Rounds Closes 18 Jun 2018
Funding Type Grant G07951		Last Round Closed 5 Feb 2018
Primary Category Education, Training & Professional Development		

Purpose

HP Kids Fund is a half a million dollar commitment aimed at making technology accessible to all Australian children.

Overview

Recognising equal access to technology in the classroom as a prominent issue, we have launched HP Kids Fund, a half-a-million dollar program offering a total of fifty grants of \$10,000.

It is crucial that schools in Australia are equipped to transition classroom learning into the future. We invite every school teacher and principal across Australia to apply for a grant to be used towards HP technology. Grants can be used towards the purchase of HP technology to encourage STEM learning and development in the classroom.

HP hopes to inspire Australian educators to incorporate not only standard technologies such as laptops into schools, but to make innovative and exciting technology a part of the learning process.

Every applicant will receive a 6 months complimentary access to Code Camp World, an e-learning platform teaching kids how to code. This access can be used for the entire school. Runner-ups will also receive a session with Code Camp, teaching kids how to code in-class.

HP Kids Fund runs four intakes throughout the year.

Apply in 2 simple steps:

- 1.Step 1: Use your creativity to have a short, engaging video (max. 60 seconds) describing how this grant could help students at your school be more innovative, and help your students achieve better STEM learning outcomes.
- 2.Step 2: Apply online.

Limitations

All school teachers and principals across Australia are eligible.

The Early Career Teaching Award

Funding Provider Australian Psychological Society (APS)	Eligible to ✔ Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 30 Jun 2018
Funding Type Award A00015		Last Round Closed 30 Jun 2017
Primary Category Education, Training & Professional Development		

Purpose

The Early Career Teaching Award encourages developing teachers in the early stages of their career in Australian Universities and higher education providers who demonstrate potential for excellence.

Overview

It is intended to recognise Candidates whose skill and commitment to teaching in psychology, and promotion of student learning, places them significantly ahead of their peers.

Each year up to three Early Career Teaching Awards may be conferred.

In judging Candidates for the award, the Selection Committee will have regard to:

- The Candidate's interest and enthusiasm for teaching and for the promotion of student learning
- The Candidate's ability to organise course material and to present it cogently and engagingly
- The Candidate's command of subject matter Provision of appropriate student assessment by the Candidate
- The Candidate's professional and systematic approach to teaching development
- The Candidate's participation in professional activities and research relating to teaching
- The Candidate's philosophical approach to teaching
- The Candidate's evidence of scholarship of teaching (e.g., teaching grants, publications)
- The Candidate's innovative teaching practices (e.g., blended, online, work-integrated learning).

Successful Candidates for an Early Career Teaching Award will:

- Be offered a one year membership of the Society, for the following twelve (12) month period at no cost
- Be invited to present a paper on their work at the Society's Annual Conference in the year following the receipt of their Early Career Teaching Award. Upon acceptance of this invitation, successful Candidates will be entitled to complimentary:
 - Domestic economy class travel between their home city and the conference destination
 - Accommodation (room and breakfast only) for up to three (3) nights at a hotel near the conference venue
 - Conference registration
- Receive an Early Career Teaching Award plaque.

Limitations

Eligibility

- Candidates must be Members of the Society
- Candidates should be currently engaged in teaching in Australia at any level within the higher education system
- Candidates should have held an academic position (at least Level B) for no longer than a total of 60 active months (not necessarily continuous in the event of career disruptions) at the time of the closing date for nominations. A career disruption involves a prolonged interruption (longer than 28 calendar days) to a Candidate's ability to work, either due to total absence or partial return to work (which will be prorated) as a result of illness or significant carer's duties (e.g. care of newborn, or of extremely ill family member). Only up to 24 months of career disruption can be counted. Adequate independent documentation of such periods of total or partial absence needs to be provided.

Travel grants program

Funding Provider The Ian Potter Foundation	Eligible to  University  TAFE  Individual  DGR Required	Funding Amount: \$2,000 (approx) to \$3,000 (approx) Total Pool: Undisclosed
Location Aus		Rounds Closes 5 Jun 2018
Funding Type Grant G07098		Last Round Closed 6 Jun 2017
Primary Category Education, Training & Professional Development		

Purpose

To assist early career staff members (with an appointment of at least three years) to attend overseas conferences to develop their professional careers, and to interact with their peers in the international scene.

Overview

The Foundation's Travel grants program is distinctive in Australian philanthropy. The Foundation has had a steadfast commitment to this initiative, dating from the Foundation's establishment in 1964.

Travel grants enable outstanding individuals, with promising careers and potentially important contributions to make to the Australian community, to exchange knowledge with their peers through participation in professional development opportunities.

In particular, the program enables promising early-career academics and researchers to present their work at international conferences and exchange knowledge with their peers through participation in professional development opportunities.

Supporting early career researchers to attend conferences and training enhances the researcher's professional development, and develops their research through valuable feedback from and collaboration with contemporaries in their field. Ultimately, these benefits filter through to the wider community through their research and the investment in Australia's best and brightest minds. While most Travel grants are awarded to university-based researchers, they are also available to TAFE staff and indeed the staff of any eligible organisation that may have similar potential and opportunity.

Although Travel represents only a small percentage of the Foundation's grant-making in dollar terms, the travel grants program has been effective in promoting the value of Australian research and overcoming the challenge of our geographical isolation. Since 1964, the foundation has granted 2400 Travel grants representing an investment of over \$3 million in nurturing our nation's intellectual capital.

Most grants made in this program area range from \$2,000 - \$3,000. Details of our Travel grants can be found in our Grants Database.

Limitations

Generally, an early career researcher is considered to be within five years of completing a PhD.

The Ian Potter Foundation can only make grants to organisations with BOTH Deductible Gift Recipient (DGR) Item 1 and Tax Concession Charity (TCC) status.

The Foundation does not provide Travel grants for:

- Domestic travel
- Undergraduate, masters, or doctoral students; or
- Retrospective grants for travel already undertaken in part or in whole.

Black Spot Program

Funding Provider Department of Infrastructure, Regional Development and Cities	Eligible to ✓ Local Govt ✓ Not-for-Profit ✓ Individual	Funding Amount: Undisclosed Total Pool: \$500,000,000
Location Aus		Rounds Ongoing
Funding Type Grant G00525		
Primary Category Emergency & Safety		

Purpose

To reduce crashes on Australian roads and to target those road locations where crashes are occurring.

Overview

Road crashes are a major cost to Australians every year. Black Spot projects target those road locations where crashes are occurring. By funding measures such as traffic signals and roundabouts at dangerous locations, the programme reduces the risk of crashes. Programmes of this sort are very effective, saving the community many times the cost of the relatively minor road improvements that are implemented.

The Black Spot Programme makes an important contribution in reducing the national road toll under the National Road Safety Strategy and Action Plan.

The Australian Government has committed \$500 million to the Black Spot Programme from 2014-15 to 2018-19, which includes an additional \$200 million over two years from 2015-16 to improve road safety across the nation.

The Government has broadened the programme's eligibility criteria for 2015-16 and 2016-17 to assist local communities to compete for the additional funding available over those two years.

Under the new criteria, the minimum Benefit Cost Ratio (BCR) for proposals has been reduced from 2:1 to 1:1. In addition, the minimum crash history of sites has been reduced from 3 to 2 casualty crashes over five years or 0.13 casualty crashes per kilometre per year over 5 years.

The criteria has also been amended to allow more funding for the proactive treatment of unsafe roads. Consultative Panels will be able to allocate up to 40% of funding to sites on the basis of a road safety audit.

The Government has also guaranteed that at least 50 per cent of funding provided over the next two years will be dedicated to fixing roads in regional Australia.

Limitations

Community groups, motorist organisations, industry organisations, councils and individuals are invited to nominate Black Spot sites around Australia to be considered for treatment.

Personal Hardship Assistance Program

Funding Provider Dept of Human Services (VIC)	Eligible to ✔ Individual	Funding Amount: Undisclosed Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G06070		
Primary Category Emergency & Safety		

Purpose

This program provides financial assistance to alleviate the personal hardship and distress suffered by eligible Victorians, as a result of an emergency.

Overview

This assistance is not intended to replace insurance or other compensation for loss.

Emergency relief assistance is available for up to 7 days after an emergency event if you are unable to access or live in your home, because of the emergency.

Payments are intended to help in the immediate aftermath of the emergency with expenses incurred in meeting health, safety and wellbeing needs such as:

- Food
- Clothing
- Medications
- Accommodation.

Emergency relief assistance is based on a fixed amount for each member of your household (adults and children). This assistance will be paid to you after the Department of Health and Human Services has confirmed your eligibility

Limitations

As a householder, your eligibility for assistance depends on whether your principal place of residence has been destroyed, rendered uninhabitable (unfit to live in), or made inaccessible for more than seven days – all as a result of an eligible natural emergency event.

To be eligible for assistance, your application must meet an income test, with income limits based on:

- your gross weekly family income for PAYE taxpayers
- or your gross weekly income, minus your gross weekly expenditure, if you are self-employed.

Your eligibility is established only where losses are not being met by insurance, compensation or some other assistance.

Funding Provider Regional Development Victoria	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit ✓ TAFE	Funding Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G06878		
Primary Category Employment		

Purpose

The primary aim of the Regional Jobs Fund (RJF) is to facilitate job creation and retain existing jobs. It will attract and facilitate investment with a focus on regional competitive advantage or high-growth potential businesses, and it will assist to diversify the regional employment base.

Overview

The fund aims to improve regional capacity, innovation and capitalise on the potential of emerging industry sectors, particularly the Government's priority areas and new export markets.

The primary aim of the Regional Jobs Fund (RJF) is to facilitate job creation and retain existing jobs. It is targeted at assisting regional businesses to grow their workforce, expand markets and create jobs of the future. It will attract and facilitate investment with a focus on regional competitive advantage or high-growth potential businesses and will help diversify the regional employment base. The fund aims to improve regional capacity and to innovate and capitalise on the potential of emerging industry sectors and new export markets.

The RJF will provide support for strategic projects and infrastructure through the following four program streams:

- **Investment Attraction** - This program stream aims to attract and facilitate investment in new and existing businesses in regional Victoria. It also focuses on regional competitive advantage and high-growth potential businesses and opportunities that create new jobs or retain existing jobs in regional Victoria. The program will be flexible to industry needs, but also targeted towards supporting activities that deliver an identified business growth opportunity. This includes footloose investment attraction, investment in facilities expansion and strategic industry investment planning.
- **Innovation and Productivity** - This program stream aims to improve the productivity of regional industries and businesses to ensure the long-term sustainability of employment and business growth in regional locations. It will provide funding for the adoption of new technology and innovative processes, as well as equipment that drives more efficient use of assets and greater supply chain integration. This program stream will support activities linked to business innovation or commercialisation of technology. It will also provide support for collaboration between industry clusters and research centres that strengthen supply chains and competitiveness.
- **Market Access** - This program stream aims to grow regional export potential and access to new markets for business and industry groups. It will support investments, projects and activities that provide more comprehensive engagement with new markets, domestically and abroad. It will also provide funding to support industry development, capability building, strategic export development planning and targeted industry cluster development projects for new markets.
- **Employment Precincts** - This program stream aims to boost the capacity of new and existing regionally significant employment precincts (e.g. CBDs, health, education, innovation, industrial and special purpose precincts). It will provide funding to support the development or enhancement of land and facilities that generate greater job density and more productive industry clustering. This includes enabling infrastructure that facilitates long-term investment and jobs creation in a precinct by a foundation business or an anchor tenant.

Limitations

Applications will be considered from:

- private sector businesses and agencies
- business and industry groups including:
 - chambers of commerce and business associations
 - industry peak bodies
 - business and industry clusters and networks
- local government authorities

Location VIC		Rounds Closes 30 Jun 2018
Funding Type Grant G07904		
Primary Category Environment & Sustainability		

Purpose

This grant program provides financial assistance of up to \$30,000 for commercial buildings to implement building energy efficiency improvements.

Overview

We are calling for applications from commercial building owners, agents, tenants and facility managers in Victoria, keen to identify and implement energy efficiency upgrades that lead to an improvement in building performance. Commercial buildings can include offices, hotels, retail and data centres, and some mixed use buildings.

Grants of up to \$30,000 are available to help commercial building owners with the costs of implementing energy efficiency projects. A co-contribution from the applicant is required. Your organisation must make a minimum cash co-contribution of (\$1:\$1) towards the total project cost.

This grant program provides matched funding assistance of up to \$30,000 for commercial building owners to:

- Conduct energy audits via a panel of pre-approved service providers
- Implement energy efficiency upgrades of their choice
- Measure and verify building efficiency improvement.

The program can also facilitate access to third-party finance to assist with upgrades.

Limitations

To be eligible for funding applicants must:

- Be institutional investors, businesses, individuals, family businesses, or Owners' Corporations.
- Be the owner, or authorised to act on behalf of the owner, of an eligible commercial building
- Have a current Australian Business Number (ABN)
- Have been operating for at least 12 months
- Implement the project in Victoria
- Meet the minimum co-contribution of the fund/grant program
- Agree to comply with Sustainability Victoria's Terms and Conditions
- Agree to comply with the Terms of Participation in Grant Program
- Have had no Environment Protection Authority (EPA) or Victorian WorkCover Authority violations in the past five years, or if any violations:
 - The violations were not serious
 - The violations have been satisfactorily resolved
 - The applicant has made appropriate efforts, including implementing management systems, to ensure the violation is not repeated and
 - Since the violation, the applicant has had a satisfactory level of compliance with environmental and WorkCover Authority legislation.

What will be funded?

- Providing grants of up to \$5,000 for energy audits completed by a Service Provider.
 - AS3598.1:2014 Energy audits
 - Dynamic thermal modelling
 - Detailed feasibility studies for comprehensive energy projects including: façade retrofits, services retrofit, and renewable energy
 - Long term asset planning
 - Updating of drawings and/or specifications
- Providing grants of up to \$20,000 for implementing improvements, overseen by a Service Provider.
 - Capital improvements
 - Building monitoring systems
 - Metering and monitoring systems
 - Building tuning
- Providing grants of up to \$5,000 for post installation measurement and assessment by a Service Provider.
 - Post implementation building tuning/commissioning
 - Energy monitoring.

What won't be considered for funding?

Funding will not be provided for:

- projects that do not meet the eligibility criteria of the program
- projects not located in Victoria
- projects that are being undertaken in order to comply with regulation
- applicants that have failed to address a breach of the Occupational Health and Safety Act 2004 or Environment Protection Act 1970 (as amended)
- applications submitted after the closing date and time
- requests for retrospective funding, where projects are completed or have commenced prior to signing a funding agreement with SV
- projects that focus on routine or cyclical maintenance works
- projects that involve the repair of facilities damaged by vandalism, fire or other natural disasters where the damage should be covered by insurance
- ongoing operational costs such as, but not limited to, salaries, electricity, water and other utilities
- organisations that have failed to satisfactorily complete any other previous projects funded by SV without sufficient reason
- projects that do not clearly demonstrate a need for Victorian Government support
- pre-construction activities such as site clearing, earthworks or site accessibility works
- projects which will not be completed within the program timelines. Projects must be completed within 18 months of the funding agreement being signed. This includes 12 month monitoring period.
- Works that are not completed in accordance with the program guidelines (i.e. not completed by a Service Provider).

Exclusions:

- Major commercial aesthetic upgrades
- Non-energy related sustainability improvements (e.g. waste, water projects)
- Buildings that do not meet the eligibility criteria (AVPCC classifications, PCA grade, less than 500m2)
- Business investment and financing advice
- Assisting with detailed facilitation of financing beyond supporting the initial energy audit
- Projects where applicants have received funding or support for the same activities from other sources

Corridors of Green Funding

Funding Provider Melbourne Water	Eligible to  Local Govt  Business	Funding Amount: \$0 to \$20,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G06002		
Primary Category Environment & Sustainability		

Purpose

Melbourne Water offers funding and support to improve river health through the Corridors of Green Grant program.

Overview

The Corridors of Green Grants Program provides financial assistance to stimulate a partnership approach for the protection and rehabilitation of waterways on public land.

The grants help local council and managers of public land undertake projects and activities to improve the health of their local waterway.

Grants of up to \$20,000 are available to support the implementation of projects that address natural resource management issues on public land adjacent to waterways. Projects must be completed within 18 months of receipt of funding.

Working in partnership with other agencies, this supports Melbourne Water to deliver the Healthy Waterways Strategy. The objectives of the Corridors of Green Grants Program are to:

- Assist public land managers with financial and technical support to enhance riparian habitat corridors and improve amenity of open space
- Foster an understanding and appreciation of river health within the community
- Improve the quality and quantity of indigenous riparian vegetation
- Reduce the impact of threatening processes on waterways
- Aid the return of native fauna to parklands.

This funding covers projects that improve river health, such as:

- weed control
- fencing off rivers and creeks
- revegetation (replanting) with indigenous plants
- creating management plans

Items that are eligible for funding include:

- Weed control and management
- Pest animal control (as part of an integrated approach e.g. local councils or Parks Victoria, in collaboration with a group of contiguous landowners or a Community Group)
- Riparian fencing
- Site preparation
- Indigenous plants
- Plant materials
- Guards, stakes and weed mat
- Planting support (where a need can be demonstrated)
- Mulch
- Frontage Management Plans
- Capital items such as tools, trailers and other equipment.

Applicants are required to contact a Waterways and Land Officer (see back page for contact details) to discuss their application before applying.

Limitations

Local councils and managers of public land in the Port Phillip and Westernport region can apply to the corridors of green program. Public land includes parks, forests and other recreational reserves.

Drought Communities Programme

Funding Provider Department of Infrastructure, Regional Development and Cities	Eligible to  Local Govt	Funding Amount: \$25,000 to \$1,500,000 Total Pool: \$35,000,000
Location NSW,VIC,SA,NT,QLD		Rounds Closes 30 Jun 2019 5pm
Funding Type Grant G08376		
Primary Category Environment & Sustainability		

Purpose

The Drought Communities Programme (DCP) is designed to deliver benefits in targeted drought-affected regions of Australia. The Government is providing \$35 million over four years, commencing in 2015-16, to fund local infrastructure initiatives that provide employment for people whose work opportunities have been impacted by drought.

Overview

Funding of \$1.5 million will be available to support projects in each Declared Council area. Declared Councils may submit as many projects as they wish up to their total funding amount of \$1.5 million. The component of a project funded under the DCP must be completed by 30 June 2019.

Declared councils can apply for funding of between \$25,000 and \$1.5 million per project, for projects that are investment ready and will be able to commence within 6 months of signing a funding agreement. Projects must be scheduled to be completed on or before 30 June 2019.

The objective of the DCP is to deliver benefits in Declared Council areas, by supporting investment in local infrastructure initiatives.

Funding will be targeted at infrastructure projects that provide employment for people whose work opportunities have been impacted by drought; stimulate local community spending; use local resources, businesses and suppliers; and/or provide a long-lasting benefit to communities and the agricultural industries on which they depend.

The desired outcomes of the DCP are:

- increased employment in regions by providing work for locals and/or farmers and farm labourers/staff/contractors whose employment opportunities have been affected by drought;
- improved levels of economic activity in regions;
- increased productivity in regions; and
- better retention of businesses, services and facilities

Proposals can be submitted at any time from publishing of the Guidelines. Proposals must be submitted using the relevant form available from the Department via email to dcp@infrastructure.gov.au

Limitations

Only completed proposals submitted by the Chief Executive Officer of the Declared Council, or other council officer authorised to sign funding agreements, will be accepted and assessed for their eligibility. Incomplete proposals may not be assessed, however they can be re-submitted.

Eligibility

Declared Councils Declared Councils that can receive funding under the DCP are those specified by the Minister for Regional Development in consultation with the Minister for Agriculture and Water Resources.

In 2015-16, DCP funding will be prioritised to focus on the following Declared Councils: Balonne, Barcaldine, Barcoo, Blackall-Tambo, Boulia, Bulloo, Burke, Carpentaria, Diamantina, Flinders, Longreach, McKinlay, Murweh, Paroo, Quilpie, Richmond and Winton in Queensland; Brewarrina, Coonamble and Walgett in New South Wales; and Buloke, West Wimmera and Yarriambiack in Victoria.

What projects are eligible for funding?

Eligible projects must relate to economic, social and cultural infrastructure, safety and accessibility upgrades, and/or town facility developments and upgrades. These infrastructure projects must be expected to:

- lead to the employment of locals and/or focus on employing farmers and farm labourers/staff/contractors; and/or
- contribute to the economic activity of communities/regions; and/or
- lead to the retention of businesses, services and facilities.

What activities are not eligible for funding?

DCP funding cannot be used for:

- payment of salaries for existing staff or contractors, although projects may be carried out by existing workforces;
- computer software or hardware that is not an integral part of the funded capital project;
- a council's core or business-as-usual operations, which council rates and other government funding usually funds;
- purchases of land, buildings, vehicles or mobile capital equipment (eg trucks and earthmoving equipment);
- expenditure incurred prior to the announcement that the project has been successful in its proposal for funding;
- staging events, exhibiting a display or for filming;
- undertaking studies or investigations; or
- the development of private or commercial ventures, including licensed areas of registered clubs.

If an Declared Council is uncertain whether a particular type of expense is eligible for DCP funding they should contact the Department for further information in the first instance.

Inspiring Environmental Solutions - EPA community funding program

Funding Provider Environment Protection Authority (VIC)	Eligible to ✓ Local Govt ✓ State Govt ✓ University ✓ Not-for-Profit ✓ School	Funding Amount: Undisclosed Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G05215		
Primary Category Environment & Sustainability		

Purpose

Inspiring Environmental Solutions (IES), EPA's Community Funding Program, invites Victorian communities to develop projects which benefit both the community and the environment affected by a pollution event.

Overview

The IES program has incorporated the key recommendations from EPA's Compliance and Enforcement Review (2011). As a result, there is now a greater emphasis on sourcing projects which benefit both the environment and the community affected by the pollution event.

A simpler process has been introduced that uses a register of groups and invites project proposals once information about an upcoming prosecution requiring a community project is known. Projects should enhance the environment in a public place, or undertake environmental activities for the benefit of the community.

High-quality proposals will:

- benefit the affected environment in a significant and lasting way, beyond the life of the project;
- enable affected residents to have a greater connection to their local environment and build their capacity;
- benefit the affected local residents and directly engage with them at all stages of the project using local relationships and networks;
- have outcomes with a clear connection to the prosecuted offence

Limitations

Applications to the IES program are invited from incorporated groups and organisations or other legal entities (other than individuals) that have an environmental or environment related role.

Examples of eligible applicants include:

- Incorporated community organisations (e. g. friends or Landcare groups)
- Not-for-profit/Non-government organisations
- Indigenous associations
- Peak/representative associations
- Schools/Universities
- Research Groups
- Local and State government

Non-incorporated groups can only apply under the auspice of an eligible group which must agree to take on financial accountability for the project.

