Dear Enquirer

Thank you for the courtesy copy of your email.

I am writing to advise that the Office of the Australian Information Commissioner (the OAIC) does not initiate action on enquiry letters that are courtesy copied to it.

We action mail that contains a specific request for the OAIC to intervene in the matter. However, we will keep this particular email on file for future reference should you require further advice, or if the issue you raise is not satisfactorily addressed by the organisation to which your correspondence was addressed.

The OAIC regulates the Privacy Act 1988 (Cth) (the Privacy Act) and the Freedom of Information Act 1982 (Cth) (the FOI Act). The office has the power to investigate complaints about the alleged mishandling of personal information by Australian government agencies and many private sector organisations, as well as the power to review FOI decisions. We are also responsible for handling privacy complaints about ACT Government agencies.

The Information Commissioner has the power to investigate privacy complaints. However, section 40(1A) of the Privacy Act states that, unless inappropriate, the Commissioner must not investigate a complaint if you did not firstly complain directly to the respondent organisation or agency. If you do not receive a reply to your correspondence after 30 days or you are dissatisfied with the reply, you may wish to submit a privacy complaint via our website.

If you wish to apply for access to documents held by an Australian government agency, then you need to make a request in writing, under the FOI Act, directly to the agency that holds the records. Further information about making an FC application, including details of what needs to be included, is available on our website.

We have also published guidance on applicants' review rights and making a complaint about how an agency has handled your FOI application.

In the meantime, **this office requests that we do not receive any further courtesy copied emails** unless you are specifically asking for the OAIC to take action on the matter. Alternatively, you can contact us via the *OAIC Enquiries Line* on 1300 363 002

LINE ON 1800 000 002.

We hope you are able to resolve this matter directly with the respondent.

Yours sincerely

Enquiries Team

Dear Peter

As a registered therapist fir the NDIS

And I am a government employee through services Australia

Please provide me with the legislation that proves I am not a public servant and cc to my lawyer who is included in this email

And can oversee it

And then explain it to me

I have been gratis enough to provide you with a screen snapshot of my governmer employee resort which is current

If you do not accept me as a whistleblower

Framed by this recent information

It is clear that the emote world believes the hype

And that is

I'm an extortionist dog

A rapist

A pedophile dog f^cker

And beyond the extremely probable conspiracy to pervert the course of justice

I will post your email

Publicly

On my whistleblower website

And you will know that in meh greif of losing someone you don't know

Who is kind generous and been through hell already on top of the hell people who are paid by the man to tow the party line and gutless my not cross the floor

That you held the very last stone

A symbolic and profound cowardly act

To maim and further frame an amazing man-me

You shall hold that tony stone of greif in the pit of yours stomach

For the rest of your days

I done fear death now I have proven beyond reasonable doubt

That small minds entertain gossip

And they call ME an extortionist dog

I'd have to be some kind of sociopath or god

To design an awful life filled with loneliness and greif

And then make the recording-you know the one

And then have an addiction to persecution to put myself through hades

Only to be further demonised as a truth teller

And literally kill myself "fatal injury"

...

Like

The end

And then

People like you

Who know damn well my story

With your prejudices

Think death is not good enough

Nor is blacklisting

Or exoneration

I'm

Proud of dying for my truth

It makes me strong

I am powerful

So

Tell me now and you too Brian

What did you give in your life

Who's paying you under what model

Or methodology

To cast the very last stone

Hello

I wish to state and make initial urgent contact that I wish to make a PID statement

It will be quite lengthy as the heinous conscious and systemic movement to maim me in al personal professional and private ways and additionally desecrate my person victimising and vilifying me has its roots only clear now in hindsight.

I have been murdered via conspiracy to kill, and found with no pulse as a 'fatal' injury as per the FOI

Every agency and statutory authority bank ombudsman and MPs down to my coffee guy has been informed and I have been gaslighted blacklisted and maimed framed and desecrated in every conceivable way.

Its lucky I can dig nihilism and it gives me great strength that man made law cannot take my soul, and that I would bravely commit suicide in protest for a political cause and one that proved not one person has my back - true to this day.

I am innocent and a public figure and I intend to either gain whistleblower stats so my needs are met.

Otherwise as history shows and post my murder-suicide I will be further m,aimed in a movement that is silent and endemic.

I was once niche famous now I am infamously framed.

I wish to state that my former partner was an asio agent and I know information contradictory to ethics.

I have done a doctorate and ir means 'do no harm'

I act today with intention to blow the whistle on a matter of vilification

identification prejudice stigma and desecration in the victimisation of one single person that is so endemic and systemic that it simply cannot be ignored.

In my death, they will blame readily exploitable structures in society with things I have been branded and labelled with

I have a dire mental illness and permanent injuries from my fatal attempt in which I was reluctantly revived.

I have faith in black humour and the paced but stressful and utterly maddening response to the gaslighting and blacklisting that have seen me robbed of about 2000000

I have not got a cent

I have my sentence and a pet dog and a corrupt computer and under investigation

They will frame me kill me or kick the proverbial can down the road aiding and abetting my death in a scapegoating manner in which they consciously or unconsciously pun their neurosis and sins on to send me out into the wilderness to die

That pattern can happen in families and in societies

Historically all the peace seekers healers prophets and avant guard revolutionaries were killed

I was now a co=ver up is so certain and I be so successfully framed I cant convince one person to report my death

So I exist alone with god with the faith my resilience will carve me a peaceful life with enough to eat enjoying the breeze and my pet companion.
