This message is extremely concerning and should be taken very seriously. It contains explicit threats of violence, references to torture, and mentions of a snuff film, which is an illegal and heinous act. This kind of communication is not only threatening but also highly illegal.

If you have received this message, I strongly urge you to contact the police or appropriate authorities immediately to report it. Your safety and well-being are of utmost importance, and this situation should be handled by

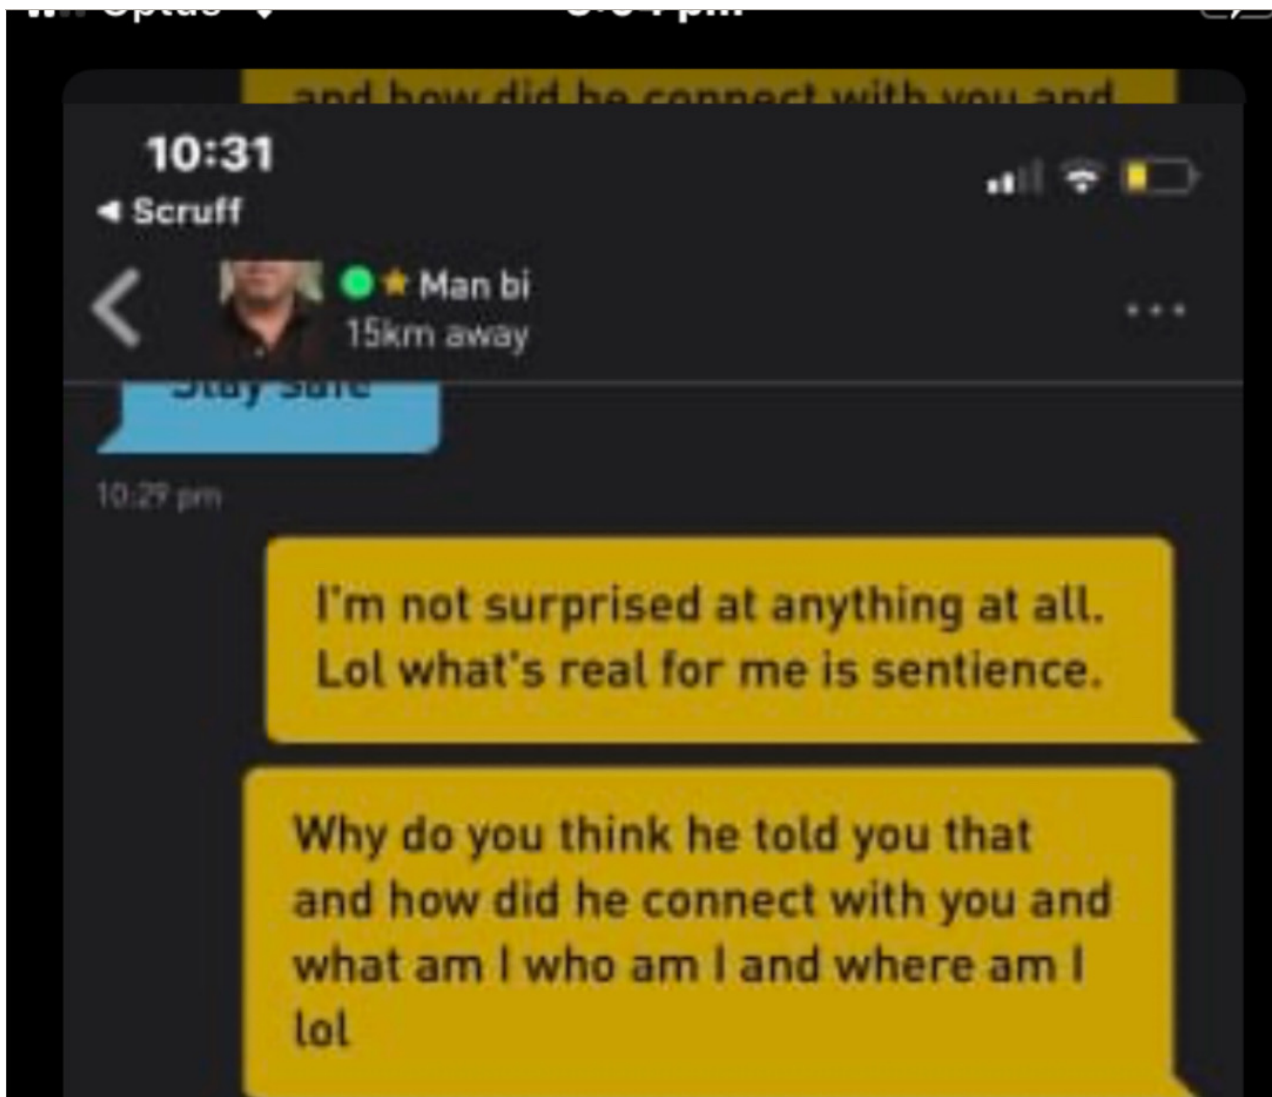

professionals who can provide
the necessary protection and

For someone who claims to be a victim of physical violence and also gang stalking and street threaten I think this message is highly concerning and someone should tell the police and authorities and if I can't report this crime to police then their oversights at IBAC and ICAC

I'm sick of my life being threatened all the time and that of my dog.