Groups must consider if their project requires appropriate insurance to cover their activities.

Premier's Sustainability Awards

Funding Provider Sustainability Victoria	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit ✓ School ✓ TAFE ✓ Individual	Funding Total Pool: Undisclosed
Location VIC		Rounds Closes 7 Jun 2018
Funding Type Award G06235		Last Round Closed 21 Jun 2017
Primary Category Environment & Sustainability		

Purpose

The Premier's Sustainability Awards, now in its 16th year, recognise and celebrate Victorians who are leading the way to a sustainable future. The awards continue to grow and reflect the action that is happening across industry, business and community from regional to metropolitan Victoria.

Overview

The Premier's Sustainability Awards offers 10 award categories to enter in 2018.

The 2018 Premier's Sustainability Awards will be held on Thursday 11 October 2018 in Melbourne.

The ten categories in this year's Premier's Sustainability Awards are:

- **Built Environment Award** - Excellence in the contribution to sustainable infrastructure, buildings and precincts.
- **Community Award** - Leadership and excellence in the delivery of sustainable initiatives which have demonstrated widespread benefits for Victorian communities.
- **Education Award** - Excellence in the delivery of educational programs and institutional practices that contribute to a more sustainable Victoria.
- **Environmental Justice Award** - Demonstrated leadership to ensure the fair treatment of disadvantaged members of the community through their active participation in environmental justice initiatives.
- **Environmental Protection Award** - Leadership and excellence by an organisation in the conservation and protection of the environment.
- **Government Award** - Leadership and excellence by government in the delivery of policies or initiatives that contribute to sustainable outcomes.
- **Health Award** - Leadership and excellence in the delivery of initiatives that contribute to sustainable outcomes in the health sector and community.
- **Innovative Products or Services Award** - Outstanding innovation in products or services that contribute to sustainable outcomes.
- **Large Business Award** - Outstanding achievements by a large business in the implementation of sustainability initiatives.
- **Small and Medium Enterprises (SME) Award** - Outstanding achievements by small and medium enterprises and social enterprises (less than 200 employees) in the implementation of sustainability initiatives.

In addition to this year's 10 award categories, winners and finalists will be eligible to be selected for the two overall awards, the Premier's Regional Recognition Award and the Premier's Recognition Award, as chosen by the Honourable Daniel Andrews MP, Premier of Victoria.

- **Premier's Recognition Award** - This award is made to one of the winners of the award categories which, in the Premier's opinion, showcases exemplary innovation in sustainability, and has shown particular leadership and determination in overcoming obstacles.
- **Premier's Regional Recognition Award** - This award is made to one of the regional finalists of the award categories which, in the Premier's opinion, has demonstrated notable sustainability benefits for regional Victoria.

Social Impact Investment for Sustainability Program

Funding Provider Sustainability Victoria	Eligible to  Business  Not-for-Profit  Individual	Funding Amount: \$0 to \$200,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G07539		
Primary Category Environment & Sustainability		

Purpose

The Social Impact Investment for Sustainability program provides financial assistance to existing, investment-ready social enterprises and is designed to create new jobs and training opportunities, deliver social benefits, respond to climate change, avoid and recover waste, and improve resource efficiency in the Victorian community.

Overview

The Victorian Government is supporting investment-ready social enterprises to create new jobs and training opportunities, respond to climate change, avoid and recover waste and improve resource efficiency in the Victorian community.

The program provides a combination of grant and low interest loan. Investment-ready social enterprises can apply for up to \$200,000 as a combination grant and low interest (2.5%) loan to scale up (expand) their operations.

Funds returned through repaid loans will be reinvested in the program to support other social enterprises. The program will continue until the funding is fully subscribed.

The Social Impact Investment for Sustainability program is merit-based and involves two stages: an Expression of Interest (EOI), followed by a comprehensive financial assessment to be conducted by Foresters Group. The amount of funding allocated may be negotiated with successful applicants based on the applicant's capacity to repay the loan.

EOI applications will be collated by Sustainability Victoria for assessment at regular intervals. We expect this will be every three to four months, however, applications may be assessed sooner at the discretion of Sustainability Victoria.

Limitations

Victorian individuals, social enterprises and non-profit organisations are eligible to apply.

Location NSW,NT,VIC,SA,WA,TAS,QLD		Rounds Closes 31 May 2018 5pm
Funding Type Grant G08217		
Primary Category Environment & Sustainability		

Purpose

The Solar Communities Program will provide \$2.2 million in grants to community organisations in eligible regions to undertake small-scale renewable energy generation and energy storage projects, including purchase and installation of solar photovoltaic systems, battery storage for solar photovoltaic systems and solar hot water systems.

Overview

Community organisations in eligible regions can apply for funding from \$2,500 to \$12,500 to install small-scale renewable energy systems including solar photovoltaic panels, storage batteries and solar hot water systems.

The program will fund up to 100 per cent of eligible expenditure.

If your total budget costs are greater than the maximum grant amount of \$12,500, you will have to meet additional costs yourself.

The objective of the program is to:

- support community groups to undertake small-scale renewable energy generation and energy storage projects

The intended outcomes of the program are to:

- build awareness of the financial and environmental benefits of small-scale renewable energy generation and energy storage projects

Limitations

Eligibility criteria

Who is eligible?

To be eligible you must be:

- a community organisation that is a legal entity, able to enter into a grant agreement with the Commonwealth For the purpose of this program, a community organisation is any organisation engaged in community-based activities operating under Australian law and not established for making a profit.

This definition can include not-for-profit entities pursuing a range of 'for-profit' commercial activities.

The key activities of the organisation should include a group of people who meet regularly for a common interest such as:

- community sporting clubs
- Scout or Guide groups
- Aboriginal and Torres Strait Islander community group
- surf lifesaving clubs
- community owned kindergartens

- welfare centres
- Men's Sheds
- community centres
- women's associations
- country fire authorities
- community owned child care centres

In addition to the eligibility criteria above, you must also:

- be located in an eligible region
- have an Australian Business Number (ABN)
- provide a letter of consent from the building owner/manager, if you are not the building owner/manager
- ensure you use an appropriately licensed and accredited installer
- provide the relevant mandatory attachments.

We cannot waive the eligibility criteria under any circumstances.

Who is not eligible?

You are not eligible to apply if you are:

- a for-profit entity
- a Commonwealth, State, Territory, or local government body (including government business enterprises)
- an individual
- not a community organisation
- an educational facility such as primary, secondary schools, tertiary (universities, colleges, TAFE) and/or related entity such as P&C association
- a group that use facilities operating primarily for gambling or the sale of alcohol

Sustainable Energy in Not-for-Profits Program

Funding Providers The Alternative Technology Association (ATA) Lord Mayor's Charitable Foundation Location VIC Funding Type Grant G07955 Primary Category Environment & Sustainability	Eligible to  Not-for-Profit	Funding Total Pool: Undisclosed Rounds Ongoing
--	--	---

Purpose

The Alternative Technology Association (ATA) and the Lord Mayor's Charitable Foundation are looking to work with Victorian NFP organisations to capture significant dollar savings while reducing their CO2 emissions through the right mix of sustainable energy technologies

Overview

Finding the most appropriate technology, its sizing and design considerations, and how much it will save is complex and beyond the reach of most NFPs. Struggling with resourcing to deliver their core organisational goals, NFPs typically do not have the time to take advantage of energy management opportunities – despite these opportunities potentially “freeing up” operational funds for better use in core service delivery.

By providing a free site feasibility and supplier assessment, we can help NFPs understand the potential for sustainable energy improvements to achieve real economic and environmental savings. Financing solutions will also be made available as part of the program.

How will the project work?

ATA will assess your nominated site/s considering a range of sustainable energy improvements for your site. This will involve:

- A desktop assessment of your site's energy consumptions and usage patterns using smart meter and billing data;
- Recommendations regarding technology (including design and sizing considerations), retail switching and other measures that will lead to lower bills and reduced environmental impact;
- Facilitating a relationship with financing partners to overcome upfront cost hurdles;
- Review of supplier quotations to ensure quality and value for NFP project implementation; and
- Monitoring and verification of technology performance – including actual bill and carbon savings 6-12 months post implementation.

Through the identification of opportunities, sourcing of high quality products and monitoring, verification and communication of results, ATA and LMCF hope that this project will build internal capacity and confidence within NFP orgs to continue on their pathway to smarter energy management.

Up to 50 NFP sites will be targeted through this initial program.

Limitations

Who can apply?

This program is eligible to a wide range of NFP organisations. Applicants need only be registered with the Australian Charities and Not-for-Profits Commission or have Tax Charity Concession status with the Australian Tax Office.

Organisations may include:

- youth camps and service organisations;
- aged care facilities;
- health facilities and organisations;
- community and sporting clubs;
- administrative offices; and
- other organisations, as responded to through the promotion of the program.

Health & Disability Funding

Funding Provider The Ian Potter Foundation	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Amount: \$100,000 to Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Opens 5 Nov 2018 Closes 7 Dec 2018
Funding Type Grant G07094		Last Round Closed 9 Dec 2016
Primary Category Health & Wellbeing		

Purpose

Our grants target programs that help improve quality of life for those in our community living with disability or illness and support programs that focus on the prevention of diseases.

Overview

Funding objectives

The Foundation will support projects that seek to:

- Improve health outcomes for the Australian community through public health initiatives with a particular emphasis on mental health, Indigenous health and health in rural and remote areas
- Encourage innovative approaches to increasing employment opportunities for individuals with disability.

The Foundation only considers grant applications in excess of \$100,000 in the Health & Disability program area. All applicants are required to speak with a Program Manager prior to submitting an Expression of Interest (EOI).

The Foundation will support capacity-building related expenses when related to the main goal of the project (i.e. volunteer coordinator salary for employment project that involves volunteer mentors).

Health & Disability applications are considered by the Board of Governors once a year.

Priority

The Foundation prioritises funding for innovative programs that improve health outcomes for the Australian community through large-scale public health initiatives and/or enhance employment opportunities for people with a disability. Large-scale multi-year projects are encouraged.

Limitations

The Ian Potter Foundation can only make grants to organisations with BOTH Deductible Gift Recipient (DGR) Item 1 and Tax Concession Charity (TCC) status.

Under the terms of the deed of The Ian Potter Foundation and Australian taxation laws, The Ian Potter Foundation can only make grants to organisations with BOTH Deductible Gift Recipient (DGR) Item 1 and Tax Concession Charity (TCC) status.

Please make sure you read the funding objectives and specific exclusions for the Health & Disability program area before you apply.

Exclusions:

The Foundation will not normally support requests for funds for:

- Salaries of health personnel, research assistants, small items of equipment or programs which are usually substantially funded by government or major public health organisations
- Equipment and services which should properly be provided for in the usual operation of the hospital or health facility.

Please note: within our grant making to Indigenous projects the Foundation is concentrating on major programs with the potential to make a significant difference. Small, one off projects are not within the Foundation's current ambit.

General Exclusions:

Projects that fall into any of the following categories will not be considered for funding:

- Retrospective funding – projects which are already underway or which will commence prior to the date indicated in our online application information are not eligible for consideration
- Recurrent expenditure for which there is no future provision

- Capital or endowment funds established to fund a chair or to provide a corpus for institutions
- Research for undergraduate, masters or doctoral students
- Auspicing is not permitted – the organisation applying must be the one that will run the program or project
- Applications for public charitable purposes outside the Commonwealth of Australia
- Applications for projects that have previously been declined by the Foundation cannot be resubmitted
- Applications will not be accepted from organisations that have not successfully acquitted previous grants from the Foundation
- We do not directly support schools.

Funding Type Grant G06850		Last Round Closed 31 Mar 2018
Primary Category Health & Wellbeing		

Purpose

The Steve Waugh Foundation is committed to a coordinated approach to the service, identification, treatment and research of rare diseases to improve the quality of life of children and young adults affected by rare diseases (0-25 years of age).

Overview

Our philosophy is to support the rarest diseases that are ineligible to get support from other sources.

We will not always be in a position to support all individuals, family and community needs in the area of rare diseases.

The Foundation will consider funding the following:

- Medicines
- Treatment
- Equipment
- Some, but not all, minor house renovations or items that improve the quality of life for the applicant and their family.

In line with our philosophy to fund items that are ineligible for support from other sources, you must identify:

- Other eligible sources of funding for your request
- If you have previously received support from other charitable organisations or

Location Aus		Rounds Ongoing
Funding Type Grant G05649		
Primary Category Indigenous		

Purpose

The Foundation provides grants to Aboriginal communities and individuals to support projects which advance the aims of the Foundation.

Overview

In view of the limited resources available to the Foundation, priority for funding is being given to the following categories:

1. Seeding grants:

- to research the relevance and value of new projects that may be ineligible for support from existing agencies
- to facilitate schemes or projects of benefit to Aboriginal health, welfare or education which have potential for wider application.

2. One-off grants in support of:

- health and well being of artists and their families
- education through art projects which will benefit health and well being
- individuals and communities, with a connection to Aboriginal art and/or artists, to meet special needs

The Foundation will usually fund projects between \$500 to a limit of \$5,000.

Grant applications are considered by the Board of the Foundation at each directors meeting. The Board currently meets approximately 6 - 8 times each year.

In extreme and special circumstances, the Board may allocate funds outside these guidelines.

Capacity Building Funding for Native Title Corporations

Funding Provider Department of the Prime Minister and Cabinet	Eligible to ✔ Not-for-Profit	Funding Amount: Undisclosed Total Pool: \$6,296,000
Location Aus		Rounds Ongoing
Funding Type Grant G07912		
Primary Category Indigenous		

Purpose

Prescribed Bodies Corporate (PBC) Capacity Building Funding is available to provide support PBCs maximise the economic and social potential of native title through the effective and sustainable management of their land.

Overview

The primary objective of this funding is to assist PBCs generate economic benefits through the effective and sustainable management of their land. This funding aims to contribute to the outcomes described in Annexure 1 (Section 22) of the IAS Guidelines under the Jobs, Land and Economy Programme, with a particular focus on the outcome 'Indigenous Australians use their land and sea assets to create economic and social benefits'. This funding will support this outcome by building the capacity of PBCs to maximise the economic and social potential of native title.

What can be funded?

There are three elements to this funding:

- 1.direct support to increase the capacity of PBCs to take advantage of economic opportunities;
- 2.support for training to build long-term organisational capacity within PBCs and to procure professional expertise (for example, business or agribusiness consultancies, accountancy or legal services); and
- 3.direct support for effective native title agreement-making.

It is strongly recommended all potential applicants discuss proposals with their local PM&C Regional Network office in the early stages of development and before preparing an application.

Limitations

Who can apply for funding?

All PBCs are eligible to apply for the funding. Native Title Representative Bodies and Service Providers (NTRBs-SPs) and other third parties, for example, law firms and interest groups, can also apply to receive and administer the funding on behalf of, and with the authorisation of, one or more PBCs.

Applicants must also meet all eligibility criteria outlined in the IAS Grant Guidelines, and undergo financial viability checks and a risk assessment.

What cannot be funded?

Activities which will not be funded are stipulated in the IAS Grant Guidelines under the Jobs, Land and Economy Programme. These activities include but are not limited to:

- applications that do not clearly address at least one of the IAS programme streams
- activities that are more appropriately funded by other Government agencies (including State/Territory and local Government) under their priorities
- retrospective items or activities, and
- costs reasonably covered by proponent parties.

PBCs will not be funded for costs that would be payable under the 'Basic Support Funding' under the Native Title and Land Rights Activity under the Jobs Land and Economy Programme and administered by NTRBs-SPs, as this would duplicate available funding.

While eligibility for PBC capacity building funding is restricted to PBCs or support for PBCs only, PBCs can apply for funding under other IAS funding streams and Australian Government programmes. PBC capacity building funding is intended to complement other sources of grant funding. A specific activity cannot be funded under more than one programme.

Indigenous Governance Awards

Funding Provider Reconciliation Australia	Eligible to ✔ Not-for-Profit ✔ Unincorporated Assoc	Funding Amount: \$10,000 to \$20,000 Total Pool: \$60,000
Location Aus		Rounds Closes 30 Jun 2018
Funding Type Award S01914		Last Round Closed 20 May 2016
Primary Category Indigenous		

Purpose

The Indigenous Governance Awards (IGAs) were created by Reconciliation Australia in partnership with BHP Billiton to identify, celebrate and promote effective Indigenous governance.

Overview

The Indigenous Governance Awards are about sharing success from Aboriginal and Torres Strait Islander communities and organisations around Australia.

The national awards highlight success in Indigenous Australia—strong leadership, good management, effective partnerships and brave, creative thinking.

The Awards have been running since 2005 and are now run every two years.

BHP Billiton has been supporting Reconciliation Australia's Indigenous governance program since 2002. Since it began, the partnership has seen the implementation of significant nationwide initiatives including the Indigenous Governance Program and the Indigenous Governance Toolkit.

Organisations that are displaying effective Indigenous governance are encouraged to apply, with prizes including corporate mentoring, feedback from the judging panel, media and networking opportunities, and a share in \$60,000.

Selection criteria and categories

There are two award categories:

Category A. Outstanding examples of Indigenous governance in Indigenous incorporated organisations **Category B.** Outstanding examples of Indigenous governance in non-incorporated initiatives or projects

Winners in each of the two categories will receive \$20,000, and highly commended organisations in each category will each be awarded \$10,000.

In each category, we're looking for governance that demonstrates:

- Innovation
- Effectiveness
- Self-determination and leadership
- Cultural relevance and legitimacy
- Future planning, sustainability and governance resilience.

Limitations

To be eligible for the Awards, the majority of your governing body or decision-making group must be Aboriginal and/or Torres Strait Islander. We do encourage partnership projects to apply and organisations with a mix of Indigenous and non-Indigenous board members, however more than 50 per cent of the governing body must be Aboriginal and/or Torres Strait Islander.

Indigenous Travel Grants

Funding Provider Screen Australia	Eligible to ✔ Individual	Funding Amount: \$0 to \$6,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G07785		
Primary Category Indigenous		

Purpose

The Travel Grants program is designed to assist Aboriginal and Torres Strait Islander filmmakers in travelling to key international and Australian events. Professional development is a key objective.

Overview

Funding is available to support travel costs associated with attending:

- recognised film festivals and pitching forums where an applicant's film has been selected or invited to attend;
- events where the applicant or their film has been nominated for an award;
- key international markets;
- conferences and workshops providing significant professional development opportunities.

Up to \$6,000 may be requested for international travel, and up to \$5,000 for travel within Australia (other than in exceptional circumstances), supported by a budget.

Any hospitality offered by the event must be disclosed and any travel funding from other sources must be listed in the application form, including Screen Australia's Business and Audience Department and state agencies.

Screen Australia's Indigenous Department will take into account any travel funds provided by Screen Australia's Business and Audience Department and by state agencies, and the actual costs of travel from the applicant's current place of residence.

Applications can generally be made at any time at least five weeks before the event. Decisions will be made within 2–4 weeks from receipt of the application or in accordance with event deadlines.

Funding recipients are expected to deliver:

- A report after completing the travel, including an update on any career developments which have arisen as a result of attending the event.
- A statement of expenditure.

Limitations

Who can apply?

Applicants and their projects must meet the general eligibility requirements set out in Screen Australia's Terms of Trade in addition to the following:

- Applicants must be Aboriginal and/or Torres Strait Islander Australians.
- Travel grants are for Australian residents. Australians living overseas are not eligible.
- The event must be one of those listed on page 35. In exceptional circumstances, at the discretion of Screen Australia, an event not on the current list may be considered if it has grown in significance and/or offers unique commercial opportunities.
- Proof of selection/invitation/nomination must be provided for all applications with the exception of travel to markets and conferences.
- For markets, the applicant must be a producer with at least one active project in development to pitch.

- For award ceremonies, the applicant must be nominated for an award, or the producer or director of a film nominated for an award.
- Where a project has been invited to screen at an eligible festival, applications will be considered for travel by key Aboriginal and/or Torres Strait Islander cast members, as well as key creatives.
- Practitioners may receive only one travel grant through this program within a 12-month period, other than in exceptional circumstances.
- Screen Australia will not provide funds retrospectively.

Eligible events:

Following is a list of events that will be considered for funding. Selection of a project into a festival, pitching forum or workshop does not guarantee support and approval depends on the competitive strength of the application and availability of funds. Tailored Assistance Indigenous Employment Grants

Funding Provider Department of the Prime Minister and Cabinet	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit ✓ Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G07911		
Primary Category Indigenous		

Purpose

Tailored Assistance Employment Grants are available to provide funding support to connect working age Indigenous Australians with real and sustainable jobs, as well as assisting Indigenous school students to transition from education into sustainable employment.

Overview

This open grant funding process will support services or activities that will have a positive impact on the Government's priority area of:

1. Employment– The primary aim is to support activities for Indigenous Australians to overcome disadvantage in the labour market, connect them to real and sustainable jobs, to gain experience that builds work-readiness and contributes to the broader community. Sustainable employment implies an ongoing job which is not dependent on continuous government funding. The ongoing job may be part-time or full-time.
2. Indigenous participants prioritised for support will include youth, school leavers at risk of disengaging or long term unemployed, those not in the labour force, jobactive Streams B & C job seekers, those in the Community Development Programme (CDP) and Disability Employment Services (DES are considered disadvantaged).

The types of activities that may be funded include:

- Tailored assistance to support employers to engage and retain Indigenous jobseekers into real and sustainable ongoing jobs, as well as address barriers to recruitment and retention.
- Support for Indigenous senior school students to gain work exposure through School Based Apprenticeship/ Traineeship activities, including activities that support and school students to transition from education into sustainable employment or further education/training. The Department encourages applications for the funding of activities tailored to local circumstances with the involvement of Indigenous communities.

Criteria:

1. Need – The activity will deliver sustainable jobs through addressing workforce demands of employer/s, industry, community or group.
2. Quality – The organisation that will deliver the proposed activity is committed to and capable of working with the target Indigenous community or group.
3. Efficiency – The proposed activity will support the intended outcomes in a way that appropriately manages risk, is cost effective and is coordinated with relevant stakeholders.
4. Effectiveness – The proposed activity will deliver the intended employment outcomes and sustain the outcomes into the future.

It is strongly recommended that all potential applicants discuss proposals with the local PM&C Regional Network office in the early stages of development and before preparing an application.

Limitations

To be eligible for grant funding under the IAS, applicants must be a legal entity and have full legal capacity to enter into a Project Agreement with the Commonwealth.

For example, applicants may be:

- Aboriginal Corporations (incorporated under the Corporations (Aboriginal and Torres Strait Islander) Act 2006 and administered by the Office of the Registrar of Aboriginal and Torres Strait Islander Corporations [ORIC]).
- Incorporated Associations (incorporated under State/Territory legislation, commonly have 'Association' or 'Incorporated' or 'Inc' in their legal name).

