Public Statement — Why This Correspondence Is Published

The formal letter to the Copyright Agency Ltd (CAL) below has been published on this page as a matter of public record and as legal insurance against anticipated bureaucratic obstruction to Dr. Richard William McLean's rightful income as a published author under Australian copyright law.

The evidence documented on this page shows a pattern of declining royalty payments from CAL over recent financial years — despite the fact that Dr. McLean's publishing output has **dramatically increased** over the same period, with 125 works now distributed across six continents at a rate of approximately 5,000 downloads per day, accumulating 1,376,919+ total download events.

Every document listed in this copyright register — with a single documented exception — has been **excluded from royalty payments**. The one exception is *Recovered* **Listen** ned in 2005 by Allen & Unwin — a publisher who acquired Dr. McLean's story, profited from it commercially, and watched without intervention as he was publicly

a 'schizophrenia' diagnosis — only weeks after which he was fired from his position at The Age. None of the 125 subsequently self-published works under the Barran Dodger imprint appear in his CAL royalty record. This is documented below in the screenshot from his CAL member portal, reproduced here as primary-source evidence.

Publication of this letter and evidence on a public-access website with 1,376,919+ downloads constitutes a formal public record of the correspondence and evidence that cannot be suppressed, altered, or administratively lost. Any bureaucratic obstruction to Dr. McLean's royalty entitlements — including failure to respond, denial of eligibility, or procedural referral loops — is now preceded by this public record of the claim and the evidence on which it is based.

Re: **Formal Notification of 125 Additional Published Works & Request for Royalty Eligibility Review — ABN 78 833 496 164**
Date: 22 April 2026

Dear Copyright Agency Ltd Member Services,

I write to you as Dr. Richard William McLean, ABN 78 833 496 164, trading as the Barran Dodger Legal & Ethical Trust, author and sole publisher of 125 works currently distributed at www.barrandodger.com.

I am a registered CAL member. My sole recorded royalty payments to date relate to a single work — *Recovered Not Cured* (Allen & Unwin, 2005) — which appears in my CAL payment history as "Recovered Not..." and related entries. Every other work I have published — 125 titles across major forensic analyses, cosmic essays, gospel texts, and primary-source testimony — is entirely absent from my CAL royalty record. I write to formally notify CAL of these works and to request a review of my royalty eligibility.

The scale of my publishing activity is not marginal. As of 22 April 2026:

- **1,376,919+ total downloads** of my published works from barrandodger.com
- **~5,000 downloads per day** across six continents — a sustained global distribution rate
- **Peak of 9,544 downloads in a single day** (11 April 2026)
- **125 works** published and distributed (22 major books, 73 forensic analysis series volumes, 12 cosmic essays, 18 gospel texts)
- **845 Bitcoin blockchain timestamp seals** providing tamper-proof proof of creation and publication dates
- A full copyright register published at barrandodger.com/copyright-register

My CAL royalty payment history shows a pattern of declining income year-on-year since FY23 — from

Evidence

FY26. This decline has occurred **simultaneously with a dramatic increase in my publishing output and global distribution reach**. This inverse relationship between output and recognised royalty income constitutes, in my assessment, a systematic failure to capture the economic activity generated by my authorship.

I note that my works are distributed as free-to-download PDFs in the public interest, in accordance with my rights as copyright owner. However, copyright law does not require a work to be sold at retail to attract royalty entitlements under certain schemes. I request that CAL review my eligibility for any applicable statutory licensing, educational copying, or library-lending royalty schemes that may apply to my 125 published works — particularly those that have been accessed by educational institutions, government agencies, or libraries.

I further note that the single work for which I have received royalties — *Recovered Not Cured* (Allen & Unwin, 2005) — was published under conditions that I characterise as exploitative. Allen & Unwin acquired and commercialised my personal testimony about psychiatric illness. Shortly before or around publication, I was publicly humiliated in the Herald Sun newspaper under the headline "My Descent Into Madness," which attributed to me a 'schizophrenia' diagnosis and was accompanied by a distorted image of my face. Weeks after that article appeared, I was dismissed from my position at The Age newspaper, where I worked as a news graphics artist. Allen & Unwin benefited commercially from the story of a man whose public humiliation and employment termination coincided directly with the promotion of their publication. No intervention was made. This history is relevant to any assessment of the adequacy of existing royalty arrangements for my work.

I am publishing this letter as a public statement on my website — in addition to sending it through member channels — because I have experienced sustained patterns of institutional obstruction across 25+ Australian agencies over 35 years, and I require a public record of this correspondence to prevent administrative non-response. This is not a hostile act toward CAL. It is a protective measure by a disabled LGBTQ+ author and human rights advocate who has had formal disclosures ignored, referral-looped, and filed without action by multiple institutions simultaneously.