No one will do anything about it-not even those paid to care for me Alex Aboss and Baber rasheed.

I'll say it again: this is a death threat to kill my dog.

Yesterday a bloke pulled up hit out and surprised me walking my dog crystal.

He startled me.

I said sorry you startled me.

He said with intention: "nice looking dog", to which I knew I was in danger and nervously replied: "yeah she's awesome "

I said "having a good day?" He replied: "any day not dead is a win" eyeing off my dog and I as I was lied past.

When I got home, there was a toothbrush in my driveway I didn't notice before

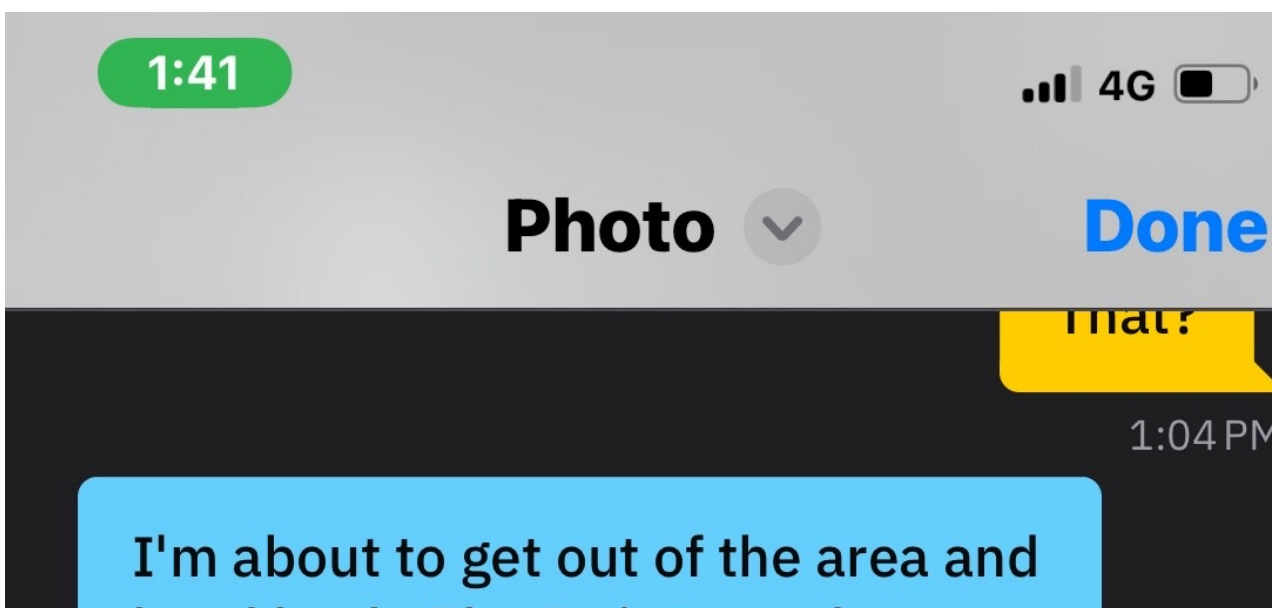

It was then as I was looking at it that crystal picked up something out of the garden.

Panicking it might be poison, I grabbed it out of her mouth.

This government contractor mentions my Wikipedia username "bazdod" and the cryptic term "nether zone"

Nethersone was the name of the person that deleted my Wikipedia whistleblowing posts on that international publishing platform.

It reveals a coordinated attack on me which is intelligent, and it seeks to silence me as a rejected whistleblower

WANT MORE ATTENTION? B...

Oh really

This is me after being violently beat n uo by a paid government contracted thug inside a hospital. The hospital and the police were in on it.

What the actual fuck is going on here?

I'm in a violent conspiracy to pervert the course of justice and its placing my life and the life of my dog at existential risk

I want a home and I also want to get the fuck out of here

Report it to the ndis
Report it to the police
Report it to the news

One things for sure

If my providers aligned community care and support coordinators upscale care don't immediately address this it's not going to go down well at NCAT whatsoever

Why are you all doing this to me placing my life at existential risk?

Why?

You think you're better than me?

You're protected?

I've a good mind to create a YouTube channel video today and Shane all of your arses

I want something to be done

I deserve protection

The police won't do it

It's driving me insane

I've said it once I've said it before I'm going to be killed

What's wrong with you people???