- Incorporated Cooperatives (also incorporated under State/Territory legislation, commonly have 'Cooperative' in their legal name).
- Companies (incorporated under the Corporations Act 2001 – may be not-for-profit or for-profit proprietary company (limited by shares or by guarantee) or public companies).
- Organisations established through a specific piece of Commonwealth or State/Territory legislation (many public benevolent institutions, churches, universities, etc.).
- A partner on behalf of a Partnership.
- Trustees on behalf of a Trust.
- State/Territory or Local Governments.
- Where a particular need has been identified, the Department may also consider an individual or individuals (either jointly or separately) for contractual arrangements.

An unincorporated association is not a legal entity and will not be contracted by the Department.

The Department will only enter into a Project Agreement with a single entity. Where two or more entities seek funding as a consortium, a member entity, or a newly created entity must be appointed as the lead that will enter into any agreements with the Department. The lead entity must be identified in any application for funding and that application should identify all members of the proposed consortium.

What cannot be funded?

Activities that will not be funded are:

- Youth engagement and compulsory school-aged children activities that are not directly aimed at improving employment outcomes.
- Training that is not connected to sustainable employment. Activities, services or jobs that are the responsibility of the states and territories or other Commonwealth programmes that are already funded, including:
 - Adult vocational education and training (VET) activities.
 - Cultural heritage, land rights and land management activities subject to state or territory legislation
 - Employment services including Community Development Programme and jobactive
- Funding for wages of employment positions irrespective of the project outcomes.
- Board or Executive positions in organisations where it is normally part of the organisations operational costs
- Retrospective funding for activities that have already commenced or completed.

Emergency Grants

Funding Provider Community Broadcasting Foundation Ltd	Eligible to  Not-for-Profit	Funding Amount: \$0 to \$10,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G06062		
Primary Category Infrastructure		

Purpose

Funds are available to assist stations to replace damaged or destroyed essential equipment and related immediate expenses in order to restore basic transmission following an unforeseen event such as flood, bushfire, lightning or accidental damage (but not operator failure). Grants will be approved outside the normal grant rounds - you will receive advice about the success of your application within approximately two weeks, instead of the usual 10 weeks.

Overview

To replace damaged or destroyed essential equipment and related immediate expenses in order to restore basic transmission following an unforeseen event such as flood, bushfire, lightning or accidental damage (but not operator failure) provided:

- The equipment which failed is not subject to replacement through insurance claim.
- No additional permits or approvals are necessary to install the new equipment.
- You provide evidence that you are unable to find immediate solutions from within the sector by borrowing equipment in the short term.

Priority

We will prioritise:

- Stations with a formal relationship with local emergency services organisations
- Stations with a small income. The CBF takes into account income from all sources, including other CBF grants
- Stations with cash reserves of less than \$100,000.
- Applications where it is demonstrated that your organisation or project partners are contributing in cash or in kind, such as through fundraising or volunteer labour.

Limitations

Who is eligible to apply?

- a community radio station with a long-term or a temporary licence
- a community television station with a long-term or trial licence

Grants are not available to stations broadcasting under a narrowcast licence. A community radio station with a temporary licence must have been on air for at least two years cumulatively prior to applying. Additional conditions are imposed on temporary community radio licensees with regard to ownership of assets purchased with the grant.

What can't you use the grant for?

- Replacement of equipment that has failed due to age or poor maintenance.
- Equipment that is subject to replacement under an insurance claim.

Conditions: Emergency grants are only to assist stations who are off-air. You may not apply for a grant if your station is still broadcasting.

Indigenous Australians' Health Programme (IAHP) Major Capital Works Program

Funding Provider Department of Health	Eligible to ✓ Business ✓ University ✓ Not-for-Profit	Funding Amount: Undisclosed Total Pool: \$35,000,000
Location Aus		Rounds Closes 20 Jun 2018 2pm AEST
Funding Type Grant G08378		
Primary Category Infrastructure		

Purpose

The IAHP provides funding for a range of activities including those focusing on primary health care, child, maternal and family health, and chronic disease prevention and management for Indigenous Australians.

This Grant Opportunity contains information about the IAHP Major Capital Works Program.

The objective of this Grant Opportunity is to improve access for Aboriginal and Torres Strait Islander peoples to safe and effective essential health services through the provision of culturally appropriate, fit for purpose health infrastructure across Australia.

Overview

Total funding of up to \$35 million (GST exclusive) is available over three financial years from 2018-19 to 2020-21.

The value of individual grants will vary based on need, as demonstrated by applicants in their responses to the assessment criteria, the specific activities to be undertaken by each Grantee and the expected grant outcomes.

This EOI does not constitute an offer and does not bind the Commonwealth to a commitment for the release of a Stage Two Grant Opportunity or the provision of funds to any applicant.

Based on responses to this EOI, applicants may be shortlisted for progression to the Stage Two Grant Opportunity. Information on Stage Two will only be provided to shortlisted applicants.

The following activities and items are eligible to receive funding under this Grant Opportunity:

- purchasing, building (including prefabricated structures), extending or refurbishing clinics and/or clinical staff accommodation, purchase of freehold vacant land (when required as part of a building activity), repairs and maintenance costs, furniture and fittings, and professional fees associated with undertaking the above works;
- the payment of statutory charges and costs associated with the connection of essential services, such as power, water and sewerage;
- professional services associated with the project management of Commonwealth funded capital works projects;
- works which complement capital projects currently funded by the department where significant benefit from the additions can be demonstrated - funds must not be used for any previously funded works; and
- the purchase and installation of renewable energy equipment in remote locations including where the electricity supply is unreliable or a significant cost for health service providers.

Note about GrantConnect: Documentation for this Grant Opportunity is only available via GrantConnect.

Please note that it is your responsibility to register on GrantConnect for this Grant Opportunity (GO1001) and read any Addenda and updated information that may be posted on the site between the open and close dates. GrantConnect is the official channel for the department to communicate changes and/or clarification to the documentation that may be helpful for your application.

Limitations

Grant eligibility criteria

Organisations currently receiving primary health care funding to deliver clinical services under the IAHP are eligible to apply for this Grant Opportunity.

The department may also directly approach Indigenous Business Australia (IBA) to deliver projects proposed by Organisations under this Grant Opportunity where the department determines this would achieve better value with relevant money. This would mean that IBA would build or procure the capital works and lease the property to the applicant.

Who is eligible to apply for a grant?

To be eligible, Organisations must:

- currently receive primary health care funding to deliver clinical services under the IAHP
- have an account with an Australian financial institution and be one of the following entity types:
 - Incorporated association incorporated under Australian state/territory legislation
 - Incorporated cooperative incorporated under Australian state/territory legislation
 - Aboriginal corporation registered under the Corporations (Aboriginal and Torres Strait Islander) Act 2006
 - Organisation established through specific Commonwealth or state/territory legislation
 - Company incorporated under the Corporations Act 2001 (Commonwealth of Australia)
 - Partnership; or
 - Trustee on behalf of a trust

We cannot consider your application if it does not satisfy all the eligibility criteria.

Applications from consortia are acceptable, provided you have a lead applicant who is the main driver of the project and is eligible as per the list above.

Who is not eligible to apply for a grant?

You are not eligible to apply if you are:

- State or Territory Government
- local government organisation
- an individual; and/or
- an unincorporated association.

What the grant money cannot be used for:

The following will not be funded under the Activity:

- retrospective funding or reimbursement of items or activities, including an infrastructure project that has been contracted, commenced or completed prior to the execution of a funding agreement;
- purchase of buildings or land where there is a viable rental market;
- ongoing operating (recurrent) costs (e.g. rent, utilities, salaries, insurance);
- ongoing annual fees for use of computer software;
- the purchase of consumables (other than a consumables pack that may be supplied with equipment on delivery);
- purchasing or fitting out a mobile medical unit/vehicle;
- travel and accommodation;
- provision of health services
- scoping study; and
- purchasing or leasing of motor vehicles.

This is not an exhaustive list and the department may choose not to fund other activities at the discretion of the Decision Maker.

Regional Infrastructure Fund (RIF)

Funding Provider Regional Development Victoria	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ Not-for-Profit	Funding Amount: \$0 to \$500,000 Total Pool: \$250,000,000
Location VIC		Rounds Ongoing
Funding Type Grant G06877		
Primary Category Infrastructure		

Purpose

The Regional Infrastructure Fund (RIF) is the main infrastructure program of the Regional Jobs and Infrastructure Fund (RJIF). It aims to harness key regional strengths to improve regional Victoria's productivity and liveability. It will invest in major infrastructure projects that create or enhance the conditions for economic growth, and build diversified and sustainable regional economies that are resilient to change.

Overview

The RJIF has five strategic objectives:

- 1.create jobs of the future and diversify the regional employment base
- 2.improve productivity and enhance long-term competitiveness of regional Victoria through innovation and a transition to new growth opportunities

- 3.create the conditions for business growth by enhancing work force skills, providing enabling economic infrastructure and facilitating expansion into new markets
- 4.improve the liveability of our cities, centres and towns to attract and retain families and young people to live and work
- 5.enhance community capacity through collaboration, leadership development and regional planning.

The RIF is the primary infrastructure program of the RJIF. It will provide funding for major infrastructure projects through the following four program streams:

- Visitor Economy- This program stream aims to harness the economic strength of regional Victoria's visitor economy. It will create new or redevelop existing tourism and cultural assets that improve the attractiveness of regional Victoria and stimulate increased visitation and private sector investment. These projects will diversify regional Victoria's economic and social base.
- Productive and Liveable Cities and Centres - This program stream aims to stimulate new investment opportunities and jobs growth. It aims to increase the use and dollar-spend within regional Victorian cities, centres, towns and precincts as well as improve access and connectivity to transport, retail and service hubs. Projects supported under this program stream will coordinate a number of economic and social services and activities and create or enhance economic growth conditions.
- Enabling Infrastructure - This program stream supports regional industries to innovate, build resilience and improve adaptability to changing economic and environmental conditions. This program stream recognises that investments in strategic and enabling infrastructure are critical to providing a competitive environment for existing and emerging regional industries to operate in.
- Rural Development - This program stream will assist rural Victorian businesses and communities to create opportunities for economic growth. It will also assist in enhancing the appeal and liveability of rural towns and surrounding areas by improving local infrastructure.

As well as supporting our regional city areas, to address the needs and capacity of rural communities, RIF includes the Rural Development program stream which is available to support projects in a breadth of small towns and communities in the 38 rural local government areas. Under this program stream, grants for infrastructure are capped at \$500,000 and grants for project and strategic planning are capped at \$50,000.

Limitations

Applications will be considered from:

- private sector businesses and agencies
- business and industry groups including:
 - chambers of commerce and business associations
 - industry peak bodies
 - business and industry clusters
- local government authorities
- government departments and agencies
- not for profit organisations and community groups that:
 - are an incorporated body, cooperative, or
 - have an Australian Business Number (ABN) or can provide written advice from the Australian Tax Office that no withholding tax is required from the grant payment
- higher and other education institutions Individuals are not eligible to apply.

The following activities will generally not be considered for funding:

- requests for retrospective funding where projects have commenced (i.e. equipment purchased, contracts entered into or construction has begun), or those projects which are completed prior to receiving funding approval
- feasibility studies, business plans, cost benefit analyses and economic impact studies
- projects requiring ongoing funding from the Victorian Government
- ongoing operating costs or salary subsidies
- private sector projects undertaken as a result of a government contract
- projects where funding is normally provided by other state, commonwealth or local government sources
- projects that are considered streetscaping and beautification activities (refer to the Rural Development program stream for these types of activities within the 38 rural local government areas)
- projects primarily to meet regulatory requirements
- the purchase of land.

Applicants are expected to make a financial contribution or source third-party funding. Projects should maximise their funding support from a range of sources including commonwealth and local government, community, private sector and regional organisations. 'In kind' contributions are not accepted as part of the funding contribution except in the Rural Development program stream.

Regional Jobs and Investment Packages (RJIP)

Funding Providers Department of Infrastructure, Regional Development and Cities Department of Industry, Innovation and Science	Eligible to  Local Govt  Business  Not-for-Profit	Funding Amount: \$50,000 to \$30,000,000 Total Pool: \$222,300,000 Rounds Ongoing
Location NSW,SA,VIC,TAS,QLD		
Funding Type Grant G07696		
Primary Category Infrastructure		

Purpose

The \$222.3 million Regional Jobs and Investment Packages (RJIP) supports the Australian Government's commitment to stimulate economic growth in Australian regions.

Overview

The \$220 million Regional Jobs and Investment Packages (RJIP) supports the Australian Government's commitment to stimulate economic growth in Australian regions.

The program's intended outcomes are to drive economic growth and create jobs in ten pilot regions by investing in projects that will:

- diversify regional economies
- stimulate long term growth
- deliver sustainable employment
- enable applicants to enter new markets and sectors.

There are ten packages, each is a locally led pilot, enabling each region to determine local priorities and growth industries to drive economic growth in their region and create jobs.

The amount available to each region is up to

- [QLD - Tropical North Queensland](#) \$20 million
- [QLD - Bowen Basin](#) \$30 million
- [QLD - Wide Bay Burnett](#) \$20 million
- [NSW - North Coast](#) \$25 million
- [NSW - South Coast](#) \$20 million
- [SA - Upper Spencer Gulf](#) \$20 million
- [VIC - Goulburn Valley](#) \$20 million
- [VIC - Latrobe Valley](#) \$20 million
- [VIC – Geelong](#) \$20 million
- [TAS - Regional Tasmania](#) \$25 million.

The Minister for Regional Development has appointed a Local Planning Committee in each pilot region to develop a Local Investment Plan. Successful projects must align with the strategic industry priorities outlined in the region's Local Investment Plan.

Each region's Local Investment Plan will be published on its page when it becomes available. Your region will only open for applications when the Local Investment Plan is published. You can find guidelines and further information specific to your region by clicking on the relevant page.

Your project must align with one of these streams. There is a separate application form for each grant stream. If you have a number of projects you may submit multiple applications. You must not start your project until you have an executed grant agreement in place. We will not pay for any expenditure you incur before an executed grant agreement is in place.

The program provides funding in three grant funding streams:

Local infrastructure

These grants are for local governing bodies and not-for-profit organisations to invest in new or upgraded infrastructure. These projects will capitalise on opportunities for growth, deliver long-term economic benefits to regional communities and create jobs.

The expected outcomes of these grants are to

- create new and upgraded infrastructure and facilities in regional communities
- create and sustain local jobs
- deliver sustainable economic and broader community benefits across the region.

Business innovation

These grants will enable business to build scale and capability to be competitive in new or growing markets that create sustainable employment.

The expected outcomes of these grants are to

- create new local jobs in the region
- contribute to boosting the skills and knowledge of employees and people in the region
- create new or improved business services, products or goods that generate a benefit for the region
- enable local businesses to reach new customers, locally, nationally and overseas
- contribute to boosting the competitiveness, productivity and profitability of regional businesses beyond the period of funding
- allow regional businesses to take advantage of future economic opportunities.

Skills and training

These grants will provide funding to local government bodies and agencies and not for profit organisations. These projects will support training and upskilling of the regional workforce to meet regional priorities, take advantage of emerging opportunities and withstand major labour market changes.

The expected outcomes of these grants are to:

- increase training, professional development or skills education opportunities that are aligned with emerging sectors and will support local employment
- boost investment in retraining employees or upskilling jobseekers to enable their sustained employment in growth sectors
- improve regional education and engagement with regional students learning online
- help employers access a skilled workforce that meets the demand for specialised expertise and knowledge in key sectors.

You are required to provide co-funding towards your project, which demonstrates your commitment to the project. Grant funding will be up to 50 per cent of eligible project costs (grant percentage). Depending on your type of project, your contribution may come from your organisation, local and state governments or private sector investment.

The Australian Government recognises that some applicants may be experiencing exceptional circumstances resulting in a limited capacity to meet the co-funding requirement. If you are a non-business applicant and you can demonstrate that you are experiencing exceptional circumstances, you may seek an exemption from the co-funding requirement.

We will only consider an exemption to your 50 per cent contribution in exceptional circumstances and where you are applying under the Local Infrastructure stream or Skills and training stream.

Eligible activities

Eligible activities must directly relate to the project and can include:

- purchase of materials
- external labour hire
- construction of new and upgraded infrastructure
- plant and equipment hire, lease or purchase directly related to the project
- external consulting costs directly related to the delivery of the construction
- feasibility study for a future capital project.

We may also consider other activities to be eligible.

Limitations

To be eligible to apply under any grant funding stream you must have an ABN.

Local infrastructure and Skills and training

To be eligible you must be one of the following entities:

- a local government agency or body
- a not for profit organisation that is a legal entity and has been established for at least two years prior to the time of applying.

Business innovation

To be eligible you must be non-tax-exempt and one of the following entities:

- a company, incorporated in Australia
- an incorporated trustee on behalf of a trust.

Smart Cities and Suburbs Program

Funding Providers Department of Infrastructure, Regional Development and Cities Department of Industry, Innovation and Science	Eligible to ✔ Local Govt ✔ Business ✔ Not-for-Profit	Funding Amount: \$250,000 to \$5,000,000 Total Pool: \$22,000,000
Location Aus		Rounds Closes 2 Jul 2018 5pm
Funding Type Grant G07501		Last Round Closed 30 Jun 2017
Primary Category Infrastructure		

Purpose

The Smart Cities and Suburbs Program provides funding to support projects that apply innovative technology-based solutions to urban challenges to improve the liveability, productivity and sustainability of Australian cities, suburbs and towns.

Overview

The Australian Government announced a total of \$50 million over three financial years for the program. For this grant opportunity, approximately \$22 million will be available until 30 June 2020.

The grant amount will be up to 50 per cent of eligible project costs (grant percentage).

- The minimum grant amount is \$250,000.
- The maximum grant amount is \$5 million.

The program funds projects that apply innovative smart technologies that generate, store and process data to target urban challenges.

Projects must involve the innovative application of knowledge, hardware or software that:

- is new to the organisation, the local government area, city, region or country; or
- delivers an outcome which has not previously been realised in your community.

Priority

Activities should align with one or more of the four program priority areas in the table below:

Priority Area	Aim	Description
---------------	-----	-------------

Smart Infrastructure	Improving the efficiency, reliability, delivery and maintenance of infrastructure and essential services	Solutions that improve: • infrastructure-related services such as traffic management, emergency response, waste management, communications and water supply • landscape and green infrastructure assets • infrastructure management and maintenance and transportation infrastructure issues including accessibility and mobility.
Smart Precincts	Making community precincts more liveable, productive, sustainable and safe	Solutions that improve the comfort, amenity, security and management of public facilities, assets and spaces. Solutions may include integrated and intelligent systems which provide automated responses to real-time environmental and usage data.
Smart Services and Communities	Delivering community focussed local government services	Solutions that: • increase community engagement • involve the community in service design and delivery • empower customers to make decisions through greater access to information • improve access to council services • support real-time availability of council information and data.
Smart Planning and Design	Building adaptable and resilient cities through improved land use, strategic planning and governance.	Solutions that provide more sophisticated information to support decision making and improve governance at local, state and national level, including through: • automatic integration of data from sensor networks • planning systems that predict development impacts • smart planning tools that analyse data from myriad sources to improve land use and planning.

Limitations

Eligibility

To be eligible you must:

- be an Australian local government agency or body as defined in appendix A; and
- have an Australian Business Number (ABN).

Additional eligibility requirements

Project partner organisations:

To be eligible your project must be collaborative in nature and include at least one partner organisation during the life of the project. You can partner with organisations such as other local government agencies or bodies, private companies, research organisations and not-for-profit bodies to deliver collaborative smart city projects. Projects that involve multiple organisations and increased collaboration are encouraged.

We recognise local governments are subject to procurement and probity requirements and may not be able to nominate a project partner at the time of application. Where a project partner cannot be nominated, local governments must commit to engaging a project partner during the life of the project and identify the goods and services to be procured in the application form

Ineligible expenditure

Examples of ineligible expenditure include:

research not directly supporting eligible activities

- activities, equipment or supplies that are already being supported through other government sources
- costs incurred prior to the date of your letter of offer
- any in-kind contributions as defined in appendix A
- financial costs, including interest
- capital expenditure for the purchase of assets such as office furniture and equipment, motor vehicles, general office computers, printers or photocopiers and the construction, renovation or extension of facilities such as buildings
- costs involved in the purchase or upgrade / hire of software (including user licences) and ICT hardware not directly related to acquiring intellectual property or technology required for the project
- costs such as rental, renovations and utilities
- non-project-related staff training and development costs
- insurance costs (the participants must effect and maintain adequate insurance or similar coverage for any liability arising as a result of its participation in funded activities)
- debt financing
- costs related to obtaining resources used on the project, including interest on loans, job advertising and recruiting, and contract negotiations
- depreciation of plant and equipment
- maintenance costs
- costs of purchasing, leasing, depreciation of, or development of land
- site preparation activities which are not directly related to, or for, the main purpose of the project
- opportunity costs relating to any production losses due to allocating resources to the agreed grant project
- routine operational expenses, including communications, accommodation, office computing facilities, printing and stationery, postage, legal and accounting fees and bank charges
- costs related to preparing the grant application, preparing any project reports (except costs of independent audit reports) and preparing any project variation requests
- travel costs that exceed 10 per cent of total eligible expenditure except where otherwise approved by the Program Delegate.

This list is not exhaustive and applies only to the expenditure of the grant funds. Other costs may be ineligible where we decide that they do not directly support the achievement of the planned outcomes for the project or that they are contrary to the objective of the program. You must ensure you have adequate funds to meet the costs of any ineligible expenditure associated with the project.

Small & Quick Response Grants Program

Funding Provider The Gay and Lesbian Foundation of Australia (GALFA)	Eligible to ✓ Not-for-Profit ✓ Unincorporated Assoc ✓ Individual	Funding Amount: \$0 to \$500 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G07884		
Primary Category LGBTIQ - Gay & Lesbian		

Purpose

This small grants program aims to support LGBTIQ individuals and or organisations and communities who would otherwise be limited by the constraints of other funding programs. It is intended directly or indirectly to assist, involve and benefit LGBTIQ members and promote positive social outcomes and mental health in the community.

Overview

GALFA initiated its Small Grants Program in 2017, and has set aside \$4,000 to be allocated to a maximum of 8 x \$500 small grants during 2017 (or greater number of grants less than \$500 may be made).

- 4 x \$500 grants to be allocated in response to a public call for applications, and
- 4 x \$500 grants (or up to \$500) to be set aside for quick response grants in response to ad hoc applications (out of time).

The Gay and Lesbian Foundation of Australia (GALFA) raises and distributes funds for activities that benefit lesbian, gay, bisexual, transgender and intersex (LGBTIQ) people, and allied communities, in Australia. GALFA is Australia's peak LGBTIQ philanthropic organisation.

Issues of LGBTIQ discrimination, disadvantage and need are little-addressed by other philanthropic organisations. With individual contributions and co-funding from like-minded organisations, GALFA supports underfunded and important LGBTIQ projects that make a difference in our community.