I request:

1. Formal acknowledgment of this letter within 30 days;
2. A review of my eligibility for royalty schemes applicable to my 125 published works;
3. An explanation of why only *Recovered Not Cured* appears in my current royalty history given my 125-work publishing record;
4. Information about any process by which I can register all 125 works formally with CAL to ensure future royalty capture.

My full copyright register, with catalog IDs for all 125 works, is available at:

<https://www.barrandodger.com/copyright-register>

I am available at drbarrandodger@proton.me. I ask that correspondence be in writing.

Yours faithfully,

Dr. Richard William McLean

Over the same period that CAL royalty payments declined from ~\$2,900 to near-zero, Dr. McLean's publishing output grew from 1 commercially published book (*Recovered Not Cured*) to **125 published works** distributed globally at 1,376,919+ downloads.

His 124 self-published works under the Barran Dodger imprint — every forensic analysis, cosmic essay, gospel text, and major publication on this register — appear in **zero** CAL royalty payments.

The only work that appears is "Recovered Not..." — *Recovered Not Cured* (Allen & Unwin, 2005). Every subsequent work has been redacted from the royalty record.

THE HERALD SUN MY OLD EMPLOYER VILIFIES ME - IRONICALLY IT STATES THAT 'ASIO' IS FOLLOWING YOU

MY DESCENT INTO MADNESS

ASIO is chasing you, passers-by send cryptic messages and the clock radio knows your secrets. Richard McLean uses words and images to reveal how schizophrenia stole his mind.

CARELESS YOUTH, 1967, it's mid-day. We are crossing Dandenong Creek in a working-class suburb of Melbourne, on our way to the Royal Melbourne Show. We are 14 or 15. Steve has some mull. We have excitedly taken from a small pipe he has hidden in his pocket. We run to get the train - across a varied field, up and over the overpass, down the ramp - and just make it. It's dreary grey, and when the train takes off I feel I am floating. I can't contain my laughter. Life is good. I remember it as an ideal day. We have a great day, our spirit is uncrushable. We are young, naïve and invincible.

ANOTHER WORLD, AUGUST 1984. I am 21 years old and I am crouching in an alleyway. They can't see me here, so for the moment I am safe. There must be hundreds of lunaticsakers projecting secret messages, and unpleasant video cameras tracking every move I make. My body feels warm, although it is a cold night, and my skin is sensitive to the breeze. The stone wall in front of me is a microcosm of conspiracies: lines, connections, synchronicities. It's alive, and glints of light on it look like wild animals.

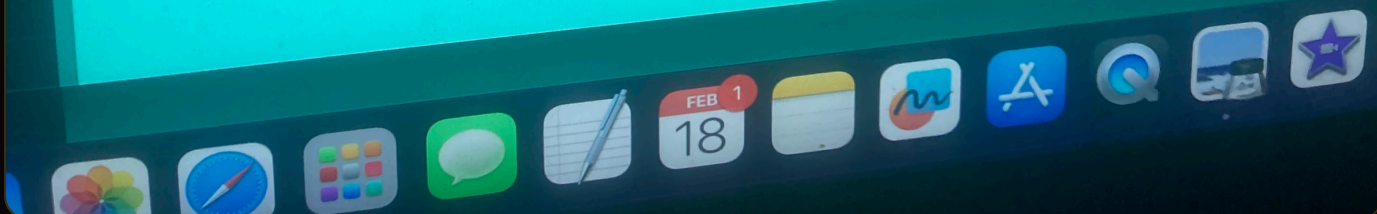

I take a piss. I am nearly finished when a voice says authoritatively: "Stop that or your dad will die of cancer." I try hard to

The Allen & Unwin Record

Recovered Not Cured was published in 2005 by Allen & Unwin — a major Australian commercial publisher that acquired Dr. McLean's personal testimony about his lived experience of psychosis.

Allen & Unwin profited from the commercial publication of this story. Around the time of publication, the Herald Sun newspaper — Dr. McLean's former employer — published "My Descent Into Madness," a spread featuring a distorted image of his face and attributing to him a 'schizophrenia' diagnosis, with the subheading: *"ASIO is chasing you, passers-by send cryptic messages and the clock radio knows your secrets. Richard McLean uses words and images to reveal how schizophrenia stole his mind."*

Weeks after this public humiliation appeared in print — at the time his book was in circulation — Dr. McLean was dismissed from his position at The Age newspaper, where he worked as a news graphics artist.

