Mr. Richard Mclean
2 MCCUBBIN ST
FOOTSCRAY VIC 3011

8 September 2020

Dear Mr. Mclean

Your NDIS Plan has been approved

I am pleased to let you know that your National Disability Insurance Scheme (NDIS) plan has been approved. I have attached a copy of the plan to this letter, which starts on 8 September 2020.

As a reminder, for a support to be funded it needs to be deemed reasonable and necessary and linked to an outcome you have identified in your plan. Funding is approved for a support if it:

- is related to the participant's disability
- represents value for money
- is likely to be effective and beneficial to the participant, and
- takes into account informal supports given to participants by families, carers, networks, and the community.

Funds in your core budget are flexible, which means you can choose how to spend this funding to meet your support needs. Please remember that funding received through the NDIS must be used for your support needs. Rebates or reimbursements from another government department or private health insurance agency cannot be claimed for things that have been purchased using NDIS funding.

How we developed your plan

As you may know, the NDIS is designed around participants having a say in what they want their plan to achieve. In approving the plan I have considered the information you supplied to the National Disability Insurance Agency (NDIA) and the information provided during your planning conversations. I am pleased to say that a new plan has been approved. You can find your new plan attached.

Next Steps

You should now advise your support providers that you have a new NDIS plan, as well as any changes to the supports they are providing for you. Your NDIA team member can help you with this.

If you disagree with this decision, you can make a request for the decision to be reviewed. You will find details about how to do this below.

Yours sincerely

Dominic Gerard D
Delegate of the Chief Executive Officer
National Disability Insurance Agency

What if my circumstances change?

Please remember that as a participant in the NDIS it is important to tell us about any event or change in circumstance that may affect your plan. This includes, but is not limited to, compensation that has been received, or that you are applying for. This may also include a significant change in your care arrangements or perhaps starting school or looking for work.

If your circumstances change at any time and your plan no longer meet your needs, please discuss this with the person who is supporting your plan implementation or contact the NDIA in any of the ways listed below.

How to request for your plan approval decision to be reviewed

If you disagree with the decision about your plan approval you can request for the decision to be reviewed within 3 months of receiving this notice.

When asking for a review, you should explain why you think the decision is incorrect. The staff member who conducts the review will not have been involved in the plan approval and may want to talk to you directly to understand your concerns.

The request for a review can be made by contacting the NDIA in one of the ways outlined below.

Following the review, if you still disagree with the decision you can seek further review by making an application to the Administrative Appeals Tribunal.

Funded supports information

My funded supports can help me achieve my goals

Managing my NDIS funding

There are 3 different ways my plan funding can be managed:

- **Self-managed:** I will claim funding from my NDIS plan to pay providers myself or my plan nominee or child representative may do this on my behalf. Providers will invoice me directly for supports I have agreed they will provide.
- **Plan-managed:** My plan management provider will make claims and pay providers on my behalf for supports I have agreed they will provide.
- **NDIA-managed:** Providers will claim payment directly from my NDIS plan based on active service bookings. Where supports are NDIA-managed, I can only use an NDIS registered provider.

My funding may be managed in one or more of these ways and is listed with my funding on the following pages.

Stated Supports

Where a support is listed as 'stated' in my plan, I must purchase this support as described in my plan. I cannot swap 'stated' supports for any other supports.

In-Kind Supports

Where a support is listed as 'in-kind' in my plan, I must continue with my existing service provider as they have been pre-paid to deliver this service. However, if I have a concern about using my in-kind provider I can raise my concerns with my NDIS contact.

Quote Required

Where a support is listed as 'quote required' additional information such as quotes and/or specialist reports will be required. Once the quote is approved, the funding will be made available in my plan.