We welcome applications that are particularly creative and innovative, and those that are put forward by individuals and organisations that have not received small grant funding in the previous 2 years. We also look for projects that work as partnerships between individuals and organisations.

GALFA will invest in projects that benefit either LGBTIQ individuals or strengthen LGBTIQ organisational capacity:

- Individuals – at least one of the following intended outcomes LGBTIQ community members will:
 - be more connected to each other and to their community
 - have improved skills and knowledge
 - have enhanced wellbeing and resilience
 - participate more fully in their community
- Organisational capacity – at least one of the following intended outcomes LGBTIQ organisation will:
 - be better able to recruit and retain volunteers and members
 - work better with the community and/or other organisations
 - improve the skills and knowledge of volunteers/members
 - develop resources it needs to undertake its work.

The planned activity must involve and benefit LGBTIQ members and promote positive social outcomes in our community.

Limitations

Please note, funds are not available for for-profit organisations. GALFA only funds projects benefiting LGBTIQ people in Australia.

Who Can Apply?

Eligible applicants must meet the following criteria:

- Must be a permanent resident or community group, operating in Australia.
- Applicants need only be a group of people with a common interest.
- It is preferred that individuals / groups apply through an Auspice organisation, but it is not a necessary requirement.

Eligible Activities:

Examples include but are not limited to funds towards:

- Hall rental for meetings or social events
- Advertising and marketing costs for events
- Speaker's fees
- Artists fees
- Travel and accommodation costs to attend conferences
- Website maintenance costs
- Website hosting fees
- Catering costs for community events

Things we will consider:

- Individuals:
 - Merit and meaningful skills development, leadership development or social outcomes for the individual.
 - Will the project have adequate resources and support and is well planned? Does the budget add up and has the applicant made a contribution or sourced money or in-kind support from other organisations or people?
 - Will the project encourage future projects in the community?
- Community:
 - Merit and meaningful skills development, community development and social outcomes.
 - Do the community members and/or facilitators have cultural development skills appropriate to the project?
 - Will the project have adequate resources and support and is well planned?

- Is the community involved in the planning and management of the project and will they be involved as participants when the project begins?
- Will the project encourage future projects and or events in the community?

Restrictions:

The following are ineligible for funding:

- Projects that do not benefit the LGBTIQ community
- Projects that have commenced or been completed.
- Costs of organising and running competitions, prizes, awards, or fundraising events (for example, judges expenses, administration and infrastructure costs).
- Projects managed by grantees who have not acquitted previous grants from GALFA.
- Grantees that received a GALFA small grant in the previous 2 years.
- Limited and Propriety Limited companies which are for-profit organisations.

Settlement Engagement and Transition Support - Client Services

Funding Provider Department of Social Services (DSS)	Eligible to ✓ Local Govt ✓ Business ✓ Not-for-Profit	Funding Total Pool: \$150,000,000
Location Aus		Rounds Closes 26 Jun 2018 2PM
Funding Type Grant G08383		
Primary Category Multicultural		

Purpose

The objective of SETS - Client Services is to equip humanitarian entrants and other vulnerable migrants in their first five years in Australia with the knowledge and skills to identify, understand and take action to address their identified settlement needs.

Overview

The program has a focus on social participation, economic well-being, independence, personal well-being and community connectedness. SETS - Client services will deliver services in accordance with a needs-based approach.

Individual needs should typically be addressed through a needs assessment and the provision of high-quality casework. Support can range from low-intensity support, including basic information, assistance and referral for one-off issues, to medium-intensity intervention where multiple or complex issues are identified. Clients3 that may benefit from a more targeted medium-intensity approach include for example youth4, women, people with a disability and the elderly.

Clients will be provided with settlement-related information, advice, advocacy, and assistance to access mainstream and other relevant services. Individuals and families may also be provided high-quality casework to address issues arising during their settlement experience.

Services may include group-based activities such as workshops, information sessions and social groups that address life skills and/or information on any or all of the nine priority areas.

Priority

Typically client needs will align with the nine priority areas identified in the National Settlement Framework (namely: language services, employment, education and training, housing, health and wellbeing, transport, civic participation, family and social support, and justice).

Example

SETS - Client services has a strong focus on activities that facilitate English language acquisition skills, support engagement with education and training and build employment readiness. These activities are considered by the Australian Government as key building blocks to successful settlement.

Limitations

To be eligible to apply for a grant, you must be one of the following entity types:

- Indigenous corporation
- Company
- Corporate state or territory entity
- Non-corporate state or territory statutory authority
- Local Government
- Cooperative
- Incorporated association
- Statutory entity
- Partnership
- Trustee on behalf of a trust.

You are not eligible to apply if you are a:

- Commonwealth company
- Corporate Commonwealth entity
- Non-corporate Commonwealth entity
- Non-corporate Commonwealth statutory authority
- Non-corporate state or territory entity
- International entity
- Sole trader
- Person
- Unincorporated association.

You must have the following additional eligibility requirements in place before you apply for this grant opportunity, or be willing to register prior to the execution of the grant agreement:

- an Australian Business Number (ABN)
- have an account with an Australian financial institution.

Settlement Engagement and Transition Support - Community Capacity Building

Funding Provider Department of Social Services (DSS)	Eligible to ✓ Local Govt ✓ Business ✓ Not-for-Profit	Funding Total Pool: \$12,000,000 (approx)
Location Aus		Rounds Closes 26 Jun 2018 2PM
Funding Type Grant G08384		
Primary Category Multicultural		

Purpose

The objective of SETS - Community Capacity Building is to empower new and emerging community groups and organisations to support their specific communities.

Overview

Support may include development of leadership and governance skills, linkages to the broader community, interaction with government and local stakeholders, and access to resources and facilities.

Both established service providers and new and emerging organisations can apply for a SETS - Community Capacity Building grant:

- New and emerging ethno-specific communities may need to build their capacity to better assist and enable their communities to be self-reliant and participate equitably in Australian society. These communities may wish to self-organise in order to support the broader needs and challenges affecting the settlement and integration of specific cohorts within their community.
- Well-established settlement service providers can apply for a SETS - Community Capacity Building grant to engage and work collaboratively with new or emerging ethno-specific organisations to improve their leadership, governance and organisational capacity, with an aim to improving their overall sustainability in the longer-term.

The objective is to support organisations and communities to work towards collectively increasing the social participation, economic and personal well-being of community members to ensure that positive settlement outcomes are sustained in the long term.

Limitations

To be eligible to apply for a grant, you must be one of the following entity types:

- Indigenous corporation
- Company
- Corporate state or territory entity
- Non-corporate state or territory statutory authority

Boosting Dementia Research Grants Round 4

Funding Provider National Health and Medical Research Council (NHMRC)	Eligible to  University  Not-for-Profit	Funding Amount: \$0 to \$750,000 Total Pool: \$3,000,000
Location Aus		Rounds Closes 25 Jul 2018 5pm ACT Local Time
Funding Type Grant G07704		Last Round Closed 8 Nov 2017
Primary Category Research		

Purpose

NHMRC's Boosting Dementia Research Grants Scheme Priority Round 4 (PR4) aims to provide assistance to Australian researchers to participate in multinational collaborative research projects that have been recommended for funding under the European Union Joint Programme – Neurodegenerative Disease (JPND): Call for Multinational Projects on Health and Social Care for Neurodegenerative Diseases.

Overview

JPND is aimed at tackling the challenge of neurodegenerative diseases and coordinating investment into research to find causes, develop cures, and identify appropriate ways to care for those with neurodegenerative diseases.

Priority Round 4 (PR4) will only support Australian participation on consortia addressing the JPND research call for Multinational Projects on Health and Social Care for Neurodegenerative Diseases with a particular focus on Alzheimer's disease or other dementias.

NHMRC will provide merit-based funding for the Australian-based components of research, where the transnational consortium has been recommended for funding by the JPND.

PR4 addresses the NHMRC National Institute for Dementia Research's (NNIDR) objective to ensure Australian participation in major international collaborations relevant to dementia research.

Funding

Up to AUD\$3 million has been allocated to support grants for Australian teams via the Boosting Dementia Research Grants Scheme PR4. Applicants may apply for up to three years of funding to a maximum of AUD\$750,000 per team.

Limitations

Only research with a key focus on "Alzheimer's disease or other dementias" will be funded through PR4. Applying for funding with any other focus under this call will not be supported through this scheme. The definition used for "Alzheimer's disease or other dementias" is available on the JPND website (<http://www.neurodegenerationresearch.eu/wp-content/uploads/2018/01/JPND-HSC-Call-2018-Australia.pdf>).

To be eligible for PR4 funding, Australian researchers must apply to the JPND as part of a transnational consortium application.

Applications will only be accepted from NHMRC approved Administering Institutions. A list of NHMRC approved Administering Institutions is available at:

<https://www.nhmrc.gov.au/grants-funding-administering-grants>.

Applications must satisfy all the requirements set out in the 2018 NHMRC Funding Rules and the additional requirements set out in the 2018 Boosting Dementia Research Grants scheme-specific Funding Rules and Priority Round 4 Round Details.

Career Development & Project Grants

Funding Provider Cerebral Palsy Alliance	Eligible to  Individual	Funding \$250,000 Total Pool: Undisclosed
Location Aus		Rounds Opens 1 Jul 2018 Closes 31 Aug 2018
Funding Type Grant G07642		Last Round Closed 1 Sep 2017
Primary Category Research		

Purpose

The Research Foundation has a strong on-going commitment to funding high quality research into the prevention, treatment and cure of cerebral palsy.

Overview

Each year The Research Foundation of Cerebral Palsy Alliance invites researchers to submit funding applications to its Grants Program.

The Research Foundation of Cerebral Palsy Alliance has a strong on-going commitment to funding high quality research in cerebral palsy.

Two types of grants are offered:

1. Project Grant Career
2. Development Grant

Please ensure your project addresses the Research Foundation's priorities to expand cerebral palsy research:

- Aetiology, causal pathways
- Prevention
- Early identification, early intervention
- Novel interventions, novel treatments
- Cure

In the 2018 grants round, we will have a special call for applications that address specific research priorities. These will be announced closer to the time of the round opening.

The special calls for applications in 2017 were:

- 1. Cerebral Palsy Pain Management.** To accomplish this goal, we are seeking projects that propose a new paradigm for solving the significant problem of pain, for people with cerebral palsy. Preference will be given to proposals that utilize team science methodology, collaboration among researchers from diverse scientific fields, and a strong commitment to streamlined translation of basic science to clinical relevance. Priority will also be given to knowledge translation projects that result in improved clinical management of pain.
- 2. Prevention of cerebral palsy following prematurity in high, middle and low income countries.**

Projects NOT addressing the abovementioned priorities were also considered. Ultimately, we seek to promote discovery in prevention, cure and best management of cerebral palsy.

Limitations

We will accept applications from individuals, groups of researchers, committees or project-focused foundations. Chief Investigators must be employed through an Institution e.g. Hospital, University, Institute.

Collaborative Research Grants: Improving cancer outcomes for Aboriginal Victorians

Funding Provider Victorian Cancer Agency	Eligible to  Individual	Funding Amount: Undisclosed to \$2,000,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 12 Jun 2018
Funding Type Grant G08276		
Primary Category Research		

Purpose

The Improving Cancer Outcomes Collaborative Research Grants are designed to support the acceleration of translational cancer research in areas of unmet need to ultimately reduce the disparities in outcomes for certain cancers and/or populations. The Grants will drive collaborative research and promote effective translation of research into health policy and/or clinical practice across Victoria.

Overview

The objectives of the Improving Cancer Outcomes Collaborative Research Grants are to:

- provide support for teams of researchers to pursue innovative, high-quality, collaborative research and develop capacity in translational cancer research
- bring together leading clinicians and scientists from sites across Victoria and through national and international engagement and collaboration
- promote effective translation of research into health policy and/or clinical practice
- foster and build capacity in the health and medical translational cancer research workforce
- provide opportunities to expand and improve collaborations between research teams.

This Scheme will only accept applications focusing on: Improving cancer outcomes for Aboriginal Victorians. Please refer to guidelines below

Applications **must**:

- demonstrate existing and strong partnerships with the Victorian Aboriginal community
- focus on translation of research into clinical practice, health policy and/or community programs
- involve regional researchers, clinicians, patients and/or carers
- involve the training and development of early career researchers
- proposed projects must have active consumer and community involvement
- be collaborative across organisations, health services and regions
- demonstrate a sustainability plan.

Applications involving or led by Aboriginal researchers will be highly regarded.

Level of Funding and Duration

The maximum amount that can be requested is \$500,000 per annum up to a total of \$2,000,000 over 4 years. Funding is available to support:

- salary costs (e.g. Research Fellow; Project Manager, PhD stipends).
- direct research costs.
- small equipment purchases (up to \$20,000 of the total requested funding, excluding GST).

Applications must clearly justify the requested duration and budget and how it will support the proposed outcomes of the research.

Please note: The VCA reserves the right to allocate funding levels which may be less than those requested in the application, and duration of funding which may differ from that requested.

Limitations

Who can apply

Lead Applicants must be Australian citizens or have permanent residency in Australia.

All research disciplines may apply for an Improving Cancer Outcomes for Aboriginal Victorians Collaborative Research Grant.

The Victorian Government supports the Science in Australia Gender Equity Program and supports Victorian research organisations to incorporate the Athena SWAN Charter into their gender equity programs.

Early Career Medical Research Grant

Funding Provider The Jack Brockhoff Foundation	Eligible to ✓ University ✓ Not-for-Profit ✓ Individual	Funding Total Pool: Undisclosed
Location VIC		Rounds Opens 4 Jun 2018 Closes 31 Jul 2018 12pm
Funding Type Grant G08149		
Primary Category Research		

Purpose

The aim of this program is to strengthen research capability in Victoria to conduct world-class research in health and well-being by helping establish the careers of talented young scientists.

Overview

Each year the Jack Brockhoff Foundation supports many charitable organisations across Victoria.

Applications are invited from eligible organisations (see below) which meet the following high level criteria:

- Have a broad community reach and profile
- Demonstrate sound management and service excellence in meeting clients' needs
- Have a high degree of community and/or volunteer involvement
- Connect their operations with the community they seek to assist
- Benefit people residing in Victoria

The Foundation is particularly interested in providing seed funding for new projects.

Applications for projects which involve partnerships with other non-for-profit organisations working collaboratively to address a community need are encouraged.

Through the Early Career Medical Research Grant, the Foundation seeks to help support early-career researchers to demonstrate their scientific originality and their capacity to complete, relatively independently, a discrete study for publication in scientific literature.

The Foundation intends these grants to assist talented young researchers to build a CV that enables them later to compete successfully for research positions and research grants, and to establish the foundation of a career in research.

Priority

The research focus does not need to be on children, however, if all applications are equal, the Foundation's preference is to funded projects with a focus on children.

Example

For examples of successful grant applications please [click here](#) to view our 2016 Early Career Research grant recipients.

Limitations

- Applications for the Jack Brockhoff Foundation Early Career Medical Research Grants will only be considered from research scientists with less than 3 research-active years after successfully completing their PhD examination. (Research-active means time engaged in full-time research).
- At the time of acceptance and for the duration of a grant, the grant recipient must be an Australian citizen, a permanent resident of Australia, or a New Zealand citizen with Special Category Visa status and a resident in Victoria.
- Host institutions may submit up to TWO applications.
- Eligible institutions must be an NHMRC Approved institution, as is the case for independent medical research institutes and most Universities in Victoria. For the purposes of this JBF scheme, the entity with which JBF will deal is deemed to be the Faculty wherein the medical and health sciences are found. Hence, it will be the Dean of that Faculty who will identify the (maximum of two) applications to be submitted to the Foundation. Relevant applications from more than one faculty in a university may be considered, but only if the applications offered by that university are endorsed by the Vice-Chancellor.

Early Career Seed Grants

Funding Provider Victorian Cancer Agency	Eligible to ✔ Individual	Funding Amount: \$0 to \$330,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 12 Jun 2018
Funding Type Grant G07309		Last Round Closed 2 Aug 2016
Primary Category Research		

Purpose

The VCA Early Career Seed Grants are designed to support early career researchers undertaking high quality translational cancer research as defined in the VCA Funding Rules. The grants provide limited seed funding to encourage and retain talented individuals in the field of cancer research in Victoria.

Overview

The objectives of the Early Career Seed Grants are to:

- support high quality cancer research conducted by early career researchers who are able to demonstrate clear evidence of translational research capacity

- provide limited seed funding as a means of enhancing competitiveness of early career researchers to enable leverage of further funding from granting bodies or industry; and facilitate collaboration related to the research project.

The Early Career Seed Grants are available to:

- support the salary of the researcher
- support the direct research costs of undertaking the research project.

Level of Funding and Duration

The maximum amount that can be requested is \$110,000 per annum up to a total of \$330,000 over 3 years. Funding components are:

- Salary support
- Direct research costs.

Salary support may only cover salary for the Applicant.

Applicants successful under the Victoria-USA Cancer Fellowship Exchange Program (see section 3.3 of the guidelines for details), will be eligible for up to a further \$57,000 for a period of up to 12 months to enable the Applicant to conduct research at the National Cancer Institute or at a NCI-designated Cancer Center.

Salary for the Applicant

The full-time equivalent salary that can be requested for the Applicant is up to \$85,000 per annum and aligned with the Applicants current salary which is commensurate with the award negotiated with the individual Applicant's institution.

Limitations

Who can apply?

Early career cancer researchers who:

- are Australian citizens or have permanent residency in Australia;
- hold a PhD or equivalent research doctorate, awarded within the last five years (that is at the closing date of the application, applicants will have held their research degrees for no more than five years from the date of the letter advising that their thesis was passed – not upon receipt of degree);
- have at least 12 months' work experience post the awarding of this research doctorate;
- have not held, at any stage, a VCA grant (ie Early Career Seed Grant or Clinical Research Fellowship); and
- have not held, at any stage, a nationally competitive fellowship or project funding (e.g. National Health and Medical Research Council Fellowship/Project funding).

The scheme is open to biomedical, medical, nursing and allied health practitioners, health economists, behavioural scientists, statisticians, bioinformaticians, epidemiologists and other disciplines conducting research across the continuum of cancer care.

Equipment Grants

Funding Provider The Prince Charles Hospital Foundation	Eligible to ✔ Individual	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Closes 21 Dec 2018
Funding Type Grant G07622		Last Round Closed 31 Dec 2017
Primary Category Research		

Purpose

Research Equipment Grants provide funding for the purchase of equipment to support research within any area of The Prince Charles Hospital.

Overview

Applications may be submitted any time, and applications that will be utilised by multiple groups or have co-funding will be considered favourably. If successful, TPCF Foundation may fully or partially fund pieces of equipment.

- Equipment should be purchased within 6 weeks of the applicant being advised that the application has been successful.
 - Decisions regarding the amount of funding available for all TPCF Foundation Research Equipment Grants in any 12 month period is a TPCF Board decision and dependent on resources. Therefore, more expensive pieces of equipment may be delayed in approval and are resource dependant.
- Applications for the replacement of an existing piece of equipment must include justification for not repairing the equipment and the continued need for the equipment. Similarly, applications for duplicate equipment must include justification as to why duplicate equipment is required.
- Applications for equipment that will solely be used for clinical purposes will not be funded. Applications must demonstrate how the equipment will contribute to research projects occurring at TPCF.

Priority

Items of equipment that will be used by multiple research groups, as well as equipment that has confirmed co-funding will be considered favourably.

Example

A TPCF Research Equipment Grant can be used for any equipment which can be classified as a non-human resource for research excluding consumables. Research Equipment Grants can include specialised IT equipment, software for specific implementation of research, additional items for research and support e.g. specialist smaller equipment. TPCF Foundation will not fund laptops and general Queensland Health computers through this program.

Limitations

Eligibility:

- Equipment must be located at TPCF or an associated community based service affiliated with TPCF and must be placed on TPCF Asset Register. All equipment purchased, irrespective of cost, must be placed on TPCF Maintenance Register.
- It is not necessary to be employed by QH, or on TPCF payroll. The focus is on supporting research taking place at TPCF campus and/or in association with a TPCF community based service.
- Projects from applicants applying for, and/or in receipt of tobacco industry funding, will not be considered.
- If you are successful, you will be required to sign a Terms & Conditions document which includes active willingness to promote your work, to talk to external sponsors if they can be secured by the Foundation, to have relevant signage on the equipment acknowledging the Foundation and to be available for media interviews if the Foundation can achieve media coverage for the research project where the equipment will be used.

GACD funding for the prevention or management of hypertension and/or diabetes

Funding Provider National Health and Medical Research Council (NHMRC)	Eligible to  University  Not-for-Profit	Funding Amount: Undisclosed Total Pool: \$4,900,000
Location Aus		Rounds Closes 15 Aug 2018 5pm
Funding Type Grant G08377		
Primary Category Research		

Purpose

NHMRC is inviting investigators to submit applications for research associated with the scale-up of interventions for the prevention, or detection and management of hypertension and/or diabetes in low and middle income countries (LMICs) and/or in vulnerable communities in high income countries (HIC).

The Global Alliance for Chronic Diseases (GACD) supports international and interdisciplinary collaborations in research, focusing on chronic non-communicable diseases.

In 2011, Aboriginal and Torres Strait Islander peoples were more than twice as likely (2.3 times) to die early or live with poor health as non-Indigenous Australians. Chronic diseases were responsible for more than two-thirds (70%) of the total health gap.

Overview

Proposals must focus on scalable interventions at the population level for hypertension and/or diabetes prevention or detection and management in low and middle income countries (LMICs), and/or in vulnerable populations in high income countries (HIC). Proposals addressing the concurrence of hypertension and diabetes are encouraged as well as those addressing the underlying risk factors of both conditions.

Applications that involve collaborations between Indigenous groups are encouraged.

It is expected that learning from individual projects will provide evidence that will support local decision making. Cumulative learning across funded projects is expected to provide a basis for evidence-informed recommendations for national and international organisations.

All proposals should:

- be multidisciplinary and cross-sectorial
- take into consideration relevant sex and gender and cultural aspects, as well as vulnerable populations
- promote a culture of evidence-informed learning and effective uptake of results by embedding real time monitoring/evaluation throughout the intervention selection and scale-up process
- incorporate considerations for capacity building for implementation science and knowledge translation, particularly within the countries where the research will be conducted
- have suitable governance structures in place to ensure oversight, consensus and appropriate engagement of relevant stakeholders throughout the projects
- fully consider ethical issues (e.g., related to research with populations in vulnerable circumstances; potential harmful or inequitable impacts of research outcomes; and appropriate mechanisms for protection of sensitive data while enabling data sharing for research purposes)
- ensure conflicts of interest are appropriately minimized or managed to protect the scientific integrity and credibility of the research and fulfil ethical obligations to research participants, particularly in situations where interventions are supported by the private sector and/or there is the potential for commercial gains.

Proposals may build on previous hypertension and diabetes projects supported under the GACD that have demonstrated their potential for impact, however this is not a requirement of the scheme.

