

I have a systemic and politically charged problem with the government and the ndia:

I know why the ndis won't give me SILS funding and are persecuting me.

The following linked in profile is of former returned SAS soldier and Blackhawk helicopter crash survivor tony Riddell:

But first a video of two men talking. The two men are me Barran Dodger and Tony Riddell.

In the video we talk about government corruption conspiracy politics and we take drugs and fuck.

Tony is an expert in mitigating security risks at the highest levels of Government and he himself has been tortured by the federal government.

He did not however mitigate the risk of the law of attraction exposing him to a truth speaker.

Here is the video:

Would Suzan or preya or kel graham care to comment if the politics of this or indeed that Bill Shorten had colluded with police to arrest me and further that I await sentencing?

AS yet I have no lawyer.

The government are stitching me up in order to jail me in order to silence me as a whistleblower.

I want to bring to your attention my ndis statement detailing profound corruption and list of allegations:

I also want to draw your attention to my whistleblowing PID at the federal court:

<https://www.dropbox.com/scl/fi/rdt8ir2ytgr18dyblai92/sia.lagos-fedcourt.gov.au-send-this-to-the-bastards-copy.pdf?rlkey=a1a6eqxgk2e3uejph0rvauib5&dl=0>

In response the federal court rejected my PID but they inadvertently confirmed my employment status with DSS:

Hence my work cover should immediately be paid:

In this role, I proactively engage with risk, including the conduct of risk assessments and risk management activities for diverse, complex areas of responsibility. I communicate and make decisions based on empirical and academic research, and professional judgement, along with evaluating risks in the context of complex and changing environments.

I'm responsible for the creation and administration of integrated operational, strategic, and enterprise risk registers, providing technical and risk expertise across a broad range of activities, including those relating to the work of different program areas. I

coordinate and undertake detailed or sensitive projects that impact on the strategic, political, or operational outcomes of the agency.

To be successful in this role, I'm required to have a comprehensive understanding of risk management frameworks and methodologies,

To be successful in this role, I'm required to have a comprehensive understanding of risk management frameworks and methodologies, including APS, PGPA, RSA Archer, PSPF, and the Essential 8. I'm able to apply comprehensive work knowledge, precedent, and established legislation, policy, procedures, and guidelines to situations involving a high level of complexity and sensitivity, which require considerable interpretation and analysis. I'm also able to incorporate risk and implementation considerations into policy development.

As the Assistant Director, Operational Risk, I will play a key

role in ensuring our organization's operational resilience, contributing to the development and implementation of risk management strategies, policies, and procedures.