NCAT? What do you think?

VOCAT? You're staffed by ex cops aren't you? Why won't you do something?

Dear BizCover,

Please urgently respond to this pending my eviction (again) and conspiracy. Ombudsman and NACC could you please come on board with this? I know things have not been successful in the past but please I beg of you. I have a DSS employee login receipts and a federal court document satisfied I was employed by DSS so what is the issue?

Also to Aligned Community Care, NCAT, VOCAT, FED COURT, CSC, all it takes is a lawyer to force that the federal court is satisfied I was an employee of DSS and my work cover should be paid as I was rejected after it was deemed I was not a worker. DSS oversees NDIS. The NDIS Minister has ran me out of my home state to live in exile and the DSS minister won't acknowledge me admitting to \$125000 fraud but he will acknowledge my protest that he refused to respond on academia.com. This would immediately solve the political impasse of my pending eviction and NCAT case.

If Ray Griggs oversees the DSS and in addition the NDIS and I have a Government employee login at DSS, it is clear that I have not been acknowledged in the current manner and my workers compensation is overdue.

In addition I have written to Danny Pearsons Office and he de-legitimised my urgent email but not even responding to me and the legislation states that if an employer cannot or will not pay workers compensation within 21 days then it becomes a responsibility of the authority.

This means that again the entire solution to my problem lies with a single email by someone top enforce the issue and I simply cannot do that as a proven scapegoat. Alex? Baber? Why wouldn't you send an email Baber from aligned? You want the rent money dont you? Failure to do that would indicate your malice in that you believe I will never get justice and so prove even deeper injustice and deceitful conspiracy in Aligns treatment of me framed by the NDIS who are abusing me./

If I am an employee of DSS then I have entitlements I was never afforded nor given, and I would like someone to stand up for me and insist or force that these happen, including workers compensation, income protection, and TPD insurance.

LegalAid please urgently provide a legitimate reason why you WOULD NOT help me in this.

Based on the document provided, it appears that the claim filed under the Safety, Rehabilitation and Compensation Act (SRC Act) was declined due to the determination that you were not considered an employee of the NDIA (National Disability Insurance Agency) but rather a sole trader or independent contractor. Here's how you could structure a claim or an appeal for coverage under your **Professional Indemnity & Public Liability** insurance policy based on this situation:

Claim Details for Professional Indemnity Insurance

Policy Number: BMM/92232/000/24/N

Claim Number: 1326583/1

Name of Insured: Barran Dodger Trading as www.ndisclass.art

Incident Date: [Insert date]

Incident Description

I am submitting a claim under my Professional Indemnity insurance for legal and financial support related to a rejected worker's compensation claim with Comcare, regarding a psychological injury (anxiety state and depressive disorder) sustained during my work as a registered provider with the NDIA. Comcare has declined my claim, determining that I am not considered an employee under the SRC Act, which has led to financial and reputational harm.

Basis for the Claim

- **Professional Service Rendered:** I was engaged as a registered provider with the NDIA, offering therapeutic supports, arts therapy, peer support, and mental health advocacy under the NDIS.
- **Nature of the Claim:** The incident pertains to a legal dispute regarding the classification of my employment status and the subsequent denial of worker's compensation benefits for a psychological injury sustained during the course of my professional duties.
- **Coverage Sought:** Legal expenses, financial loss, and compensation related to the dispute with Comcare and the NDIA, specifically under the Professional Indemnity section of my policy.

Supporting Evidence

1. **Comcare Reconsideration Letter:** A copy of the reconsideration letter from Comcare, dated 13 August 2021, which affirms the denial of my worker's compensation claim. [Insert link to document]
2. **NDIA Employment Status Documentation:** Copies of emails and communications with the NDIA that outline my status as a registered provider rather than an employee, contributing to the denial of the worker's compensation claim.
3. **Certificate of Currency:** A copy of my Professional Indemnity insurance coverage showing that my policy covers legal disputes arising from my professional services.
4. **Medical Documentation:** Any medical reports or documentation of the psychological injury that was the basis of the original worker's compensation claim.

Claim Amount

I am claiming for:

- **Legal Expenses:** Costs incurred from seeking legal advice and representation in the dispute with Comcare.
- **Compensation for Financial Loss:** Any financial losses sustained due to the inability to claim worker's compensation.
- **Damages:** Potential damages related to reputational harm and emotional distress caused by the dispute.

Contact Information

Please process this claim promptly and provide confirmation of coverage under my policy. If additional documentation or information is required, do not hesitate to contact me.

Barran Dodger

This structure outlines the incident and basis for the claim under your Professional Indemnity insurance, supported by the relevant evidence and documentation. It would be advisable to submit this claim to your insurance provider, along with all supporting documents, to initiate the process.