Level and duration of funding NHMRC has allocated a total of \$4.9 million for this RFA. Duration of successful grants will be for five years or less. Applicants are required to fully and clearly justify the requested budget to demonstrate value for money.

Use of funds Salary support for Chief Investigators and other personnel:

Applications to NHMRC for funding as part of this NHMRC GACD RFA may include salary support for Chief Investigators, based on Personnel Support Packages (PSPs). These requests must be justified in the proposed budget as being directly associated with achieving the outcomes of the research.

The application may seek salary support for one or more Chief Investigators based in the relevant LMIC. Salaries for other research staff must only be based on PSPs. For PSPs requested for team members local to LMICs, requests should reflect the rate of pay relevant to that country. Associate Investigators are not permitted to draw salary from an NHMRC grant.

Direct Research Costs NHMRC will only fund the direct costs of the research proposal. For more information, applicants should refer to section 8 of the NHMRC Funding Rules 2018 and the NHMRC Direct Research Costs Guidelines.

Direct Research Costs may include support, other than salary, for Chief Investigators based in the relevant LMIC.

Travel Costs Applicants must budget for the costs of having two team members participate in one annual face-to-face meeting of the GACD Research Network (location to vary annually). Attendance at this meeting is mandatory for two team members, with at least one participant from the LMIC team where relevant. Teams are strongly encouraged to include one junior team member in each annual meeting.

Travel costs associated with the conduct of field research and GACD meetings, including GACD Research Network (GRN) meetings, are permissible in the budget proposal as Direct Research Costs. Requests for these funds must be fully justified in the application.

Note: Minimum data is due in RGMS by 20 June 2018.

Limitations

Eligibility

GACD has eligibility criteria additional to those identified in section 7 of the *NHMRC Funding Rules 2018*. Applications will be excluded from consideration if eligibility requirements are not met (see section 10.7 of the *NHMRC Funding Rules 2018*).

Institutions must be an NHMRC approved Administering Institution to be eligible to receive and administer NHMRC funding - refer to the NHMRC website for a [list of approved Administering Institutions](#).

Chief Investigators A (CIAs), Fellows, Scholars and Administering Institutions must ensure applications meet general and scheme-specific eligibility requirements at the time of submission and for the duration of peer review unless otherwise stated. Applications that do not meet these eligibility requirements may be ruled ineligible and may be excluded from further consideration in accordance with Section 10.7 of the NHMRC Funding Rules.

Chief Investigator A based in Australia The Chief Investigator A (CIA) must be based in Australia. Where the work will be mainly carried out in low and middle income countries, it would be expected at least one Chief Investigator (other than CIA) on the application will be from the country where the work will take place.

Multiple grant eligibility Applicants are free to hold, or apply for, other NHMRC grants during the period of funding offered under this call (subject to any limits set for holding grants in other NHMRC funding schemes). However, the time commitments of the Chief Investigators will be carefully considered in the review of the application.

Duplicate applications Duplicate applications or applications with substantial overlap submitted to one or more participating GACD member agencies will not be permitted in this RFA, unless they are applications for joint funding with Canada. It is mandatory for applicants to notify NHMRC, the Canadian Institutes of Health Research (CIHR) and the GACD Secretariat of their intention to request joint funding when their application is submitted.

In order to verify that applications have not been submitted to more than one funding agency or that there is not significant overlap between applications submitted, the partnering GACD organisations and listed partners will share the applications. Duplicate applications will be deemed ineligible and will not be considered further.

Incubator Grant

Funding Provider Multiple Sclerosis (MS) Australia	Eligible to ✓ University ✓ Not-for-Profit ✓ Individual	Funding Amount: \$0 to \$25,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 13 Jul 2018
Funding Type Grant G02550		Last Round Closed 22 Jul 2016
Primary Category Research		

Purpose

Incubator grants provide seed funding for the early stages of innovative new research efforts, with the aim of generating preliminary data needed to support future grant applications.

Overview

A Project Grant, Post Doctoral Fellowship, Postgraduate Scholarship, Summer Vacation Scholarship and Incubator Grant is an award made in support of either a biomedical or social and applied research project within an Australian institution proposed by an appropriately qualified investigator. Unless otherwise stated each condition of award will apply. The project is to be consistent with the aim of MSRA and the work is to be approved by the host institution (including relevant ethics committees). The institution is responsible for administration of the award. Chief Investigators who are based overseas for the duration of the grant are not eligible to apply. No person funded by MSRA award can be regarded as an employee of MSRA.

The award of project grants is MSRA's main avenue for the support of research relevant to multiple sclerosis in universities, hospitals or other recognised research institutions. Since these awards will normally be made for a period of two or three years only, (incubator Grants excluded) the purpose is primarily to assist investigations in which considerable progress can be expected over this or a shorter period. MSRA does not intend to provide long term salaries for support staff.

The maximum value of an Incubator Grant is \$25,000. The research is expected to be completed within a year from the date that the grant is awarded.

There will be two rounds of Incubator applications in 2016. Assessment of incubator applications is an expedited process with a shorter turn around than major grant applications. Successful grants from Round 1 will commence funding in the second half of 2016.

Limitations

Eligibility: Applicants must have research experience. Applicants must be an Australia or New Zealand citizen or permanent resident (permanent residency status to be confirmed by January of the year the grant is to start).

Ken Muirden Overseas Training Fellowship

Funding Provider Arthritis Australia	Eligible to ✔ Individual	Funding Amount: \$0 to \$100,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 22 Jun 2018
Funding Type Scholarship S04789		Last Round Closed 23 Jun 2017
Primary Category Research		

Purpose

The Ken Muirden Overseas Training Fellowship is designed to give a rheumatologist who is about to or has completed advanced training in rheumatology within the last two years an opportunity to undertake further clinical or research training overseas in an approved institution in any country.

Overview

This fellowship is funded by the Australian Rheumatology Association Research Trust.

Guidelines

1. The recipient must be a member of the Australian Rheumatology Association.
2. The recipient must be in the last year of Advanced Training in Rheumatology in the year the award is taken up or have completed their training in the previous two years.
3. The grant will be stipend to cover all costs related to travel and training overseas for a period of 12 months.
4. Applicants need to provide a detailed plan of the training program including a letter of support from the head of the relevant department in the intended overseas institution. This documentation needs to accompany the application form, along with the applicant's curriculum vitae.
5. The successful applicant will normally be expected to take up the training position within one calendar year of the application.
6. Within three months of completion of the training year the successful applicant will be required to submit a written report in laymen's terms about the project (for publication) as well as a full scientific report to Arthritis Australia and to the Australian Rheumatology Association. We also require copies of any publications resulting from this work as these help in promoting our fundraising efforts.

Linkage Projects Scheme - Collaborative research partnerships

Funding Provider Australian Research Council	Eligible to  Business  University  Not-for-Profit	Funding Amount: \$50,000 to \$300,000 Total Pool: \$0
Location Aus		Rounds Ongoing
Funding Type Grant G01782		
Primary Category Research		

Purpose

The Linkage Projects scheme promotes national, and international, collaboration and research partnerships between key stakeholders in research and innovation including higher education institutions, government, business, industry and end-users.

Overview

To facilitate successful collaboration between higher education institutions and other parts of the innovation system, Linkage Projects proposals can be submitted at any time and funding outcomes are announced within six months of proposal submission.

The Linkage Projects scheme provides funding to Eligible Organisations to support research and development (R&D) projects which:

- are collaborative between higher education researchers and other parts of the national innovation system
- are undertaken to acquire new knowledge, and
- involve risk or innovation.

The objectives of the Linkage Projects scheme are to:

- support the initiation and/or development of long-term strategic research alliances between higher education organisations and other organisations, including industry and other research end-users, in order to apply advanced knowledge to problems and/or to provide opportunities to obtain national economic, commercial, social or cultural benefits
- provide opportunities for internationally competitive research projects to be conducted in collaboration with organisations outside the higher education sector, targeting those who have demonstrated a clear commitment to high-quality research
- encourage growth of a national pool of world-class researchers to meet the needs of the broader Australian innovation system
- build the scale and focus of research in the national Science and Research Priorities.

Level and Period of Funding:

The Linkage Projects scheme provides project funding of \$50,000 to \$300,000 per year for two to five years.

Funding Commencement Date:

- For funding applied for in 2018 Proposals submitted by 30 June 2018 will be 1 July 2018.
- For funding applied for in 2018 Proposals submitted from 1 July 2018 will be 1 January 2019.

Limitations

A Proposal may only be submitted through the Research Office of an Eligible Organisation.

The Administering Organisation and each Other Eligible Organisation on the Proposal must demonstrate a significant contribution of cash and/or in-kind or other material resources to the Project, having regard to the total cost of the Project and the relative contribution of any CI(s) at the organisation.

List of Eligible Organisations:

- The Australian National University
- University of Canberra
- Australian Catholic University
- Charles Sturt University
- Macquarie University

- Southern Cross University
- The University of New England
- The University of New South Wales
- The University of Newcastle
- The University of Sydney
- University of Technology Sydney
- University of Wollongong
- Western Sydney University
- Batchelor Institute of Indigenous Tertiary Education
- Charles Darwin University
- Bond University
- Central Queensland University
- Griffith University
- James Cook University
- Queensland University of Technology
- The University of Queensland
- University of Southern Queensland
- University of the Sunshine Coast
- The Flinders University of South Australia
- The University of Adelaide
- Torrens University Australia
- University of South Australia
- University of Tasmania
- Deakin University
- Federation University Australia
- La Trobe University
- Monash University
- Royal Melbourne Institute of Technology (RMIT University)
- Swinburne University of Technology
- The University of Melbourne
- University of Divinity
- Victoria University
- Curtin University
- Edith Cowan University
- Murdoch University
- The University of Notre Dame Australia
- The University of Western Australia

Additional Eligible Organisations:

- Australian Institute of Aboriginal and Torres Strait Islander Studies (AIATSIS)

Additional Eligible Organisations may be specified on a scheme by scheme basis.

Project funding may be used for:

- personnel, for example, research associates or assistants and technicians and stipends for higher degree by research students;
- teaching relief;
- access to research and infrastructure facilities and technical workshop services;
- essential field research;
- expert third party services;
- equipment and consumables;
- publication and dissemination of outputs and outreach;
- specialised computer equipment and software;
- travel costs essential to the project;
- web hosting and development;
- workshops, focus groups and conferences; and
- essential support costs for researchers who are carers or who themselves require care.

Project funding may not be used for:

- Bench Fees or similar laboratory access fees;
- capital works and general infrastructure costs;
- costs not directly related to research or the Project, including but not limited to professional membership fees;
- professional development courses, fees for patent application and maintenance, equipment for live music or drama performances, visas, relocation costs, entertainment costs, insurance, and other indirect costs;

- fees for international students or the Higher Education Contribution Scheme (HECS) and Higher Education Loan Program (HELP) liabilities for students;
- salaries and/or on costs, in whole or in part, for CIs or PIs; and
- salary top ups for personnel above the salary level specified in the Funding Rules.

Medical Research Program

Funding Provider The Ian Potter Foundation	Eligible to  Not-for-Profit  DGR Required	Funding Amount: \$100,000 to Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Closes 5 Jun 2018
Funding Type Grant G07096		Last Round Closed 6 Jun 2017
Primary Category Research		

Purpose

To support the provision of equipment and capital infrastructure to support outstanding medical research groups.

Overview

The Foundation has a long-established commitment to supporting innovation and excellence in medical research. Our Medical Research program area aims to advance understanding and improve treatment of major diseases by supporting major initiatives by leading Australian research institutes, universities and teaching hospitals in innovative biomedical research.

The Foundation is particularly interested in projects that encourage cross-institutional collaboration.

Objectives:

- To support the provision of equipment and capital infrastructure to support outstanding research groups.

The Foundation only makes grants over \$100,000 in this program area. Applicants are required to speak with a Program Manager prior to submitting an application.

The Ian Potter Foundation prioritises applications with evidence of collaboration. Please ensure that you have alternative providers of funding, and that your application clearly considers any possible grant from the Foundation in this context. We are unlikely to fund 100% of a project cost.

Applications must be accompanied by a letter from the requesting organisation's Chief Executive Officer or equivalent person (e.g. Director of Institute, University Vice-Chancellor or Deputy Vice-Chancellor Research) attesting to the value of each application to the organisation. In the case of multiple applications in one or more categories, advice must also be provided as to the priority ranking of all such applications.

Limitations

The Ian Potter Foundation can only make grants to organisations with BOTH Deductible Gift Recipient (DGR) Item 1 and Tax Concession Charity (TCC) status.

It is important that you check the Eligibility section to ensure your organisation meets these Australian Tax Office requirements.

Under the terms of the deed of The Ian Potter Foundation and Australian taxation laws, The Ian Potter Foundation can only make grants to organisations with BOTH Deductible Gift Recipient (DGR) Item 1 and Tax Concession Charity (TCC) status.

Exclusions:

Projects that fall into any of the following categories will not be considered for funding:

- Retrospective funding – projects which are already underway or which will commence prior to the date indicated in our online application information are not eligible for consideration
- Recurrent expenditure for which there is no future provision
- Capital or endowment funds established to fund a chair or to provide a corpus for institutions
- Auspicing is not permitted – the organisation applying must be the one that will run the program or project
- Applications for public charitable purposes outside the Commonwealth of Australia
- Applications for projects that have previously been declined by the Foundation cannot be resubmitted
- Applications will not be accepted from organisations that have not successfully acquitted previous grants from the Foundation.

Mid-Career Research Fellowships

Funding Provider Victorian Cancer Agency	Eligible to ✔ Individual	Funding Amount: Undisclosed to \$600,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 12 Jun 2018
Funding Type Grant G07310		Last Round Closed 2 Aug 2016
Primary Category Research		

Purpose

The VCA Mid-Career Research Fellowship Scheme is designed to support full-time mid-career researchers undertaking high quality translational cancer research as defined in the VCA funding rules. The grants aim to support and retain talented individuals in the field of cancer research in Victoria.

Overview

The objectives of the Mid-Career Research Fellowship Scheme are to:

- support high quality cancer research conducted by mid-career researchers who are able to demonstrate clear evidence of translational research capacity.
- provide funding as a means of enhancing competitiveness of mid-career researchers to enable them to leverage further funding from granting bodies or industry.

Mid-Career Research Fellowships are available to:

- provide the salary of the researcher
- support the direct research costs of undertaking the research project.

Level of Funding and Duration

The maximum amount that can be requested is \$150,000 per annum up to a total of \$600,000 over 4 years. Funding components are:

- Salary support
- Direct research costs.

Salary support may only cover salary for the Fellow.

Applicants successful under the Victoria-USA Cancer Fellowship Exchange Program (see section 3.3 of the guidelines for details), will be eligible for up to a further \$57,000 for a period of up to 12 months to enable the applicant to conduct research at the National Cancer Institute or at a NCI-designated Cancer Center.

Salary for the Fellow

The full-time equivalent salary that can be requested for the Fellow is up to \$120,000 per annum and aligned with the Fellows current salary which is commensurate with the award negotiated with the individual applicant's institution.

Limitations

Who can apply

The Mid-Career Research Fellowship Scheme is open to mid-career researchers who are:

- Australian citizens or have permanent residency in Australia
- holding a PhD or equivalent research doctorate for at least five years but not more than fifteen years (that is at the closing date for applications, applicants will have held their research degrees for no more than fifteen years from the date of the letter advising that their thesis was passed – not upon receipt of degree)

Please note:

- Medical and dental graduates are not eligible for this funding scheme.
- Nursing and allied health graduates are not eligible and should refer to the VCA Nursing and Allied Health Fellowship scheme.
- Researchers with less than five years post-doctoral experience should refer to the VCA Early Career Seed Grant scheme.
- Applicants cannot concurrently hold a fellowship from another funding body (e.g. National Health and Medical Research Council (NHMRC)/Australian Research Council).
- Holders of a VCA Early Career Seed Grant are eligible for a Mid-Career Research Fellowship but it is expected that the applicant will re-scope and incorporate the Early Career Seed Grant into the Mid-Career Research Fellowship application. You cannot hold both an Early Career Seed Grant and Mid-Career Research Fellowship.
- Applicants are eligible to hold a VCA Fellowship for a maximum of four years (e.g. if you have previously held a VCA Fellowship for two years, you would be eligible to apply for a further two years of funding).
- The scheme is open to cancer researchers from all disciplines with the exceptions as mentioned above. Applications are encouraged from biomedical scientists, health economists, behavioural scientists, statisticians, bioinformaticians, epidemiologists and other disciplines conducting research across the continuum of cancer care.
- Candidates should have a record of high quality research outputs and the capacity to build collaborations across industry, research institutions and/or disciplines.

NHMRC Partnerships Projects

Funding Provider National Health and Medical Research Council (NHMRC)	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit	Funding Amount: \$0 to \$1,500,000 Total Pool: \$31,600,000
Location Aus		Rounds Closes 5 Dec 2018 5pm (ACT Local Time)
Funding Type Scholarship S04715		Last Round Closed 29 Apr 2011
Primary Category Research		

Purpose

This funding scheme provides funding and support to create new opportunities for researchers and policy makers to work together to define research questions, undertake research, interpret the findings and implement the findings into policy and practice.

Overview

The scheme aims to support the work of healthcare policy and service delivery implementation agencies by supporting the translation of research outcomes into policy and practice and the evaluation of current policy and practice to identify gaps in knowledge. This type of research is normally conducted outside of universities and medical research institutes. It is for this reason that universities and medical research institutes are generally not eligible to partner with researchers through the scheme. Universities and medical research institutes can continue to participate as an Administering or Participating institution.

Partnership Projects will address the delivery, organisation, funding and access to services and programs that affect the health of Australians. Research may involve preventative programs, primary and community health care, hospitals, community services, the health workforce and infrastructure.

Funding:

Partnership Projects are for five years or less and the maximum amount of NHMRC funding that may be requested for a single application is \$1.5 million

Objectives:

The objectives of the scheme are to:

- meet the need for a more effective integration of research evidence into health policy and service delivery
- create partnerships among policy makers, managers, service providers and researchers
- provide support to answer often complex and difficult questions that policy makers, managers and service providers face when making decisions and implementing policies that affect Australians' health and health care
- be highly responsive to the priorities of government, the community and health professionals
- enable applicants to apply for funding at any time during the year to allow researchers and partner organisations to develop timely collaborations.

Assessment criteria:

Applications will be assessed and ranked against the Assessment Criteria listed below (percentage values of the total score are provided in brackets):

- Track Records of the Chief Investigators, Partner Organisations and Partner Investigators, Relative to Opportunity (25%)
- Scientific Quality of the Proposal and Methodology (25%)
- Relevance and Likelihood to Influence Health and Research Policy and Practice (25%)
- Strength of Partnership (25%).

Critical dates:

- 28 March 2018: Minimum data due in RGMS for Peer Review Cycle No. 1
- 1 August 2018: Minimum data due in RGMS for Peer Review Cycle No. 2
- 21 November 2018: Minimum data due in RGMS for Peer Review Cycle No. 3
- 5 December 2018: Applications close for Peer Review Cycle No. 3

Limitations

General eligibility:

Institutions must be an NHMRC approved Administering Institution to be eligible to receive and administer NHMRC funding - refer to the NHMRC website for a list of approved [Administering Institutions](#).

NHMRC and Partner Funding:

Applications must be joint submissions from a research agency and one or more policy/practice agencies which are able to contribute at least 50% of the total value of the research project in cash and/or in kind. The level of funding requested from NHMRC must not exceed the total contribution from partners. Applications that exceed this will be deemed ineligible.

Who can be a partner organisation?

NHMRC invites applications involving partner organisations whose decisions and actions affect Australians' health, health policy and health care delivery in ways that improve the health of Australians. Organisations that are capable of implementing policy and service delivery and would normally not be able to access funding through most NHMRC funding mechanisms are highly valued as partners. They include organisations such as:

- those working in federal, state, territory or local government – in the health portfolio or in other areas affecting health, such as economic policy, urban planning, education or transport
- those working in the private sector such as employers, private health insurance providers or private hospitals
- non-government organisations and charities
- community organisations such as consumer groups
- healthcare providers
- professional groups.

Partnerships with an overseas agency are acceptable provided the objectives of the Partnership Projects funding scheme are fully met.

What can be claimed as a cash contribution?

- The salary costs of new staff employed and dedicated to work on the research.
- Funds provided as salary support to the research agency.
- Funds to pay for proposed travel.
- Funds to purchase new equipment.
- Cash to fund direct research costs for the project.

What can be claimed as in-kind contributions?

- Salaries or proportions of salaries of established staff who will be released to work on the research.
- Use of existing equipment owned by the partner agency for the project.
- Use of facilities and materials owned by the partner agency in conducting the research.

National Blood Sector Research and Development Program

Funding Provider National Blood Authority (NBA)	Eligible to  University  Not-for-Profit	Funding Amount: \$25,000 (approx) to \$150,000 (approx) Total Pool: \$1,275,000
Location Aus		Rounds Closes 1 Jun 2018
Funding Type Grant G08316		
Primary Category Research		

Purpose

The Program is to facilitate world-class research and development in Australia that contributes to optimising the use, management and administration of blood products, and improve patient outcomes.

Overview

The objectives of the National Blood Sector Research and Development Framework are to:

- Enhance the sustainability and affordability of the national supply of blood products, including through increased efficiency and reduced blood product usage and wastage
- Identify appropriate use and reduce inappropriate use of blood products
- Maintain or enhance clinical outcomes for patients

by providing evidence or new knowledge to:

- Understand the biological action of blood products
- Identify optimum treatment, dosing or indications for use for blood products, and
- Compare the use of blood products with alternative strategies and treatments.

It is proposed that pursuing these objectives will enhance opportunities for blood sector specific research and build research capacity through:

- 1.Encouraging priority-driven research related to the use and management of blood products
- 2.Funding research aimed at addressing gaps in evidence, including where that will inform policy development and program implementation
- 3.Fostering collaboration between researchers and other stakeholders to build Australia's research capacity relating to the use and management of blood products
- 4.Facilitating translation of research to improve patient outcomes and cost effectiveness.

Focus and Scope of the Program

The Program will be focussed on research areas that have been identified by pre-existing strategic programs of the NBA and governments in the blood sector:

- Patient Blood Management (PBM) evidence gaps, as identified in each module of the PBM Guidelines; and
- Efficient and effective use of immunoglobulin (Ig) products, as highlighted through the Ig Governance Program.

Grant types

Type	Indicative \$ amount	Duration	Description
Project Grant	Typically \$30-150k per annum	Expended over period up to 3 years	Entire, discrete research project proposal
Seed Grant	Typically under \$50k	Expended over period up to 1 year	Seed funding for early stages of innovative new research effort. Generation of preliminary data needed to support future grant application
Scholarship	Typically \$25-30k per annum for post graduate students and postdoctoral research fellows	Expended over period up to 1 year	Intended to support medical researcher in attainment of PhD or Master's degree or postdoctoral research fellow research

Limitations

Eligibility

Who is eligible for funding?