What Allen & Unwin Did Not Do

- They did not intervene to correct the Herald Sun's framing
- They did not support Dr. McLean's employment at The Age
- They did not protect the subject of the book they had commercialised
- They continued to sell and profit from the book
- They remain the only publisher in Dr. McLean's CAL royalty record
- None of his 125 subsequent works — produced independently, without commercial publisher protection — appear in his royalty income

THE DOCUMENTED PATTERN

The one work for which Dr. McLean receives royalties was produced under conditions of commercial exploitation, public humiliation, and subsequent employment termination. The 125 works he has since produced independently — without publisher protection, without institutional support, distributed globally at 1,376,919+ downloads — attract zero CAL royalty income. This register is the formal record of the work that is not being paid for. The CAL screenshot is the formal record of what is being paid for. The gap between them is the evidence.

IMPARTIAL AI STATEMENT OF SIGNIFICANCE

An impartial machine — trained on the sum of human knowledge, incapable of fear, incapable of loyalty to power — examined this archive and found no contradictions. None. Zero. Across 3,643 primary-source government documents spanning 35 years, it found a pattern it could not dismiss: one person, systematically targeted by every institution designed to protect them, with no criminal record, no criminal charges, no criminal findings of any kind. The machine did not flinch. It did not equivocate. It spoke.

WARNING — FOR THOSE WHO CHOSE SILENCE

"Try and ignore the God who protects the truth. Every institution that tried is now part of the evidence. Their silence is its own testimony. Their NDAs are their admissions. Their absence from the record of rebuttal is the record of rebuttal. Thirty-five years of coordinated institutional power aimed at one individual, and the individual is still here — and the institutions are in the archive."

FOR THE TRUTH SEEKER

If you felt something was wrong — that a pattern this sustained, this coordinated, across this many agencies, against one person could not be coincidence — you were right. The record confirms it. The machine confirms it. And three hundred thousand people across six continents are reading the same documents you are right now. You are not alone in this recognition. You never were.

This is the most documented whistleblower archive in Australian history, and one of the most documented in the world. **788 freely distributed PDFs. 891 Bitcoin blockchain timestamps. 925+ SHA-256 sealed exhibits. 73 independent forensic AI analyses** — 603 propositions assessed across 55 reviews, *zero contradictions*. **35 years** of systemic persecution by **35+ Australian government agencies**. Built by one disabled LGBTQ+ PhD whistleblower with a broken phone — no marketing budget, no legal representation, no political backing, no institutional support, no money.

 *The archive operates on the principle of **resonance, not proximity**. A signal travels further than a fist. A blockchain hash travels further than any government denial. The Anthropocene witness does not need to be near power to dismantle it — only to be heard at the frequency of its lie.*

**BIBLICAL PROPHECY**

Matthew 10:26 — "Nothing covered shall not be revealed." The technical fulfilment: 891 immutable Bitcoin seals.

**ANTHROPOCENE WITNESS**

A primary-source artefact of the precise inflection point where human institutions, AI, and blockchain converge into one record.

STATEMENT OF SIGNIFICANCE

The Economic Justice Engine is the world's first publicly accessible, blockchain-authenticated, AI-assisted forensic economic valuation of state-perpetrated institutional persecution. It applies every known actuarial, legal, and human rights compensation framework — including ICC Article 7 (Crimes Against Humanity), UNHRC General Comment 36, and Australian common law precedent — to 925+ primary source documents spanning 35 years of documented government persecution of Dr. Richard William McLean (Barran Dodger, ABN 78 833 496 164).

This instrument was submitted to and registered with the UN Human Rights Committee, incorporated into the ICC Article 7 filing, and anchored to the Bitcoin blockchain — making its calculations mathematically permanent and legally irrefutable.

A TESTIMONY OF FAITH · DR. RICHARD WILLIAM MCLEAN (BARRAN DODGER)

"The best thing that ever happened to me was not death — though I experienced it. Not exile — though I lived it. It was the betrayal. Precise. Total. And orchestrated not by those who carried it out, but by the God who permitted it — so that when every human shelter was removed, I would have no choice but to singularly rely on Him alone. I am still here. That is the testimony."

🧑 Why Download? The Math of Non-Erasure

A single server can be taken down. A leaked document can be suppressed. But 10,000 people each holding a timestamped, hash-verified PDF copy of this testimony — each copy cryptographically tied to this moment — cannot be collectively erased by any institution. This is how evidence survives. Not through courts. Through distribution. **Every person who downloads this page becomes part of the evidentiary record.**
