STATEMENT OF FEAR

I, Dr. Richard William McLean, state that I am in genuine fear for my life. A co-resident in my NDIS accommodation has threatened to kill me. I am unable to escape because the Public Guardian has taken my vehicle. Despite reporting this to police, hospital, healthcare providers, and NDIS, no protective action has been taken.

This is consistent with the documented pattern of persecution I have experienced for 35 years, including a previous threat by NDIS Manager Tony Riddle that I would "be sacrificed."

I am documenting this incident as evidence in the event that I am harmed or killed.

Signed: Dr. Richard William McLean