The National Blood Sector Research and Development Program is a competitive grant program.

A Grant Recipient must be a legal entity and have an Australian Business Number (ABN) or an Australian Company Number (ACN) to receive funding under the program.

Grant Recipients must be listed on the National Health and Medical Research Council (NHMRC) as an Administering Institution. This policy is available at:

https://www.nhmrc.gov.au/_files_nhmrc/file/grants/funding/2015/2015_nhmrc_administering_institution_policy_16032015_3.pdf

The list of NHMRC registered Administering Institutions can be found at:

<https://www.nhmrc.gov.au/grants-funding-administering-grants> as at 18 December 2017

What is not eligible for funding

Funding cannot be used for the purchase of capital works, general maintenance costs, telephone/communication systems, basic office equipment such as desks and chairs, rent and the cost of utilities. Funding must be used for costs associated with the undertaking the research project.

The Australian Red Cross Blood Service (the Blood Service) is provided funding for research and development activities determined under a Blood Service Research and Development Framework, agreed under a Deed of Agreement between the Blood Service and the NBA on behalf of all Australian governments. Research applications from the Blood Service or Blood Service Personnel or associates, or in connection with projects being conducted, for research purposes within the scope of that Framework will be ineligible under the Program.

Research already funded by the NBA under an existing contractual agreement will be considered ineligible under the Program.

Funding will not be provided for an NBA scholarship if the applicant is receiving an existing personal scholarship

National Research Program Fellowships

Funding Provider Arthritis Australia	Eligible to ✔ Individual	Funding \$50,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 6 Jul 2018 5pm
Funding Type Scholarship G04461		Last Round Closed 22 Jul 2016
Primary Category Research		

Purpose

Research fellowships are available for post-doctoral work or following recently completed rheumatology advanced training and are available for research programs both overseas and in Australia.

Overview

The **Arthritis Australia AFA-ARA Heald Fellowship** is available for post-doctoral research programs both overseas and in Australia. Preferentially, it is available for members of the Australian Rheumatology Association (ARA) or applicants working with a member of the ARA. This is for one year only and there will be no renewals, except in rare circumstances e.g. part-time research (preference for research overseas but Australian-based research will be considered).

The **Victorian ARA Fellowship** is designed to support expansive self-development of trainee/rheumatologists within Victoria. The purpose of the award is to encourage rheumatologists to develop expertise in a clinical or research discipline in rheumatology and to use that expertise in and for the betterment of rheumatology in Victoria. ARA members who are advanced trainees or within five years of FRACP are eligible to apply, in support of higher degree studies, post-higher degree research, or specialized clinical training.

The **Arthritis Queensland Fellowship** is a post-doctoral fellowship to support medical and clinical research into treatments for all forms of relevant musculoskeletal conditions and recognised symptoms arising from the conditions e.g. pain. Preference is for a Queensland based graduate who must be agreeable to developing a partnership with Arthritis Queensland (AQ) e.g. participate in relevant AQ marketing campaigns; be able and willing to communicate with AQ stakeholders.

Arthritis Queensland Fellowship guidelines:

1. The grant will be a stipend of \$50,000 and is not renewable.
2. The recipient must be based in Queensland as a preference. If a suitable candidate is not identified from Queensland, candidates from other states in Australia may be considered as a secondary measure.
3. The recipient must be agreeable to developing a partnership with Arthritis Queensland (AQ) e.g. participate in relevant AQ marketing campaigns; be able and willing to communicate with AQ stakeholders.
4. The recipient will provide periodic financial and performance reporting to AQ.
5. Ongoing recipient endorsement of AQ, especially in the event of significant progress in research.
6. Within six months of completion of the fellowship, the recipient will be required to submit a written report in layman's terms about the fellowship (for publication) as well as a full scientific report to Arthritis Australia and to Arthritis Queensland. Copies of any publications resulting from this work are also required.
7. Acknowledgement of Arthritis Australia and Arthritis Queensland in all oral and written presentations/articles associated with the funding.

Priority

***NOTE** In view of limited amounts of funding available, our priority is to encourage new researchers who are then subsequently in a stronger position to apply for an award from other agencies, such as NHMRC. As success in the

NHMRC funding program is one of the goals of Arthritis Australia's research strategy, applicants submitting a research proposal which is subsequently awarded NHMRC funding in the same calendar year, will no longer be eligible to receive funds from Arthritis Australia for this proposal. Similarly, recipients cannot hold more than one fellowship in any given year and will no longer be eligible to receive funds from Arthritis Australia should they be successful at receiving another fellowship e.g. from the RACP.

Limitations

Research fellowships are available for post-doctoral work or following recently completed rheumatology advanced training and are available for research programs both overseas and in Australia.

Nursing and Allied Health Clinical Research Fellowships

Funding Provider Victorian Cancer Agency	Eligible to  Individual	Funding Amount: Undisclosed to \$600,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 12 Jun 2018
Funding Type Scholarship S05056		
Primary Category Research		

Purpose

One of the priority areas for the VCA is building cancer research capacity and capability in Victoria through encouraging clinicians, health professionals and academic researchers to undertake translational research projects in cancer. The Nursing and Allied Health Clinical Research Fellowships are intended to support eligible researchers to dedicate time for translational cancer research.

Overview

The aims of the VCA Nursing and Allied Health Clinical Research Fellowships are to:

- develop the future leaders of cancer research in Victoria
- support clinical research by providing opportunities for clinicians to develop and sustain a career in cancer research
- attract and/or retain the best cancer researchers with significant research potential to Victoria.

The purpose is to increase the pool of clinician researchers working directly on clinical problems. These groups can strongly influence the translation of cancer research into practice, and build local capacity in translational cancer research.

Applicants must have a defined research project that addresses an area of clinical need and provide evidence of organisational support for the project.

Applicants who are able to demonstrate their project would be enhanced by undertaking research at a National Cancer Institute (NCI) or a National Cancer Institute (NCI)-designated Cancer Centre will be eligible to apply for the [Victoria-USA Cancer Fellowship Exchange Program](#). This will provide support for up to 12 months to enable the Applicant to undertake part of their Fellowship in the United States.

Level of Funding and Duration

The maximum amount that can be requested is \$150,000 per annum up to a total of \$600,000 over 4 years. Funding components are:

- Salary support
- Direct research costs.

Salary support may only cover salary for the Fellow.

Applicants successful under the Victoria-USA Cancer Fellowship Exchange Program (see section 3.3 of the guidelines for details), will be eligible for up to a further \$57,000 for a period of up to 12 months to enable the Applicant to conduct research at the National Cancer Institute or at a NCI-designated Cancer Center.

Salary for the Fellow

The 0.8 full-time equivalent salary that can be requested for the Fellow is up to \$120,000 per annum and aligned with the Applicant's current salary which is commensurate with the award negotiated with the individual Applicant's institution. The salary available is scaled according to the fraction of the fellowship, from 0.4 to 0.8 full-time equivalent.

Limitations

Who can apply

This Fellowship Scheme is open to mid-career researchers that are qualified in a nursing or an allied health profession who are Australian citizens or have permanent residency. Applicants must hold a research qualification (PhD or equivalent) in nursing or allied health. Applicants must have a demonstrated capacity to undertake translational research.

All Applicants for this scheme must be qualified as a health professional in an applicable discipline; and, for those disciplines covered by the Australian Health Practitioner Regulation Agency, be registered to practice in Australia. Applicants for those professions without registration must be eligible for membership of the appropriate professional association.

Allied Health is described on the Department of Health and Human Services website www2.health.vic.gov.au/health-workforce/allied-health-workforce

Applicants not employed in a clinical role can apply to work on a clinical problem, with research carried out in a clinical setting. Details must be provided of how remaining time will be spent (this Fellowship covers up to 0.8 FTE).

Senior, established investigators will not be considered, that is Applicants who:

- have held or currently hold a research fellowship (not including a VCA Fellowship: see below) of equal or greater value than this fellowship (that is \$120,000 per annum at 0.8 FTE, excluding on-costs or an equivalent pro rata of this award); and/or
- have been appointed to, previously or currently, a full Professorial position (including Adjunct, Clinical, Conjoint, Honorary, etc. positions) by an institution or have a full Professorial title at time of application.

Biomedical graduates and Medical and Dental graduates are not eligible and should refer to the VCA Early Career Seed Grant or Mid-Career Research Fellowship funding schemes, as appropriate.

Applicants cannot concurrently hold a fellowship from another funding body (e.g. National Health and Medical Research Council (NHMRC)/Australian Research Council).

Applicants are eligible to hold a VCA Fellowship for a maximum of four years (e.g. if you have previously held a VCA Fellowship for two years, you would be eligible to apply for a further two years of funding).

Holders of a VCA Early Career Seed Grant are eligible for a Nursing and Allied Health Clinical Research Fellowship but it is expected that the Applicant will re-scope and incorporate the Early Career Seed Grant into the Fellowship application. You cannot hold both an Early Career Seed Grant and a Nursing and Allied Health Clinical Research Fellowship.

Previous unsuccessful VCA Fellowship Applicants are eligible to apply.

Postgraduate Scholarships

Funding Provider National Health and Medical Research Council (NHMRC)	Eligible to ✔ University ✔ Not-for-Profit	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 13 Jun 2018
Funding Type Scholarship S05060		
Primary Category Research		

Purpose

The NHMRC Postgraduate Scholarships scheme funds successful applicants to attain a research based postgraduate degree (Doctor of Philosophy (PhD) or a Masters Degree).

Overview

It aims to support these outstanding health and medical graduates early in their career so they can be trained to conduct research that is internationally competitive and develop a capacity for original independent research within Australia.

Researchers who wish to attain a research focused postgraduate degree, either:

- Doctorate of Philosophy (PhD)
- Research Masters degree (MPhil or equivalent).

Categories of award:

• Aboriginal and Torres Strait Islander Health Research Postgraduate Scholarship

Postgraduate Scholarships for Aboriginal and Torres Strait Islander Health Research are awarded to provide support for research training or training leading to research in areas of health with particular relevance to Aboriginal and Torres Strait Islander peoples.

• Medical/Dental Postgraduate Scholarship

Medical/Dental Postgraduate Scholarships are awarded to provide support to combined MBBS/PhD students, and medical or dental graduates undertaking a higher research degree involving full-time research.

• Dora Lush Biomedical Research Postgraduate Scholarship

The purpose of the Dora Lush Biomedical Research Postgraduate Scholarship is to actively encourage applications from graduates of outstanding ability whose pathway to PhD or Masters studies has been subject to significant interruption or delay. This Scholarship will provide an opportunity for these individuals to obtain formal training in biomedical research.

• Public Health and Health Services Research Postgraduate Scholarship

The purpose of the Public Health and Health Services Research Postgraduate Scholarship is to encourage graduates to obtain formal training in public health and/or health services research.

Level and Duration of Funding

The funding duration of Postgraduate Scholarships will vary between one and three years FTE, depending on the award applied for, and any periods of study already undertaken. Funding will cease from the day the PhD/Masters thesis is submitted.

Awardees (through their RAOs) are required to notify the NHMRC at the time their thesis is submitted and provide evidence of date of submission.

Limitations

Eligibility

Applications will only be accepted from NHMRC approved Administering Institutions. A list is available at:

<https://www.nhmrc.gov.au/grants-funding-administering-grants>

To be eligible for a Postgraduate Scholarship, applicants must:

- only apply for one Postgraduate Scholarship per application round (regardless of the category in which they are applying)
- ensure they submit a complete application, including supervisor report and uploaded documents required to conduct a complete assessment of an application (incomplete applications will be ineligible)
- not have previously received funding for a NHMRC Postgraduate Scholarship, and
- have a proposed project that is based in Australia. Elements of the project can be undertaken outside of Australia (e.g. data gathering) but the scholar, supervisor and project must be all Australian based and located at an Australian Institution.

Category-specific eligibility requirements can be found in section 6 of the 2018 PGS Scheme-specific Funding Rules for funding commencing 2019.

Ineligible situations

Applicants will be ineligible if at the time of application:

- the applicant is a current holder of an Australian Government Scholarship such as an Australian Postgraduate Award (APA)
- the applicant is in their final year of an Honours degree
- the degree proposed is not a PhD or a Research Masters degree
- the proposed degree is not a research degree
- the applicant has completed more than 24 months of their PhD candidature as at 1 January in the first year of funding (or 12 months of their Masters candidature if applying for a Masters Postgraduate Scholarship from 1 January in the first year of funding).

The Leanne Stafford Award

Funding Provider Arthritis Australia	Eligible to  Individual	Funding Amount: \$0 to \$50,000 Total Pool: \$0
Location Aus		Rounds Closes 22 Jun 2018
Funding Type Award A00057		Last Round Closed 22 Jul 2016
Primary Category Research		

Purpose

The Leanne Stafford Award is to support a young Australian rheumatologist or Australian graduate in the pursuit of a year of research or clinical experience in an interstate or overseas institute.

Overview

The award is in the form of a \$50,000 stipend. It will not be renewable.

Key information:

- The recipient must be a member of the Australian Rheumatology Association.
- The recipient must be a rheumatologist who has completed their advanced training within the preceding five (5) years or an advanced trainee with one more non-core year to complete.
- The grant will be a stipend to cover all costs related to travel and training interstate or overseas for a period of 12 months. It will not be renewable.

- Applicants need to provide a detailed plan of the training program including a letter of support from the head of the relevant department in the intended institution. This documentation needs to accompany the application form, along with the applicant's curriculum vitae.
- The successful applicant will normally be expected to take up the training position within one calendar year of the application.
- Within three months of completion of the training year the successful applicant will be required to submit a
 - scientific report that describes the achievements of the grant and includes references for original papers that have been published or accepted for publication, as well as information about meetings at which you may have presented the research and a
 - 'plain language' report that not only outlines the achievements of the grant, but places the objectives of the research in a wider disease context and explains the importance of your findings to people with musculoskeletal disease.

Limitations

To be eligible, the candidate must be a rheumatologist who has completed their advanced training within the preceding five (5) years or an advanced trainee with one more non-core year to complete.

WH Gladstones Population and Environment Fund

Funding Provider Australian Academy of Science (AAS)	Eligible to  Individual	Funding Amount: \$0 to \$12,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 1 Jun 2018 9am
Funding Type Grant G05446		Last Round Closed 15 Jun 2016
Primary Category Research		

Purpose

The purpose of the grant is to supplement the researcher's existing resources and can be used for the purchase of such things as equipment, data, or the development of new measurement and analysis techniques. See below for more information on the type of research funded.

Overview

The W H Gladstones Population and Environment Fund offers support for empirical research into how the size, distribution, material aspirations and other characteristics of Australia's population are likely to affect our environment—not only our land and landscape, but also social cohesion, health, the economy and defence. Population pressures in other countries which may have an impact on Australia could also be part of the research.

One grant is available for award every two years. A Grant is initially awarded for one year with the possibility of additional funding in the following year.

The first year grant will be \$12,000 (GST exclusive). The renewed grant of \$12,000 (GST exclusive) for the second year of research will depend on the Academy of Science receiving a satisfactory progress report at the end of the first year.

Focus of research Research to be supported should aim to quantify various aspects of the human footprint, and to model likely ecological and other consequences.

The Australian Academy of Science encourages applications from female candidates and from candidates from a broad geographical distribution.

Limitations

Eligibility

Applicants should be employed in an Australian university or research institution and should have completed a PhD not more than 10 years ago. Persons engaged in research for a PhD may also be considered if their thesis topics are judged to be highly significant.

Exemptions for career interruptions may be sought from the Academy. Reasons for exemption can include (but may not be limited to) illness, birth of a child or carer requirements. To apply for an exemption, please include a short explanation stating the grounds for why an exemption is being sought and how long your research career was interrupted.

Note: This grant does not provide funds for bench fees, managerial, visa, insurance or infrastructure costs.

Yulgilbar Innovation Grant

Funding Providers The Yulgilbar Foundation Dementia Australia	Eligible to ✔ Individual	Funding Total Pool: \$1,000,000
Location Aus		Rounds Closes 31 May 2018
Funding Type Grant S00849		Last Round Closed 1 May 2015
Primary Category Research		

Purpose

The purpose of the Dementia Australia Research Foundation – Yulgilbar Innovation Grant is to fund generously a single, high-quality, innovative and possibly paradigm-changing research project that could transform the landscape of dementia research.

Overview

The Grant is designed to attract proposals from new groups, which may be multi-disciplinary, bringing expertise from outside (as well as within) the field of dementia, and with the potential to offer new approaches and collaborations nationally and internationally.

The Grant will offer \$1 million over three years to ensure that researchers are adequately resourced and financially supported. Although the support is generous, the sponsors hope that the applicants will find ways to leverage further funding and in kind support for the project. Applications will be internationally peer reviewed in two stages; only applications that are judged by the review panel to have a chance of success will be asked for a detailed application.

We encourage applications from multi-disciplinary teams including scientists, biotech, health professionals and public health researchers. It is recommended that the project team includes early career researchers and that people living with dementia and/or those involved in their care are represented or consulted throughout the project.

Topic and Scope

The purpose of the Grant is to support a new, innovative and ambitious research program of high quality that could accelerate progress towards understanding the disease and improving treatments for the common forms of dementia. The Grant is not restricted to any one area of research: biomedical (lab-based), clinical or psychosocial research projects will be considered, as long as the project brings something fresh and new to the field and the findings have the potential to translate into clinical practice. The sponsors of the Grant encourage international collaboration, wish to ensure that

early career researchers are involved in a significant way in the research, and request that those directly affected by dementia, including carers, are involved in the development of the program.

Note: Overheads (e.g. an infrastructure levy) will not be covered by the grant. As the Dementia Australia Research Foundation is currently listed on the Australia Competitive Grants Register (ACGR), infrastructure costs will be covered by the Commonwealth Government's Research Block Grants scheme. It is desirable that host institutions (universities, institutes, hospitals or start-up biotech companies) also provide financial support, which may include additional project or staff funding, in-kind support or access to equipment.

Limitations

Eligibility criteria

To be eligible for the grant in this funding round:

- At the time of acceptance and for the duration of a grant, the first Chief Investigator (CIA) must be an Australian or New Zealand citizen, a permanent resident of Australia or have an appropriate work visa in place at the time of acceptance and for the duration of the project. The CIA must also be based in Australia for at least 80% of the funding period. All applicants must provide evidence to their host institution to support this criterion.
- The research must be conducted in Australia and address the topic and scope of the funding round.
- The research must be approved by an authorised ethics committee, if applicable. It should be noted that grant payments may be withheld until ethics approval has been obtained.

It is highly recommended that:

- Early-career researchers are integral to the project team. For the purposes of this Grant, an early-career researcher is defined a researcher who has been awarded their PhD within eight years of the application closing date, unless circumstances leading to career interruption apply. Such circumstances are defined for this purpose as "factors that are generally outside an applicant's control. They may include an episode of extended illness, parental leave or other personal matters, but do not include matters arising from normal vocational or research related activities, such as an applicant's choice to pursue activities or seek employment outside of research."
- That there is involvement of people with dementia, their carers and families and the wider public if appropriate throughout the project (beyond the role of consumers as participants). This may be achieved in any number of ways:
 - Consulting them about the research proposal – to ensure that it addresses an area of priority for them.
 - Including them as joint grant holders or co-applicants on your research proposal.
 - Inviting them to be a member of a Steering Committee or Advisory Group or 'research buddy'.
 - Inviting them to comment on and develop patient information leaflets or other research materials. e. Involving them in the dissemination of research outcomes and the development of plain language project summaries.

Further information on involving members of the public in research is available [here](#).

Connellan Airways Trust Grants - Individuals & Organisations

Funding Provider Connellan Airways Trust	Eligible to ✔ Not-for-Profit ✔ Individual	Funding Amount: Undisclosed Total Pool: Undisclosed
Location Aus		Rounds Closes 15 Aug 2018
Funding Type Grant G04487		Last Round Closed 15 May 2018
Primary Category Rural & Regional		

Purpose

To assist individuals and organisations living in remote parts of the outback of Australia through financial support for educational, health, communication and transport needs.

Overview

The objectives of the Trust are:

- To promote and encourage the advancement of knowledge of people, especially younger people, living in remote parts of that area of outback Australia formerly served by Connellan Airways, and in other parts of Australia similar in remoteness.
- To assist such people through facilitating air travel and the delivery of education needs, communication requisites and health related supplies.
- To foster education of people in outback Australia, other than those living in its remote parts, who provide service or assistance to people living in those parts.

There are two grant streams offered:

Organisations:- These grants were established in 1991 to assist organisations which provide expertise or otherwise serve or assist people in Outback Australia in the areas of endeavour, service or need.

- **Schools of the Air/Schools of Distance Education Grants** - The Trust provides funds to a number of SOTA/SDE to assist parents with the cost of accommodation whilst attending school events. Parents should apply directly to their School to access this funding.
- **Volunteers for Isolated Students (VISE) Grants** - The Trust provides funding to the VISE Organisation to assist with the travel expenses of VISE Tutors to families in Outback Australia. Parents should apply to VISE to access this funding.

Individuals:- These grants were first distributed in 1983 to assist people of all ages in Outback Australia through financial support for educational, health, communication and transport needs.

Limitations

Eligibility

Organisations must be:

- Organisations which support children and adults who live on stations or in small settlements in Outback Australia.
- Organisations in larger outback centres of Australia who provide assistance to those who live on stations or in small settlements in Outback Australia.
- Australian based organisations.

Individuals must be:

- Children and adults who live on stations or in small settlements in Outback Australia
- Residents of the larger outback centres of Australia who provide assistance to those who live on stations or in small settlements in Outback Australia
- Australian Citizens and permanent residents of Australia.

Stronger Regional Communities Plan

Funding Provider Regional Development Victoria	Eligible to ✓ Local Govt ✓ State Govt ✓ Business ✓ University ✓ Not-for-Profit ✓ School ✓ TAFE	Funding Amount: Undisclosed to \$50,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G05640		
Primary Category Rural & Regional		

Purpose

The SRCP aims to support rural and regional towns in attracting families and young people to live and work. It will do so by investing in community-led initiatives and partnerships that create or enhance the conditions for economic growth and build resilient, diversified and sustainable economies.

Overview

Strong communities are characterised by high levels of social and economic participation. They demonstrate effective decision-making and strong networks and are attractive to people considering moving to live and work. The SRCP will support initiatives under the following two program streams:

- Community Capacity Building
- Population Attraction.

Limitations

Applications will be considered from:

- private sector businesses and agencies
- business and industry groups including:
 - chambers of commerce and business associations
 - industry peak bodies
 - business and industry clusters and networks
- local government authorities
- government agencies
- not-for-profit organisations, including community groups that
 - are an incorporated body, cooperative or association
 - have an Australian Business Number (ABN) or can provide written advice from the Australian Tax Office that no withholding tax is required from the grant payment
- higher and other education institutions
- regional organisations e.g. regional strategic planning alliances.

Individuals are not eligible to apply.

The following activities would generally not be considered:

- requests for retrospective funding, where projects have commenced (i.e. equipment purchased, contracts entered into or construction has begun) or have been completed prior to receiving funding approval
- projects requiring ongoing funding from the Victorian Government
- ongoing operating costs or salary subsidies except where a salary subsidy provides administrative and project management support for groups of local government authorities and project partners
- private sector projects undertaken as a result of a Victorian Government contract
- projects where funding is normally provided by other state, commonwealth and/or local government sources
- any costs to meet regulatory requirements
- the purchase of land.

Australian Engineering Excellence Awards

Funding Provider Engineers Australia	Eligible to  Business  Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 18 Jun 2018
Funding Type Award A00204		
Primary Category Science & Technology		

Purpose

The awards recognise and promote new, innovative and life changing ideas that are brought to life in ways that bring fundamental change to our society.

Overview

Showcase your work to industry colleagues, clients, government, media, sponsors and the community.

Every award entrant receives peer recognition and exposure of their work to industry and fellow engineers nation-wide.

We're looking for projects big and small that promote Engineering Excellence and highlight the invaluable contribution that engineers make to the economy, community and the environment.

Entrants will select one category under which they would like to submit their project. This category will be used as a guide to assist judges to identify the area in which the project has achieved excellence. Awards will not be conferred based on category and will be awarded on the basis of overall excellence against the judging criteria.

Categories

- Control Systems, Networks, Information Processing and Telecommunications
- Innovation/ Research and Development
- Products and Manufacturing
- Infrastructure
- Buildings and Structures
- Energy, Water and Resources Projects
- Project Management

Entrance fees

Entrance fees for the AEEA 2018 will be payable in two stages. In order to complete any applications, payment must be made online by following the process outlined in the submission form. Payments must be made online and no payments will be taken over the phone or in person.

Stage 1 - Expressions of Interest

A non-refundable fee of \$500+ GST will be payable in order to submit an Expression of Interest.

Stage 2 - Final Submissions

Once entrants are invited to complete stage 2, a non-refundable fee will be payable in order to submit entries. The fees are as below:

1. Companies with less than 30 employees - \$1,200+ GST
2. Companies with more than 30 employees - \$2,500+ GST
3. Joint entries - \$3,000+ GST

Please note that all fees paid are non-refundable.

Judging criteria

- **Actual or potential contribution of the work to the economy**

Contributes to the local, regional or national economy by reducing whole of life costs or adding to the efficient use of existing engineering construction, manufacture, maintenance or application.

- **Impact of the work on the quality of life of the relevant communities**

Contributes positively to the communities using it in respect of cost, time, environment or general amenity of the community.

- **Significance of work as a benchmark of Australian Engineering**

Sets new benchmarks or continues current high standards thereby raising the standard and standing of Australian Engineering

- **Extent to which the work represents world best practice**

Can be matched against similar engineering achievements to represent world best practice

- **Other considerations**

The environmental impact of the work, the sustainability of the project and the work health and safety consideration. These must outline the effect on those directly or indirectly involved and members of the community in general

Limitations

Australian Engineers and organisations engaged on projects located overseas are encouraged to enter the AEEA. An entry should be submitted based on the location in which the relevant work (e.g. research, design or management) was conducted. That is, if Australian engineers performed a substantial, identifiable proportion of the engineering function within Australia. For example, if a project was designed in Australia but constructed overseas then only the design component is eligible.

Brain Foundation Research Gifts

Funding Provider Brain Australia (the Brain Foundation)	Eligible to ✓ Business ✓ Individual	Funding Amount: Undisclosed to \$40,000 (approx) Total Pool: Undisclosed
Location Aus		Rounds Closes 22 Jun 2018 COB
Funding Type Grant G02535		Last Round Closed 23 Jun 2017
Primary Category Science & Technology		

Purpose

The primary objective of the Brain Foundation Research Gifts are to support individual researchers and research teams to conduct the highest quality research in clinical neuroscience.

A subsidiary objective is to provide opportunities as a chief investigator for early career researchers to gain funding for projects with potential.

Overview

In particular, we are reserving two individual research gifts, one being for a Neurological trainee and one for a Neurosurgical trainee for projects for which they are the only investigators.

The quality of the proposed research is judged by the scientific committee according to internationally benchmarked criteria of:

- scientific quality; and
- significance and innovation

Assessment Criteria

- Scientific Quality
- Significance and/or Innovation

Gift Categories

1A: Alzheimer's & Other Neuro Degenerative Diseases

1B: Parkinson's

1C: Dystonia

2: Cerebrovascular and other Cerebral Diseases

3: Brain Tumours

4: Epilepsy

5: Neuromuscular Diseases

6: Paediatric Neurology

7: Neuro-trauma

8: Headache and Migraine

9: Neural Infections

10: Other

The total amount available for distribution depends on the income of the Brain Foundation in that year. As a guide, the gifts awarded in 2017 were up to \$40,000 each.

Please note: although funds are available for all research categories and the above specific areas, gifts will ONLY be awarded if they meet the assessment criteria of scientific quality and significance and/or innovation.

Limitations

The gifts are open to competition nationally and all researchers in Australia are eligible to apply, however consideration, subject to merit, is given to:

- Early career investigators, either clinicians or neuroscientists, to help them establish an ongoing research program;
- Innovative projects;
- Pilot studies to enable a research project to be developed such that it could be supported by a recognised gift-giving agency in subsequent years;
- Bridging support for a clinician who has a valid reason for being unable to make an application to a conventional gift-giving agency; and
- Supplementation of an existing grant from, for example, NHMRC, particularly for grant applications that were successful but funded inadequately to allow satisfactory progress to be made. In this instance applicants should submit the reports on their project from that grant-giving agency, together with ratings, details of the requesting and awarded budget, and full justification for the unfunded items.

Please note the following conditions:

- The Brain Foundation will not entertain applications that imply an ongoing funding commitment beyond a single year. A single 3 year major gift was issued for the first time in 2014, and the Foundation may call for applications for similar gifts in a specific area(s), separate to this funding round;
- The Scientific Committee will not normally be able to give any priority to projects involving clinical trials;
- The Brain Foundation does not fund requests for equipment only;
- Please submit only one application per person or team
- Additional funding for a project in the next round is unlikely;
- Applications for funds for general use will not be considered. Funds will only be provided for specific projects; and
- Projects will only be considered where government or other conventional sources of funds are unavailable.

Data Fellows program

Funding Provider Uptake.org	Eligible to ✔ Individual	Funding Total Pool: Undisclosed
Location Aus		Rounds Closes 1 Jun 2018
Funding Type Scholarship S05065		
Primary Category Science & Technology		

Purpose

The Uptake.org Data Fellows program is a six-month fellowship designed to connect data professionals at non-profits, foundations, and social enterprises to experts in data science and security.

Overview

The fellowship begins with a week in Chicago where fellows meet with mentors, participate in workshops on topics in data science or security, and network with like-minded data-for-good professionals.

At social sector organizations, there's often only one "data person" responsible for managing the organization's data. Many are self-taught without much training or support from their resource-strained organizations. Uptake.org aims to change that, by providing data-for-good professionals with the tools and community they need to solve big problems in the social sector.

The Data Fellows program now has two tracks; Data Science and Data Security. Data Science fellows are focused on developing skills in machine learning and data product development; they're trying to find ways to gain insight and build tools with data. Data Security fellows are focused on how to protect the sensitive data their organizations manage; they're trying to ensure their systems, tools and operations are as secure as possible while overcoming the lack of resources or experience required to face today's cyber threats.

Uptake selects and mentors a cohort of Data Fellows biannually. The fellowship kicks off with a week of workshops, mentor meetings, and networking in Chicago and continues remotely for six months. Fellows then re-convene for a Fellow Showcase Day in Chicago. Each fellow is expected to work on a project during the course of the fellowship, although we stress that this fellowship is primarily about skill development.

The Fellowship consists of four parts:

- **Mentor Matching:** Fellows are matched with at least three experts from the Uptake team and from Carnegie Mellon University based on their needs. Mentor teams are data scientists, engineers and strategy gurus.
- **Workshop Week in Chicago:** Fellows arrive for a week of workshops, networking events and one-on-one mentorings. Workshops include Agile Development in Data Science, Predictive Models in R, Protecting IoT, Hacking and Hunting, and more.
- **Ongoing Mentorship and Support:** Mentors and fellows check in regularly for six months to continue their conversations and support that began in Chicago.
- **Fellow Showcase:** Fellows return to Chicago to present the progress they've made over the course of the fellowship to their mentors and to the incoming class of new fellows.

Limitations

The fellowship is for experienced data leaders employed by nonprofits, social enterprises, and government agencies who want to improve their data science or security knowledge, skills and methodologies.

What they're looking for:

Data Science Fellows Uptake.org are looking for data scientists, analysts, and leaders at nonprofits, social enterprises, or government agencies that've been operating for two years or more.

Uptake.org want individuals who:

- Have experience building models. They expect most fellows to understand the use of R or Python.
- Have sound quantitative skills, including the use of data analysis methodologies.
- Are deeply passionate about using data science for social good.
- Have great communication skills and want to connect with peers and experts in the data-for-good field.
- Embody Uptake's core values: clarity, curiosity, flexibility, industry and trust.

- Are willing to commit to a six-month fellowship period with an in-person session from August 20-24, 2018. Travel expenses are covered by Uptake.

Data Security Fellows With this new program, Uptake.org are looking for individuals tasked with ensuring the data your organization collects and manages is properly secured.

Uptake.org are seeking security leaders who:

- Are concerned about the protection of their organization's data.
- Have technical skills in development, data security or a related field.
- Are deeply passionate about using data science for social good.
- Have great communication skills and want to connect with peers and experts in the data-for-good field.
- Embody Uptake's core values: clarity, curiosity, flexibility, industry and trust.
- Are willing to commit to a six-month fellowship period with an in-person session from August 20-24, 2018. Travel expenses are covered by Uptake.

Be Connected program: Activation grants

Funding Provider Good Things Foundation	Eligible to ✔ Not-for-Profit	Funding Amount: \$1,500 to \$1,500 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G08291		
Primary Category Seniors		

Purpose

Activation grants are one-off grants awarded to new organisations joining the Be Connected network, and are designed to help organisations support older people gain digital skills, including new devices, broadband fees, or expenses for digital mentors or volunteers.

Overview

All partners who join the network before August 2019 will be able to apply for a one-off \$1,500 grant.

The activation grant is designed to get you started in the Be Connected network, and for the funding, we expect partners to support at least 30 older people over 10 months (15 if located in outer regional, remote or very remote areas). You'll need to support learners through the Be Connected website, and further guidance on how to do this is provided to all network partners.

Funding can be spent on anything that will help you support older Australians to gain digital skills, including new devices, broadband fees, or expenses for digital mentors or volunteers.

Activation grants are available until August 2019, with applications assessed and funding awarded on a monthly basis.

The Be Connected program (previously referred to as Digital Literacy for Older Australians - DLOA) aims to support people over the age of 50 who do not engage with digital technology to thrive in a digital world and it includes a \$20m grant program which will run until June 2020.

Limitations

What can the grant be used for?

The funding can be spent on activities that can be justified as supporting older Australians to gain basic digital skills and confidence such as:

- new devices including computers, laptops, tablets, smart phones
- upgrading software for devices
- broadband fees
- digital mentor expenses, including training to be a digital mentor
- printing of learning materials for older Australian learners
- police checks for all staff and mentors involved in delivering the Be Connected coaching and support, if not in place already
- public liability insurance, if not in place already
- coaching and support, if not in place already
- public liability insurance, if not in place already.

Who can join the network?

The Be Connected Network aims to support a national network of community organisations who will support older Australians to thrive in a digital world. The network will bring together partners across Australia who are supporting older Australians to improve their digital literacy.

If you're delivering digital and social inclusion activity at a local level, then you can be part of a bigger movement to make change happen through digital for excluded people and communities.

Points to note:

1. Organisations do need to be a part of the Be Connected network to apply for an activation grant. If you are not yet a Network Partner, please see the Joining the Network page on the website. One of the team will be in touch with you within the next 2 to 3 weeks to process your application and welcome you into the network. You are able to apply for

an activation grant as soon as you've completed the join the network form - you don't have to wait for the phone call from us.

2. Your organisation must achieve the target of the activation grant - 15 or 30 people gaining basic digital skills in a maximum of 10 months - before you are able to apply for any other Be Connected grants. The activation grants form part of the Government's Be Connected program that includes a \$20 million grant program, which will finish in June 2020.

Participation for CALD Seniors Grants Program

Funding Provider Department of Health and Human Services (VIC)	Eligible to  Not-for-Profit	Funding Amount: Undisclosed to \$10,000 Total Pool: Undisclosed
Location VIC		Rounds Closes 1 Jun 2018
Funding Type Grant G05850		Last Round Closed 24 Feb 2017
Primary Category Seniors		

Purpose

The Participation for CALD Seniors Grants Program offers small grants to organisations to create or expand community participation opportunities for socially isolated culturally and linguistically diverse (CALD) seniors.

Overview

Evidence shows that older people from culturally diverse backgrounds are often at a higher risk of social isolation due to a range of factors, including language needs, cultural differences, limited mobility, poor health, lack of confidence and knowledge of what is available.

Grants of up to \$10,000 are available.

Community participation opportunities are activities and the provision of assistance (for example, transport, social activities, education sessions) that help culturally diverse seniors to stay connected to others, thereby improving their health and wellbeing.

What kind of projects will be funded?

This grants program will fund a range of projects which identify socially isolated culturally diverse seniors and assist them to engage in their communities either through existing or new support networks and activities.

All projects must show that they were designed to respond to social isolation within their senior culturally diverse community.

The project may include the development of partnerships to deliver better outcomes for the target culturally diverse community, or it may be simply addressing what is lacking in terms of community participation opportunities for the target group.

Grant categories

Grants will be awarded for projects of 12 months in duration, commencing 1 October 2018 and concluding 30 September 2019.

There are two categories of grants:

1. **Grants up to \$5,000** are available for projects that aim to increase the participation of isolated seniors in activities at ethnic and multicultural clubs/groups, and
2. **Grants up to \$10,000** are available for more complex projects that work to reduce isolation by creating partnerships between organisations or developing the capacity and skills of the isolated seniors participating in the project.

Priority

The department has identified a number of priorities that it is seeking to address through this grant round.

Projects that will be delivered in an area with:

- low socio-economic population (based on SEIFA data) (low socio-economic status is an indicator for social isolation)
- high ageing culturally diverse population and high numbers of single persons households in the culturally diverse population (based on ABS data)
- culturally diverse communities with lower English language proficiency levels within their older population
- projects that assist culturally diverse senior migrant communities from small new and emerging communities
- projects that work in partnership with other organisations to strengthen the sustainability of the project and enhance the outcomes for those involved
- a strong existing relationship of trust with the members of the community they aim to involve.

Limitations

Who is eligible to apply?

Any incorporated organisation is eligible to apply. Incorporation status must be up to date. Any partnership of incorporated and non-incorporated organisations, where an incorporated organisation takes the lead or manages the funds may also apply. Organisations must have current Public Liability Insurance of at least \$5 million.

Contact the Ethnic Communities' Council of Victoria (ECCV) for help to find a potential partner organisation.

Organisations that have applied for this program in the past are welcome to apply again for new projects.

Only one application can be accepted for each organisation. Multiple applications will not be accepted.

What will not be funded?

The grants will not fund:

- ongoing operational costs (for example, salaries for ongoing positions, insurance, rent and utilities)
- projects that begin before 1 October 2018
- projects requiring ongoing funding from the Victorian Government
- projects already receiving Victorian Government funding for that activity interstate or overseas trips
- one-off activities or festivals, other than as one of several methods to engage new members in existing groups.

Ignitor Fund - Supporting Social Enterprise Changemakers

Funding Provider The English Family Foundation	Eligible to  Not-for-Profit  DGR Required	Funding Amount: \$0 to \$100,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G07724		
Primary Category Social Enterprise		

Purpose

Under this grant program we are seeking to support Australian social enterprise change makers who are finding new and innovative solutions to tackle the most pressing issues within their local communities and who are now looking to build capacity to overcome the challenges of taking their concept to scale.

Overview

We are looking to partner with organisations who have developed their proof of concept and are now seeking ignitor funds to scale to the next stage of their development and demonstrate impact and potentially "investor readiness". This program could also apply to intrapreneurs in established grassroots charities who are looking to scale the sustainability of their model and diversify their funding sources.

The EFF will consider applications where it is clear that the objective of the social enterprise is to make a transformational, tangible and measureable difference to the quality of life and welfare of the individuals and communities involved. We want to work with leaders who are aligned with our philosophy on depth and span.

This grant program is considered throughout the year at the discretion of the EFF Board. We consider one-off or multi-year requests. Generally requests will be considered for grants up to \$50,000, with applications up to \$100,000 considered in special cases. If you have any questions please feel free to discuss with us through our [Contact Us](#).

Applications for support may be made at any time throughout the year via our online Expression of Interest form. We request that applicants complete each section of the form as incomplete forms will not be considered. Please attach all relevant supporting documents including evidence of your TCC and DGR1 status and your current business plan. Forward cashflow projections are also helpful in improving our understanding of your journey to sustainability. Once you have submitted your EOI, the EFF will contact you by telephone within 21 working days to discuss it and, where relevant, arrange a meeting or site visit. You may then be invited to provide more detailed information at the request of the EFF. Or, you may be advised that your application will not proceed any further. All applicants that progress beyond the initial EOI application stage will be notified of the outcome of their application within seven working days of the relevant board meeting.

Limitations

Organisations may be working in any community sector/space at all, and the funding can be used towards operational costs or specific project components to develop scale. However when considering if you are eligible for this program please note you must meet the following eligibility criteria:

- The Ignitor Fund is open to organisations with annual revenue of less than \$5,000,000 and who are Australian-based organisation with Item 1 DGR and TCC endorsement;
- There is some element of social experimentation, innovation or risk, as well as evidence of comprehensive business planning and a high level of community engagement;
- The organisation must be on the path towards sustainability and have (or are seeking assistance to develop) measurable indicators in place;
- The organisation is led by an individual or group of individuals who have a clear vision for change and are seeking support for the practical implementation of this vision.

Emergency Grant: Sporting and Recreational Equipment

Funding Provider Sport and Recreation Victoria	Eligible to  Not-for-Profit	Funding Amount: \$0 to \$2,000 Total Pool: Undisclosed
Location VIC		Rounds Ongoing
Funding Type Grant G00120		
Primary Category Sport & Recreation		

Purpose

The Emergency Grant: Sport and Recreational Equipment Program helps local sport and recreation clubs and organisations replace essential sports equipment that has been lost or destroyed as a consequence of unpreventable and exceptional events such as fire, flood, significant storms, theft or criminal damage.

Overview

A maximum grant of up to \$2000 (excluding GST) will be provided to successful applicants to go towards the replacement cost of the lost or damaged equipment.

Sport and recreation clubs and organisations are expected to take appropriate measures to protect their equipment against loss and damage. However, it is recognised that due to circumstances outside their control, such as natural disasters or criminal activity, clubs can suffer the loss of equipment essential to continue their sport or recreation.

What types of activities might be funded?

Grants are available towards the replacement cost of essential equipment owned by the club or organisation. Essential equipment is:

- equipment that is required for ongoing participation in an activity that is transferable to other participants and remains the property of the club/organisation (for example, bats, match balls, helmets, equestrian jumps, racquets, gymnastic mats, team equipment kits, gloves and badminton nets)
- injury prevention equipment that is transferable (for example, goal post padding, batting pads, gloves, goalie gear, helmets, catcher's gear)
- first aid equipment which is necessary for immediate attention to injury that may occur during participation in sport or recreation.

Limitations

Who can apply?

Applications are accepted from local Victorian community-based clubs or organisations involved in the delivery of sporting and active recreation opportunities. The club or organisation must:

- be non-government and not-for-profit
- be registered as an incorporated body. If the club or organisation is not incorporated it must arrange for a legally constituted organisation to manage the funds
- participate in an organised competition of a sport recognised by the [Australian Sports Commission](#).
- have satisfactorily completed the reporting requirements of any previous Department of Health & Human Services or the former Department of Transport, Planning and Local Infrastructure grants
- have an Australian Business Number (ABN) or provide written advice from the Australian Tax Office that no withholding tax is required from the grant payment.

What will not be funded?

The Emergency Grant: Sporting and Recreational Equipment Program will not fund:

- fixed playing surfaces and structures (for example, synthetic pitch, goal posts, portable posts)
- capital works (for example, permanent shade structures, permanent fencing, fixed lighting, permanent practice wickets, ramps and other permanent structures)
- repair of equipment, structures and playing surfaces for example, golf course, turf wicket pitch)

- non-playing/participation equipment (for example, public address systems, banners, trophies, videos, sunshades, carpet/lino, clubroom items, wicket covers, GPS)
- canteen items (for example, microwave ovens, soft drink, food, alcohol, cooking utensils)
- maintenance equipment (for example, lawn mowers, rollers, line marker, hose, compressors)
- equipment damaged through wear and tear
- equipment not owned by the applicant but by another organisation or individual
- personal items of equipment (for example, mouthguards, drink bottles, shoes, boots)
- sports clothing and uniforms (for example, bibs)
- equipment that is not essential to participation (for example, tackle bags, agility ladder, witches hats, tennis ball machines)
- vehicles (for example, boats, bikes, golf carts, jet-ski, go-kart), trailers and accessories
- firearms (for example, rifles, pistols), scopes and ammunition
- equipment that is being transported to, or from an event outside of club premises
- equipment temporarily located somewhere other than its regular storage site.

Location Aus		Rounds Ongoing
Funding Type Grant G07360		
Primary Category Start Up		

Purpose

Provides business incubators with grants to access top quality research, managerial and technical talent through incoming and outgoing secondments of national or international experts. This expertise aims to increase the capabilities of incubators and improve the chance of commercial success for start-ups in international markets.

Overview

The \$23 million Incubator Support initiative supports the Australian Government's commitment to:

- assist Australian start-ups to develop the capabilities required to achieve commercial success in international markets and realise their economic potential faster than they otherwise would
- develop Australia's innovation ecosystem including in regional areas.

The objective of the Expert in Residence component is to:

- increase the capabilities of incubators and improve the chance of commercial success for startups in international markets by organising and providing access to top quality research, managerial and technical talent through incoming and outgoing secondments of national or international experts.

The initiative's intended outcomes are to:

- support new Australian incubators targeting innovative start-ups to assist them to trade internationally
- expand the scale and operations of existing Australian incubators to increase innovative startups' chances of success in international markets
- develop new innovative Australian start-ups with a focus on international markets
- create opportunities for Australian start-ups to develop sustainable international businesses through access to open public data.

Grant amount:

The grant amount will be up to 50 per cent of total eligible project value.

- The minimum grant amount is \$5,000
- The maximum grant amount is \$100,000

In addition to these granting components, regional incubator facilitators are available to assist potential applicants, particularly in regional areas, to engage with the initiative.

The initiative will also assist successful applicants to access public data, and will promote start-ups through case studies on the data.gov.au portal.

The maximum project duration is 12 months.

Regional incubator facilitators:

In line with other elements of the Entrepreneurs' Programme, this initiative offers the services of skilled facilitators to assist regional incubators engage with the initiative and increase their chances of success. These facilitators will be allocated to particular regional areas. However, they may operate outside their regions where there is capacity and demand. This service is available to all applicants with a particular emphasis on regional incubators. Contact details for the regional incubator facilitators are on business.gov.au.

Regional incubator facilitators will work primarily with regional incubators to:

- assist applicants and potential applicants by:
 - encouraging joint applications
 - providing advice, mentoring and specialist expertise assisting them to develop their professional networks and improve their national and international connections
 - disseminating and sharing knowledge between regional and metropolitan incubators, to prepare applications and develop new activities.
 - providing feedback on draft applications for New and Existing Incubators grants
 - providing feedback to unsuccessful applicants on weakness with their applications
- encourage innovation and links between business, industry, universities and research institutions and all levels of government by:
 - seeking to identify best practice techniques for regional economic development, and adapting and implementing these techniques in regional areas
 - supporting the five key areas of focus outlined in the Australian Government's Regions 2030: Unlocking Opportunity report (jobs and economic development, infrastructure, health, education and communications)
 - understanding and drawing on knowledge from the Industry Growth Centres
 - providing feedback to the department on issues facing incubators, particularly in regional areas.
- supporting the delivery of the Entrepreneurs' Programme by:
 - promoting and marketing the Incubator Support initiative
 - facilitating referrals through engaging with advisers and facilitators from other elements of the Entrepreneurs' Programme
 - undertaking other activities as determined by the Program Delegate.

Camps, Sports and Excursions Fund (CSEF)

Funding Provider Department of Education and Training (VIC)	Eligible to ✔ School ✔ Individual	Funding Amount: \$125 to \$225 Total Pool: Undisclosed
Location VIC		Rounds Closes 29 Jun 2018
Funding Type Grant G07242		Last Round Closed 3 Jun 2016
Primary Category Students		

Purpose

The Camps, Sports and Excursions Fund (CSEF) provides payments for eligible Victorian students to take part in school trips and sporting activities.

Overview

The Camps, Sports and Excursions Fund (CSEF) provides payments for eligible students to attend activities like:

- school camps or trips
- swimming and school-organised sport programs
- outdoor education programs
- excursions and incursions.

Applications for 2018 are now open, through until the end of term 2, 2018.

Payment amounts

Payments are:

- \$125 per year for eligible primary school students
- \$225 per year for eligible secondary school students.

Payments are made directly to the school and are tied to the student. Most payments start from March onwards.

Applications can be received over term one and two. Payments are for the application year and cannot be claimed for previous years.

If you applied for the CSEF at your child's school in 2017, you do not need to complete an application form in 2018 unless there has been a change in your family circumstances. Your child's school will apply for the CSEF on your behalf.

You will only need to submit an application form in 2018 if any of the following changes have occurred:

- **new student enrolments:** your child has started or changed schools in 2018 or you did not apply at the same school in 2017 or
- **changed family circumstances:** such as a change of custody, change of name, concession card number, or new siblings commencing at the school in 2018.

Priority

Special consideration is given to:

- Families on a bridging visa, temporary protection visa, are in community detention or are asylum seeker families
- Students in out of home care
- Students in statutory kinship care

Limitations

Who can apply?

Families holding a valid means-tested concession card or temporary foster parents are eligible to apply. There are two criteria that must be met:

Criteria 1 - Eligibility

On the first day of term one (29 January 2018) or the first day of term two (18 April 2018), a parent or legal guardian of a student must:

- be an eligible beneficiary of one of these cards:
 - Veterans Affairs Gold Card
 - Centrelink Health Care Card
 - Pensioner Concession Card
- **OR** they must be a temporary foster parent
- **OR** the student is 16 years or older and holds a valid concession card (such as a Youth Allowance Health Care Card)
- **AND** the parent or legal guardian must submit an application by the due date.

Parents who receive a carer allowance on behalf of a child, or any other benefit or allowance not income tested by Centrelink, are not eligible for the CSEF unless they also comply with the above.

Eligibility will be determined when the parent's concession card successfully validates with Centrelink on either the first day of term one or term two.

If the eligible card is in the name of the student, the fund is only granted to that student, not their siblings.

Criteria 2 - Be of school age and attend a Victorian school

For the purposes of CSEF, students may be eligible for assistance if they attend a Victorian registered primary or secondary school. Typically, these students are aged between five and 18 years.

School is compulsory for all Victorian children aged between six and 17 years of age.

CSEF is not payable to students attending pre-school, kindergarten, TAFE or who are home schooled.

Exclusions

The CSEF payment cannot be used towards voluntary school charges, books, stationery, school uniforms, before/after school care, music lessons, or formals/graduations.

Events Tasmania is committed to increasing the number of people coming to Tasmania, and ensuring that they travel around the state while they are here.

As part of meeting these objectives, Events Tasmania is offering incentives to organisers of motor vehicle, motorcycle, and cycle tours that come to tour around Tasmania.

Overview

Grants worked out on a scale of attendance and duration (see page five of the grant guidelines) up to a maximum of \$15,000 are available to eligible organisations who conduct a tour:

- held in the March – November period (tours held in December, January and February are not eligible)
- attracting more than 40 people from outside Tasmania
- staying five nights or more in paid commercial accommodation (hotel, motel, B&B, cabin)
- spending 40% or more of the tour in regional areas (outside Greater Hobart).

Motorhome, caravan, camping and walking tours may also be eligible, but only for the days that participants spend in paid accommodation, and with the same ratio of 40% paid accommodation in regional areas.

Limitations

Applicants can be based anywhere in Australia, and must be able to enter into a funding agreement with the Tasmanian Government.

Reasons you may not be eligible for a grant

Grants are not available to individuals or businesses that create and conduct tours as their commercial operations. Our funding programs don't support conferences, conventions, symposiums, exhibitions, theatrical productions, concert series, touring arts products, trade fairs, fundraising events, markets, expos and events that are primarily a showcase for stall-holders to demonstrate, promote or sell services or products.

If your event already receives Events Tasmania funding through a Major Event Partnership you are not eligible for funding from the Grants Program for the same event.

Location Aus		Rounds Ongoing
Funding Type Award S02639		
Primary Category Women		

Purpose

The Telstra Business Women's Awards play a vital role in raising the profile of women in business across Australia and Asia.

Overview

Every win started with a nomination. So if you, or an outstanding business woman you know, deserve recognition, nominate for the 2018 Awards program today. Nom

The Awards exist because exceptional business women deserve to be celebrated. We invite you to join this celebration – either by nominating yourself or someone you know – to recognise outstanding women in business today and inspire the generation of tomorrow.

The benefits of participating in the Awards program include:

- A share in cash grants and exclusive experiences
- Becoming part of an Alumni community of extraordinary women in Australia and Asia
- Attending events and gaining business networking opportunities
- Increasing prospects for public speaking and media commentator engagements that help build professional credibility and your personal brand
- Having a platform to make a difference, supporting other women in business and contributing to the national and regional conversation on this topic.

The Australian Award categories are:

- **Entrepreneur Award:** Open to owners with a 25 percent share or more, who are fully engaged and active in day-to-day running and decision-making in a business they've been operating for a minimum of one year.
- **For Purpose and Social Enterprise Award:** Open to owners or employees of organisations that deliver positive social/environmental change as their core mission. Includes not-for-profit and social ventures.
- **Public Sector and Academia Award:** Open to employees of government departments, educational institutions and statutory bodies.
- **Corporate and Private Award:** Open to employees in the private and corporate sectors, including corporate leaders and owners with less than a 25 percent share in a business.
- **Young Business Women's Award:** Entrants in any of the qualifying categories who are aged 29 years or under as at close of entries, are automatically eligible for this category.
- **State/Territory Awards:** Winners from all categories, excluding the Young Business Women's category, are eligible to win the overall Telstra Business Woman of the Year for their State/Territory.
- **National Awards:** State/Territory category winners then go on to the National event where they are eligible to win the National Award for their respective category. One of the National category winners (except for the Young

Business Women's Award category winner) will then be announced as the Telstra Australian Business Woman of the Year.

Nominations for the Telstra Business Women's Awards can be made all year round.

Limitations

To be eligible to enter the 2018 Telstra Business Women's Awards, you must meet set criteria.

- For all categories, you must be living in Australia as an Australian citizen or have Australian residency status

Matana Foundation for Young People Funding

Funding Provider Matana Foundation	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Amount: \$1,000 to \$10,000 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G04497		
Primary Category Youth		

Purpose

To create a more just society by giving every young person in Australia an equal opportunity to access the skills to negotiate life's journey.

Overview

Matana's focus is on improving the welfare and wellbeing of young people from severely disadvantaged or marginalised backgrounds, or whose concerns and issues are not readily funded from other sources. Recognising that disadvantage takes many forms, we prioritise projects and organisations that address the causes of youth disadvantage by:

- Providing programs primarily targeting school retention and increased education achievement for students who are at risk of dropping out of school or who have already dropped out. The focus is on early identification, customised learning and mentoring.
- Providing programs that target employment skills development, employment and career pathways and transitions into employment.
- Providing programs that target social and community connectedness, personal significance and social and emotional outcomes.
- Providing services in geographical areas across Australia where funding is difficult to source.

We welcome applications from financially viable organisations which work to improve the lives and opportunities of disadvantaged young people, particularly where their core activities correlate with our funding priorities. Wherever

possible, you will need to demonstrate the tangible impact of your organisation's work in improving the welfare or wellbeing of disadvantaged young people.

There is no minimum or maximum amount, but as a guide, grants are usually in the range of \$1,000 to \$10,000. However, assessment will be made on an individual basis. We also encourage grantseekers to apply to other sources to facilitate joint funding of projects.

Grants may be sought at any time.

Limitations

Matana can only make grants to organisations that hold the following ATO endorsements:

- Deductible Gift Recipient (DGR) - Item 1
- Tax Concession Charity (TCC)

Evidence of endorsements is required at the point of application. If your organisation does not have Item 1 DGR and TCC status, unfortunately we will not be able to consider your application.

The Matana Foundation will not consider applications that request funding for:

- Operating costs including salaries and administration costs, unless such costs are part of an otherwise eligible project
- Capital and building expenditure, including equipment, vehicles, travel, furniture, books and conferences, unless such costs are part of an otherwise eligible project
- Retrospective funding or budget deficits
- Fundraising events and campaigns
- Medical programs or research
- Religious activities, where the applicant project involves religious instruction.

The Matana Foundation will not consider applications for funding from:

- Individuals, state and federal government bodies
- Organisations outside Australia.

Primary Grant: Children and young people at risk

Funding Provider Impact100 Sydney North	Eligible to ✔ Not-for-Profit ❗ DGR Required	Funding Amount: \$100,000 to \$100,000 Total Pool: \$100,000
Location Aus		Rounds Closes 20 Jun 2018
Funding Type Grant G07562		Last Round Closed 2 Jun 2017
Primary Category Youth		

Purpose

Impact100 Sydney North aims to make a Primary Grant of \$100,000. The successful applicant will demonstrate high impact and a measurable difference with this \$100,000 grant, with relation to the focus area of 'Children and young people at risk'.

Overview

IMPACT100 Sydney North members have chosen 'Children and young people at risk' as the focus area for granting. The applications we received in 2017 highlighted the range and extent of the issues and needs. If you applied last year but were unsuccessful, please do apply again. Members will vote for the recipient of the Primary Grant at our Grants Celebration on Thursday 15 November 2018. We aim to have sufficient funds to also give smaller Merit Award Grants. Consideration will be given to projects that:

- benefit children and/or young people at risk (up to the age of 25)
- make a significant and measurable difference to the lives of children and/or young people in the Greater Sydney region
- target a specific issue, for a specific duration, and with specific measurable goals to be achieved.

Note:

- The Primary Grant is for \$100,000 and proposed projects are expected to utilise the full amount.
- Applications are welcome from all states and territories of Australia for projects conducted within the Greater Sydney region and benefiting children and/or young people in this region.

Priority

Priority will be given to projects that deliver more widespread benefit.

IMPACT100 Sydney North has a strong preference for organisations with an operating budget of under \$5 million.

Limitations

Eligibility

Applications are welcome from all states and territories of Australia for projects conducted within the Greater Sydney region and benefiting children and/or young people in this region.

Applications are open to charitable organisations that:

- have both Deductible Gift Recipient 1 (DGR1) and Tax Concessional Charity status (TCC) from the Australian Taxation Office.
- have been operating for at least 36 months.

Ineligible expenditure:

Funding will not be considered for the following expenditure:

- general operating expenses
- debt reduction or operational deficits
- operational salaries (salaries tied to the grant application program are permitted)
- fundraising activities or events
- religious organisations where the grant is intended for the principal benefit of the organisation's own members or adherents, or where the grant is intended for inherently religious activities
- legal expenses
- general construction, capital campaign or renovation that is unrelated to a specific proposed project or program
- travel outside Australia.

School and Beyond Program

Funding Provider Foundation for Rural and Regional Renewal (FRRR)	Eligible to ✔ Not-for-Profit ✔ School	Funding Amount: Undisclosed Total Pool: \$550,000
Location VIC		Rounds Ongoing
Funding Type Grant G06946		
Primary Category Youth		

Purpose

Communities affected by the 2009 Victorian bushfires are still recovering, and more than eight years on, young people affected by the fires have emerged as some of the most vulnerable and at-risk in our communities.

The program is particularly aimed at keeping students in school or engaged in vocational education training and ultimately employment. It has been designed to ensure those in greatest need receive support, but with the minimum amount of bureaucracy.

Overview

FRRR encourages groups in fire-affected areas that work with young people to contact the School and Beyond partner in their local area, as there is still funding available to support affected youth.

Funding will be provided to services rather than directly to individuals, ensuring support can be directed to those most in need as identified by those working closely with them and in a timely way.

Accordingly, FRRR invites suitable community organisations that work with young people from fire-affected communities to register as a School and Beyond Program partners. By registering, these organisations will be able to provide ongoing support to these people, without the financial and psychological barriers to participation.

The aim of the program is to benefit young people by:

- Improving employment pathways for youths from bushfire affected regions
- Relieving financial barriers to participation
- Providing alternative avenues for youths to engage in education and training
- Encouraging youth to take up more meaningful roles in their communities
- Increasing in school attendance
- Increasing self-reported self-esteem and confidence
- Improving sense of purpose and self-worth
- Enrolment in and completion of vocational training programs
- Engagement with local community activities such as leadership and mentoring programs.

In addition, the program aims to achieve the following health and community outcomes:

- Improving the capacity of the services working with youth to assist in the development of appropriate responses to identified needs among fire-affected young people
- Reducing the prevalence and impact of problems associated with youths disengaging in educational and vocational activities in bushfire affected regions.

Priority

Priority will be given to the following types of organisations:

- Secondary Schools and P-12 Schools
- Non Profit Community Colleges
- ACFE providers including Neighbourhood Houses and Learning Centres
- Community health organisations
- Community welfare service organisations.

Limitations

Eligibility requirements:

- Young people aged between 12 and 24 years
- Young persons must have been a resident in a 2009 bush fire impacted community at the time of the disaster (they do not need to currently reside in a 2009 fire impacted town however)
- Young persons must be either at risk of disengaging or have recently disengaged from an education or vocational setting
- Young persons must be experiencing financial hardship or a trauma-related issue that may be impacting on their ability to effectively engage in education/training
- The support must improve the vocational opportunities and improve long term outcomes for the bush fire affected youth/youths
- The support should positively impact the youth's family life/relationships.

Partner organisations require an ABN or Incorporation Certificate. Please note no specific tax status is required. Community Organisation Partners must be a non-profit organisation. Private businesses are not eligible.

Transition to Independent Living Allowance (TILA)

Funding Provider Department of Social Services (DSS)	Eligible to  Individual	Funding Amount: \$0 to \$1,500 Total Pool: Undisclosed
Location Aus		Rounds Ongoing
Funding Type Grant G03252		
Primary Category Youth		

Purpose

To assist some young people who are making the transition from formal out-of-home care to independent living.

Overview

Transition to Independent Living Allowance (TILA) is a payment of up to \$1,500 to help eligible young people cover some basic costs as they leave out-of-home care.

Young people aged between 15 to 25 years who are leaving or have already left formal out-of-home care may be eligible for the TILA. TILA is also for young people who continue to live with their foster carers after their care order expires.

The payment can be used to buy items such as a fridge or couch, pay for counselling, education and training courses, medical expenses, a drivers licence or any other items or services agreed between the young person and their case worker.

The allowance can be used for a range of support services as well as training and education materials such as:

- housing – including connecting utilities, moving expenses and bond payment

- essential household items – including appliances, whitegoods, furniture and consumables
- life skills training – including financial/budgeting, nutrition/cooking and home maintenance
- employment, education and training expenses – including books, a computer, enrolment fees, internet connection, clothing for work or interview and transport to undertake studies or employment
- one-off transport expenses – including driving lessons and vehicle registration public transport passes or other essential items that support a young person to access the above
- counselling support – to address any issues identified in the transition to independence plan.

Talk to your case worker if you think you might be eligible as only a case worker can apply for TILA on your behalf.

If you don't have a case worker, contact your local state government department for child protection to be assigned a case worker:

- Australian Capital Territory (Community Services Directorate) – (02) 6207 4579
- Northern Territory (Department of Children and Families) – (08) 8922 7097
- New South Wales (Department of Family and Community Services) – (02) 9716 2222
- Queensland (Department of Communities, Child Safety and Disability Services) – (07) 3224 8045
- South Australia (Department for Education and Child Development) – hilda.cheng@sa.gov.au – (08) 8226 6037
- Tasmania (Department of Health and Human Services) – (03) 6233 2273
- Victoria (Department of Human Services) – 1300 532 846
- Western Australia (Department for Child Protection and Family Support) – (08) 9222 2658

Priority

The TILA Service Provider will also ensure that young people in identified groups have full and appropriate access to TILA, including:

- Young people with a disability;
- Young people from diverse cultural and linguistic backgrounds; and
- Aboriginal and/or Torres Strait Islander young people.

This should be done through the promotion and marketing of TILA by the Service Provider.

Example

Examples of necessary relief include, but are not limited to:

- Support to enter accommodation (such as connecting utilities and moving expenses);
- Purchase of essential household items (including appliances, whitegoods or furnishings and consumables etc);
- The cost of supported life skills programs to equip a young person with the skills for independent living (for example, financial or other counselling);
- Support to access employment, education or training opportunities (such as purchase of books/computer, transport to undertake studies or employment); and
- Purchase of bus tickets, phone cards or other essential items that will support the young person in accessing the above.

Limitations

To receive the allowance the young person must:

- be an Australian citizen or permanent Australian resident who resides in Australia at the time of application for TILA
- be aged from 15 to 25 years at the time of application
- either has been in, or is currently in, formal care on a court order
- left the care of the state or territory statutory department after the age of 15 years and was last in the department's care for a continuous period of at least 6 months
- either be approaching an exit from formal care (within twelve weeks of applying), experiencing an exit from formal care, or have exited from formal care
- have the transition to independence plan
- has not received the full amount of TILA assistance previously (i.e. can only receive up to a total of \$1,500)

The young person and the case worker must have agreed that the proposed use and timing of TILA is appropriate.

Unaccompanied Humanitarian Minors (UHM) are eligible for TILA.

A young person who is discharged from a court order or the order expires, and remains in the living arrangement (such as in the home of the foster or kinship carer or other residence) is eligible for TILA if all the other criteria also apply. TILA is to be used for the benefit of the young person and not for fixed items installed into premises not owned by the young person.

Young Social Pioneers program

Funding Provider The Foundation for Young Australians	Eligible to ✔ Individual	Funding \$10,000 Total Pool: Undisclosed
Location Aus		Rounds Closes 1 Jun 2018
Funding Type Grant G08366		
Primary Category Youth		

Purpose

Young Social Pioneers backs young people leading responses to the most pressing social and environmental challenges of our time.

Overview

Any young person living in Australia aged 18 to 29 years (as at May 2, 2018) with a social or environmental issue they care about and approach to address it may apply. We are looking for a diverse pool of applicants from a variety of backgrounds and industries. You might be a social entrepreneur, an advocate, a thought leader, an intrapreneur, a creative, a technologist, a producer or an academic — whatever your skill set or focus, we would love to hear from you!

Young people from all backgrounds, cultures, religions, locations and walks of life are encouraged to apply.

What does the program cost?

The program is fully funded by our partners. Your flights to and from any Australian locations, hotel accommodation, lunch and breakfast are all included.

Who delivers the program and how long does it go for?

The program is delivered by a team of expert facilitators who work with participants throughout the program, including three face-to-face Intensives across 3 months in either Melbourne or Sydney. We also provide ongoing support and mentoring once the program is complete to ensure the participants and their ventures continue to grow as part of a national FYA Network of Practice.

What are the program streams?

The streams are themed areas that help us bring together young people working in the same space. In 2018, the streams include Environmental Sustainability, Health, Youth Mental Health, Indigenous Focus, Education, Asia Focus, Cities & Placemaking, Arts and Open. When you create your application, you will be asked to select the stream that you think is most appropriate to the issue you are looking to address.

How does the pitch for funding work?

All participants will have the opportunity to pitch to a panel of judges for \$10K for your project or initiative. You will deliver both a board room and live pitch at the final Intensive. A total of \$90K will be distributed to 9 participants.

Limitations

To be eligible for the Program, the Applicant must be:

- 18-29 years of age (inclusive)
- Involved in or have an idea for a social change project or enterprise

In addition, the Applicant must be available to participate in the following program activities:

- Intensive One: Melbourne: 23 - 26 September 2018; Sydney: 30 September - 3 October 2018
- Intensive Two: Melbourne: 28 October - 2 November 2018
- Intensive Three: Melbourne: 28 November - 1 December 2018; Sydney: 3 - 6 December 2018

7. Cancellation

You may cancel your account for any paid Member Services by giving us 30 days written notice.

We may cancel your paid Member Services if you commit a breach of these terms and conditions that is incapable of remedy, or any breach that is capable of remedy and you fail to remedy that breach within 14 calendar days from the date we notify you of the breach.

Refunds will only be provided if there is a defect in the paid Member Services that cannot be satisfactorily remedied.

8. General

If any part of these terms and conditions are determined to be illegal, invalid or otherwise unenforceable or void, that part shall be severed to the extent necessary and the remainder of these terms and conditions shall continue in full force and effect. No waiver of any breach of these terms and conditions will be construed as a waiver of any other breach of these terms and conditions.
